## Part B Consultation Questions - Volatility Control Mechanism

Please indicate your preference by checking the appropriate boxes and provide reasons to support your views. Where there is insufficient space, please attach additional pages as necessary.

1.	Do you support the introduction of an instrument-level VCM based on a dynamic price limit model in Hong Kong?
	⊠ Yes
	No No
	Please give reasons for your view.
	It will add greater control to the market in volatile trading conditions.
2.	Do you agree that the proposed VCM model should only be applied to the HSI and HSCEI constituent stocks in the <u>securities</u> market?
	Yes
	⊠ No
	Please give reasons for your view.
	We would prefer that it was market wide to provide consistency.
3.	Do you agree that the proposed VCM model should only be applied to the HSI, HHI, MHI & MCH (spot month and the next calendar month) index futures in the <u>derivatives</u> market?
	⊠ Yes
	No No
	Please give reasons for your view.

	ou agree that the market should have a 15-minute uninterrupted trading period the end of the last continuous trading?
	Yes
$\boxtimes$	No
Pleas	e give reasons for your view.
	Suspending the VCM at the most volatile part of the trading day seems unterintuitive to what HKEx is trying to achieve.
	ou agree with the proposed reference price for the securities market, namely the of last trade 5 minutes ago? If not, what would you prefer?
X	Yes
923 0223	No, I would prefer:
Pleas	se give reasons for your view.
	ou agree with our proposed reference price for the <u>derivatives</u> market, namely the of last trade 5 minutes ago? If not, what would you prefer?
price	of last trade 5 minutes ago? If not, what would you prefer?
price	of last trade 5 minutes ago? If not, what would you prefer?  Yes

## Part C Consultation Questions - Closing Auction Session

18.	Do you support the introduction of the new CAS model in the Hong Kong securities market?					
	$\boxtimes$	Yes				
		No				
	Pleas	e give re	asons	for your view.		
				pach creates considerable market volatility and is out of synch with all exchanges.		
19.	const Comp	Do you agree that the new CAS model should only be applied to the major index constituent stocks (i.e. Hang Seng Composite LargeCap Index and Hang Seng Composite MidCap Index constituents as well as other Stock Connect Securities for Southbound trading)?				
		Yes				
	$\boxtimes$	No				
	Pleas	e give re	easons	for your view.		
	We	believe	risk r	nanagement should be market wide.		
20.		Do you agree that the new CAS model should be applied to ETF? If yes, which type of ETF should be applied?				
	$\boxtimes$	Yes				
		$\boxtimes$	(i)	Apply to all ETFs		
			(ii)	Only apply to ETFs with Hong Kong stocks as underlying		
		No				

See	e above.	
equity		e new CAS model should be expanded to other ed? If so, when should the CAS be rolled out to
	Yes, roll out time should be:	REfer above we believe all stocks should be covered
Please	e give reasons for your view.	
	ou agree that that the new CAS mand debt securities?	odel should exclude structured products, equity
<u></u>	Yes	
5 II 2 a i	No	
Please	e give reasons for your view.	
We	don't have an opinion.	
Do yo	ou support introducing a price lim	it during the CAS?
$\boxtimes$	Yes	
	No	
Please	e give reasons for your view.	
1	<del>-</del>	nuous trading would seem to make sense allow the market to act naturally.

Please give reasons for your view.

24.	Do y	ou support a price limit of 5% during the Order Input Period for all CAS Securities?
		Yes
	×	No
	Pleas	e give reasons for your view.
		seems overly constrictive especially for lower priced stocks where 5% could late to a very small number of ticks.
25.		ou agree that a further price limit within the best bid and best ask should be applied g the No-Cancellation Period and Random Closing Period?
		Yes
	$\boxtimes$	No
	Pleas	e give reasons for your view.
26.	Do y	ou agree that at-auction limit orders should be allowed throughout the CAS?
	$\boxtimes$	Yes
		No
	Pleas	e give reasons for your view.
27.	Do y	ou think short selling orders with a tick rule should be allowed during the CAS?
	M	Yes
	27.4	No
	Pleas	e give reasons for your view.

	ort selling order is to be allowed, should it be at or higher than the reference pri
	Yes
	No
Pleas	e give reasons for your view.
We	believe short selling should be permissible at all levels.
Do yo	ou agree that order amendment and cancellation should be disallowed during ancellation Period and Random Closing Period?
	Yes
$\boxtimes$	No
Pleaso	e give reasons for your view.
We	would prefer to have the ability to cancel orders at any point in the trading daggete risk.
Do yo	u agree that random closing be adopted in the CAS to prevent gaming?
	Yes
$\boxtimes$	
	No

31. If random closing is to be adopted, should it be over a period of up to 2 minutes or would you prefer a different duration?

$\boxtimes$	Up to 2 minutes
27.22 27.22	A different duration:
Pleas	se give reasons for your view.
	e absence of a final IEP, do you agree that the reference price should be used as the ng price and for trade matching?
$\boxtimes$	Yes
	No
Pleas	e give reasons for your view.
What	t would be the preferred duration of the CAS?
(i)	Same as the proposed model, i.e. 7-minute Order Input Period to end the CAS at 16:12
(ii)	5-minute Order Input Period to end the CAS at 16:10
(iii)	Others, please specify:
$\boxtimes$	Approach (i)
254	Approach (ii)
	Approach (iii), please specify:
Pleas	e give reasons for your view.

34.	Do you agree that some features of the new CAS model may also be beneficial for the POS and/or the Trading Halts? If so, which feature(s)?
	Yes, the feature(s): Unrestricted limit order entry.
	□ No
	Please give reasons for your view.
	We believe that having this feature will make price discovery more transparent and encourage participation in the opening auction.
35.	Do you agree that any enhancements for POS and/or the Trading Halts should be implemented later rather than during the introduction of the new CAS?
	⊠ Yes
	No No
	Please give reasons for your view.
	We think both enhancements are important but can be delivered at separate times. For the benefit of market participants they should be delivered as soon as possible.
36.	Do you foresee any issues with your day end processing such as margin calls in the cash market due to the extended trading time for 12 minutes? If yes, how may the issue be resolved?
	Yes, suggested solution:
	⊠ No
	Please give reasons for your view.
37.	To maintain the 45 minutes break before the start of AHFT, do you agree that the start ime of AHFT to be changed from 17:00 to 17:15? If not, what time do you prefer?
	Yes

$\boxtimes$	No, time that you prefer:
Pleas	e give reasons for your view.
	tures are used to hedge risk so we would prefer to be able to trade them as soon as cash market closes.

## Part D Consultation Questions – Implementation Approach and Timeline

38.	Whic	Which implementation approach for the securities market would you prefer:			
	(i)	the development and testing of the VCM, CAS and Trading Halts functionalities are to be implemented together on the AMS/3.8 platform and be rolled out one by one; or			
	(ii)	(1) the development, testing and rollout of VCM and CAS are to be implemented together on the AMS/3.8 platform, and (2) Trading Halts proposal is to be introduced as part of the Exchange's next-generation trading system, the Orion Trading Platform-Cash; or			
	(iii)	Others, please specify.			
		Approach (i)			
		Approach (ii)			
	$\boxtimes$	Approach (iii), please specify:	Whatever best suits the Exchange delivery timetable.		
	Please give reasons for your view.				
39.	What and Ti	What should be the implementation priority among the three initiatives (i.e. VCM, CAS and Trading Halts) in the securities market?			
	Please give reasons for your view.				
	CAS, VCM, Trading Halts. The lack of closing auction has been a long term issue that we are p resolved.				
40.	How long do you need to prepare for the rollout starting from the issuance of the specification for each initiatives:				
	(i)	VCM:			
	$\boxtimes$	a). under 3 months;			
		b). 4-6 months;			

	c). 7-12 months			
	d). >12 months			
Please give reasons for your view.				
(ii)	CAS:			
$\boxtimes$	a). under 3 months;			
	b). 4-6 months;			
	c). 7-12 months			
	d). >12 months			
Please give reasons for your view.
