

## **HKEx Hosting Services Limited**

*(A wholly-owned member of Hong Kong Exchanges and Clearing Limited Group)*

28 Feb 2013

Our Ref: HDS/13/0201

Dear Sirs,

### **Electricity Cost Increase**

As you are aware, CLP Power Hong Kong Limited has recently announced the average net tariff increase of 5.9% for 2013 over the 2012 level. Pursuant to Clause 12.9 of Hosting Services Subscription Agreement, HKEx Hosting shall have the right to adjust the Service Fees when there is an increase in electricity costs.

Electricity is a major cost component of Hosting Services' operation, however, in order to support our subscribers and reduce their financial burdens, HKEx Hosting Services has decided to absorb the cost impact of the additional electricity costs in 2013. However, we reserve the right to review the Service Fees again in 2014 to cater for this and further adjustments in electricity costs.

We continue to strive for providing the best quality and at the same time cost effective hosting services to all of our customers.

Yours faithfully,

Jonathan Leung  
Vice President,  
Head of Hosting Services
