Chapter 18
EQUITY SECURITIES
FINANCIAL INFORMATION

Introduction

18.01 This Chapter sets out the continuing obligations of a listed issuer with regard to the disclosure of routine financial information on an annual, half-yearly and quarterly basis. It also sets out certain recommended disclosure items on discussion and analysis (see rule 18.83) that listed issuers are encouraged to include in their half-year and annual reports. These recommended disclosure items are not obligatory, but merely items relating to good practice which are recommended for disclosure. Additional requirements, relating to non-routine financial disclosure, are set out in the following Chapters:

- Chapter 7 — Accountants’ Reports and Pro Forma Financial Information
- Chapter 14 — Listing Documents
- Chapter 19 — Notifiable Transactions
- Chapter 20 — Connected Transactions

Additional disclosure requirements in respect of routine financial information are set out in the following Chapters, in so far as they relate to the following issuers:

- Chapter 24 — Overseas issuers
- Chapter 25 — PRC issuers
- Chapter 31 — Issuers of debt securities

Note: In circumstances where the disclosure requirements of Chapters 24 or 25, as appropriate, are inconsistent with the requirements of this Chapter, the requirements of Chapters 24 or 25, as appropriate, shall prevail.

18.02 A listed issuer is required to prepare annual financial statements, half-year reports and quarterly reports. The contents, timing and publication requirements for each such financial statements or reports are set out in this Chapter.

Annual reports

Distribution

18.03 The listed issuer must send to:

1. every member of the listed issuer; and
2. every other holder of its listed securities,

a copy of either (i) the directors’ report and its annual financial statements and, where the listed issuer prepares consolidated financial statements, the consolidated financial statements,
together with a copy of the auditors’ report thereon or (ii) its summary financial report, not less than 21 days before the date of the listed issuer’s annual general meeting and not more than 3 months after the date upon which the financial period ended. The Issuer may send a copy of its summary financial report to a member and a holder of its listed securities in place of a copy of its annual report and financial statements, provided that it complies with rule 18.81 and the relevant provisions set out in sections 437 to 446 of the Companies Ordinance and in the Companies (Summary Financial Reports) Regulation or, in the case of overseas issuers, with provisions no less onerous than the above provisions for listed issuers incorporated in Hong Kong.

Nothing in this rule shall require the listed issuer to send any of the documents referred to therein to:

(a) a person of whose address the listed issuer is unaware; or
(b) more than one of the joint holders of any of its listed securities.

Notes: 1 “Consolidated financial statements,” for the purposes of a Hong Kong listed issuer, has the meaning ascribed to it under section 379(2) of the Companies Ordinance.

2 The directors’ report, auditors’ report, annual financial statements (including consolidated financial statements) and, where applicable, summary financial report must be in the English language and must be accompanied by a Chinese translation or be in the Chinese language accompanied by an English translation. In respect of overseas members, it shall be sufficient for the listed issuer to mail an English language version of either (i) its directors’ report, auditors’ report and annual financial statements or (ii) its summary financial report if such documents contain a prominent statement in both English and Chinese to the effect that a Chinese translation is available from the listed issuer, on request.

3 Sections 429 and 431 of the Companies Ordinance require the directors of a Hong Kong issuer to lay the issuer’s annual financial statements before its members at its annual general meeting within the period of 6 months after the end of the financial year or accounting reference period to which the annual financial statements relate. An overseas issuer (including for such purposes, a PRC issuer) should comply with the same requirement as a Hong Kong issuer.

4 The Exchange may at its discretion suspend dealings in or cancel the listing of the securities of the listed issuer if it falls into arrears in the issue of its directors’ report and financial statements. If the listed issuer has significant interests outside Hong Kong it may apply for an extension of the 6 month period. However, the attention of a Hong Kong issuer is drawn to section 431 of the Companies Ordinance which requires any extension of the time limit to be approved by the Court of First Instance.

Accounting standards

18.04 Annual financial statements of a listed issuer are required, subject to rule 18.05 and rule 18.06, to conform with HKFRS, IFRS or CASBE in the case of a PRC issuer that has adopted CASBE for the preparation of its annual financial statements.

Note: The issuer must apply one of these bodies of standards consistently and shall not normally change from one body of standards to the other unless there are reasonable grounds to justify such change. All reasons for any such change must be disclosed in the annual financial statements.

18.05 A listed issuer, which is also listed on the New York Stock Exchange or the Nasdaq Stock Market of the United States of America, may prepare annual financial statements drawn up in conformity with Generally Accepted Accounting Principles in the United States of America (US GAAP), subject to the following:—

(1) the listed issuer has adopted US GAAP for the purposes of reporting to shareholders on the New York Stock Exchange or the Nasdaq Stock Market of the United States of America;

(2) a listed issuer already listed on the Exchange which subsequently obtains a listing on the New York Stock Exchange or the Nasdaq Stock Market of the United States of America and thereafter adopts US GAAP in place of the standards referred to in rule 18.04 in the preparation of its annual financial statements will be required to compile a statement of the financial effect of material differences from the standards referred to in rule 18.04 in the first annual financial statements in which US GAAP is adopted;

(3) a listed issuer which was permitted to adopt US GAAP on the basis that it is listed on the New York Stock Exchange or the Nasdaq Stock Market of the United States of America but is no longer so listed, will be required to revert to one of the relevant standards referred to in rule 18.04 for financial reporting purposes; and

(4) a listed issuer whose principal activity is property development and/or investment may not adopt US GAAP for financial reporting purposes.

18.06 Where the Exchange, in exceptional circumstances, allows the annual financial statements of any overseas issuer to be drawn up otherwise than in conformity with accounting standards referred to in rule 18.04 or with US GAAP in the circumstances set out in rule 18.05, the Exchange will normally require the annual financial statements to contain a statement of the financial effect of the material differences (if any) and a summary of any material differences in disclosure (if any) from either HKFRS or IFRS referred to in rule 18.04.

Information to accompany directors’ report and annual financial statements

18.07 The listed issuer shall include the disclosures required under the relevant accounting standards adopted and the information set out in rules 18.07A to 18.47 in its directors’ report and annual financial statements. Unless stated to the contrary the financial information specified in these rules may be included outside the financial statements and will therefore be outside the scope of the auditors’ report on the financial statements. The statement of profit or loss and other comprehensive income and statement of financial position set out in the financial statements must include at least the information set out in rule 18.50B. Banking companies (meaning banks, restricted licence banks and deposit-taking companies as defined in the Banking Ordinance) shall, in addition, comply with the Guideline on the Application of the Banking (Disclosure) Rules as issued by the Hong Kong Monetary Authority.
Notes: 1 The Exchange may authorise the omission from an annual report of specified items of information if it considers that disclosure of such information would be contrary to the public interest or seriously detrimental to the listed issuer. The Exchange will only authorise such omission provided it is satisfied that the omission is not likely to mislead the public with regard to facts and circumstances, knowledge of which is essential for the assessment of the securities in question. The listed issuer or its representatives will be responsible for the correctness and relevance of the facts on which any application for such exemption is based.

2 The annual report and financial statements must contain, at a prominent position, and in bold type, a statement about the characteristics of GEM, in the form set out in rule 2.20.

3 If an accounting estimate reported in prior interim period of the current financial year is changed during the subsequent interim period of the same financial year and has a material effect in that subsequent interim period, the nature and amount of a change in an accounting estimate that has a material effect in the current financial year or which is expected to have a material effect in subsequent periods should be disclosed. If it is impracticable to quantify the amount, this fact should be disclosed.

(5) the amounts paid during such financial year or receivable by directors as an inducement to join or upon joining the listed issuer;

(6) the compensation paid during such financial year or receivable by directors or past directors for the loss of office as a director of any member of the group or of any other office in connection with the management of the affairs of any member of the group distinguishing between contractual and other payments (excluding amounts disclosed in (2) to (5) above); and

(7) information on share options held by directors as required under rule 23.07.
Notes:  

1. In the case of a PRC issuer, references to directors or past directors in this rule shall also mean and include past and present supervisors (as appropriate).

2. Sub-paragraphs (2) to (6) of this rule require an analysis of the amounts to be disclosed in the issuer’s financial statements under the provisions of section 383(1)(a) to (c) inclusive of the Companies Ordinance.

3. Where a director is contractually entitled to bonus payments which are fixed in amount such payments are more in the nature of basic salary and accordingly must be disclosed under sub-paragraph (2) of this rule.

4. In addition to discretionary bonus payments, all bonus payments to which a director is contractually entitled and which are not fixed in amount, together with the basis upon which they are determined, must be disclosed under sub-paragraph (4) of this rule.

5. Where the information provided under sub-paragraphs (1) to (5) of this rule does not disclose the full compensation of a director for the financial year, any outstanding element of compensation must also be disclosed.

6. References to “director” in this rule include a chief executive who is not a director.

18.29 A listed issuer shall include particulars of any arrangement under which a director has waived or agreed to waive any emoluments.

Note: Where a director has agreed to waive future emoluments, particulars of such waiver must be given together with those relating to emoluments which accrued during the past financial year. This applies in respect to emoluments from the listed issuer or any of its subsidiaries or other person.

18.29A The following information in respect of the group’s emolument policy:

(1) a general description of the emolument policy and any long-term incentive schemes of the group; and

(2) the basis of determining the emolument payable to its directors.

18.30 Additional information in respect of those 5 individuals whose emoluments (excluding amounts paid or payable by way of commissions on sales generated by the individual) were the highest in the listed issuer or the group for the year and details of the increase of each of their emoluments. Where all 5 of these individuals are directors and the information required by this rule has been disclosed in the emoluments of directors, this must be stated and no additional disclosure is required. Where the details of one or more of the individuals whose emoluments were the highest have not been included in the emoluments of directors, the following information must be disclosed:—

(1) the aggregate of basic salaries, housing allowances, other allowances and benefits in kind for such financial year;

(2) the aggregate of contributions to pension schemes for the financial year;

(3) the aggregate of bonuses paid or receivable which are discretionary or are based on the issuer’s, the group’s or any member of the group’s performance (excluding amounts disclosed in (4) and (5) below) for the financial year;
(4) the aggregate of amounts paid during the financial year or receivable as an inducement to join or upon joining the issuer or the group;

Notes:  1  It is not necessary to disclose the identity of the highest paid individuals, unless any of them are directors of the issuer.

2  The purpose of these disclosures is to provide shareholders with an indication of the fixed management costs of groups and accordingly employees who are higher paid by virtue of sales commissions are to be omitted from this disclosure.

18.31 Particulars of any arrangement under which a shareholder has waived or agreed to waive any dividends.

Note: Where a shareholder has agreed to waive future dividends, particulars of such waiver(s) must be given together with those relating to dividends which were payable during the past financial year. Waivers of dividends of minor amount may be disregarded provided that some payment has been made on each share during the relevant calendar year.

18.32 In the case of any issue for cash of equity securities made otherwise than to the listed issuer’s shareholders in proportion to their shareholdings and which has not been specifically authorised by the listed issuer’s shareholders:—

(1) the reasons for making the issue;

(2) the classes of equity securities issued;

(3) as regards each class of equity securities, the number issued, their aggregate nominal value, if any;

(8) the use of the proceeds.

18.33 A summary, in the form of a comparative table, of the published results and of the assets and liabilities of the group for the last 5 financial years. Where the published results and statement of assets and liabilities have not been prepared on a consistent basis this must be explained in the summary.
An issuer shall include the following information in addition to the information required under the relevant accounting standard in respect of pension schemes:

1. a brief outline of how contributions are calculated or benefits funded;

2. in the case of defined contribution schemes, details of whether forfeited contributions (by employers on behalf of employees who leave the scheme prior to vesting fully in such contributions) may be used by the employer to reduce the existing level of contributions and if so, the amounts so utilised in the course of the year and available at the date of statement of financial position for such use; and

3. in the case of defined benefit plans, an outline of the results of the most recent formal independent actuarial valuation (which should be as at a date not earlier than 3 years prior to the date to which the listed issuer’s financial statements are drawn up) or later formal independent review of the scheme on an ongoing basis. This should include disclosure of:
   
   a. the name and qualifications of the actuary, the actuarial method used and a brief description of the main actuarial assumptions;

   b. the market value of the scheme assets at the date of their valuation or review (unless the assets are administered by an independent trustee in which case this information may be omitted);

   c. the level of funding expressed in percentage terms; and

   d. comments on any material surplus or deficiency (including quantification of the deficiency) indicated by (c) above.

If the issuer has caused any property interests to be valued (under Chapter 8) or has caused any valuation to be made of any other tangible assets and included such a valuation in the prospectus relating to the initial public offer of shares in the issuer and those assets are not stated at such valuation (or at subsequent valuation) in its first annual financial statements published after listing, then the issuer is required to disclose the following additional information in its first annual report published after listing:

1. the amount of such valuation of those properties or other tangible assets as included in the prospectus; and

2. the additional depreciation (if any) that would be charged against the statement of profit or loss and other comprehensive income had those assets been stated at such valuation (or subsequent valuation).

18.38 [Repealed 31 December 2015]

18.39 Brief biographical details in respect of the directors and senior managers of the listed issuer. Such details will include name, age, positions held with the listed issuer and other members of the listed issuer’s group, length of service with the listed issuer and the group and such other information (which may include business experience) of which shareholders should be aware, pertaining to the ability or integrity of such persons. Where any of the directors or senior managers are related, having with any other director or senior manager any one of the relationships set out below, that fact should be stated. The relationships are spouse; any person cohabiting with the director or senior manager as a spouse; and any relative meaning a child or step-child regardless of age, a parent or step-parent, a brother, sister, step-brother or step-sister, a mother-in-law, a father-in-law, son-in-law, daughter-in-law, brother-in-law or sister-in-law. Where any director of the listed issuer is a director or employee of a company which has an interest in the share capital of the listed issuer which would fall to be disclosed to the listed issuer under the provisions in Divisions 2 and 3 of Part XV of the Securities and Futures Ordinance, that fact shall be stated.

It is the responsibility of the directors of the listed issuer to determine which individual or individuals constitute senior management. Senior management may include directors of subsidiaries; heads of divisions, departments or other operating units within the group as, in the opinion of the listed issuer’s directors, is appropriate.

Note: In the case of a PRC issuer, references to directors and senior managers in this paragraph shall also mean and include supervisors.

18.39A In relation to an independent non-executive director appointed by a listed issuer during the financial year, the listed issuer shall disclose the reasons why such an independent non-executive director was and is considered to be independent if he has failed to meet any of the independence guidelines set out in rule 5.09.

18.39B A listed issuer must confirm whether it has received from each of its independent non-executive directors an annual confirmation of his independence pursuant to rule 5.09 and whether it still considers the independent non-executive directors to be independent.

18.40 Additional information in respect of major customers (meaning, other than in relation to consumer goods or services, the ultimate customer, and in relation to consumer goods or services the ultimate wholesaler or retailer as the case may be) and suppliers (meaning the ultimate supplier of items which are not of a capital nature) as follows:—

(1) a statement of the percentage of purchases attributable to the group’s largest supplier;

(2) a statement of the percentage of purchases attributable to the group’s 5 largest suppliers combined;

(3) a statement of the percentage of revenue from sales of goods or rendering of services attributable to the group’s largest customer;

(4) a statement of the percentage of revenue from sales of goods or rendering of services attributable to the group’s 5 largest customers combined;
(5) a statement of the interests of any of the directors; their close associates; or any shareholder (which to the knowledge of the directors own more than 5% of the number of issued shares of the listed issuer) in the suppliers or customers disclosed under (1) to (4) above or if there are no such interests a statement to that effect;

(6) in the event that the percentage which would fall to be disclosed under (2) above is less than 30, a statement of that fact shall be given and the information required in (1), (2) and (5) (in respect of suppliers) may be omitted; and

(7) in the event that the percentage which would fall to be disclosed under (4) above is less than 30, a statement of that fact shall be given and the information required in (3), (4) and (5) (in respect of customers) may be omitted.

Notes: 1 Rule 18.40 applies to all listed issuers whose businesses comprise, in whole or in part, the supply of goods or services of whatever nature, and in the case of service references to customers includes the clients of such listed issuers.

2 In relation to consumer goods, references to customers are to the ultimate wholesaler or retailer, except when the listed issuer’s business incorporates the wholesaling or retailing operation. In all other cases references to customers are to ultimate customer.

3 References to suppliers are primarily to those who provide goods or services which are specific to a listed issuer’s business and which are required on a regular basis to enable the listed issuer to continue to supply or service its customers. Suppliers of goods and services which are freely available from a range of suppliers at similar prices or which are otherwise freely available (such as utilities) are excluded. In particular, it is recognised that an obligation on listed issuers who are providers of financial services (such as banks and insurance companies) to give information about suppliers would be of limited or no value, and there is therefore no disclosure requirement in respect of suppliers to such listed issuers.

4 The Exchange must be consulted if there is any doubt about the application of rule 18.40.

18.41 A discussion and analysis of the group’s performance during the year and the material factors underlying its results and financial position. It should emphasise trends and identify significant events or transactions during the year under review. As a minimum the directors of the listed issuer should comment on the following:—

(1) the group’s liquidity and financial resources. This may include comments on the level of borrowings at the end of the period under review, the seasonality of borrowing requirements, and the maturity profile of borrowings and committed borrowing facilities. Reference may also be made to the funding requirements for capital expenditure commitments and authorisations;

(2) the capital structure of the group in terms of maturity profile of debt, type of capital instruments used, currency and interest rate structure. The discussion may cover funding and treasury policies and objectives in terms of the manner in which treasury activities are controlled; the currencies in which borrowings are made and in which cash and cash equivalents are held; the extent to which borrowings are at fixed interest rates; the use of financial instruments for hedging purposes; and the extent to which foreign currency net investments are hedged by currency borrowings and other hedging instruments;
(3) the state of the group’s order book (where applicable) and prospects for new business including new products and services introduced or announced;

(4) significant investments held, their performance during the year and their future prospects;

(5) details of material acquisitions and disposals of subsidiaries, associates and joint ventures in the course of the year;

(6) comments on segmental information. This may cover changes in the industry segment, developments within the segment and their effect on the results of that segment. It may also include changes in the market conditions, new products and services introduced or announced and their impact on the group’s performance and changes in revenue and margins;

(7) where applicable, details of the number and remuneration of employees, remuneration policies, bonus and share option schemes and training schemes;

(8) details of charges on group assets;

(9) details of future plans for material investments or capital assets and their expected sources of funding in the coming year;

(10) gearing ratio;

(11) exposure to fluctuations in exchange rates and any related hedges; and

(12) details of contingent liabilities, if any.

Notes: 1 It is the responsibility of the directors of the listed issuer to determine what investment or capital asset is material in the context of the listed issuer’s business, operations and financial performance. The materiality of investment or capital asset varies from one listed issuer to another according to its financial performance, assets and capitalisation, the nature of its operations and other factors. An event that is “material” in the context of a smaller listed issuer’s business and affairs is often not material to a larger listed issuer. The directors of the listed issuer are in the best position to determine materiality. The Exchange recognises that decisions on disclosure require careful subjective judgements, and encourages listed issuers to consult the Exchange when in doubt as to whether disclosure should be made.

2 The basis on which the gearing ratio is computed should be disclosed.

3 If the above information required in this rule has been disclosed in a business review in the directors’ report as set out in rule 18.07A, no additional disclosure is required.

18.42 A statement of any change in auditors of the listed issuer in any of the preceding 3 years.

18.43 [Repealed 1 July 2008]

1. The full name and professional qualifications (if any) of:
   a. The company secretary of the issuer; and
   b. The compliance officer of the issuer appointed pursuant to rule 5.19; and

2. A separate Corporate Governance Report prepared by the board on its corporate governance practices. The report must, as a minimum, contain the information required under paragraphs G to Q of Appendix 15 regarding the accounting period covered by the annual report. To the extent that it is reasonable and appropriate, the issuer may incorporate by reference information in its annual report into the Corporate Governance Report. Any such references must be clear and unambiguous and the Corporate Governance Report must not contain only a cross-reference without any discussion of the matter.

Information as to the interests (if any) of the Compliance Adviser and its directors, employees and close associates, as notified to the issuer pursuant to rule 6A.32 and all directors and controlling shareholders of the issuer and their respective close associates as referred to in rule 11.04.

In respect of PRC properties where long term title certificates are not obtained by the issuer, any property revaluation surplus arising from those PRC properties must be excluded from the issuer’s annual financial statements.

If the relevant annual financial statements do not give a true and fair view of the state of affairs and profit or loss and cash flow of the listed issuer or group, more detailed and/or additional information must be provided.

Note: If listed issuers are in doubt as to what more detailed and/or additional information should be provided, they should apply to the Exchange for guidance.

[Repealed 31 December 2015]

Any such references must be clear and unambiguous;

Note: A listed issuer should apply the accounting policies consistently except where the change in accounting policy is required by an accounting standard which came into effect during the financial year.

(10) where there are prior period adjustments due to correction of material errors, a statement of that fact must be made.

Note: The term financial year refers to the period covered by a listed issuer’s financial statements even where the period is not a calendar year.

18.50A Where, in exceptional circumstances, it becomes necessary to revise the information contained in the listed issuer’s preliminary announcement of results in the light of developments arising between the date of publication of the announcement and the completion of the audit, the listed issuer must immediately notify the Exchange and publish an announcement to inform the public. The announcement must provide details of the changes made to the published preliminary announcement of results including any impact on the published financial information of the listed issuer and the reasons for such changes.

The basis on which the ageing analysis is presented should be disclosed.
(3) Dividends

Rates of dividend paid or proposed on each class of shares (with particulars of each such class) and amounts absorbed thereby (or an appropriate negative statement).

Notes: 1 Where the items of information specified in this rule are unsuited to the listed issuer’s activities, appropriate adaptations should be made. Where the requirements of this rule are unsuited to the listed issuer’s activities or circumstances, the Exchange may require suitable adaptations to be made.

2 The Exchange may authorise the omission from the preliminary announcement of any information if it considers:—

(a) such omission to be necessary or appropriate; or

(b) disclosure of such information would be contrary to the public interest or seriously detrimental to the issuer,

provided that such omission would not be likely to mislead the public with regard to facts and circumstances, knowledge of which is essential for the assessment of the securities in question.

3 The issuer or its representatives will be responsible for the correctness and relevance of the facts on which any application for an exemption under Note 2 above is based.

18.50C Listed issuer must submit a copy of its annual report to the Exchange for publication on the GEM website as soon as reasonably practicable after the approval by or on behalf of the board of its audited financial statements and in any event not more than 3 months after the date upon which the financial year ended.

The listed issuer may send a copy of its summary half-year report to a member and a holder of its listed securities in place of a copy of its half-year report, provided that such summary half-year report complies with the relevant provisions of the Companies (Summary Financial Reports) Regulation governing summary financial reports.

Notes: 1 Newly listed issuers will be required to prepare and publish the relevant half-year report or summary half-year report (irrespective of whether the period in question ends on a date before or after the date on which dealings in the securities of the listed issuer commenced) where the 45-day deadline for publishing the report falls after the date on which dealings in the securities of the listed issuer commenced. In the event that the results for the period in question (whether audited or not) have been included in the prospectus for the purpose of applying for a listing on the Exchange, there will be no obligation separately to publish the results.

2 The figures in each half-year report and summary half-year report are the sole responsibility of the directors and they must ensure that the accounting policies applied to the figures are consistent with those applied to annual financial statements. If a change in the financial year is proposed, the Exchange should be consulted as to the period or periods to be covered by the half-year reports or summary half-year reports.

18.54 As soon as reasonably practicable after publishing any half-year report and, where applicable, summary half-year report, the listed issuer must send a copy of it to the persons specified in rule 18.03.

Where there are any deviations from the code provisions in the Code, the listed issuer must also give considered reasons for the deviations from the code provisions, either by:

   a) giving considered reasons for each deviation; or

2 Each half-year report must be reviewed by the issuer’s audit committee. In the event that the audit committee disagreed with an accounting treatment which had been adopted in the preparation of the group’s half-year report, full details of such disagreement should be disclosed together with a quantification of the financial effect arising from the disagreement. Where it is not possible to quantify the effect of the disagreement, or the effect is not significant, a statement to this effect should be made.

3 If a change in the financial year is proposed, the Exchange should be consulted as to the period or periods to be covered by the half-year reports.

4 [Repealed 31 December 2015]

5 A listed issuer should apply the same accounting policies in its interim financial statements as are applied in its annual financial statements except where the change in accounting policy is required by an accounting standard which came into effect during the interim period. Accounting policies which have been consistently applied and which were disclosed in the listed issuer’s most recent published audited financial statements or for a newly listed issuer in its recent prospectus may be omitted from the half-year reports. Any significant changes in the accounting policies, including those required by an accounting standard, should be disclosed together with the reason for changing in the accounting policy.

7 The Exchange may authorise the omission from an interim report of specified items of information if it considers:—

(a) such omission to be necessary or appropriate; or

(b) disclosure of such information would be contrary to the public interest or seriously detrimental to the issuer,

provided that such omission would not be likely to mislead the public with regard to facts and circumstances, knowledge of which is essential for the assessment of the securities in question.

8 The issuer or its representatives will be responsible for the correctness and relevance of the facts on which any application for an exemption under Note 7 above is based.

9 Each half-year report must contain, at a prominent position, and in bold type, a statement about the characteristics of GEM, in the form set out in rule 2.20.
