Reference is made to the circular dated 5 February 2013 (Ref: <u>CD/DCO/DCASS/003/2013</u>). Following the upgrade of the Securities and Derivatives Network to SDNet/2 for the derivatives market, Hong Kong Exchanges and Clearing Limited (HKEx) is pleased to announce that the two-week stabilization period has been ended after the close of all markets today.

Clearing Participants are requested to note the following arrangements after the stabilization period:

(1) Decommissioning of SDNet/1

The SDNet/1 circuits will be dismantled and the SDNet/1 service provider (i.e. PCCW) will contact Clearing Participants to collect the SDNet/1 network equipment. All decommissioning works will be performed after 5:00 p.m. or Saturday from mid-March to May 2013.

(2) Billing and support arrangement under SDNet/2

Starting from 18 March 2013, Clearing Participants will pay the circuit rental directly to their selected Accredited Vendor(s) according to their agreed terms and conditions, and contact their selected Accredited Vendor(s) for all network issues. The contact details of Accredited Vendors have been posted to HKEx website.

Lastly, HKEx would like to take this opportunity to thank you for Clearing Participants' support given to the SDNet/2 Upgrade.

For any enquiries, please contact the DCASS hotline at 2979 7222.
