通告 CIRCULAR

事項
Subject: **Release of OMnet Application Programming Interface (OAPI) Specification in relation to HKATS and DCASS Upgrade to Genium INET Platform**

查詢
Enquiry: **HKATS Hotline   2211 6360**

Reference is made to the circular (ref: DMD/152/12) dated 28 November 2012. Hong Kong Exchanges and Clearing Limited ("HKEx") plans to upgrade the Hong Kong Futures Automated Trading System ("HKATS") and the Derivatives Clearing and Settlement System ("DCASS") from Release 19.1 to Genium INET Platform.

In order to facilitate Exchange Participants (EPs) to proceed the development of their OAPI program(s), HKEx posted the OAPI Specification and highlighted changes to the Genium INET Platform Web Page on 5 February 2013.
(http://www.hkex.com.hk/eng/market/dv_tradinfra/genium.htm).

OAPI Users
All EPs using HKATS OAPI programs are required to update their OAPI program(s) according to the OAPI specification and highlighted changes. EPs can request the HKATS OAPI development kit for Genium INET Platform by sending an email to clicksupport@hkex.com.hk. EPs are advised to acquire necessary technical supports and reserve sufficient resources to develop, modify or test their OAPI programs.

CLICK Trade Users
As a preparation for the launch of Genium INET Platform, EPs using CLICK Trade are required to install a new CLICK Trade software for Genium INET version in their CLICK workstation(s). EPs can continue to use the existing CLICK workstation(s) provided that it meets the minimum requirements listed in Appendix 1. The new software will be tested and provided by HKEx in Mid-2013.
