通告 CIRCULAR

To: Custodian, General Clearing and Stock Pledgee Participants

Subject: Renminbi (RMB) Payment Pilot Run on Thursday 17 March 2011 and
Clearing Simulation Test for RMB Securities on Sunday 20 March 2011

Enquiry: Hotline at 2979 7111

With reference to the HKSCC circular regarding “Test for Simulating Electronic Initial Public Offer (EIPO) Subscription, Trading, Clearing and Money Settlement of Listed Renminbi (RMB) Products” (Ref: [CD/CCO/CCASS/033/2011](#)) issued on Friday 11 February 2011, HKEx has scheduled a RMB Payment Pilot Run and a two-day Simulation Test (collectively referred to as “RMB Readiness Tests”) for all CCASS Participants to examine their operation readiness for dealing in RMB securities. Custodian, General Clearing and Stock Pledgee Participants are requested to take note of the following details about the RMB Readiness Tests.

RMB Payment Pilot Run on Thursday 17 March 2011

HKSCC will conduct a RMB Payment Pilot Run on Thursday 17 March 2011 to ensure a smooth flow of CCASS money settlement in RMB. HKSCC will generate a Direct Credit Instruction (DCI) to credit “CNY 1.00” to and an Electronic Payment Instruction (EPI) to debit “CNY 1.00” from the Participants’ RMB Designated Bank Accounts maintained in CCASS. Those DCIs and EPIs will be settled by the RMB Designated Banks in the respective morning/afternoon Interbank Bulk Settlement Runs effected by the Hong Kong Interbank Clearing Limited on the next business day (i.e. Friday 18 March 2011). Participants should review their RMB Designated Banks’ statement/advice/electronic system to confirm such money settlement instructions are successful effected via their RMB Designated Bank Accounts.

To ensure a smooth RMB Payment Pilot Run, Participants are reminded to:

- submit duly completed forms to HKSCC by **Monday 7 March 2011** for setup of RMB Designated Bank Accounts in CCASS, if they have not already done so;
- ensure their RMB Designated Bank Accounts are operable and their RMB Designated Banks are ready to participate in the upcoming RMB Pilot Payment Run; and

香港交易及結算所有限公司
Hong Kong Exchanges and Clearing Limited

- review the readiness of their back office systems and operating procedures to handle CCASS money settlement in RMB.

Clearing Simulation Test on Sunday 20 March 2011

The first day testing session of the Simulation Test on Saturday 19 March 2011 allows Exchange Participants (EPs) to simulate conducting secondary market trading activities of listed RMB securities (Trading Simulation Test or TST). The second day testing session of the Simulation Test on Sunday 20 March 2011 allows CCASS Participants to simulate conducting EIPO subscription and clearing activities of listed RMB securities in CCASS (Clearing Simulation Test or CST). Trades executed during the TST on Saturday 19 March 2011 would be automatically sent to CCASS for clearing and settlement in the CST on Sunday 20 March 2011. General Clearing Participants who are not EPs are reminded to involve their Non-Clearing Participant clients in the TST.

Participants participating in the CST on Sunday 20 March 2011 are requested to read the enclosed Information Package (Attachment I) and make necessary planning and preparation before conducting the CST.

Participants are requested to observe the relevant information (including various circulars, FAQ and checklists) posted on the HKEx website in relation to [Preparation for Trading and Clearing of Renminbi \(RMB\) Products](#) thoroughly before participating in the RMB Readiness Tests.

After completion of the RMB Readiness Tests (i.e. Trading Simulation Test where applicable, Clearing Simulation Test and RMB Payment Pilot Run), Custodian Participants, General Clearing Participants who are not EPs, and Stock Pledgee Participants are required to confirm their readiness for dealing and/or clearing transactions in RMB securities by completing and returning the attached confirmation form (Attachment II) on **Monday 21 March 2011**.

A list of participants who have successfully completed the setup of RMB Designated Bank Accounts in CCASS, completed the RMB Readiness Tests and confirmed their readiness for dealing and/or clearing transactions in RMB securities may be posted on the HKEx website for the information of the general investing public. Participants who fail to ensure their readiness should refrain from dealing in listed RMB securities or clearing transactions in such securities.

Should you have any questions regarding the above matters, please contact the CCASS hotline at 2979-7111.

1. Introduction

Hong Kong Exchange and Clearing Limited (HKEx) is ready to support the trading and clearing of Renminbi (RMB) securities. Existing HKEx core IT systems, including CCASS, are multi-currency systems which are capable of processing RMB securities in a manner similar to that applicable to securities denominated in the Hong Kong dollar (HKD) and US dollar (USD) today. In addition, Hong Kong Interbank Clearing Limited launched the RMB clearing service for CCASS payments on 13 September 2010 as to prepare for potential listing of RMB securities on the Stock Exchange of Hong Kong Limited (SEHK).

In order to facilitate participants to examine their operation readiness for dealing in RMB securities to be listed on the SEHK, HKEx has organised a two-day testing session on 19 and 20 March 2011 (Saturday and Sunday) to simulate the EIPO subscription process, trading and clearing of listed RMB securities in an end-to-end manner. The first day testing session on 19 March 2011 allows Exchange Participants (EPs) to simulate conducting secondary market trading activities of listed RMB securities (referred as 'Trading Simulation Test' or TST). The second day testing session on 20 March 2011 allows CCASS Participants to simulate EIPO subscription and clearing activities of listed RMB securities in CCASS (referred as 'Clearing Simulation Test' or CST). General Clearing Participants are reminded to involve their Non-Clearing Participant clients in the TST.

This Information Package is designed to assist CCASS Participants in planning and preparing for the CST. CCASS Participants should read this Information Package carefully and make necessary preparation before conducting the CST. A copy of this document should also be passed to their IT support or system vendor to ensure the availability of proper technical support before and during the CST.

2. Objective and Scope

2.1 Objective

Given that all existing HKEx core IT systems are already able to support RMB securities, there is no system change in CCASS. The objective of the CST is to provide an opportunity for CCASS Participants to examine their back office system (BOS) and internal operational processes to ensure their readiness for clearing transactions in listed RMB securities.

2.2 Scope

CCASS online session will be provided during the CST for CCASS Participants to:

- perform clearing and settlement activities of exchange trades and/or transactions of listed RMB securities;
- perform various CCASS online functions (including EIPO application) for RMB securities;
- download and verify various CCASS reports/data files with transactions of RMB securities; and
- upload various CCASS batch transfer files with transactions of RMB securities, where applicable.

3 Important Notes to CCASS Participants

CCASS Participants should note the following arrangements for the preparation and execution of the CST:

- a) Participants shall use their existing CCASS Terminals (C3T) and/or Participant Gateway (PG) to access CCASS during the CST. Participants are reminded to remove ALL testing batch transfer files and CCASS reports/data files from their C3T, PG and/or BOS upon completion of CST on Sunday 20 March 2011 as to avoid mis-using these testing files/reports in their normal business on the following Monday.
- b) For those Participants who would perform upload of batch transfer files in the CST, they should prepare the testing batch transfer files before the CST.
- c) CST participating users must have experience in conducting CCASS related activities for their daily business operations, and shall use their production smartcards and passwords for accessing C3T and/or PG during the CST. ***If smartcard password has been reset during the CST, the user concerned should use the latest password (i.e. after password reset in the CST) for production use on the following Monday, i.e. 21 March 2011.*** Besides, Participants should ensure that CST participating users have appropriate user function access to perform the required CCASS activities during the CST. **Participants' Delegated Administrators (DA) are not encouraged to revise the users function access during the CST because it will take time to take effect.**
- d) The reports/data files available in the CST are for testing purpose only. Participants should not use these reports/data files for production use.
- e) Participants should refer to the Checklist in Appendix A for the action items to be performed before, during and after the CST for preparation and execution of the CST. In order to achieve the testing objective, CST participating users should familiarize themselves with the requirements and procedures prior to the CST.
- f) In addition, Participants are encouraged to maintain proper audit trail in respect of all activities conducted during the CST. A Responsible Officer or his/her designate of each participating Participant is advised to be present during the CST to supervise the testing process and to be responsible for relaying any issues arising during the CST to HKEx. To ensure smooth operation during the CST, Participants should ensure all their CST participating users fully understand the requirements and procedures; and make necessary arrangement for the CST.
- g) Participants should have their system administrator ID(s) and password(s) of their internal servers ready throughout the CST, in case technical trouble-shooting is required.

4 Schedule and Arrangement

4.1 Overview

The CST will be held on Sunday 20 March 2011. CCASS will capture the trades executed during the TST on Saturday 19 March 2011 (i.e. T day). When Participants logon CCASS during the CST, they will be simulating production operations as of 21 March 2011, being the settlement day (T+2 day) for those trades executed in the TST. Furthermore, CCASS reports/data files dated 19 and 20 March 2011 (i.e. T day and T+1 day reports) will be made available for download during the online session of the CST.

Direct Clearing Participants and General Clearing Participants are requested to coordinate with their trading partners to have trades executed in the TST on Saturday 19 March 2011 for clearing and settlement in the CST on Sunday 20 March 2011.

4.2 Schedule and Timetable

When Participants logon CCASS on Sunday 20 March 2011 during the CST, they will be simulating CCASS activities on settlement day 21 March 2011 (i.e. T+2 day).

4.3 User Profile Setting & Logon Password

Participants' user profiles that will be applied to the commencement of the CST will be based on the latest user profiles maintained as of Saturday 19 March 2011.

During the CST, Participants' DA are responsible for resetting their participating users' passwords in case their users' smartcard password has been revoked. If smartcard password has been reset during the CST, the user concerned should use the *latest* password (i.e., after password reset in the CST) for production use on the following Monday, i.e. 21 March 2011.

In case the DA's smartcard password has been revoked during the CST, Participants should contact HKEx for password reset. If the CCASS Authorised Signor of Participants will not be available during the CST, Participants can pre-arrange the Authorised Signor to grant authority to a CST Coordinator, by signing the Special Authorisation Form (Appendix D), prior to the CST session. In such case, Participants can arrange for the CST Coordinator to sign the Password Reset Form (Appendix D) during the CST.

Participants are required to submit the duly signed Password Reset Form, the Special Authorisation Form (if applicable), along with the smartcard to HKEx for the password reset.

4.4 Simulation Test Environment

The CST environment will be set up with testing data, such as pre-defined RMB securities, stock balances, SI transactions and EIPO announcement. Participants should refer to Appendix B1 for the details of data setup for the CST. Activities performed during the CST shall simulate the production operations of **21 March 2011**, which is the T+2 settlement day for trades executed in the TST on Saturday 19 March 2011.

4.5 Transactions to be Executed

On-line sessions will be provided during the CST for Participants to simulate the operations of their BOS and internal processes to examine their readiness in supporting RMB securities. Participants should make reference to their daily operations to plan what type of transactions and/or activities should be covered in the CST. Participants might refer to Appendices B2 and B3 for the suggested test script.

4.6 Report Download

Reports and/or data files available at the beginning of the CST online session:

- T and T+1 days clearing and settlement related reports for the trades executed during the TST (if applicable) on Saturday 19 March 2011 (i.e. T day);
- 'New Issues Entitlement Report' (CEPBE01) providing a dummy EIPO allotment result for a pre-defined RMB security as of 19 March 2011; and
- 'Entitlement Statement' (CCNPT02) showing a pre-defined Benefit Entitlement (BE) announcement.

Reports and/or data files available during the CST online session

- Batch input control reports;
- Intra-day settlement related reports;
- Intra-day marks related reports; and

- Intra-day 'New Issues Application Input Activities Report' (CEPAB01).

Reports and/or data files available during the CST report retrieval session:

Full set of CCASS reports/data files reflecting the activities performed by Participants during the online session of the CST.

4.7 Prior CST Arrangement

Participants should ensure their BOS are ready for supporting listed RMB securities.

Participants should create a new directory for changing of "pre-defined" "Report Directory" for downloading of CCASS reports / data files during the CST.

If Participants would use their production BOS to perform the CST, they should ensure that their production BOS data are properly backed up before the CST. Data restore procedures should also be prepared before the CST so that production data can be restored to their production BOS upon completion of the CST. Participants should arrange where appropriate data backup arrangement with their IT support or BOS vendor before the CST, if such procedures are required.

4.8 Important Reminder for Post CST Arrangement

PG users are reminded to clean-up their testing data, (including but not limited to ALL testing batch transfer files and downloaded reports/data files) and ensure their corresponding systems used in the CST are restored, if appropriate, and ready for normal business activities on the following Monday.

5 Contingency Arrangements

5.1 Cancellation of the TST on 19 March 2011

In case the TST on 19 March 2011 is cancelled due to typhoon, black rainstorm or any other reasons, the CST on 20 March 2011 will also be cancelled accordingly. HKEx will notify Participants the revised schedule of the CST at a later date.

5.2 Typhoon Arrangement

In case Typhoon Signal Number 8 or above is hoisted and remained in effect after 6:30 a.m. and before 8:30 a.m. on the CST day, the CST will be cancelled. HKEx will notify Participants the revised schedule of the CST at a later date.

In case Typhoon Signal Number 8 or above is hoisted at or after 8:30 a.m. on the day, all activities will be terminated 15 minutes thereafter.

5.3 Rainstorm Arrangement

In case Black Rainstorm Warning is remained in effect after 6:30 a.m. and before 8:30 a.m. on the CST day, the CST will be cancelled. HKEx will notify the Participants the revised schedule of the CST at a later date.

In case Black Rainstorm Warning is issued during testing hours, i.e. at or after 8:30 a.m., the CST will continue until completion.

6 Communication Channels

During the CST, HKEx will communicate with Participants via Broadcast Message function of CCASS.

7 Help Desk

For any queries about the preparation for the CST, Participants can contact the CCASS Hotline at 2979-7111.

For any queries during the CST, Participants can contact the following numbers for assistance:

- **2211-6606** - For CCASS technical enquiry
- **2979-7111** - For CCASS general enquiry

APPENDIX C : Procedures to change the pre-defined “Report Directory” for download of testing CCASS reports and date files via “Report Profile Maintenance” function

1. Logon to CCASS and select “Report Profile Maintenance” function (available to user with function group BD, C and V only)
2. Select “GLOB” at the Market data field, then click the Submit button.

The screenshot shows the HKEx web interface for 'Report Profile Maintenance'. The left sidebar contains a list of menu items including 'General Enquiries', 'Enq Settlement Act / Status', 'Mtn Stk Segregated A/C with Strm Sev(SSA)', 'Mtn SSA Bank A/C', 'Delivery Instruction (DI)', 'A/C Transfer Instr (ATI)', 'Stk Seg A/C Transfer Instr (STI)', 'Settlement Instruction (SI)', 'Hide Unmatched SI Content Cpty List', 'Investor Strm Instr (ISI)', 'ISI (With Affirm) Cpty List', 'ISI (W/O Affirm) Cpty List', 'Payment Instruction', 'Cash Prepayment', 'Maintain Cash Prepayment', 'Standing Instr', 'Stock Borrowing / Lending', 'SBL Bulletin Board', 'Login Withdrawal Order', 'Election Instruction', 'Subscription Instruction', 'Corp Voting Instruction', 'EIPO Application', 'Tender Instruction', 'Maintain Unit Order - Creation', 'Maintain Unit Order - Redemption'. The main content area has a title 'Report Profile Maintenance' and a sub-section 'Report Profile Maintenance Prompt'. The 'Market' field is a dropdown menu with 'GLOB' selected. The 'Participant ID' field contains 'B00001'. Below these fields are 'Submit' and 'Refresh' buttons. On the right, there are links for 'Site Map', 'Broadcast Message', 'Report Download', 'Announcement Information', 'Change Password', 'Print', and 'Logout'. The top right corner shows user details: 'B0000102', 'RPRF 01', and '18-Feb-11 18:41'.

3. Enter the directories for downloading of reports / data files for the CST

(e.g. X:\RMBTEST\ONLINE\RMF\ for downloading reports and X:\RMBTEST\ONLINE\IMG\ for downloading data files), then click the “Change” button.

Please ensure you have

- (i) created the new directory(ies), if necessary, before changing the pre-defined “Report Directory” for downloading testing CCASS reports and data files during the CST; and
- (ii) access to the pre-defined directory(ies) to retrieve the downloaded testing CCASS reports / data files during the CST.
