Subject: MIGRATION OF MWS AND AMS TERMINALS TO NSTD – PROGRESS UPDATE

查詢

Enquiry: Participant General Enquiry Hotline (Tel : 2840 3626 E-mail : trd@hkex.com.hk)

The Exchange is pleased to inform that the migration of Multi-Workstation System (MWS) and AMS terminals (Terminal) to New Securities Trading Device (NSTD, also known as ET Trade Speed Station) is in good progress.

### **Migration of MWS**

All MWS are expected to be migrated to the NSTD before the end of March 2015. After the completion of the migration, MWS and Order Routing System (ORS) service will not be supported. EPs using MWS and not migrating to NSTD will be notified individually to de-install the MWS and terminate the ORS service.

### **Migration of Terminal**

The migration of Terminal will start in April 2015 and end in Q3 2015 tentatively. Terminal users who have not yet enrolled in the migration are reminded to return the enrollment form to the Exchange as soon as possible if they still plan to migrate to NSTD. EPs using Terminal and not migrating to NSTD will be notified individually to de-install the Terminal before the end of migration period.

### No installation of new Terminal and MWS

Exchange Participants (EPs) are reminded that installation of new Terminal and MWS is no longer accepted since the commencement of the AMS terminal/MWS transitional period, as referred in the Rules of the Exchange, on 1 December 2014. When the transitional period ends tentatively in Q3 2015, EPs can no longer use MWS and Terminal. EPs are therefore advised to install NSTD or other Broker Supplied Systems (BSS) to support their trading requirements.
