通告 CIRCULAR

事項

Subject: **NSTD MIGRATION PROGRESS AND ARRANGEMENT OF EMERGENCY BACKUP TRADING FACILITIES**

查詢

Enquiry: **Participant General Enquiry Hotline (Tel : 2840 3626 E-mail : trd@hkex.com.hk)**

Reference is made to the Exchange circular (Ref: [CT/003/15](#)) dated 19 January 2015. The migration of Multi-Workstation System (MWS) to New Securities Trading Device (NSTD, also known as ET Trade Speed Station) has completed successfully. Following that, the migration of AMS Terminals (Terminal) to NSTD has started in April and will end in August tentatively.

End of AMS terminal/MWS transitional period

Upon the completion of Terminal migration to NSTD in August tentatively, the AMS terminal/MWS transitional period, as referred in the Rules of the Exchange, will be ended and Exchange Participants (EPs) will be informed of the exact date. After that date, the MWS and Terminal including Emergency Backup Terminal in the Exchange's Trading Hall and Backup Centre could not be used for trading purposes.

Arrangement of Emergency Backup Trading Facilities

For EPs using NSTD (ET Trade Speed Station), the NSTD vendor – ET Trade Limited will provide backup NSTD workstations for emergency use. ET Trade Limited will provide the details of using backup NSTD workstations to NSTD users in due course. For EPs using Broker Supplied System (BSS), they should consult their BSS vendors and arrange their own emergency backup trading facilities based on their business and operational needs.
