

Section A – Notes to the Application

1. The relocation service offered by the service providers only extends to China Connect Open Gateway (CCOG) purchased or upgraded via HKEX. The lead time for relocation service required by service providers is about 4 weeks.
2. EP should make self-arrangement in handling the relocation of CCOG installed at HKEX Hosting Data Centre, CCOG purchased directly from Vendor, SDNet/2 circuit(s), HKEX Service Network (HSN) and network equipment connected to trading device.
3. The contact information of network provider is posted in HKEX website. For SDNet/2 circuit, please visit http://www.hkex.com.hk/eng/market/sec_tradinfra/sdnet2.htm. For HSN, please visit <http://www.hkex.com.hk/eng/prod/hosting/hostingservices.htm>.
4. For relocation of circuit, EP should check with network provider whether the router IP address will be changed due to the relocation. If there is a change, the upstream IP address of CCOG is required to change also.
 - Relocation arranged by EP itself : EP should contact CL Technical Services Ltd or Microware Ltd to change the upstream IP address setting on CCOG as well as to inform HKEX to change CCOG record by completing “Relocation of China Connect Open Gateway / Notification for Change of Circuit Connection to China Connect Open Gateway”. Failing that, the CCOG will not be operated on the following trading day. EP will bear the configuration cost for change of upstream IP address. Contact information of CL Technical Services Ltd or Microware Ltd are as follows :

Appointed Service Vendor	Contact Person	Contact No.	Email Address
CL Technical Services Ltd	Mr Alex Lin	22384272 / 93485785	alex.kc-lin@clts.com
	Mr Roy Lam	22384273 / 90267415	roy.kl-lam@clts.com
Microware Ltd	Mr Ricky Ma	25654653 / 97225083	rickyma@microware.com.hk
	Ms Haidy Wong	25654557 / 91636325	haidywong@microware.com.hk

- Relocation arranged via HKEX : EP should inform HKEX to change CCOG record by completing “Relocation of China Connect Open Gateway / Notification for Change of Circuit Connection to China Connect Open Gateway”. Failing that, the CCOG will not be operated on the following trading day. EP will bear the configuration cost for change of upstream IP address.

Section B – Charges

1. All charges relating to hardware, SDNet/2 circuit, HSN relocation and configuration change of upstream IP address of trading device will be settled directly between the EP and the service provider/ Accredited Vendor.
