Subject: Consultation Paper on Proposed Enhancements to the Exchange's Decision Making and Governance Structure for Listing Regulation

Dear Sir/Madam:

I oppose to giving SFC power over listing policies and approval of listing applications. The Listing Committee is an independent body comprises market/industry people. There is no problem with their decision-making power for the market. SFC, rather than taking on more power from the Exchange, should just focus their effort on investigation and enforcement over insider trading, market misconduct and other types of manipulation.

Regards,
