Exchange Participants (EPs) are requested to note the news release issued by Hong Kong Exchanges and Clearing Limited (HKEx) today (31 March 2011) informing the market of the launch of Basic Market Prices (BMP) Service beginning 1 April 2011.

HKEx re-packages its Free Prices Website service as the BMP Service to further broaden the investing public's access to real-time basic prices from HKEx's Securities and Derivatives market.

The BMP service has attracted strong interest from the market. As of today, 23 BMP website services including 9 provided by EPs or their affiliates are licensed. EPs who are interested in providing BMP Service on their interactive service platforms can apply for an information vendor (IV) licence directly from HKEx. Alternatively, EPs may consider subscribing the BMP Third Party Website Services via a licensed IV of HKEx to offer real-time market prices to attract visitors; promote their products and service; and facilitate trading on their Internet and WAP sites.

Please refer to the table below for the BMP Service subscription fees. A complete fee schedule can be found on HKEx website:
