Exchange Participants (EPs) are requested to note that Hong Kong Exchanges and Clearing Limited (HKEx) has published its Information Paper on HKEx Orion Central Gateway (OCG) today. OCG is a new market access platform to support secured connections between the Broker Supplied Systems (BSS) of EPs and the HKEx securities market. Through a phased migration, OCG will replace the existing Open Gateway (OG).

The Information Paper and other reference materials for OCG are available on the HKEx web site at OCG project corner under Market Operations - Securities Trading Infrastructure section (<http://www.hkex.com.hk/OCG>).

To enable EPs to have a better understanding on the HKEx Orion Programme, OCG and Orion Market Data Platform (OMD), HKEx will organize a series of briefing sessions for EPs in October 2012. EPs interested in attending the briefing session should complete the enrolment form (Attachment 1) and return to HKEx on or before 10 October 2012.

Separate technical seminars for EPs' IT staff and system vendors will also be conducted after publication of the technical specification documents of OCG in October 2012. Further details about the technical seminars will be provided in a separate circular.

For any enquiry on the OCG, please email to [OrionCentralGateway@hkex.com.hk](mailto:OrionCentralGateway@hkex.com.hk).
