6. Reporting: IVs are required to provide HKEx-IS breakdown in the Monthly Subscriber Reports detailing the number of Subscriber Units of streaming Level 1 data by region. The report should include address/location for subscribers under the Marketing Programme for New Derivatives Products.
7. Volume discount entitlement: The number of Subscriber Units for streaming Level 1 data claimed under the Marketing Programme for New Derivatives Products shall not be counted towards the Volume Discount as per Schedule 5 of the Market Data Vendor Licence Agreement.
8. Waiver entitlement: IVs are required to claim the Subscriber Fees waivers (streaming Level 1 data and BMP services) before the due date for monthly payment and reporting.
