Yes

**Please provide reasons for your views.**

**Question 2**

**Do you have a concern that given fund raisings through the issuance of A shares may result in an increase in the number of A shares over H shares, the market size and liquidity of the H share market may reduce relative to the A share market? Do you think there should be other provisions to promote the long term development of the H share market, if so please provide reasons for your views and any suggestions.**

Yes

**Please provide reasons for your views and any suggestions.**

The issuance of A shares (not in proportional to H shares) may result the high volume trading in A shares while the H shares' trading remain inactive. Since the stock exchange should only focus on the regulation in H market, it should not consider whether the A shares will increase the liquidity of the market as a whole. The stock exchange may consider to set threshold for the minimum H shares market cap.
