1. In light of the need to enhance Hong Kong's position as an international financial centre and satisfy market demand, do you support the extension of trading hours in the T+1 Session?

Yes

No

Please give reasons for your view.

2. Do you agree that the inclusion of equity index options in the T+1 Session could facilitate better risk management by brokers and investors?

Yes

No

Please give reasons for your view.

3. Do you agree that the proposed trading halt could mitigate / reduce risk to the market while maintaining a simple mechanism?

Yes

No

Please give reasons for your view.

There's a concern if the trade price hit the exchange's risk parameter which leads to a trading halt. It's because we do not have sufficient risk and resolutions staff during that period to notify clients and take further actions

4. Do you have any other comments on the proposed implementation roadmap?

No

5. Do you agree with the alignment of the T+1 Session Cutoff Time with the close of trading hours at 03:00?

Yes

No

Please provide reasons if you disagree with that.

We would like to see the session cutoff time set at 45 minutes after the end of trading as it is now.
