This Rule 501F(3) shall not apply to direct business transactions concluded during the Pre-opening Session or the Closing Auction Session.

- 501G. (1) Unless otherwise determined by the Exchange, the Pre-opening Session shall comprise four periods in the following sequence:

 - (iii) the random matching period which shall commence at 9:20 a.m. and end at any time no later than 9:22 a.m.; and

- (a) the upper price limit means a price which is 15% (or such other percentage as the Exchange may from time to time determine) higher than the POS reference price, rounded down to the nearest spread; and
 - (b) the lower price limit means a price which is 15% (or such other percentage as the Exchange may from time to time determine) lower than the POS reference price, rounded up to the nearest spread.
- (2) During the order input period, at-auction orders and at-auction limit orders each with a specified price that does not deviate more than 15% from the POS reference price may be input into the System provided that each short selling order input into the System during the Pre-opening Session shall be an at-auction limit order and in accordance with Rule 563D(1), 563D(5), 563D(6) or 563D(8). All orders input into the System during the order input period may be amended or cancelled. An auction order that is amended in connection with a reduction in size shall not affect the time priority of the original auction order. An auction order that is amended in connection with specified price or an increase in size will result in the loss of time priority of the original auction order.
- (3) During the no-cancellation period and the random matching period, only at-auction orders and at-auction limit orders each with a specified price:-
- (a) that does not deviate more than 15% from the POS reference price;
 - (b) (in respect of buy orders) within the range of the lower price limit and the higher of the highest bid price and the lowest ask price of the orders recorded in the System at the end of the order input period (if available);
 - (c) (in respect of sell orders) within the range of the upper price limit and the lower of the lowest ask price and the highest bid price of the orders recorded in the System at the end of the order input period (if available); and

- (3A) The Exchange has the right to waive the application of Rule 501G(3), including but not limited to on the first day of trading of an issue of securities and upon the resumption of trading of an issue of securities from trading suspension.

- (3B) The random matching period may end at any time, as determined automatically and randomly by the System, no later than 9:22 a.m.. For the avoidance of doubt, the random matching period in relation to all POS securities will end at the same time.
 - (4) Commencing at the end of the random matching period, automatic order matching of the auction orders shall be conducted in accordance with Rule 517(1)(a) and no order shall be input into the System, amended or cancelled. All transactions so concluded based on the methodology specified in Rule 517(1)(a) shall be deemed to have been concluded at the end of the random matching period.
 - (5) During the blocking period, the System shall be static for transition from the Pre-opening Session to the Continuous Trading Session and no order shall be input into the System, amended or cancelled.
 - (6) For the avoidance of doubt, if no POS reference price in respect of a POS security is available, the price limits or restrictions which are made with reference to POS reference price, as referred to in Rules 501G(2) and 501G(3), shall not apply to the orders for the POS securities, unless the Exchange otherwise determines.
- 501H. (1) An IEP will be calculated according to the following rules only if the highest bid price of the buy at-auction limit orders is equal to or higher than the lowest ask price of the sell at-auction limit orders:
- (a) the IEP shall be one of the bid prices or ask prices which falls within the range of the highest bid price of the buy at-auction limit orders and the lowest ask price of the sell at-auction limit orders (inclusive of both prices) at which the aggregate size of the trades to be concluded based on the methodology specified in Rule 517(1)(a) is maximised;
 - (b) if more than one price satisfies Rule 501H(1)(a), the IEP shall be the price at which the normal order imbalance is the lowest. For the purposes hereof, normal order imbalance, in relation to a price, means the difference between the aggregate size of the buy at-auction orders and the buy at-auction limit orders with bid prices at or better than that price and the aggregate size of the sell at-auction orders and the sell at-auction limit orders with ask prices at or better than that price;
 - (c) if more than one price satisfies Rule 501H(1)(b), the IEP shall be:
 - (i) the highest of such prices if in relation to each and every of such prices, the aggregate size of the buy at-auction orders and the buy at-auction limit orders with bid prices at or better than that price is greater than the aggregate size of the sell at-auction orders and the sell at-auction limit orders with ask prices at or better than that price; or
 - (ii) the lowest of such prices if in relation to each and every of such prices, the aggregate size of the buy at-auction orders and the

buy at-auction limit orders with bid prices at or better than that price is smaller than the aggregate size of the sell at-auction orders and the sell at-auction limit orders with ask prices at or better than that price;

- (d) if more than one price satisfies Rule 501H(1)(b) and 501H(1)(c) does not apply, the IEP shall be the price which is the closest to the previous closing price. If two prices are of equidistant from the previous closing price, the IEP shall be the higher of the two prices. However, if the previous closing price is not available, the IEP shall be the highest of such prices.
 - (2) If an IEP is calculated in accordance with Rule 501H(1) at the end of the random matching period of the Pre-opening Session, at-auction orders and at-auction limit orders with specified prices at or better than such IEP shall be matched by automatic order matching at such IEP commencing from the end of the random matching period of the Pre-opening Session based on the methodology specified in Rule 517(1)(a).
 - (3) If no IEP is calculated at the end of the random matching period of the Pre-opening Session in accordance with Rule 501H(1), there will be no automatic order matching commencing from the end of the random matching period of the Pre-opening Session and the auction orders (if any) shall be dealt with in accordance with Rule 501I as with auction orders which remain wholly or partly unmatched at the end of the random matching period of the Pre-opening Session.
- 501I. At the end of the random matching period of the Pre-opening Session when automatic order matching is completed, all auction orders which remain wholly or partly unmatched shall be cancelled and deleted from the System automatically except for those at-auction limit orders the specified price of each of which does not deviate 9 times or more from the nominal price at that time. Such at-auction limit orders shall be converted to limit orders at the input specified price and carried forward to the Continuous Trading Session of the same trading day for automatic order matching. The order entry time of such converted limit orders shall be the time the at-auction limit orders were originally entered into the System. If there is no Continuous Trading Session on that trading day for whatever reason, such at-auction limit orders shall be cancelled and deleted from the System at the end of that trading day.

The order entry time of such converted at-auction limit orders shall be the time the limit orders were originally entered into the System. All other outstanding buy limit orders and sell limit orders for a CAS security which remain wholly or partly unmatched at the close of the Continuous Trading Session shall be cancelled and deleted from the System automatically.
- (5)
 - (a) During the order input period, at-auction orders and at-auction limit orders each with a specified price that does not deviate more than 5% from the CAS reference price may be input into the System provided that each short selling order input into the System during the Closing Auction Session shall be an at-auction limit order and in accordance with Rule 563D(1), 563D(5), 563D(6) or 563D(8). Except as provided in paragraph (b) below, all orders may be amended or cancelled provided that any outstanding short selling order carried forward to the Closing Auction Session that is amended in connection with the specified price shall only be made in compliance with Rule 563D(1), 563D(5), 563D(6) or 563D(8). An auction order that is amended in connection with a reduction in size shall not affect the time priority of the original auction order. An auction order that is amended in connection with the specified price or an increase in size will result in the loss of time priority of the original auction order.
 - (b) An outstanding Securities Market Maker Short Selling order carried forward to the Closing Auction Session pursuant to Rule 501L(4) may be amended in connection with a reduction in size or cancelled. For the

avoidance of doubt, such order shall not be amended in connection with the specified price or an increase in size during the order input period.

- (6) During the no-cancellation period and the random closing period up to the close of the Closing Auction Session, at-auction orders and at-auction limit orders each with a specified price (a) that does not deviate more than 5% from the CAS reference price; (b) (if available) within the range of the lowest ask price and the highest bid price of the orders recorded in the System at the end of the order input period; and (c) (in respect of short selling orders to be input into the System during the Closing Auction Session in accordance with Rule 563D(1) only) that is at or above the CAS reference price (except where the Designated Security is a Market Making Security approved by the Commission to be excluded from the application of Regulation (15) in the Eleventh Schedule to these Rules) may be input into the System but no order shall be amended or cancelled.
 - (7) The random closing period may end at any time, as determined automatically and randomly by the System, no later than 4:10 p.m. or 12:10 p.m., as the case may be. For the avoidance of doubt, the random closing period in relation to all CAS securities will end at the same time and the Closing Auction Session will close at the end of the random closing period.
 - (8) Commencing at the end of the random closing period, automatic order matching of the auction orders shall be conducted in accordance with Rule 517(1)(a) and no order shall be input into the System, amended or cancelled. All transactions so concluded based on the methodology specified in Rule 517(1)(a) shall be deemed to have been concluded at the end of the random closing period.
 - (9) For the avoidance of doubt, if no CAS reference price in respect of an issue of CAS securities is available, the price limits or restrictions which are made with reference to CAS reference price, as referred to in Rules 501L(4), 501L(5) and 501L(6), shall not apply to the orders for the CAS securities, unless the Exchange otherwise determines.
- 501M. (1) An IEP will be calculated according to the following rules only if the highest bid price of the buy at-auction limit orders is equal to or higher than the lowest ask price of the sell at-auction limit orders:
- (a) the IEP shall be one of the bid prices or ask prices which falls within the range of the highest bid price of the buy at-auction limit orders and the lowest ask price of the sell at-auction limit orders (inclusive of both prices) at which the aggregate size of the trades to be concluded based on the methodology specified in Rule 517(1)(a) is maximised;
 - (b) if more than one price satisfies Rule 501M(1)(a), the IEP shall be the price at which the normal order imbalance is the lowest. For the purposes hereof, normal order imbalance, in relation to a price, means the difference between the aggregate size of the buy at-auction orders and the buy at-auction limit orders with bid prices at or better than that price and the aggregate size of the sell at-auction orders and the sell at-auction limit orders with ask prices at or better than that price;

- (c) if more than one price satisfies Rule 501M(1)(b), the IEP shall be:
 - (i) the highest of such prices if in relation to each and every of such prices, the aggregate size of the buy at-auction orders and the buy at-auction limit orders with bid prices at or better than that price is greater than the aggregate size of the sell at-auction orders and the sell at-auction limit orders with ask prices at or better than that price; or
 - (ii) the lowest of such prices if in relation to each and every of such prices, the aggregate size of the buy at-auction orders and the buy at-auction limit orders with bid prices at or better than that price is smaller than the aggregate size of the sell at-auction orders and the sell at-auction limit orders with ask prices at or better than that price;
 - (d) if more than one price satisfies Rule 501M(1)(b) and 501M(1)(c) does not apply, the IEP shall be the price which is the closest to the CAS reference price. If two prices are of equidistant from the CAS reference price, the IEP shall be the higher of the two prices. However, if the CAS reference price is not available, the IEP shall be the highest of such prices.
- (2) If an IEP is calculated in accordance with Rule 501M(1) at the end of the random closing period of the Closing Auction Session, at-auction orders and at-auction limit orders with specified prices at or better than such IEP shall be matched by automatic order matching at such IEP commencing from the end of the random closing period of the Closing Auction Session based on the methodology specified in Rule 517(1)(a). All auction orders which remain wholly or partly unmatched shall be cancelled and deleted from the System automatically at the end of that trading day.
 - (3) If no IEP is calculated at the end of the random closing period of the Closing Auction Session in accordance with Rule 501M(1), the CAS reference price shall be treated as IEP, at-auction orders and at-auction limit orders with specified prices at or better than the CAS reference price shall be matched by automatic order matching at the CAS reference price commencing from the end of the random closing period of the Closing Auction Session. All auction orders which remain wholly or partly unmatched shall be cancelled and deleted from the System automatically at the end of that trading day.
 - (4) If no IEP is calculated at the end of the random closing period of the Closing Auction Session in accordance with Rule 501M(1) and if no CAS reference price is available and treated as IEP pursuant to Rule 501M(3), there will be no automatic order matching at the end of the random closing period of the Closing Auction Session and the auction orders (if any) shall be cancelled and deleted from the System automatically at the end of that trading day.

Notwithstanding the foregoing, subsequent to a transaction having been made between two Exchange Participants, the method of settlement may be amended by mutual agreement between the Exchange Participants concerned or in accordance with the HKSCC Rules.

518. The price of every transaction concluded during the Continuous Trading Session (other than that concluded outside of the System in accordance with Rule 518A or 518B) must be within the range of the current bid price and the current ask price as displayed in the System at the moment of the transaction. In case there is no current

bid price, then the price of a transaction shall be at the current ask price and vice versa. This Rule shall not apply to transactions concluded during the Pre-opening Session or the Closing Auction Session.

- 518A. The price of every transaction concluded outside of the System during the Continuous Trading Session must be within the range of the lowest of twenty-four spreads below the previous closing price, the lowest bid and the lowest ask price up to the time of the transaction on the day and the highest of twenty-four spreads above the previous closing price, the highest bid and the highest ask price up to the time of the transaction on the day. This Rule 518A shall not apply to transactions concluded during the Pre-opening Session or the Closing Auction Session and transactions with respect to Exchange Traded Funds.
- 518B. With respect to Exchange Traded Funds, the price of every transaction concluded outside of the System during the Continuous Trading Session must be within the range of (A) the lowest of (i) whichever is the lower of twenty-four spreads or 3.5% or other percentage prescribed by the Exchange from time to time (rounded up to the nearest spread) below the previous closing price, (ii) the lowest bid price up to the time of the transaction on the day and (iii) the lowest ask price up to the time of the transaction on the day and (B) the highest of (i) whichever is the higher of twenty-four spreads or 3.5% or other percentage prescribed by the Exchange from time to time (rounded down to the nearest spread) above the previous closing price, (ii) the highest bid price up to the time of the transaction on the day and (iii) the highest ask price up to the time of the transaction on the day. This Rule 518B shall not apply to transactions concluded during the Pre-opening Session or the Closing Auction Session.
519. Every transaction, except for odd lot and special lot transactions, must be for a board lot or multiples of a board lot.
- 519A. All transactions in respect of a Structured Product must only be for a board lot or multiples of a board lot. Exchange Participants shall only input orders or transactions relating to the Structured Product into the System for a board lot or multiples of a board lot.
- 520(1). Each selling Exchange Participant shall input into the System details of a sale transaction within 15 minutes after the conclusion of the transaction, but not later than:
- (a) 15 minutes after the commencement of the Morning Session in respect of transactions concluded in the Pre-opening Session;
 - (b) the end of the Morning Session in respect of transactions concluded in the Morning Session and (where the Morning Session is immediately followed by the Closing Auction Session) the end of the Closing Auction Session in respect of transactions in CAS securities concluded in the Morning Session;

 - (d) the end of the Closing Auction Session in respect of transactions in CAS

securities concluded in the Closing Auction Session.

- 520(2). Any transactions not recorded in the System before the end of trading on a trading day shall be reported to the Exchange within the order input period, the no-cancellation period and the random matching period of the Pre-opening Session, or within the first 15 minutes of the commencement of the Continuous Trading Session on the next trading day as transactions concluded on that trading day on which the reporting has been made provided that if there is no Continuous Trading Session on the next trading day for whatever reason, any such transactions not reported to the Exchange as aforesaid shall be reported to the Exchange not later than the first 15 minutes of the commencement of the first trading session of the next Continuous Trading Session as transactions concluded during the trading session on which the reporting has been made.
- 520(3). Rules 520(1) and 520(2) shall apply to all transactions other than direct business transactions and transactions concluded by automatic order matching.
- 520(4). In respect of a sale transaction relating to an issue of a Structured Product concluded for the account of the issuer of the Structured Product or its associates, the selling Exchange Participant shall, in addition to complying with the requirements of Rules 520(1) to 520(2), report to the Exchange in such manner as the Board shall from time to time determine.
- 520(5). A selling Exchange Participant which fails to comply with Rules 520(1) to 520(4) shall be liable to disciplinary action by the Board.
521. The selling Exchange Participant shall input the broker number of the corresponding buying Exchange Participant when entering a transaction and shall not input the number of any other Exchange Participant.
522. All inputs are valid subject to these Rules unless otherwise determined by the Board. Subject to Rule 544(1), all trades concluded under Rule 517(1)(a) or Rule 517(1)(b) shall not be amended or cancelled and will be recognized by the Exchange unless otherwise determined by the Board.

Review and Rejection

523. Each buying Exchange Participant shall review details of the transactions as recorded in its favour in the System and reject any erroneous input as soon as it discovers an error but not later than:
- (a) the end of the random matching period in respect of transactions inputted into the System during the Pre-opening Session;
 - (b) the end of the Morning Session in respect of transactions inputted into the System during the Morning Session;
 - (c) the end of the Afternoon Session in respect of transactions inputted into the System during the Afternoon Session; and
 - (d) the end of the Closing Auction Session in respect of transactions inputted into the System during the Closing Auction Session.

Securities Traded in Foreign Currencies

524. Exchange Participant when inputting orders or transactions relating to securities traded in foreign currencies into the System shall take note of the ‘unit’ of each currency as prescribed in the Currencies Table in the Third Schedule to these Rules. The ‘unit’ indicates the number by which the price of the issue of securities has to be divided before inputting into the System. For example, Japanese Yen is entered in units of 1,000. The price of an issue of securities in Japanese Yen at 10,000 Yen should be entered into the System as 10 Yen.

Interest Bearing Securities

525. All interest bearing securities are to be quoted in units of \$100 of their nominal value or such other value as the Board may determine from time to time.
- 525A. (1) Only professional investors are allowed to purchase debt securities listed on the Exchange under Chapter 37 of the Main Board Listing Rules.
- (2) Each Exchange Participant shall implement appropriate and effective measures and take reasonable steps to ensure compliance with Rule 525A(1), including but not limited to (a) not accepting any instruction to purchase such debt securities or inputting any order for such debt securities for any direct client of the Exchange Participant unless it is reasonably satisfied that the client is a professional investor; and (b) where such client is (i) an intermediary (as defined in the Ordinance); or (ii) a person which carries on business outside Hong Kong in an activity in respect of which it is regulated overseas and which, if carried on in Hong Kong, would constitute a regulated activity under the Ordinance, requiring such client to ensure that only professional investors are allowed to purchase such debt securities. In the event an Exchange Participant has failed to comply with the requirements under this Rule 525A, the Exchange Participant shall consider taking, and the Exchange may require the Exchange Participant to take, such actions or measures as may be necessary to remedy or rectify any non-compliance or to prevent any further non-compliance.

Direct Business

526. (1) (a) It is the duty of every Exchange Participant conducting direct business transactions within the Pre-opening Session, the trading hours stipulated in Rule 501(1) and the Closing Auction Session to input details of such transactions into the System within the following time limits (or other time limits as the Exchange may from time to time determine):
- (i) in respect of direct business transactions which are ATS transactions, on a trade-by-trade basis immediately and in any case, within 1 minute after the conclusion of the transactions; and
- (ii) in respect of all other direct business transactions, within 15 minutes after the conclusion of the transactions,
- and in any event not later than

- (i) 15 minutes from the commencement of the Morning Session in respect of transactions concluded during the Pre-opening Session,
- (ii) the end of the Morning Session in respect of transactions concluded during the Morning Session and (where the Morning Session is immediately followed by the Closing Auction Session) the end of the Closing Auction Session in respect of transactions in CAS securities concluded in the Morning Session;
- (iii) the end of the Afternoon Session in respect of transactions concluded during the Afternoon Session and (where the Afternoon Session is immediately followed by the Closing Auction Session) the end of the Closing Auction Session in respect of transactions in CAS securities concluded in the Afternoon Session; and
- (iv) the end of the Closing Auction Session in respect of transactions in CAS securities concluded in the Closing Auction Session.

provided that no such duty exists for transactions concluded through automatic order matching.

- (b) Any transactions not recorded in the System before the end of trading of the relevant securities on a trading day shall be reported to the Exchange within the order input period, the no-cancellation period and the random matching period of the Pre-opening Session, or within the first 15 minutes of the commencement of the Continuous Trading Session on the next trading day as transactions concluded on that trading day on which the reporting is made provided that if there is no Continuous Trading Session on the next trading day for whatever reason, any such transactions not reported to the Exchange as aforesaid shall be reported to the Exchange not later than the first 15 minutes of the commencement of the first trading session of the next Continuous Trading Session as transactions concluded during the trading session in which the reporting is made.
- (c) In respect of
 - (i) a direct business transaction relating to an issue of a Structured Product concluded for the account of the issuer of the Structured Product or its associates; or
 - (ii) a direct business transaction which is an ATS transaction,

the Exchange Participant shall, in addition to the above requirements, report to the Exchange in such manner, at such time or times and with such details as the Exchange shall from time to time determine.

- (2) Direct business transactions conducted outside the Pre-opening Session, the trading hours stipulated in Rule 501(1) and the Closing Auction Session shall be reported within the first 15 minutes of the commencement of trading on the next trading session as transactions concluded during that trading session on which the reporting has been made provided that if the next trading session is a Pre-opening Session, such direct business transactions shall be reported within the

order input period, the no-cancellation period and the random matching period of that Pre-opening Session or the first 15 minutes of the commencement of trading on the first trading session of the next Continuous Trading Session as transactions concluded during the trading session on which the reporting has been made.

(3) The price of every direct business transaction concluded during the Continuous Trading Session must be within the range of the lowest of twenty-four spreads below the previous closing price, the lowest bid and the lowest ask price up to the time of the transaction on the day and the highest of twenty-four spreads above the previous closing price, the highest bid and the highest ask price up to the time of the transaction on the day. This Rule 526(3) shall not apply to direct business transactions concluded during the Pre-opening Session or the Closing Auction Session and transactions with respect to Exchange Traded Funds.

(3A) With respect to Exchange Traded Funds, the price of every direct business transaction concluded during the Continuous Trading Session must be within the range of (A) the lowest of (i) whichever is the lower of twenty-four spreads or 3.5% or other percentage prescribed by the Exchange from time to time (rounded up to the nearest spread) below the previous closing price, (ii) the lowest bid price up to the time of the transaction on the day and (iii) the lowest ask price up to the time of the transaction on the day and (B) the highest of (i) whichever is the higher of twenty-four spreads or 3.5% or other percentage prescribed by the Exchange from time to time (rounded down to the nearest spread) above the previous closing price, (ii) the highest bid price up to the time of the transaction on the day and (iii) the highest ask price up to the time of the transaction on the day. This Rule 526(3A) shall not apply to direct business transactions concluded during the Pre-opening Session or the Closing Auction Session.

527. Direct business transactions once recorded by the System cannot be cancelled by the Exchange Participant concerned, unless expressly provided for under these Rules or otherwise directed by the Board. The Board may instruct that an erroneous direct business transaction be cancelled if the Exchange Participant concerned discovers an error and reports the case to the Exchange and the Board is satisfied that the error was not committed intentionally. Upon a cancellation instruction being made, the Exchange will certify to the Exchange Participant concerned that such record has been cancelled. The method of certification will be circularised by the Board and may be changed from time to time as so determined by the Board.

Day-end Review of Sales/Purchases

528. (1) (a) It is the duty of every Exchange Participant to review both sales and purchases journals at the end of each trading session. Any discrepancy, erroneous transaction or complaint should be reported to the Exchange in the form prescribed by the Board from time to time not later than 15 minutes after the commencement of the Morning Session of the next trading day.
- (b) A Special Participant shall review all sales and purchases at the end of each trading session. Any discrepancy, erroneous transaction or complaint should be reported to the Exchange in the form prescribed by

the Board from time to time not later than 15 minutes after the commencement of the Morning Session of the next trading day.

- (2) If a Typhoon Signal No. 8 or above is hoisted, Extreme Conditions are announced or Black Rainstorm Warning is issued as stipulated in Rule 571(1) or an emergency as stipulated in Rule 572 occurs, the Board may in its absolute discretion extend or vary the time within which any discrepancy, erroneous transaction or complaint should be reported to the Exchange.

Password and Trading Records

529. It is the duty of every Exchange Participant and its Authorised Persons to keep confidential the password assigned by the Exchange and any password subsequently created therefrom. Under no circumstances shall the Exchange Participant distribute or disclose any password to any other person other than its Authorized Person.

Investor Identification

- 538A. (1) In this Rule 538A, unless the context otherwise required:
- (a) “aggregated order” shall mean an order which comprises two or more buy orders and/or sell orders for the same security placed by different clients, which may be executed as an on-exchange order or off-exchange order;
 - (b) “CE number” shall mean a central entity identification number assigned by the Commission to a Relevant Regulated Intermediary;
 - (c) “client” shall mean a client of a Relevant Regulated Intermediary as defined in paragraph 5.6(m) of the SFC Code of Conduct;
 - (d) “on-exchange order” shall mean a buy or sell order for a security which is to be executed on the System;
 - (e) “off-exchange order” shall mean a buy or sell order for a security which is to be executed outside the System and the consummation of which would result in an off-exchange trade; and
 - (f) “off-exchange trade” shall mean a trade of security which takes place outside the System but is reportable by Exchange Participants to the Exchange pursuant to the Rules.
- (2) Pursuant to paragraph 5.6(l) of the SFC Code of Conduct, a Relevant Regulated Intermediary is required to comply with all applicable Rules and other requirements as the Exchange prescribes in relation to the assignment of BCANs and the submission of BCAN-CID Mapping Files to the Exchange (including the notification of any changes, errors and omissions). As such, this Rule 538A shall apply to a Relevant Regulated Intermediary whether or not it is an Exchange Participant. The Exchange may report any breach of these Rules or any other applicable requirements by a Relevant Regulated Intermediary to the

Commission.

- (3) A Relevant Regulated Intermediary which is responsible for assigning BCANs, collecting CID and preparing the BCAN-CID Mapping File of its clients in accordance with the requirements under paragraphs 5.6 of the SFC Code of Conduct or otherwise prescribed by the Exchange or the Commission shall submit the BCAN-CID Mapping File to the Exchange in such manner and by such deadline as the Exchange may prescribe from time to time, either directly or through another Relevant Regulated Intermediary.
- (4) Without prejudice to Rule 538A(3), in order to enable an Exchange Participant to input an on-exchange order into the System or report an off-exchange trade for the account of a client on a trading day (“T day”), the Relevant Regulated Intermediary which is responsible for assigning a BCAN to the client shall, either directly or through another Relevant Regulated Intermediary, provide the BCAN-CID Mapping File to the Exchange for validation by the prescribed deadline on or before the previous trading day (“T-1 day”), unless the client is a new client who has opened the trading account with the Relevant Regulated Intermediary on T day or a client whose trading account has been inactive (irrespective of account balance or money movement) for at least 24 months since the last trade, in which case the Relevant Regulated Intermediary shall submit the BCAN-CID Mapping File containing such client’s BCAN and CID to the Exchange by the prescribed deadline on T day.
- (5) A Relevant Regulated Intermediary which is responsible for assigning BCANs and preparing the BCAN-CID Mapping File shall ensure that all information relating to the BCANs and CID in the BCAN-CID Mapping File which it submits to the Exchange is accurate and up-to-date. It shall notify the Exchange when it becomes aware that any information in the BCAN-CID Mapping File has changed, is inaccurate or should otherwise be updated, including where there is a closure of a client account, addition of a new client account, or a change in CID. A Relevant Regulated Intermediary shall report any correction or update of the CID to the Exchange in such manner and by such deadline as the Exchange may prescribe from time to time. A Relevant Regulated Intermediary shall put in place appropriate measures to require its clients to notify the Relevant Regulated Intermediary of any updates to their CID.

Notwithstanding the foregoing, a Relevant Regulated Intermediary shall ensure that the BCANs assigned to its clients will not be changed for a client unless such modification is necessary due to system upgrades or in other exceptional cases, and in such case the Relevant Regulated Intermediary shall report any amendment of the BCAN assignment and the reasons for such amendment to the Exchange in such manner and at such time as the Exchange may prescribe from time to time. A Relevant Regulated Intermediary shall also ensure that the BCANs assigned to its clients will not be re-used, except for a client which has closed and reopened a securities trading account with the Relevant Regulated Intermediary.

- (6) (a) When inputting an on-exchange order (except for an odd lot order), an Exchange Participant shall include the CE number of the Relevant Regulated Intermediary which assigned the BCAN and the BCAN to which the order relates in such manner as the Exchange may prescribe

from time to time. An order will be rejected if any of the CE number or the BCAN is missing or is in an invalid format.

- (b) For reporting a direct business transaction (except for an odd lot direct business transaction) into the System as required under Rule 501F or Rule 526, an Exchange Participant shall include the CE number of the Relevant Regulated Intermediary which assigned the BCAN and the BCAN to which the transaction relates for both the buy side and sell side in such manner as the Exchange may prescribe from time to time. Reporting of a direct business transaction will not be accepted by the System if any of the CE number or the BCAN for either the buy or sell side is missing or is in an invalid format.
- (c) For reporting an off-exchange trade (except for an odd lot transaction) into the System as required under Rule 501E or Rule 520, the selling Exchange Participant shall include the CE number of the Relevant Regulated Intermediary which assigned the BCAN and the BCAN for the sell side in such manner as the Exchange may prescribe from time to time. Reporting of a sale transaction will not be accepted by the System if any of the CE number or the BCAN is missing or is in an invalid format.

Within 15 minutes after the selling Exchange Participant input the details of a sale transaction into the System or within 30 minutes after the conclusion of the transaction, whichever is later, and in any event before market close, the buying Exchange Participant shall input the CE number of the Relevant Regulated Intermediary which assigned the BCAN and the BCAN for the buy side in such manner as the Exchange may prescribe from time to time. In the event any of the CE number or BCAN is missing or is in an invalid format, the reporting of the BCAN for the buy side by the buying Exchange Participant will be rejected by the System. If the buying Exchange Participant fails to input the CE number or the relevant BCAN before market close, it shall report the CE number and the BCAN to the Exchange in such manner and by such deadline as the Exchange may prescribe from time to time.

For the avoidance of doubt, an off-exchange trade will be recorded in the System when the selling Exchange Participant completes the input of the sale transaction and will remain valid unless the off-exchange trade is rejected by the buying Exchange Participant before the prescribed deadline, irrespective of whether the buying Exchange Participant has reported the CE number and the BCAN to the Exchange.

- (d) If an on-exchange order or off-exchange order is an aggregated order, unless otherwise prescribed by the Exchange, the Relevant Regulated Intermediary which aggregated the order shall tag a specific reserved BCAN value (as the Exchange may prescribe from time to time) to the order to be submitted to the Exchange. The Relevant Regulated Intermediary shall report each order underlying an executed aggregated order in such form the Exchange may prescribe from time to time on or before market close on the third trading day after the execution of the aggregated order (“T+3 day”). In the event that an aggregated order is

partially executed, a Relevant Regulated Intermediary is only required to report the portion of the order that has been executed.

- (e) In the event of any non-compliance by an Exchange Participant of any requirements under this Rule 538A(6), notwithstanding the rejection of any order or non-acceptance of the reporting of any off-exchange trade, the Exchange Participant which fails to input the CE number or the relevant BCAN may be subject to further inquiries and disciplinary action by the Exchange.
 - (f) A Relevant Regulated Intermediary shall put in place appropriate measures to ensure that clients' BCANs or the specific reserved BCAN values (as the Exchange may prescribe from time to time) which are tagged to on-exchange orders or off-exchange trades are correct and valid.
- (7)
- (a) An Exchange Participant which has included an incorrect BCAN (irrespective of whether the incorrect BCAN was tagged by itself or passed on from another Relevant Regulated Intermediary) when inputting an order into the System shall promptly cancel the order through the input of a cancellation request into the System if such order has not been matched or executed by the System. If such order has been matched or executed by the System, the Exchange Participant shall report any correction of BCAN to the Exchange in such manner as the Exchange may prescribe from time to time.
 - (b) In the event that an Exchange Participant has included an incorrect BCAN (irrespective of whether the incorrect BCAN was tagged by itself or passed on from another Relevant Regulated Intermediary) in an off-exchange transaction, the Exchange Participant which inputs the incorrect BCAN shall report any correction of BCAN to the Exchange in such manner as the Exchange may prescribe from time to time. If the transaction which includes an incorrect BCAN has been rejected by the buying Exchange Participant, the selling Exchange Participant shall re-input the off-exchange transaction with a correct BCAN into the System, and no reporting of the BCAN correction shall be required.
 - (c) A Structured Product Liquidity Provider which has included an incorrect BCAN to a quote shall amend such incorrect BCAN directly from the System without cancelling the quote. However, the relevant Structured Product Liquidity Provider shall also report the amendment activity to the Exchange in such manner as the Exchange may prescribe from time to time.
- (8) A Relevant Regulated Intermediary shall ensure that all necessary authorizations and written or other express consents are obtained from each existing and new individual client regarding the collection, storage, processing, use, disclosure and transfer of personal data in relation to such client's BCANs and CID, including authorizations and consents which:
- (a) allow the Relevant Regulated Intermediary to disclose and transfer the client's personal data (including BCANs and CID) by the Relevant Regulated Intermediary to the Exchange and/or the Commission in

accordance with the rules and requirements of the Exchange and the Commission in effect from time to time;

- (b) allow the Exchange to: (i) collect, store, process and use their personal data (including BCANs and CID) for market surveillance and monitoring purposes and enforcement of these Rules; (ii) disclose and transfer such information to the relevant regulators and law enforcement agencies in Hong Kong (including, but not limited to, the Commission) so as to facilitate the performance of their statutory functions with respect to the Hong Kong financial markets; and (iii) use such information for conducting analysis for the purposes of market oversight; and
- (c) allow the Commission to: (i) collect, store, process and use their personal data (including BCANs and CID) for the performance of its statutory functions including monitoring, surveillance and enforcement functions with respect to the Hong Kong financial markets; and (ii) disclose and transfer such information to relevant regulators and law enforcement agencies in Hong Kong in accordance with applicable laws or regulatory requirements,

in each case in full compliance with all applicable laws including the Personal Data (Privacy) Ordinance and such that any subsequent purported withdrawal of authorization or consent by an individual client will not affect the continued storage, processing, use, disclosure and transfer of personal data for the above purposes.

- (9) If the necessary authorizations and consents under this Rule 538A(8) from an individual client in relation to the collection, storage, processing, use, disclosure and transfer of the BCANs and CID as required under these Rules cannot be obtained by a Relevant Regulated Intermediary or are otherwise invalid or deficient, the Relevant Regulated Intermediary shall not submit any BCAN or CID of that client to the Exchange, and the Exchange Participant executing the on-exchange order or off-exchange order shall only input sell orders in respect of existing holdings of securities for that client (but not any buy orders) into the System or report sale transactions for the account of such client. A specific reserved BCAN value (as the Exchange may prescribe from time to time) should be tagged to such sell order or sale transaction. Subject to the requirements under paragraph 5.6 of the SFC Code of Conduct, the Exchange may impose such criteria, conditions and requirements as the Exchange may in its sole discretion consider appropriate from time to time to determine the orders and transactions which may be allowed to be inputted into the System for such client under such circumstances.
- (10) Each Relevant Regulated Intermediary shall implement appropriate and effective measures and take all reasonable steps to ensure compliance with the requirements set out in this Rule 538A and any other requirements pertaining to investor identification as the Exchange may prescribe from time to time.
- (11) In addition to any other powers that the Exchange may have under these Rules, the Exchange may at any time require an Exchange Participant to provide the Exchange with such information as it may request to assess whether there is, or the extent of, any non-compliance with the requirements set out in this Rule

Dealings in Suspended Securities

539. Under no circumstances shall an Exchange Participant deal in suspended securities otherwise than as set out in this Rule. An Exchange Participant which fails to comply with this Rule shall be liable to disciplinary action by the Board except that the following dealings in suspended securities shall not constitute a breach of this Rule:-

- (1) where trading in the securities is suspended due to the fact that the percentage of such securities held by the public has fallen below the prescribed minimum percentage under the Main Board Listing Rules or the GEM Listing Rules (as the case may be), dealing in such securities by an Exchange Participant for the purpose of facilitating the restoration of the prescribed minimum percentage provided that the Exchange Participant shall report all such transactions in accordance with the procedures prescribed by the Exchange from time to time;

and in the case of “offer for subscription”, “offer for sale”, “rights issue” and “open offer” the entering into of subscription agreement or underwriting agreement with the issuer of such securities, the existing shareholder of such issuer or the underwriter in respect of such securities by an Exchange Participant during the first 5 trading days of such period of suspension provided that the Exchange Participant has complied with the requirements which the Exchange may prescribe from time to time. Notwithstanding the foregoing, an Exchange Participant may, in respect of any such “placing”, “offer for subscription”, “offer for sale”, “rights issue” and/or “open offer”, apply to the Exchange for an extension of the period for which dealings in the securities in the period of suspension shall not constitute a breach of Rule 539 and the Exchange may authorize the extension for such period as the Exchange considers appropriate; and

- (5) the lending or borrowing of the suspended security by an Exchange Participant to facilitate the settlement of the delivery obligations which may arise from the exercise and assignment of stock options contracts on the suspended security under the Options Trading Rules and the Clearing Rules.

540. Such a report shall be made within 15 minutes of the suspension by the Exchange Participant concerned, in accordance with the procedures prescribed by the Exchange.

Transactions not Recognized

544. (1) The Exchange will only recognize those transactions which are duly recorded or concluded through the System within the trading hours stipulated in these Rules or otherwise recorded in the System pursuant to these Rules and, in the case of a CBBC, which are duly recorded or concluded through the System or otherwise recorded in the System prior to or at the time of the relevant call event as notified by the issuer to or otherwise determined by the Exchange.

- (2) Save and except direct business transactions conducted in accordance with Rule 526 and direct business transactions in respect of the Extended Trading Securities conducted in accordance with Rule 501F, Exchange Participants shall cause transactions in securities listed or admitted to trading on the Exchange whether conducted during trading hours or after trading hours to be input into the System at the earliest opportunity. - (4) For the purposes of providing the FX Services and fulfilling its obligations arising from the provision of such services, HKSCC may acquire RMB from, and sell RMB to, one or several TSF Partner Banks on a principal-to-principal basis. Subject to obtaining such RMB funding from TSF Partner Banks, HKSCC may provide the FX Services to TSF Participants also on a principal-to-principal basis. - (6) TSF Participants wishing to sell earmarked TSF Stocks shall, subject to exceptions, be obliged to sell such TSF Stocks through the use of the TSF and to accept the sale proceeds of such TSF Stocks in HKD;

- (7) The sale of earmarked TSF Stocks through the use of the TSF will result in the de-earmarking of the TSF Stocks. The process of earmarking and de-earmarking of TSF Stocks is set out in the HKSCC Rules;
- (8) In the event that HKSCC is unable to obtain RMB or HKD from TSF Partner Banks, HKSCC shall have the option to exercise its relevant powers under the HKSCC Rules without obtaining the prior consent of any person; and
- (9) The terms and conditions for the provision of the FX Services as set out in Rules 563F to 563S may be amended by the Exchange (in consultation with HKSCC) from time to time. TSF Exchange Participants agree and acknowledge that HKSCC may impose additional requirements or special conditions on the provision of the FX Services whenever it considers appropriate. Further, TSF Exchange Participants agree and acknowledge that HKSCC and the Exchange may vary, modify, waive or disapply these Rules and the HKSCC Rules to suit the circumstances of a particular situation as a variety of circumstances may exist which require it to make ad hoc decisions in relation to the operation of the TSF. Specifically, HKSCC has the power to suspend or cease to provide the FX Services temporarily or permanently in its sole and absolute discretion.

- (2) HKSCC shall not be responsible for any failure to provide the FX Services for any TSF FX Orders or TSF FX Transactions if its performance is prevented, hindered or delayed by the failure of one or more TSF Partner Banks to provide the FX rates to HKSCC or to sell or purchase RMB which leads to a suspension or cessation of operation of the TSF in accordance with the HKSCC Rules.

Substitution Process

- 563P. Where one of the parties to a TSF Exchange Trade is a TSF Exchange Participant which is not a CCASS Clearing Participant, the CCASS GCP of that TSF Exchange Participant designated for clearing TSF Exchange Trades of such TSF Exchange Participant shall become a party to the TSF Exchange Trade and the corresponding TSF FX Transaction as principal in substitution for, and with exactly the same rights and obligations under the TSF Exchange Trade and the corresponding TSF FX Transaction as, that TSF Exchange Participant at the same time as the relevant TSF Exchange Trade is effected on the System.

Temporary Suspension of TSF

- 563Q. (1) HKSCC may temporarily suspend all or any part of the FX Services in its sole and absolute discretion, including, without limiting the foregoing, when:
- (a) in the judgement of HKSCC, the FX Services or any part thereof may not be maintained or provided in a manner that would ensure the existence of a fair and orderly market;
 - (b) in the judgement of HKSCC, it has reasonable grounds for concern that the RMB and/or HKD funding available to HKSCC may not be sufficient to support the fulfilment of its obligations under, or to support the settlement of, any or all TSF FX Orders or TSF FX Transactions; or
 - (c) in the judgment of HKSCC, there are operational or technical issues which must be resolved prior to the continuation of the TSF or any part of the FX Services.
- (2) In exercising its judgement under this Rule, HKSCC is entitled to have regard to all relevant factors and circumstances including, without limitation, the availability of RMB and/or HKD in the market and the relevant FX rates, the demand for FX

Services, the TSF Partner Banks' individual or aggregate commitment to provide FX rates or funding to HKSCC for the purposes of operating the TSF, the level of utilisation of such committed funding by HKSCC, whether a TSF Partner Bank has failed to provide committed funding and a TSF Partner Bank's willingness to be bound by, or its ability to perform, its obligation to provide FX rates or funding to HKSCC as agreed.

- (3) If HKSCC decides to suspend all or part of the FX Services, it shall publish an announcement, on the HKEX website and/or by such other means as HKSCC considers appropriate, stating which part of the FX Services will be suspended, whether any TSF Exchange Trade, TSF FX Transaction or Stock Release FX Transaction will be affected, the effective date and time of suspension and any other information as HKSCC shall consider appropriate.
- (4) Unless HKSCC otherwise determines or specifies:
 - (a) a suspension of part of the FX Services does not affect the availability of other FX Services. Specifically, a suspension of the FX Services for TSF Buy FX Orders does not affect FX Services for TSF Sell FX Orders, and a suspension of the FX Services for TSF Buy FX Transactions does not affect the FX Services for TSF Sell FX Transactions and vice versa;
 - (b) where the FX Services for TSF Buy FX Orders are suspended, all TSF Buy FX Orders input on the System and all TSF Buy FX Transactions generated after the effective date or time of the suspension shall not be dealt with or settled by HKSCC; and

If HKSCC decides to cease operating the TSF under this Rule, HKSCC shall notify the TSF Participants, the Exchange and the Commission in advance and shall specify the necessary arrangements and the conditions (including the treatment of earmarked TSF Stocks and any outstanding TSF FX Transactions) upon which the cessation of operation of the TSF shall take effect, having regard to such considerations and circumstances as HKSCC may consider fair and reasonable.

Typhoons, Extreme Conditions and Rainstorms

563S. If a Typhoon Signal No.8 or above is hoisted or lowered, Extreme Conditions are announced or cancelled and/or a Black Rainstorm Warning is issued or cancelled on any Business Day, Rule 571 shall apply and accordingly, publication of the RMB Buy Indicative FX Rate, RMB Sell Indicative FX Rate, RMB Buy Final FX Rate and RMB Sell Final FX Rate may be delayed to such time or times as HKSCC considers appropriate.

Any Exchange Participant which suffers a pecuniary loss as a result of a default of any Options Trading Exchange Participant, shall not be entitled to compensation under the Guarantee or the Fidelity Fund, if such loss arises out of a default directly relating to that Options Trading Exchange Participant's Exchange Traded Options Business.
909. Payments under these Rules in satisfaction of claims shall be subject to the availability of funds or realisable assets in the Fidelity Fund or realisable assets of the Defaulting Exchange Participant under its Guarantee, as the case may be, but provided that the aggregate amount payable to all successful claimants in respect of all the defaults of any one Defaulting Exchange Participant shall not exceed \$2,000,000.

910. In the event that the sum of \$2,000,000 (or, if the funds comprising the Fidelity Fund or realisable under the Defaulting Exchange Participant's Guarantee are less than \$2,000,000, then the available funds) is insufficient to compensate the loss of the claimant or claimants, the said sum of \$2,000,000 (or, if less, the available funds) shall be apportioned by the Compensation Committee amongst the claimants in such manner as the Compensation Committee thinks equitable.
- 910A. Upon any Exchange Participant ceasing to carry on the business of dealing in securities or ceasing to be an Exchange Participant, the Compensation Committee shall issue a circular to Exchange Participants advising Exchange Participants of the fact and inviting Exchange Participants to lodge claims they may have against such Exchange Participant within a period of time not less than 10 trading days from the date of the circular. The Compensation Committee shall have an absolute discretion to refuse to entertain any claim lodged beyond this 10 trading day period.

Fidelity Fund

911. A fund shall be established by the Exchange to be known as the "Fidelity Fund" for the purpose of compensating Exchange Participants which have suffered pecuniary loss as a result of or in connection with any Relevant Default(s) of any Exchange Participant which is a participant of the Fidelity Fund.
912. Any Exchange Participant which is desirous of participating in the Fidelity Fund shall deposit with the Compensation Committee a sum of \$50,000 at the time of submitting an application to participate in the Fidelity Fund which application shall be in such form as the Compensation Committee may from time to time prescribe. For the avoidance of doubt, participation in the Fund is voluntary, subject to the requirement that an Exchange Participant which is not a participant of the Fidelity Fund shall furnish a Guarantee in accordance with Rule 921.
- 912A. Any Exchange Participant which was a participant in the Fidelity Fund immediately prior to the Scheme Effective Date shall be deemed to have made the required deposit under Rule 912.
913. Upon any payment being made out of the Fidelity Fund in respect of any claim under these Rules the Fidelity Fund shall be subrogated to the extent of that payment to all the rights and remedies of the Exchange Participant receiving the payment in relation to the loss sustained by that Exchange Participant by reason of the default or defaults on which the claim was based and the Compensation Committee may require that Exchange Participant to execute such deed of assignment or other documents in favour of such person or persons as the Committee may stipulate. Without prejudice to the foregoing the Defaulting Exchange Participant shall pay to the Fidelity Fund all sums or amounts which are paid or payable out of the Fidelity Fund in respect of any Relevant Default and all incidental legal and other expenses.

914. The Compensation Committee shall prepare and arrange for audit of annual accounts in respect of the Fidelity Fund which shall be delivered to all Exchange Participants which participate in the Fidelity Fund.
915. The Fidelity Fund may be dissolved if so resolved by a three-quarters majority of Exchange Participants which are participants in the Fidelity Fund (or, if the amount for the time being standing to the credit of the Fidelity Fund shall fall below \$2,000,000, by a simple majority) present and voting at a meeting of such Exchange Participants, at which 10 participating Exchange Participants shall constitute a quorum. Such meeting may be convened by the Compensation Committee or by not less than 10% in number of the participating Exchange Participants by not less than 21 days' notice in writing. The accidental omission to give such notice to any such Exchange Participant shall not invalidate any business transacted at such meeting. No payment under Rule 916 or Rule 917 shall be made at any time after a notice convening a meeting to consider a resolution to dissolve the Fidelity Fund has been despatched unless at such meeting or at any adjournment thereof such resolution has been defeated and no dissolution of the Fidelity Fund shall take effect until and unless all participating Exchange Participants thereof shall have provided Guarantees as set out in Rule 921.
916. Any Exchange Participant which has not ceased and is not intending to cease carrying on its business of dealing in securities and which has not committed any Relevant Defaults may apply to withdraw from the Fidelity Fund by notice to the Compensation Committee and furnishing a Guarantee pursuant to Rule 921. Such withdrawal shall be subject to the prior written approval of the Compensation Committee and, if so approved, the retiring Exchange Participant shall be entitled to a refund from the Fidelity Fund of an amount being the lesser of firstly the amount of \$50,000 and secondly the sum attributable to the retiring Exchange Participant calculated by dividing the amount comprising the Fidelity Fund at the time (less such provisions as the Compensation Committee may for the time being set aside against liabilities or unrecoverable amounts or doubtful debts, actual or contingent) by the number of participating Exchange Participants of the Fidelity Fund (including the retiring Exchange Participant).
917. Upon any Exchange Participant ceasing to carry on the business of dealing in securities or ceasing to be an Exchange Participant, the Exchange Participant itself, its liquidator or (in the case of an Individual Exchange Participant) his personal representatives, successors and assigns or trustees in bankruptcy shall be entitled to withdraw from the Fidelity Fund subject to Rule 910A and provided that the Compensation Committee is satisfied that such Exchange Participant has no outstanding liabilities (actual or contingent) in respect of a Relevant Default. A refund calculated under Rule 916 shall be made after the expiration of 3 months from the date of cessation. The cessation of business of dealing in securities of an Exchange Participant shall be notified to the Compensation Committee by the Exchange. The Exchange Participant shall not be liable to replenish under Rule 918 for any claims lodged in respect of other participating Exchange Participants, the first notice of which is received subsequent to its date of cessation of business of dealing in securities.

918. Upon any payment out of the Fidelity Fund under these Rules in order to satisfy any claim, all Exchange Participants participating in the Fidelity Fund as at the day when the first notice of such claim was received by the Compensation Committee shall replenish the Fund by depositing with the Compensation Committee a sum (unless reduced under Rule 918A) equivalent to the amount of the payment divided by the number of such Exchange Participants, and all Exchange Participants which are participants of the Fidelity Fund shall be liable to meet all such calls to replenish whenever made.
- 918A. The Compensation Committee shall have absolute discretion to reduce the sum to be replenished by Exchange Participants under Rule 918 by deducting all or part of any interest received by or accrued to the Fidelity Fund.
- 918B. The Compensation Committee may at any time repay such amounts as it may think fit from the Fidelity Fund equally to all Exchange Participants which are participants in the Fidelity Fund, by reference to the number of months of participation in the Fidelity Fund of each participant in any period as the Compensation Committee may determine and based on such criteria as it deems equitable, provided that no such payment shall reduce the size of the Fidelity Fund below an amount equivalent to \$50,000 per participant.
919. The Compensation Committee shall be entitled to manage and invest and administer the Fidelity Fund in such manner as it shall in its absolute discretion think fit (including the power to evaluate any assets to determine the amount comprising the Fidelity Fund) and the Compensation Committee, the Exchange and a recognized exchange controller which is the controller of the Exchange shall not be liable for any losses of the Fidelity Fund and shall be entitled to be indemnified out of the Fidelity Fund for any liabilities incurred in relation thereto. Without limiting the generality of the foregoing, the Compensation Committee may use a part or the whole of the Fidelity Fund to take out and pay for any policies of insurance to cover any claims against the Fidelity Fund.
920. The Compensation Committee may from time to time issue circulars to Exchange Participants which are participants of the Fidelity Fund and any instructions, requirements or directions stated in such circulars shall be observed or complied with by such Exchange Participants and shall be conclusive and binding on all such Exchange Participants. Without prejudice to any disciplinary powers conferred by these Rules, any Exchange Participant which is in default of any Rules or requirements or calls issued under these Rules shall be liable to be expelled by the Compensation Committee from participating in the Fidelity Fund and in such event it shall furnish a Guarantee pursuant to Rule 921 and all amounts (if any) standing to its credit in the Fidelity Fund shall in the meantime be held in a suspense account.

Guarantee

921. Any Exchange Participant which is not a participant of the Fidelity Fund shall provide and maintain a Guarantee by way of security for any Relevant Defaults committed by it. This Guarantee shall be in a form acceptable to the Compensation Committee and shall be for such amounts as the Committee may from time to time require but shall not in any event be for a sum less than \$2,000,000. The Compensation Committee may determine from time to time what property or other

assets are acceptable as a basis for any Guarantee and may determine the appropriate basis for valuation of any property or other assets. Upon any payment out of the funds or against the security provided by such Exchange Participant, such Exchange Participant shall replenish the amounts so paid.

- 921A. Any Exchange Participant which maintains a Guarantee under Rule 921 and which has not ceased and is not intending to cease carrying on its business of dealing in securities and which has not committed any Relevant Defaults may apply in writing to the Compensation Committee for permission to participate in the Fidelity Fund pursuant to Rule 912. If written permission is given by the Compensation Committee, then upon the Exchange Participant making the deposit required by Rule 912, its Guarantee and all associated security shall be released to it by the Compensation Committee.
- 921B. Upon any Exchange Participant ceasing to carry on the business of dealing in securities or ceasing to be an Exchange Participant, the Exchange Participant itself or its liquidator shall be entitled to the release of its Guarantee subject to Rule 910A provided that the Compensation Committee is satisfied that such Exchange Participant has no outstanding liabilities (actual or contingent) in respect of a Relevant Default. Its Guarantee and all associated security or the balance after payment in respect of a Relevant Default shall be released to it after the expiration of 3 months from the date of cessation.

Miscellaneous

922. For the purposes of determining the contribution or security required and the limit of compensation payable under this Chapter the expression "Exchange Participant" and "Exchange Participants" shall be construed by reference to the number of Stock Exchange Trading Rights held so that any company holding more than one Stock Exchange Trading Right shall be treated as being a separate Exchange Participant for each Stock Exchange Trading Right held.
923. The Rules in this Chapter shall be binding on the liquidators of all Exchange Participants.
924. The Compensation Committee may, with the approval of the Commission, require any further or additional payments to the Fidelity Fund and further or additional Guarantees and assets to be provided as security for such Guarantees and may increase the maximum limit of payment out of the Fidelity Fund or Guarantees.

CSC trading days	Monday to Friday except where it is a public holiday in Mainland China or Hong Kong
Operational hours	Morning session: 09:10 – 11:30 Afternoon session: 12:55 – 15:00

In respect of Special Segregated Accounts (whether under SPSA ID or Master SPSA ID), each China Connect Exchange Participant who is authorized to execute on behalf of its clients (including the Master SPSA Holder where applicable) sale of China Connect Securities in the Special Segregated Accounts, acknowledges and confirms that its clients (including the Master SPSA Holder where applicable) have authorized the reproduction, replication and transmission of the securities holding records of the Special Segregated Accounts as mentioned above for the purpose of enabling the Exchange and the SEHK Subsidiary to carry out the pre-trade checking procedures.

- (10) Consistent with Rule 1421(2), China Connect Exchange Participants shall put in place appropriate arrangements to ensure that (a) in respect of an SPSA order, Rule 14A06(2A) will be complied with and in respect of a Master SPSA order, Rule 14A06(2B) will be complied with, respectively, before the placing of the order; and (b) in respect of a China Connect sell order (other than an SPSA order or a Master SPSA order), there are sufficient China Connect Securities in the relevant client account or house account, as applicable, within CCASS before placing the order for the account of their client or for their own account, as the case may be. Upon matching of a China Connect sell order on the SSE Market System, the relevant number of China Connect Securities recorded in the relevant account referred to in 14A06(8)(a) above or the relevant Special Segregated Account(s), as the case may be, will be used for securities settlement in accordance with the HKSCC Rules.

Input and cancellation of China Connect orders while a SSE Circuit Breaker is in effect

- (10A) (a) Unless otherwise determined by the Exchange, where the Circuit Breaker Provisions allow orders in respect of China Connect Securities to be received or transmitted to the SSE Market System during the period when a SSE Circuit Breaker is in effect, China Connect Exchange Participants may input China Connect orders through the China Connect Service during such period as usual. Notwithstanding this, China Connect Exchange Participants accept that imposition of a SSE Circuit Breaker on any SSE trading day will result in the suspension of trade execution through the SSE Market System as referred to in Rule 14A03(2A).
- (b) Unless otherwise determined by the Exchange, where the Circuit Breaker Provisions allow orders in respect of China Connect Securities to be cancelled during the period when a SSE Circuit Breaker is in effect, China Connect Exchange Participants may input order cancellation requests through the China Connect Service during such period as usual. Notwithstanding this, as is provided in Rule 1422, no China Connect order is regarded as cancelled unless and until a cancellation confirmation has been issued by the SSE Market System and neither the

Exchange nor the SEHK Subsidiary shall have any liability in the event that a China Connect order which a China Connect Exchange Participant has required be cancelled is not cancelled for any reason whatsoever.

Suspension of trading on A shares and H shares

- (11) Where any H shares with corresponding A shares accepted as China Connect Securities are suspended from trading on the Exchange but the China Connect Securities are not suspended from trading on the SSE, the China Connect Service will normally remain available for routing China Connect sell orders and China Connect buy orders for such China Connect Securities to the SSE Market System for execution. The Exchange, however, reserves its discretion to restrict or suspend the China Connect Service for trading in such China Connect Securities and will publish an announcement on the HKEX website or through such other means as it considers appropriate accordingly. For the avoidance of doubt, the Exchange will restrict or suspend the China Connect Service for trading in such China Connect Securities if it is so directed or required by a relevant governmental or regulatory body.

Review of Sales/Purchases

- (12) A China Connect Exchange Participant shall review all sales and purchases of China Connect Securities at the end of each SSE trading session on each CSC trading day and shall report any discrepancy, erroneous transaction or complaint to the Exchange at such time and in such manner as the Exchange may prescribe from time to time.

Trading of STAR shares

- (13) The Exchange may from time to time, as it may determine or as directed by the Commission, prescribe, change, supplement or remove any requirements, conditions, restrictions and arrangements in relation to the use of the China Connect Service for trading STAR shares through publication on the HKEX website or such other means as the Exchange considers appropriate. China Connect Exchange Participants shall comply with the requirements, conditions, restrictions and arrangements in all respects.
- (14) (a) Except as provided in Rule 14A06(14)(b), only institutional professional investors are allowed to buy or sell STAR shares which are accepted as China Connect Securities (other than Special China Connect Securities which are eligible for sell orders only) through the China Connect Service.
- (b) Where, as a result of any distribution of rights (including the right to subscribe for rights issues open offers) or entitlements, conversion, takeover, other corporate actions or special circumstances arising from China Connect Securities, China Connect Exchange Participants receive (whether as principal or agent for their client and whether or not such client is an institutional professional investor) through their or their China Connect CCASS Participant's account with HKSCC any STAR shares, China Connect Exchange Participants may sell such STAR shares which are accepted or designated by the Exchange as China Connect Securities under Rule 14A04(1) or Special China Connect Securities under Rule

14A05(3) through the China Connect Service.

- (15) Each China Connect Exchange Participant shall implement appropriate and effective measures and take reasonable steps to ensure compliance with Rules 14A06(13) and (14), including but not limited to (a) not accepting any instruction to buy STAR shares or inputting any China Connect buy order for STAR shares for any direct client of the China Connect Exchange Participant unless it is reasonably satisfied that the client is an institutional professional investor; and (b) where such client is (i) an intermediary (as defined in the Ordinance); or (ii) a person which carries on business outside Hong Kong in an activity in respect of which it is regulated overseas and which, if carried on in Hong Kong, would constitute a regulated activity under the Ordinance, requiring such client to ensure that only institutional professional investors are allowed to buy STAR shares which are accepted as China Connect Securities through the China Connect Service.

Quotas on SSE-listed Securities as China Connect Securities

- 14A07. (1) Pursuant to the Exchange's powers under Rules 1426 (discretion to prescribe quota limits and controls), 1427 (discretion to take actions to ensure compliance with quota controls) and 1428(2) (power to set price restrictions to block the input of artificial China Connect orders), the Daily Quota and quota monitoring and management provisions under Rules 14A07(2) to (14) shall apply.

Daily Quota

- (2) The Daily Quota shall apply to the trading of China Connect Securities through the use of the China Connect Service.
- (3) [Repealed]
- (4) [Repealed]
- (5) [Repealed]
- (6) The Daily Quota limits the maximum value of all the China Connect Securities Buy Trades that can be executed by all the China Connect Exchange Participants in respect of all the China Connect Securities through the China Connect Service on each CSC trading day. The Daily Quota Balance is monitored on a real-time basis during the operational hours and is calculated based on the following formula:

<p>Daily Quota Balance = Daily Quota – value of China Connect buy orders + value of China Connect Securities Sell Trades + value of China Connect buy orders that have been cancelled or rejected + difference between the execution price and the specified price in respect of those China Connect buy orders that have been executed at a better price than the specified price</p>

- (7) [Repealed]
- (8) The Daily Quota shall apply to each CSC trading day. Regardless of the level of the Daily Quota Balance at the end of a CSC trading day, the Daily Quota

Balance will not be carried forward for utilization on the following or subsequent CSC trading days.

- (9) In respect of each CSC trading day, if the Daily Quota Balance drops to zero or below (i.e. if the Daily Quota is fully utilized):
- (a) during the SSE Opening Call Auction session and before commencement of the SSE Continuous Auction session in the morning at 9:30, China Connect buy orders input after the time at which the Daily Quota Balance drops to zero or below will not be accepted by the CSC, but China Connect buy orders input before such time will not be affected and will be transmitted by the CSC to the SSE Market System for execution in the usual manner. Only if the Daily Quota Balance resumes to a positive level before commencement of the SSE Continuous Auction session in the morning will new China Connect buy orders be accepted by CSC; and
 - (b) after commencement of the SSE Continuous Auction session in the morning at 9:30 and before the end of the SSE Closing Call Auction session (for A shares) or the end of the SSE Continuous Auction session in the afternoon (for SSE-listed ETFs) (as applicable) at 15:00, no China Connect buy orders will be accepted for the rest of the CSC trading day unless the Exchange otherwise determines, but China Connect buy orders input before the time at which the Daily Quota Balance drops to zero or below will not be affected and will be transmitted by the CSC to the SSE Market System for execution in the usual manner.
- (10) For the avoidance of doubt:
- (a) references in the formula in Rule 14A07(6) to “China Connect buy orders”, “China Connect Securities Buy Trades” and “China Connect Securities Sell Trades” do not include the value of any transaction fees, taxes, levies or stamp duties payable or collected in respect of such orders or trades; and
 - (b) only China Connect buy orders will be subject to quota controls under this Rule. Unless otherwise determined by the Exchange, China Connect sell orders will be accepted by the CSC during the operational hours of a CSC trading day and will not be affected by the level of the Daily Quota Balance.
- (11) The following table summarizes the treatment of China Connect orders as described in Rules 14A07(6) to (10) depending on the Daily Quota Balance on a given CSC trading day:

	Daily Quota Balance drops to zero or below before 09:30	Daily Quota Balance drops to zero or below at or after 09:30
China Connect sell order	Accepted	Accepted
China Connect buy order submitted after	Not accepted (unless and until the Daily	Not accepted for the rest of the CSC trading day

the time at which the Daily Quota Balance drops to zero or below	Quota Balance becomes larger than zero before 09:30)	(unless the Exchange otherwise determines pursuant to Rule 14A07(9)(b))
China Connect buy orders submitted before the time at which the Daily Quota Balance drops to zero or below	Not affected	Not affected

Quota Management

- (12) Pursuant to its power under Rule 1428(2) (power to set price restrictions to block artificial transactions), restrictions are set in CSC and the related system connections to block the input of China Connect buy orders of all China Connect Securities at a price lower than the reference price referred to in Rule 14A07(13) by a certain percentage prescribed by the Exchange from time to time.
- (13) Unless otherwise determined by the Exchange:
- (a) during the SSE Opening Call Auction session and the five minutes before the commencement of the SSE Opening Call Auction session on each CSC trading day, the reference price referred to in Rule 14A07(12) shall be (i) the current bid price of the relevant China Connect Security; and (ii) where no current bid price is available, the previous closing price of the China Connect Security;
 - (b) during the SSE Continuous Auction sessions (morning and afternoon) and the five minutes before the commencement of each SSE Continuous Auction session on each CSC trading day, the reference price referred to in Rule 14A07(12) shall be (i) the current best bid price of the relevant China Connect Security; (ii) where no current best bid price is available, the latest trade price of the relevant China Connect Security, and (iii) where the latest trade price is not available, the previous closing price of the relevant China Connect Security;
 - (ba) (for A shares only) during the SSE Closing Call Auction session on each CSC trading day, the reference price referred to in Rule 14A07(12) shall be (i) the current bid price of the relevant China Connect Security; (ii) where no current bid price is available, the latest trade price of the relevant China Connect Security, and (iii) where the latest trade price is not available, the previous closing price of the relevant China Connect Security; and

(iii) where the latest trade price is not available, the previous closing price of the relevant China Connect Security.

- (14) If there is any change in the operational procedures relating to the quota limits and related arrangements as set out in this Rule 14A07, the Exchange will publish the details on the HKEX website or through such other means as the Exchange considers appropriate.

Shareholding Restrictions on China Connect Securities

- 14A08. (1) Under Rule 1430, the Exchange has absolute discretion to impose conditions or restrictions for the use of the China Connect Service for the purpose of ensuring that the trading of China Connect Securities will not contravene applicable laws or for any reasons which the Exchange considers appropriate. In light of the shareholding restrictions and forced sale requirements imposed by the CSRC, SSE and applicable laws of Mainland China, the conditions and requirements set out in Rules 14A08(2) to (12) shall apply.

Shareholding limits on foreign investors

- (2) China Connect Exchange Participants shall comply, and shall make appropriate arrangements to ensure that their clients will comply, with the 10% individual shareholding limit in relation to A shares applicable to foreign investors (including Qualified Foreign Institutional Investors and RMB Qualified Foreign Institutional Investors approved under the applicable laws of Mainland China, and other investors using the China Connect Service) as stipulated in applicable laws of Mainland China including the CSRC regulations concerning Shanghai-Hong Kong Stock Connect. China Connect Exchange Participants shall put appropriate monitoring arrangements in place to comply with this Rule and to alert their clients to comply with the individual shareholding limit.
- (3) China Connect Exchange Participants shall note and understand the 30% aggregate shareholding limit in relation to A shares and the related forced-sale requirements applicable to foreign investors who invest in China Connect Securities as stipulated in applicable laws of Mainland China including the CSRC regulations concerning Shanghai-Hong Kong Stock Connect. China Connect Exchange Participants shall alert their clients to the 30% aggregate shareholding limit and the forced-sale arrangements under this Rule.

Shareholding Monitoring Procedures

- (4) Where foreign investors (including investors holding China Connect Securities through CCASS) hold 28% or more of the issued shares of a relevant issuer in aggregate, SSE will notify the SEHK Subsidiary, and the Exchange and SEHK Subsidiary will as soon as practicable thereafter suspend accepting China Connect buy orders in respect of the relevant China Connect Securities until the aggregate shareholding of foreign investors is reduced to below 26%, as advised by SSE.

Forced-sale Procedures

- (5) Notwithstanding Rule 14A08(4), where the aggregate shareholding of foreign investors (including investors holding through CCASS) in respect of a relevant issuer exceeds 30% of the issued shares of the issuer on an SSE trading day, SSE may, pursuant to the SSE Rules, issue a forced-sale notice to the SEHK Subsidiary on the following trading day, requiring it to arrange for a sell down of the portion of the China Connect Securities that exceeds 30% within 5 SSE trading days on a “last-in, first-out” basis (as determined in accordance with Rule 14A08(11)).
- (6) Upon receipt of a forced-sale notice under Rule 14A08(5), the SEHK Subsidiary will notify the relevant China Connect Exchange Participant(s) through the Exchange, requiring or directing them to, or arrange for their clients to, sell and liquidate the specified number of China Connect Securities within a period specified by the Exchange.
- (7) Upon receipt of the notice under Rule 14A08(6), the China Connect Exchange Participant shall comply with the notice, and where applicable, it shall issue a corresponding notice to the relevant client(s) or their custodian(s) requesting for the sale and liquidation of the number of China Connect Securities specified by the China Connect Exchange Participant within the period specified by the Exchange. If a client fails to comply with the China Connect Exchange Participant’s notice, the China Connect Exchange Participant shall, if necessary, exercise its power to sell the specified number of China Connect Securities through the use of the China Connect Service on the client’s behalf before expiry of the period specified by the Exchange.
- (8) China Connect Exchange Participants shall implement appropriate measures to enable them to comply with Rule 14A08(7) on a timely basis including entering into legally enforceable client agreements to facilitate compliance with the forced-sale arrangements referred to in that Rule.
- (9) Where a forced-sale notice is issued by SSE under Rule 14A08(5), no China Connect buy orders for the relevant China Connect Securities will be accepted by the CSC until SSE informs the SEHK Subsidiary or the Exchange that the aggregate foreign shareholding falls below 30%. China Connect sell orders for the relevant China Connect Securities will not be affected by a forced-sale notice.
- (10) If, within the 5-day period mentioned in Rule 14A08(5), the aggregate foreign shareholding is reduced to below 30% due to other foreign investors selling down the relevant shares, the SEHK Subsidiary may, on its own or upon request from a China Connect Exchange Participant referred to in Rules 14A08(6) and (7) apply for permission to hold the relevant shares without a sell down at such time and in such manner as the Exchange may prescribe from time to time.
- (11) The relevant China Connect Exchange Participants referred to in Rule 14A08(6) will be identified by the Exchange based on its or the SEHK Subsidiary’s own records (which shall be final and conclusive) generally by reference to the time of purchase of the relevant China Connect Securities, on a “last in, first out” basis. Notwithstanding the foregoing, the Exchange has absolute discretion to determine which China Connect Exchange Participants

and what quantity of China Connect Securities should be subject to a forced sale notice.

- (12) Where the 30% aggregate foreign shareholding limit is exceeded due to a share repurchase conducted by the relevant issuer, investors and China Connect Exchange Participants holding China Connect Securities through CCASS may continue to hold the relevant shares without being subject to a forced-sale. However, the SEHK Subsidiary and the Exchange will suspend acceptance of China Connect buy orders for those China Connect Securities until the aggregate foreign shareholding limit is reduced to below 26%.

Disclosure Obligations regarding China Connect Securities

- 14A09. China Connect Exchange Participants shall comply, and shall make appropriate arrangements to ensure that their clients will comply, with the 5% shareholding disclosure requirement applicable to persons who invest in A shares under applicable laws of Mainland China. China Connect Exchange Participants shall put appropriate monitoring arrangements in place to comply with this Rule and to alert their clients to comply with the relevant disclosure requirements.

Compliance with applicable laws in Mainland China

- 14A10. As required by SSE, China Connect Exchange Participants shall:
- (1) comply, and advise their clients to comply, with SSE Rules (to the extent applicable to the trading of China Connect Securities in the SSE Market, and not inconsistent with these Rules and any regulations, requirements or conditions prescribed or published pursuant to these Rules) and laws and regulations of Mainland China relating to the use of the China Connect Service and the trading of China Connect Securities;
 - (2) make adequate disclosure to their clients with regard to the risks associated with investing in China Connect Securities through appropriate arrangements including, without limitation, the risk that their instructions to trade in China Connect Securities may not be accepted and that they may be liable to regulatory investigations and the relevant legal consequences if they are in breach of or fail to comply with the SSE Rules and the laws and regulations referred to in this Rule 14A10;
 - (3) acknowledge, and make appropriate arrangements to require their clients to acknowledge, that the Exchange has the power not to extend the China Connect Service to them, the power to require China Connect Exchange Participants not to accept instructions from them and the power to suspend or restrict China Connect Exchange Participants from inputting China Connect orders under any BCAN, if it is found that the China Connect Exchange Participant or any of its clients (as the case may be) has or may have committed any abnormal trading conduct set out in or fail to comply with the SSE Rules and the laws and regulations referred to in Rule 14A10(1);
 - (4) acknowledge, and make appropriate arrangements to require their clients to acknowledge, that if the SSE Rules are breached, or if the disclosure and other obligations referred to in the listing rules of the SSE (including the rules of the SSE for stock listing on the SSE STAR Market and the rules of the SSE for

ETFs listing on SSE ETF Market) or the SSE Rules are breached, SSE has the power to carry out investigations, and may, through the Exchange or the SEHK Subsidiary, require China Connect Exchange Participants to provide relevant information and materials (including the information and personal data of their clients and other persons referred to in Rules 537 and 1437) to assist in its investigation;

- (5) acknowledge that where there is a serious breach of the SSE Rules, SSE may request the Exchange to take appropriate regulatory actions or commence disciplinary proceedings against China Connect Exchange Participants, or request the Exchange to require China Connect Exchange Participants to issue warning statements (verbally or in writing) to their clients, and not to extend the China Connect Service to them or to their clients;
- (6) acknowledge, and make appropriate arrangements to require their clients to acknowledge, that the Exchange may (for the purpose of assisting SSE in its regulatory surveillance of the SSE Market and enforcement of the SSE Rules and as part of the regulatory cooperation arrangement between the Exchange, the SEHK Subsidiary and SSE), at the request of SSE, require China Connect Exchange Participants to provide information concerning their clients and other persons referred to in Rules 537 and 1437 with respect to any China Connect orders input or China Connect Securities Trades made or entered into by China Connect Exchange Participants on their behalf; and
- (7) for the purposes referred to in paragraphs (4) to (6), China Connect Exchange Participants shall authorize the Exchange (whether directly or through the SEHK Subsidiary) to disclose, transfer and provide information and personal data concerning their clients and other persons referred to in Rules 537 and 1437 to SSE upon request and shall make appropriate arrangements (including obtaining the relevant consents) to ensure that the relevant information and personal data may be disclosed, transferred and provided in compliance with applicable laws including the Personal Data (Privacy) Ordinance.

Fees and Taxes

- 14A11.
- (1) Pursuant to Rule 1429, the fees, charges, levies and taxes set out in Rules 14A11(2) and (3) shall be payable in respect of the trading of China Connect Securities.
 - (2) With respect to any fees, charges, levies and taxes which may be payable to SSE, the relevant China Connect Clearing House or the relevant governmental or regulatory bodies in Mainland China in respect of every purchase or sale of China Connect Securities executed through the China Connect Service, China Connect Exchange Participants shall pay to the Exchange such fees (including any handling fee, securities management fee and transfer fee), charges, levies and taxes, which will be published on the HKEX website or notified to China Connect Exchange Participants through such other means as the Exchange considers appropriate, for onward payment to SSE, the relevant China Connect Clearing House or the relevant governmental or regulatory bodies in Mainland China, as the case may be.

- (3) Where SSE, the relevant China Connect Clearing House, any relevant governmental or regulatory body or applicable law imposes any other fees, charges, levies or taxes on or in relation to the sale and purchase of China Connect Securities which are required to be paid or collected by the Exchange, the SEHK Subsidiary and/or HKSCC, China Connect Exchange Participants shall be responsible for paying (for themselves or on behalf of their clients) all such fees, charges, levies and taxes to the Exchange, the SEHK Subsidiary and/or HKSCC for onward payment to SSE, the relevant China Connect Clearing House or the relevant governmental or regulatory body. For the avoidance of doubt, where any China Connect Exchange Participant fails to pay any such fees, charges, levies or taxes, the indemnity referred to in Rule 1442 applies. The Exchange will provide relevant information regarding such fees, charges, levies and taxes (including, where applicable, the manner of payment, collection and the filing or registration requirements) as are communicated to it by SSE, the relevant China Connect Clearing House or the relevant governmental or regulatory body through publication on the HKEX website or such other means as the Exchange considers appropriate.

Off-Exchange Trades or Transfers Prohibited

- 14A12. (1) Except permitted under Rule 14A12(2) or where the CSRC otherwise provides or allows, the SEHK Subsidiary and Exchange Participants shall not trade or provide services to facilitate the trading of any China Connect Securities held within CCASS through any venue other than through the SSE Market System, and an Exchange Participant shall not match, execute or arrange the execution of any sale and purchase instructions or any transfer instructions of its clients in respect of any China Connect Securities in any manner otherwise than through the use of the China Connect Service in accordance with these Rules.
- (2) The following non-trade transfers are permitted:
- (a) Securities Borrowing and Lending as permitted under Rule 14A16(2);
 - (b) transfers between Exchange Participants and their clients for the purpose of rectifying error trades;
 - (c) post-trade allocation of China Connect Securities to funds or sub-funds in different accounts by fund managers who have entered into China Connect Securities Trades for the collective account of funds or sub-funds under management; and
 - (d) transfers set out in Rule 4110iii(e) to (j) of the HKSCC Rules.
- (3) China Connect Exchange Participant who carry out non-trade transfers of China Connect Securities referred to in Rule 14A12(2)(b) for the purpose of rectifying an error trade shall submit to the Exchange an error trade report together with supporting documents explaining the nature of the error, how the error was made and providing details of the non-trade transfer to be processed. The Exchange may disallow a particular China Connect Exchange Participant from carrying out non-trade transfers under Rule 14A12(2)(b) where the Exchange has reasonable cause to suspect or believe that the China Connect Exchange Participant may abuse or may have abused the rectification

arrangements or may have used any non-trade transfers permitted under Rule 14A12(2)(b) to circumvent the prohibition under Rule 14A12(1).

Record Keeping

- 14A13. To comply with applicable laws in Mainland China and the requirements of SSE, China Connect Exchange Participants shall keep proper books and records of the China Connect orders input and the China Connect Securities Trades executed by it and the related client instructions and account information (including the related BCAN and CID) for a period of not less than 20 years. Such books and records shall include all relevant information concerning the Margin Trading, Short Selling and Securities Borrowing and Lending of any China Connect Securities. For the avoidance of doubt, with respect to Margin Trading, proper books and records on the funds provided to and the relevant securities margin financing arrangement entered into with the clients shall also be kept.

Exclusion of Liability of SSE

- 14A14. Exchange Participants shall acknowledge, and make appropriate arrangements for their clients to acknowledge, that SSE shall not be responsible or held liable for any loss or damage suffered directly or indirectly by a China Connect Exchange Participant, its clients or any third parties arising from or in connection with SSE making, amending or enforcing the SSE Rules, or any action taken by it in the discharge of its supervisory or regulatory obligations or functions including any action taken to deal with abnormal trading conduct or activities.

Margin Trading of China Connect Securities

- 14A15. (1) Unless otherwise determined by the Exchange, Margin Trading may be conducted by a China Connect Exchange Participant on behalf of its clients through the China Connect Service subject to Rules 14A15(2) to (10).

List of Eligible SSE Securities for Margin Trading

- (2) China Connect Exchange Participants shall ensure that Margin Trading is confined to those China Connect Securities that are included in the List of Eligible SSE Securities for Margin Trading published by the Exchange from time to time. No China Connect Exchange Participant is allowed to provide funds or securities margin financing arrangements to any of its clients for the purpose of or with the view to facilitating the purchase of China Connect Securities not included in the List of Eligible SSE Securities for Margin Trading. A China Connect Exchange Participant which fails to comply with this Rule shall be liable to disciplinary or other actions taken by the Exchange under Rule 1437 or 14A15(6).
- (3) The Exchange will publish the List of Eligible SSE Securities for Margin Trading on the HKEX website or through such other means as it considers appropriate and may update or amend the list from time to time. Unless the Exchange otherwise determines, the List of Eligible SSE Securities for Margin Trading will be compiled by reference to SSE's list of eligible securities for margin trading for the SSE Market, excluding Special China Connect Securities.

Suspension and Resumption of SSE Securities Margin Trading

- (4) Where the volume of margin trading activities in respect of any eligible China Connect Security exceeds the margin trading threshold prescribed by SSE, and SSE decides to suspend or has suspended margin trading activities in respect of that China Connect Security in the SSE Market, the Exchange may, as soon as practicable after being notified by SSE, require any or all China Connect Exchange Participants to stop or suspend carrying out any further Margin Trading in respect of that China Connect Security through the publication of a notice on the HKEX website or such other means as the Exchange considers appropriate. Margin Trading of the relevant China Connect Securities by China Connect Exchange Participants shall not resume until SSE has allowed margin trading activities on the relevant China Connect Securities to resume in the SSE Market; after SSE has notified the Exchange of the resumption, and after the Exchange has published a notice to that effect. China Connect Exchange Participants shall comply with the restrictions set out in this Rule 14A15(4) and all relevant notices issued pursuant to this Rule. For the avoidance of doubt, China Connect buy orders involving Margin Trading of China Connect Securities (whether they have been executed on the SSE System prior to the suspension taking effect or not) will not be affected.
- (5) Where the Exchange requires China Connect Exchange Participants to stop or suspend carrying out further Margin Trading pursuant to Rule 14A15(4), any new China Connect buy orders for the relevant China Connect Securities input into the CSC by any China Connect Exchange Participant shall be deemed to have been made with the representation and confirmation to the Exchange that such China Connect buy order does not involve Margin Trading. Where any China Connect Exchange Participant is found to have breached this Rule, the Exchange may take appropriate actions against it under Rules 1437 and 14A15(6).

Abnormal margin trading activities

- (6) Where the situation referred to in Rule 14A15(5) occurs, where there is reasonable cause to suspect or believe that abnormal margin trading activities have taken place, or where the Exchange otherwise considers appropriate, the Exchange and/or the SEHK Subsidiary may, without prejudice to other powers which it/they may have under these Rules, take any of the following actions:

- (8) The Exchange may require China Connect Exchange Participants to flag or indicate China Connect buy orders that involve Margin Trading when inputting China Connect orders into the CSC in such manner and at such time or times as the Exchange considers appropriate.
- (9) For the avoidance of doubt, references in this Rule 14A15 to “China Connect Exchange Participant” and “China Connect Exchange Participants” shall be read to include the Exchange Participants referred to in Rule 590(1) (Exchange Participants trading through China Connect Exchange Participants). Accordingly, such Exchange Participants may carry out Margin Trading of China Connect Securities for their clients through China Connect Exchange Participants subject to the conditions, restrictions and requirements of this Rule; and this Rule shall apply to them as if they were China Connect Exchange Participants.
- (10) This Rule 14A15 is made pursuant to Rule 1430.

- 14A16. (1) Unless the Exchange otherwise determines, China Connect Exchange Participants shall not enter into or carry out any Securities Borrowing and Lending Arrangement in respect of China Connect Securities and Special China Connect Securities except in accordance with this Rule 14A16.

Purpose of Securities Borrowing and Lending of China Connect Securities

- (2) Securities Borrowing and Lending of China Connect Securities may only be carried out for the following purposes:
 - (a) for the purpose of Short Selling in accordance with Rule 14A17 provided that the securities loan period (inclusive of the date of securities loan and securities return) does not exceed one calendar month;
 - (b) for the purpose of enabling the clients of China Connect Exchange Participants to sell China Connect Securities held by them but which have not been transferred to the relevant CCASS stock account in time to meet the pre-trade checking requirement set out in Rule 14A06 provided that the securities loan period does not exceed one day and is non-renewable; and
 - (c) for such other purposes as the Exchange or SSE may specify from time to time.

- (6) Only China Connect Exchange Participants may lend China Connect Securities to their clients. A China Connect Exchange Participant may also lend China Connect Securities to other China Connect Exchange Participants.
- (7) A Non-registered Exchange Participant and a Qualified Institution may lend China Connect Securities to China Connect Exchange Participants, but not directly to the clients of China Connect Exchange Participants.

- (6) As SZSE will conduct pre-trade checking of all sell orders routed to the SZSE Market System to ensure that there will be sufficient securities to settle delivery obligations on the settlement day assuming that all submitted sell orders will be executed, pre-trade checking procedures with respect to all China Connect sell orders will be applied by the Exchange and the SEHK Subsidiary to ensure that the relevant accounts have sufficient securities available for settlement before they are routed to the SZSE Market System for execution.
- (7) In respect of a China Connect Exchange Participant who is a China Connect CCASS Clearing Participant, pre-trade checking of its China Connect sell

orders will be conducted on the securities holding position of its designated CCASS stock account(s) in accordance with Rules 14B06(10)(a),(c) and (d) except where the China Connect sell order is an SPSA order or a Master SPSA order, in which case Rule 14B06(9) or Rule 14B06(9A), as the case may be, shall apply.

- (c) In respect of overdue short securities positions in China Connect Securities of a China Connect CCASS Clearing Participant under the CNS System which are outstanding for settlement on the due date where such China Connect CCASS Clearing Participant is a China Connect Exchange Participant, HKSCC will request the Exchange to deduct the overdue short securities position quantities from the sellable balances of such China Connect CCASS Clearing Participant on the next CSC trading day, and if such China Connect CCASS Clearing Participant is a CCASS GCP of any China Connect Exchange Participant(s), from the sellable balances of each of such China Connect Exchange Participant(s) on the next CSC trading day. If such overdue short securities positions are, or are alleged by such China Connect CCASS Clearing Participant to be, caused in whole or in part by an SPSA Delivery Failure, the sellable balances of such China Connect CCASS Clearing Participant, and/or the relevant China Connect Exchange Participant and the relevant Special Segregated Accounts will be adjusted in accordance with the HKSCC Rules. In the event of an SPSA Delivery Failure under a Master SPSA ID, the sellable balance with respect to the relevant China Connect Securities that were the subject of the SPSA Delivery Failure or the sellable balances of all the China Connect Securities under such Master SPSA ID may be reduced to zero on the next CSC trading day or for such longer period in accordance with the HKSCC Rules.
 - (d) Any China Connect sell order input by a China Connect Exchange Participant which may, upon execution, exceed the relevant total securities holding positions mentioned in Rule 14B06(10)(a) or (b) above will (subject to Rule 14B06(10)(c) and any sellable balance adjustments made for the purpose of pre-trade checking under the HKSCC Rules) be rejected.
- (11) To enable the Exchange and the SEHK Subsidiary to apply the pre-trade checking procedures, HKSCC will, in accordance with the HKSCC Rules and subject to Rule 14B06(10)(c) and any sellable balance adjustments made for the purpose of pre-trade checking under the HKSCC Rules, reproduce and replicate the securities holding records of the CCASS stock accounts (both client and house account positions) referred to in Rules 14B06(7) and (8) and the Special Segregated Accounts referred to in Rule 14B06(9) and Rule 14B06(9A), and transmit the information to the CSC before the commencement of operation of the China Connect Service on each CSC trading day. Each China Connect Exchange Participant agrees to and authorizes the reproduction, replication and transmission of its securities holding records as mentioned above for the purpose of enabling the Exchange and the SEHK Subsidiary to carry out the pre-trade checking procedures. Input and cancellation of China Connect orders while a SZSE Circuit Breaker is in effect

- (13) (a) Unless otherwise determined by the Exchange, where the Circuit Breaker Provisions allow orders in respect of China Connect Securities to be received or transmitted to the SZSE Market System during the period when a SZSE Circuit Breaker is in effect, China Connect Exchange Participants may input China Connect orders through the China Connect Service during such period as usual. Notwithstanding this, China Connect Exchange Participants accept that imposition of a SZSE Circuit Breaker on any SZSE trading day will result in the suspension of trade execution through the SZSE Market System as referred to in Rule 14B03(3).
- (b) Unless otherwise determined by the Exchange, where the Circuit Breaker Provisions allow orders in respect of China Connect Securities to be cancelled during the period when a SZSE Circuit Breaker is in effect, China Connect Exchange Participants may input order cancellation requests through the China Connect Service during such period as usual. Notwithstanding this, as is provided in Rule 1422, no China Connect order is regarded as cancelled unless and until a cancellation confirmation has been issued by the SZSE Market System and neither the Exchange nor the SEHK Subsidiary shall have any liability in the event that a China Connect order which a China Connect Exchange Participant has required be cancelled is not cancelled for any reason whatsoever.

Suspension of trading on A shares and H shares

- (14) Where any H shares with corresponding A shares accepted as China Connect Securities are suspended from trading on the Exchange but the China Connect

Securities are not suspended from trading on the SZSE, the China Connect Service will normally remain available for routing China Connect sell orders and China Connect buy orders for such China Connect Securities to the SZSE Market System for execution. The Exchange, however, reserves its discretion to restrict or suspend the China Connect Service for trading in such China Connect Securities and will publish an announcement on the HKEX website or through such other means as it considers appropriate accordingly. For the avoidance of doubt, the Exchange will restrict or suspend the China Connect Service for trading in such China Connect Securities if it is so directed or required by a relevant governmental or regulatory body.

Review of Sales/Purchases

- (15) A China Connect Exchange Participant shall review all sales and purchases of China Connect Securities at the end of each SZSE trading session on each CSC trading day and shall report any discrepancy, erroneous transaction or complaint to the Exchange at such time and in such manner as the Exchange may prescribe from time to time.

Trading of ChiNext shares

- (16) The Exchange may from time to time, as it may determine or as directed by the Commission, prescribe, change, supplement or remove any requirements, conditions, restrictions and arrangements in relation to the use of the China Connect Service for trading ChiNext shares through publication on the HKEX website or such other means as the Exchange considers appropriate. China Connect Exchange Participants shall comply with the requirements, conditions, restrictions and arrangements in all respects.
- (17)
 - (a) Except as provided in Rule 14B06(17)(b), only institutional professional investors are allowed to buy or sell ChiNext shares which are accepted as China Connect Securities (other than Special China Connect Securities which are eligible for sell orders only) through the China Connect Service.
 - (b) Where, as a result of any distribution of rights (including the right to subscribe for rights issues open offers) or entitlements, conversion, takeover, other corporate actions or special circumstances arising from China Connect Securities, China Connect Exchange Participants receive (whether as principal or agent for their client and whether or not such client is an institutional professional investor) through their or their China Connect CCASS Participant's account with HKSCC any ChiNext shares, China Connect Exchange Participants may sell such ChiNext shares which are accepted or designated by the Exchange as China Connect Securities under Rule 14B04(1) or Special China Connect Securities under Rule 14B05(3) through the China Connect Service.
- (18) Each China Connect Exchange Participant shall implement appropriate and effective measures and take reasonable steps to ensure compliance with Rules 14B06(16) and (17), including but not limited to (a) not accepting any instruction to buy ChiNext shares or inputting any China Connect buy order for ChiNext shares for any direct client of the China Connect Exchange Participant unless it is reasonably satisfied that the client is an institutional professional investor; and (b) where such client is (i) an intermediary (as

defined in the Ordinance); or (ii) a person which carries on business outside Hong Kong in an activity in respect of which it is regulated overseas and which, if carried on in Hong Kong, would constitute a regulated activity under the Ordinance, requiring such client to ensure that only institutional professional investors are allowed to buy ChiNext shares which are accepted as China Connect Securities through the China Connect Service.

Quotas on SZSE-listed Securities as China Connect Securities

- 14B07. (1) Pursuant to the Exchange's powers under Rules 1426 (discretion to prescribe quota limits and controls), 1427 (discretion to take actions to ensure compliance with quota controls) and 1428(2) (power to set price restrictions to block the input of artificial China Connect orders), the Daily Quota and quota monitoring and management provisions under Rules 14B07(2) to (10) shall apply.

Daily Quota

- (2) The Daily Quota shall apply to the trading of China Connect Securities through the use of the China Connect Service.
- (3) The Daily Quota limits the maximum value of all the China Connect Securities Buy Trades that can be executed by all the China Connect Exchange Participants in respect of all the China Connect Securities through the China Connect Service on each CSC trading day. The Daily Quota Balance is monitored on a real-time basis during the operational hours and is calculated based on the following formula:

<p>Daily Quota Balance = Daily Quota – value of China Connect buy orders + value of China Connect Securities Sell Trades + value of China Connect buy orders that have been cancelled or rejected + difference between the execution price and the specified price in respect of those China Connect buy orders that have been executed at a better price than the specified price</p>

- (4) The Daily Quota shall apply to each CSC trading day. Regardless of the level of the Daily Quota Balance at the end of a CSC trading day, the Daily Quota Balance will not be carried forward for utilization on the following or subsequent CSC trading days.
- (5) In respect of each CSC trading day, if the Daily Quota Balance drops to zero or below (i.e. if the Daily Quota is fully utilized):
- (a) during the SZSE Opening Call Auction session and before commencement of the SZSE Continuous Auction session in the morning at 9:30, China Connect buy orders input after the time at which the Daily Quota Balance drops to zero or below will not be accepted by the CSC, but China Connect buy orders input before such time will not be affected and will be transmitted by the CSC to the SZSE Market System for execution in the usual manner. Only if the Daily Quota Balance resumes to a positive level before commencement of the SZSE Continuous Auction session in the morning will new China Connect buy orders be accepted by CSC; and

- (b) after commencement of the SZSE Continuous Auction session in the morning at 9:30 and before the end of the SZSE Closing Call Auction session at 15:00, no China Connect buy orders will be accepted for the rest of the CSC trading day unless the Exchange otherwise determines, but China Connect buy orders input before the time at which the Daily Quota Balance drops to zero or below will not be affected and will be transmitted by the CSC to the SZSE Market System for execution in the usual manner.
- (6) For the avoidance of doubt:

Shareholding Restrictions on China Connect Securities

- 14B08. (1) Under Rule 1430, the Exchange has absolute discretion to impose conditions or restrictions for the use of the China Connect Service for the purpose of ensuring that the trading of China Connect Securities will not contravene applicable laws or for any reasons which the Exchange considers appropriate. In light of the shareholding restrictions and forced sale requirements imposed by the CSRC, SZSE and applicable laws of Mainland China, the conditions and requirements set out in Rules 14B08(2) to (12) shall apply.

Shareholding limits on foreign investors

- (2) China Connect Exchange Participants shall comply, and shall make appropriate arrangements to ensure that their clients will comply, with the 10% individual shareholding limit in relation to A shares applicable to foreign investors (including Qualified Foreign Institutional Investors and RMB Qualified Foreign Institutional Investors approved under the applicable laws of Mainland China, and other investors using the China Connect Service) as stipulated in applicable laws of Mainland China including the CSRC regulations concerning Shenzhen-Hong Kong Stock Connect. China Connect Exchange Participants shall put appropriate monitoring arrangements in place to comply with this Rule and to alert their clients to comply with the individual shareholding limit.
- (3) China Connect Exchange Participants shall note and understand the 30% aggregate shareholding limit in relation to A shares and the related forced-sale requirements applicable to foreign investors who invest in China Connect Securities as stipulated in applicable laws of Mainland China including the CSRC regulations concerning Shenzhen-Hong Kong Stock Connect. China Connect Exchange Participants shall alert their clients to the 30% aggregate shareholding limit and the forced-sale arrangements under this Rule.

Shareholding Monitoring Procedures

- (4) Where foreign investors (including investors holding China Connect Securities through CCASS) hold 28% or more of the issued shares of a relevant issuer in aggregate, SZSE will notify the SEHK Subsidiary, and the Exchange and SEHK Subsidiary will as soon as practicable thereafter suspend accepting China Connect buy orders in respect of the relevant China Connect Securities until the aggregate shareholding of foreign investors is reduced to below 26%, as advised by SZSE.

Forced-sale Procedures

- (5) Notwithstanding Rule 14B08(4), where the aggregate shareholding of foreign investors (including investors holding through CCASS) in respect of a relevant issuer exceeds 30% of the issued shares of the issuer on an SZSE trading day, SZSE may, pursuant to the SZSE Rules, issue a forced-sale notice to the SEHK Subsidiary on the following trading day, requiring it to arrange for a sell down of the portion of the China Connect Securities that exceeds 30% within 5 SZSE trading days on a “last-in, first-out” basis (as determined in accordance with Rule 14B08(11)).
- (6) Upon receipt of a forced-sale notice under Rule 14B08(5), the SEHK Subsidiary will notify the relevant China Connect Exchange Participant(s) through the Exchange, requiring or directing them to, or arrange for their clients to, sell and liquidate the specified number of China Connect Securities within a period specified by the Exchange.
- (7) Upon receipt of the notice under Rule 14B08(6), the China Connect Exchange Participant shall comply with the notice, and where applicable, it shall issue a corresponding notice to the relevant client(s) or their custodian(s) requesting for the sale and liquidation of the number of China Connect Securities specified by the China Connect Exchange Participant within the period specified by the Exchange. If a client fails to comply with the China

Connect Exchange Participant's notice, the China Connect Exchange Participant shall, if necessary, exercise its power to sell the specified number of China Connect Securities through the use of the China Connect Service on the client's behalf before expiry of the period specified by the Exchange.

- (8) China Connect Exchange Participants shall implement appropriate measures to enable them to comply with Rule 14B08(7) on a timely basis including entering into legally enforceable client agreements to facilitate compliance with the forced-sale arrangements referred to in that Rule.
- (9) Where a forced-sale notice is issued by SZSE under Rule 14B08(5), no China Connect buy orders for the relevant China Connect Securities will be accepted by the CSC until SZSE informs the SEHK Subsidiary or the Exchange that the aggregate foreign shareholding falls below 30%. China Connect sell orders for the relevant China Connect Securities will not be affected by a forced-sale notice.
- (10) If, within the 5-day period mentioned in Rule 14B08(5), the aggregate foreign shareholding is reduced to below 30% due to other foreign investors selling down the relevant shares, the SEHK Subsidiary may, on its own or upon request from a China Connect Exchange Participant referred to in Rules 14B08(6) and (7) apply for permission to hold the relevant shares without a sell down at such time and in such manner as the Exchange may prescribe from time to time.
- (11) The relevant China Connect Exchange Participants referred to in Rule 14B08(6) will be identified by the Exchange based on its or the SEHK Subsidiary's own records (which shall be final and conclusive) generally by reference to the time of purchase of the relevant China Connect Securities, on a "last in, first out" basis. Notwithstanding the foregoing, the Exchange has absolute discretion to determine which China Connect Exchange Participants and what quantity of China Connect Securities should be subject to a forced sale notice.
- (12) Where the 30% aggregate foreign shareholding limit is exceeded due to a share repurchase conducted by the relevant issuer, investors and China Connect Exchange Participants holding China Connect Securities through CCASS may continue to hold the relevant shares without being subject to a forced-sale. However, the SEHK Subsidiary and the Exchange will suspend acceptance of China Connect buy orders for those China Connect Securities until the aggregate foreign shareholding limit is reduced to below 26%.

- 14B09. China Connect Exchange Participants shall comply, and shall make appropriate arrangements to ensure that their clients will comply, with the 5% shareholding disclosure requirement applicable to persons who invest in A shares under applicable laws of Mainland China. - (5) acknowledge that where there is a serious breach of the SZSE Rules, SZSE may request the Exchange to take appropriate regulatory actions or commence disciplinary proceedings against China Connect Exchange Participants, or request the Exchange to require China Connect Exchange Participants to issue warning statements (verbally or in writing) to their clients, and not to extend the China Connect Service to them or to their clients;
- (6) acknowledge, and make appropriate arrangements to require their clients to acknowledge, that the Exchange may (for the purpose of assisting SZSE in its regulatory surveillance of the SZSE Market and enforcement of the SZSE Rules and as part of the regulatory cooperation arrangement between the Exchange, the SEHK Subsidiary and SZSE), at the request of SZSE, require China Connect Exchange Participants to provide information concerning their clients and other persons referred to in Rules 537 and 1437 with respect to any China Connect orders input or China Connect Securities Trades made or entered into by China Connect Exchange Participants on their behalf; and

- (7) for the purposes referred to in paragraphs (4) to (6), China Connect Exchange Participants shall authorize the Exchange (whether directly or through the SEHK Subsidiary) to disclose, transfer and provide information and personal data concerning their clients and other persons referred to in Rules 537 and 1437 to SZSE upon request and shall make appropriate arrangements (including obtaining the relevant consents) to ensure that the relevant information and personal data may be disclosed, transferred and provided in compliance with applicable laws including the Personal Data (Privacy) Ordinance.

- (11) The Exchange and the SEHK Subsidiary may set price restrictions, at such thresholds as the Exchange and the SEHK Subsidiary may consider appropriate, in the CSC or related system connections to block the input of Short Selling orders at an artificially high price which has the effect of artificially using up the limits of the Short Selling Ratio specified in Rule 14B17(14).

Securities Borrowing for Short Selling

- (12) Securities Borrowing and Lending for the purpose of Short Selling shall be subject to Rule 14B16(2)(a) and other restrictions as may be prescribed by the Exchange.

- (14) The Short Selling Ratio for any Short Selling Security shall not exceed 1% on any CSC trading day, and the cumulative Short Selling Ratios for a Short

Selling Security in any period of 10 consecutive CSC trading days shall not exceed 5%. Any Short Selling order that, if executed, will cause the 1% daily limit or the 5% cumulative limit for a Short Selling Security to be exceeded during the course of a CSC trading day will be rejected by the CSC.

- (15) The Exchange will publish on the HKEX website or through such other means as the Exchange considers appropriate the following information (for A shares only):

For the purposes of this Rule 14B17, “open short position” means the total number of shares/units of a Short Selling Security that have been short sold by the China Connect Exchange Participant (whether as principal or agent) through the China Connect Service less the total number of shares/units borrowed for the purpose of Short Selling that have already been returned to the relevant Securities Lender.
- (18) In addition to the reports referred to in Rule 14B17(17), a China Connect Exchange Participant shall submit a report to the Exchange if the open short position of any Short Selling Security it has executed for its own account or for the account of any of its clients exceeds the reporting thresholds prescribed by the Exchange from time to time.

being notified by SZSE, require any or all China Connect Exchange Participants to stop inputting Short Selling orders, through the publication of a notice on the HKEX website or such other means as the Exchange considers appropriate. - (22) The Exchange may, upon the request of SZSE, the Commission or otherwise, direct a China Connect Exchange Participant to apply restrictions on the number of shares/units of any Short Selling Security that can be short sold by the China Connect Exchange Participants or particular clients and to report information about its or such clients' Short Selling activity as the Exchange, the SZSE or the Commission may direct.

Abnormal Short Selling Activities

- (23) Where the situation referred to in Rule 14B17(22) occurs, where there is reasonable cause to suspect or believe that abnormal short selling activities have taken place, or where the Exchange otherwise considers appropriate, the Exchange and/or the SEHK Subsidiary may, without prejudice to other powers that it/they may have under these Rules, take any of the following actions:

 - (f) require a China Connect Exchange Participant to disclose to the Exchange at any time the number of shares/units of a Short Selling Security in which the China Connect Exchange Participant holds an open short position either on its own account or for the account of its clients; and
 - (g) prescribe from time to time such other restrictions, requirements and conditions subject to which Short Selling and the related Securities Borrowing and Lending shall be conducted.
- (25) The Chief Executive may restrict or prohibit a China Connect Exchange Participant from engaging in Short Selling provided that he has first obtained the approval of the Chairman of the Board, which may be given either orally or in writing. Notice of such restriction or prohibition to the China Connect Exchange Participant, whether oral or written, shall take effect immediately upon communication to or service on such China Connect Exchange Participant from the time specified in the notice and shall remain effective and in force until revoked, removed or modified by the Chief Executive after the approval, either oral or written, of the Chairman of the Board is obtained.

(“REGULATIONS”)

INTRODUCTION

DESIGNATED INDEX ARBITRAGE SHORT SELLING

- (2) Notwithstanding anything to the contrary contained in these Rules, Designated Index Arbitrage Short Selling shall be conducted in accordance with these Regulations.
- (3) Designated Index Arbitrage Short Selling shall only be concluded once the following stocks are automatically struck through the system: (i) underlying stocks of an index or indexes designated by the Exchange from time to time (“Designated Index”); and (ii) underlying stocks of the Tracker Fund of Hong Kong which is based on a Designated Index.
- (4) Designated Index Arbitrage Short Selling may only be conducted by an Exchange Participant which is registered with the Exchange as a Designated Index Arbitrage Short Selling Participant under Regulation (5) below. Designated Index Arbitrage Short Selling may be conducted by a Designated Index Arbitrage Short Selling Participant for (i) its own account; (ii) for the account of any affiliate which has designated the Designated Index Arbitrage Short Selling Participant to conduct Designated Index Arbitrage Short Selling on its behalf; (iii) for the account of an HKFE Participant which has designated the Designated Index Arbitrage Short Selling Participant to conduct Designated Index Arbitrage Short Selling on its behalf; or (iv) for the account of any person which is an affiliate of an HKFE Participant and which has designated the Designated Index Arbitrage Short Selling Participant to conduct Designated Index Arbitrage Short Selling on its behalf. For the purposes of Designated Index Arbitrage Short Selling, the term “affiliate”, in relation to a company, means a subsidiary of the company, the holding company of the company or a subsidiary of the holding company of the company.
- (5) An Exchange Participant which wishes to be registered as a Designated Index Arbitrage Short Selling Participant shall apply to the Exchange by completing such form and complying with such instructions as may from time to time be prescribed by the Exchange.  - (b) the underlying stocks of the Designated Index that are sold as part of a Designated Index Arbitrage Transaction shall be in relative proportion to their weightings in the Designated Index. The percentage of the weighting of each stock that is sold as part of a Designated Index Arbitrage Transaction must not deviate from its weighting in the Designated Index (as at the close of trading on the previous trading day) by more than 10%; and

- (ii) satisfies criteria (a) and (c) set forth above, any sale of an underlying stock of a Designated Index, which has a percentage weighting deviation that exceeds 10% of its weighting in the Designated Index provided that such underlying stock is not one of the stocks comprising the aggregate percentage that satisfy criterion (a), may be conducted on the same trading day that the Designated Index Arbitrage Transaction is effected

 - (ii) on the last trading day of a Stock Index Futures Contract Month, (a) the purchase of underlying stocks and the expiration of Stock Index Futures Contracts, including any sale of Stock Index Futures Contract, occur on the same business day; and (b) the value of the underlying stocks of the Designated Index that are purchased as part of the closing-out transaction does not exceed or fall below by more than 4% the notional value of the positions in the relevant HKFE Stock Index Futures Contract of the Designated Index Arbitrage Transaction.
