pl jot down my submission

topic - 反對 - 證券市場無紙化

the plan would only benefit those other than small investors

agents and unscrupulous listed co personnel can thus withhold vital info
to small investors

or make it difficult for small holders to obtain info

pl scrap the plan

give me yr tel no

regards

Consultation begins on operational model for scripless securities

please note and include my hereby objection to the scripless security standpoint in your consultation exercise

Hard copy is much more easier to read through and to retrieve
