Where there is insufficient space provided for your comments, please attach additional pages.

A. Transactions with persons connected with an issuer only by virtue of their relationship with the issuer's subsidiaries

1. Do you think that the definition of connected person should exclude persons connected by virtue of their relationship with an issuer's subsidiaries?

Yes

No

Please provide reasons for your views.

We strongly support the proposal to exclude connected persons at subsidiary level because those so called "Connected Persons" are in effect not "connected" to the listed issuer as such.

2. If your answer to question 1 is "Yes", do you agree that the proposed draft Rule amendments in Appendix I to the Consultation Paper will implement our proposal?

Yes

No

If your answer is "No", please provide reasons and alternative views.

3. On the basis that the definition of connected person will continue to include person connected at the subsidiary level, do you agree with the proposal to introduce an “insignificant subsidiary exemption” for connected transactions?

Yes

No

Please provide reasons for your views.

The proposal represents a more moderate approach which held to relieve the unduly burdensome requirements arising from the connected person at subsidiary level.

4. Based on your experience, do you think that the “insignificant subsidiary exemption” would be used by you (or for market practitioners, your clients)?

Yes

No

Please describe the circumstances and refer to Option 1 or 2.

Most of the connected transactions at subsidiary level previously announced by us would not have been subject to disclosure if the “insignificant subsidiary exemption” were applied at that time.

5. If your answer to question 3 is “Yes”, do you agree with

- (a) the proposed materiality threshold under (i) Option 1 or (ii) Option 2?

Yes (*please choose one of the following options*)

Option 1

Option 2

No

Please provide reasons for your views.

The 10% threshold would be more practicable and would smooth out exceptional fluctuation.

- (b) the proposed bases for assessing the significance of a subsidiary, i.e. the asset ratio, revenue ratio and the profits ratio?

Yes

No. The significance of a subsidiary should be determined by (*please specify*): _____

Please provide reasons for your views.

This is in line with the current rules.

- (c) the proposed additional safeguard to require the consideration ratio be less than 10% if an “insignificant” subsidiary concerned is itself a party to the transaction or its securities/assets are the subject of the transaction?

Yes

No

Please provide reasons for your views.

The consideration ratio also forms part of the current size test ratios.

- (d) the proposed mechanism for applying the exemption to continuing connected transactions described in paragraph 27 of the Consultation Paper?

Yes

No

Please provide reasons for your views.

It sounds reasonable.

6. If your answers to question 5 are "Yes", do you agree that the proposed draft Rule amendments in Appendix I to the Consultation Paper will implement our proposal?

Yes

No

If your answer is "No", please provide reasons and alternative views.

7. If you agree with Option 2, do you think that the definition of "major subsidiary" under Rule 13.25 should be amended to align with that in the "insignificant subsidiary exemption" if adopted?

Yes

No

Please provide reasons for your views.

The alignment of definition will eliminate confusion.

B. De minimis thresholds that trigger disclosure or shareholders' approval requirement for connected transactions

8. (a) For the exemption from independent shareholders' approval requirement, do you support the proposal to revise the percentage threshold to 5%? If your answer is "No", please specify the percentage threshold that you consider appropriate.

Yes

No. The percentage threshold should be (*please specify*): _____

Please provide reasons for your views.

It is in line with the international practice. This would strike the right balance between shareholder protection and administrative burden.

- (b) For the exemption from all reporting, announcement and independent shareholders' requirements, do you support the proposal to revise the percentage threshold to 1%? If your answer is "No", please specify the percentage threshold that you consider appropriate.

Yes

No. The percentage threshold should be (*please specify*): _____

Please provide reasons for your views.

It is in line with the international practice. This would strike the right balance between shareholder protection and administrative burden.

9. If your answer to question 8 is "Yes", do you agree that the proposed draft Rule amendments in Appendix I to the Consultation Paper will implement our proposal?

Yes

No

If your answer is "No", please provide reasons and alternative views.

10. Do you agree that a percentage threshold is sufficient to assess whether a connected transaction is eligible for the de minimis exemptions?

Yes

No

Please provide reasons for your views.

It is more realistic to use the percentage cap for assessing the materiality of a transaction as it is based on the perspective of the issuer.

11. Do you believe that an absolute monetary cap should also be imposed, irrespective of the percentage threshold test for de minimis exemptions? If your answer is yes, please specify the monetary cap that you consider appropriate for fully exempt connected transactions (the monetary cap for connected transactions exempt from independent shareholders' approval would be adjusted proportionately).

Yes. The monetary cap for fully exempt connected transactions should be:

- HK\$100 million
 HK\$200 million
 HK\$500 million
 HK\$1,000 million
 Other monetary cap (*please specify*): HK\$_____

No

C. Transactions that are revenue in nature and in the ordinary and usual course of business

Proposed exemption for revenue transactions with associates of a passive investor

13. Do you agree with the proposed exemption for revenue transactions with associates of a substantial shareholder who is a passive investor in the issuer group?

Yes

No

Please provide reasons for your views.

14. Do you think that the proposed exemption should also require the substantial shareholder be a passive investor in the relevant associate, for example, it is not involved in the management of the relevant associate?

Yes

No

Please provide reasons for your views.

They are passive in nature.

15. If your answer to question 13 is "Yes",

- (a) do you agree that the passive investor must be a sovereign fund or an authorised unit trust or mutual fund?
