Section III: Other issues

7. Are there any other issues regarding the Proposal to change trading hours that HKEx should consider?

- We fully support the proposed changes to the trading hours. We believe the proposed times will bring the HK exchange into line with other regional exchanges.
- Our concern would be if the exchange decided to extend the trading hours at the end of the day as this could impede our overnight batch run process.
- We would not be opposed to any extension of trading resulted in T+1 Clearing/Processing.
