

PART 2: QUESTIONS FOR RESPONSE

Please indicate your views by providing comments as appropriate. Where there is insufficient space, please use additional sheets of paper as necessary.

Section I: HKEx's Proposal

Change (A): Advance the morning continuous trading session (CTS) by 0.5 hours. The morning CTS of the securities and stock futures/options markets will open at 09:30 and close at 12:00; the index futures/options markets will open at 09:15 and close at 12:00 (i.e. our markets will open at the same time as the Mainland's in the morning).

Change (B): Advance the opening times of the afternoon CTS:

Option 1: the afternoon CTS of all markets will open at 13:00 resulting in a 1-hour lunch break from 12:00 to 13:00 (i.e. our markets will open at the same time as the Mainland's in the afternoon); or

Option 2: the afternoon CTS of all markets will open at 13:30 resulting in a 1.5-hour lunch break from 12:00 to 13:30 (i.e. our markets will open 0.5 hours later than the Mainland's in the afternoon).

1. Do you/your company support *Change (A) of the Proposal*, i.e. advance the morning CTS by 0.5 hours?

Yes, due to reason(s) stated below (multiple selection allowed):

- Better price discovery
- Enhanced compatibility with the Mainland
- Better service to investors
- Strengthened competitiveness
- Other reason(s), please specify:

No, due to reason(s) stated below (multiple selection allowed):

- System/operational issues
- Insufficient time to digest market news before market open
- Business commitments (e.g. morning briefings)
- Longer and earlier working hours
- Other reason(s), please specify:

Our system has to support not only HK stock, but also US/Canada Stocks, futures, derivatives settlement, margin calculation and printing of daily activity statements and there is only 4.5 hours between US/Canada market close to HK market opening. We are running short of time to produce report for salesmen and clients who handle global market trades.

2. Do you/your company support **Change (B) of the Proposal**, i.e. advance the opening times of the afternoon CTS?

Yes, due to reason(s) stated below (multiple selection allowed):

- Better price discovery
- Enhanced compatibility with the Mainland
- Better service to investors
- Strengthened competitiveness
- Other reason(s), please specify:

No, due to reason(s) stated below (multiple selection allowed):

- System/operational issues
- Insufficient time to digest market news before market open
- Business commitments (e.g. lunch meetings with clients)
- Change of lunch practice
- Other reason(s), please specify:

3. Which of the **two options of Change (B) of the Proposal** would you prefer:

- Option 1: the afternoon CTS of all markets will **open at 13:00 resulting in a 1-hour lunch break from 12:00 to 13:00** (i.e. our markets will open at the same time as the Mainland's in the afternoon)
- Option 2: the afternoon CTS of all markets will **open at 13:30 resulting in a 1.5-hour lunch break from 12:00 to 13:30** (i.e. our markets will open 0.5 hours later than the Mainland's in the afternoon)

Remarks: We offer multi market investment solutions and need to have more break time. e.g. Australian market close at 1pm HK time and European markets start trading at around 3:30pm Hong Kong Time.

4. **(For respondents representing your company's view)**

If Changes (A) and (B) in the Proposal are adopted, does your company need to prepare for implementation? How much **lead time** would be required?

Section II: Auction Sessions

No change in the auction sessions except that they will move along with the CTS as follows:

- Morning auction sessions for securities market and index futures/options markets will become 09:00 to 09:30 and 08:45 to 09:15 respectively; and
- Afternoon auction session for index futures/options markets will become 12:30 to 13:00 (Option 1) or 13:00 to 13:30 (Option 2).

5. If *Change (A)* is adopted, should the *morning auction sessions* remain 0.5 hours? If not, what is your/your company's suggestion? Please state reason(s).

We prefer auction time no earlier than 9:00 am and this may affect our staff shift hours.

6. If *Change (B)* is adopted, should the *afternoon auction session* remain 0.5 hours for Option 1 and Option 2? If not, what is your/your company's suggestion? Please state reason(s).

The change in afternoon section can be dealt with more easily.

Section III: Other issues

7. Are there any other issues regarding the Proposal to change trading hours that HKEX should consider?

1) Increase in revenue of HKEX is more related to market sentiment and China elements appealing to international investors rather than duration of trading hours.

2) We do not think matching the lunch break hours of China market is necessary as HK is an international finance center and large international clients have many means of investing in China market directly.

3) Having an extended trading section from 6:00pm – 9:00pm HK time may capture more business from Europe (late afternoon) and US/Canada (early morning). As international brokerage firm, we feel increasing trading hours to bridge the gap when no major global market opens is more meaningful.
