

PART 2: QUESTIONS FOR RESPONSE

Please indicate your views by providing comments as appropriate. Where there is insufficient space, please use additional sheets of paper as necessary.

Section I: HKEx's Proposal

Change (A): Advance the morning continuous trading session (CTS) by 0.5 hours. The morning CTS of the securities and stock futures/options markets will open at 09:30 and close at 12:00; the index futures/options markets will open at 09:15 and close at 12:00 (i.e. our markets will open at the same time as the Mainland's in the morning).

Change (B): Advance the opening times of the afternoon CTS:

Option 1: the afternoon CTS of all markets will open at 13:00 resulting in a 1-hour lunch break from 12:00 to 13:00 (i.e. our markets will open at the same time as the Mainland's in the afternoon); or

Option 2: the afternoon CTS of all markets will open at 13:30 resulting in a 1.5-hour lunch break from 12:00 to 13:30 (i.e. our markets will open 0.5 hours later than the Mainland's in the afternoon).

1. Do you/your company support *Change (A) of the Proposal*, i.e. advance the morning CTS by 0.5 hours?

Yes, due to reason(s) stated below (multiple selection allowed):

- Better price discovery
- Enhanced compatibility with the Mainland
- Better service to investors
- Strengthened competitiveness
- Other reason(s), please specify:

No, due to reason(s) stated below (multiple selection allowed):

- System/operational issues
- Insufficient time to digest market news before market open
- Business commitments (e.g. morning briefings)
- Longer and earlier working hours
- Other reason(s), please specify:

As we execute orders internationally, the adjusted closing/opening hours might crash with opening/closing hours of other markets, for example, the proposed 12pm close may collide with India open (11:45am).

2. Do you/your company support **Change (B) of the Proposal**, i.e. advance the opening times of the afternoon CTS?

Yes, due to reason(s) stated below (multiple selection allowed):

- Better price discovery
- Enhanced compatibility with the Mainland
- Better service to investors
- Strengthened competitiveness
- Other reason(s), please specify:

No, due to reason(s) stated below (multiple selection allowed):

- System/operational issues
- Insufficient time to digest market news before market open
- Business commitments (e.g. lunch meetings with clients)
- Change of lunch practice
- Other reason(s), please specify:

As we execute orders internationally, the adjusted closing/opening hours might crash with opening/closing hours of other markets, for example, the proposed 1:00pm or 1:30pm open may collide with Taiwan close (1:45pm) and Korea close (2:15pm). Additionally, if the lunch break is shorted to 1 or 1.5 hours, we would have limited time to handle ad hoc time consuming orders like roll contracts.

3. Which of the **two options of Change (B) of the Proposal** would you prefer:

- Option 1: the afternoon CTS of all markets will **open at 13:00 resulting in a 1-hour lunch break from 12:00 to 13:00** (i.e. our markets will open at the same time as the Mainland's in the afternoon)
- Option 2: the afternoon CTS of all markets will **open at 13:30 resulting in a 1.5-hour lunch break from 12:00 to 13:30** (i.e. our markets will open 0.5 hours later than the Mainland's in the afternoon)

Remarks: Neither option is preferable to us.

4. **(For respondents representing your company's view)**

If Changes (A) and (B) in the Proposal are adopted, does your company need to prepare for implementation? How much **lead time** would be required?

The Proposal does not have an impact on our infrastructure.

Section II: Auction Sessions

No change in the auction sessions except that they will move along with the CTS as follows:

- Morning auction sessions for securities market and index futures/options markets will become 09:00 to 09:30 and 08:45 to 09:15 respectively; and
- Afternoon auction session for index futures/options markets will become 12:30 to 13:00 (Option 1) or 13:00 to 13:30 (Option 2).

5. If *Change (A)* is adopted, should the *morning auction sessions* remain *0.5 hours*? If not, what is your/your company's suggestion? Please state reason(s).

We think the morning auction sessions should remain 0.5 hours.

6. If *Change (B)* is adopted, should the *afternoon auction session* remain *0.5 hours* for Option 1 and Option 2? If not, what is your/your company's suggestion? Please state reason(s).

We think the afternoon auction session should remain 0.5 hours.

Section III: Other issues

7. Are there any other issues regarding the Proposal to change trading hours that HKEx should consider?

If the opening hours are advanced, the HKEx might want to consider aligning the closing hours with the Mainland market; otherwise the HK opening hours might be too long.
