## Chapter V: Connected Transaction Requirements

### F. Compliance framework for continuing connected transactions (“CCTs”)

14. Do you consider that information provided to shareholders regarding CCTs conducted under framework agreements contains sufficient specificity, in particular as to the methods or procedures to determine pricing for investors to make informed decisions?

☒ Yes

☐ No

If your answer is “No”, please also state the information that you consider should be disclosed in announcements and circulars.

Please give reasons for your views.

**We consider that sufficient protection is given to investors by the combination of existing levels of disclosure, the fact that the transactions have to be on normal commercial terms (defined in the relevant rule as “terms which a party could obtain if the transaction were on an arms length basis or terms no less favourable to the group than terms available to or from independent third parties”) and the fact that this has to be confirmed annually by the INEDs. This is particularly the case where the provision of complex technical services makes it impracticable to give detailed pricing information. This applies for instance to aircraft maintenance services, the pricing of which is determined by reference to numerous complex technical factors, which vary by type of aircraft, component and technical standard involved and by type of service. Attempting to describe these factors in detail in disclosures to investors would result in particulars of excessive length and technicality which would not be of significant value to investors. In these circumstances, general references to the factors plus the annual normal commercial terms confirmations are sufficient and strike the right balance.**

15. Do you consider that the current Rules governing CCTs and market practice in relation to CCTs that are conducted under framework agreements are appropriate? Do they provide sufficient safeguards to ensure that the transactions will be on normal commercial terms and will not be prejudicial to the interests of the issuers and its minority shareholders?

☒ Yes

☐ No

Please give reasons for your views.

**Sufficient safeguards to ensure that continuing connected transactions will be on normal commercial terms are already provided by the annual review by the issuer’s independent non-executive directors as required under current Rule 14A.37 (proposed Rule 14A.56) and by the fact that it is undertaken in the context of the required auditor’s confirmation.**

## F(1) Written agreements

16. Do you agree with the proposal to codify the waiver practice to allow an issuer to obtain a shareholders' mandate (or a mandate from the board if the transactions is exempt from the shareholder approval requirement) in lieu of a framework agreement with the connected person?

☒ Yes

☐ No

If your answer is "No", please give reasons for your views.

**We take it, for the avoidance of doubt, that the use of shareholders' mandates will not exclude the use of framework agreements.**

17. If your answer to Question 16 is 'Yes':

- (a) Do you agree to limit the mandate period to not more than 3 years?

☐ Yes

☒ No

If your answer is "No", please give reasons for your views.

**We see no reason why, in circumstances where this would be appropriate in the case of framework agreements (and the relevant confirmations are accordingly given), the mandate period should not exceed three years. For example, in capital intensive industries, the relevant period should cover the depreciation period of capital equipment.**

- (b) Do you agree with the waiver conditions described in paragraph 151 of the Consultation Paper?

☒ Yes

☐ No

If your answer is "No", please give reasons for your views.

## **F(2) Annual cap**

## **G(2) Termination of option**

21. For any termination of an option involving a connected person:

- (a) Do you agree with the proposal described in paragraph 170 of the Consultation Paper to classify the termination as if the option is exercised unless the issuer has no discretion over the termination?

☒ Yes

☐ No

If your answer is “No”, please give reasons for your views.

- (b) Do you agree that the proposed alternative classification Rules described in paragraph 166 of the Consultation Paper should also apply to the termination?

☒ Yes

☐ No

If your answer is “No”, please give reasons for your views.

## **H. Minor changes to clarify the requirements relating to independent advice on connected transactions**

☒ Yes

☐ No

If your answer is “No”, please give reasons for your views.

### I. De minimis exemptions

23. Do you agree that we should retain the monetary limit of HK\$1 million for fully exempt connected transactions?

☒ No

☐ HK\$2 million

☐ HK\$3 million

☐ HK\$4 million

☒ Yes

☐ No

If your answer is “No”, please give reasons for your views.

**K. Exemption for provision of director’s indemnity**

26. Do you agree with the proposal described in paragraph 183 of the Consultation Paper to exempt an issuer granting indemnity to a director against liabilities that may be incurred in the course of the director performing his duties, if it does not contravene any law of the issuer’s place of incorporation?

☒ Yes

☐ No

If your answer is “No”, please give reasons for your views.

27. Do you agree with the proposal described in paragraph 186 of the Consultation Paper to exempt an issuer purchasing and maintaining insurance for a director against liabilities to third parties that may be incurred in the course of performing his duties, if it does not contravene any law of the issuer’s place of incorporation?
