Chapter IV: Scope of Connected Persons and Connected Transactions

Part 1 – Scope of connected persons

A. Definition of connected person

A(1) Connected persons at the issuer level

- 4. Do you agree that there is no need to extend the definition of connected person to the key management personnel of an issuer's controlling shareholder/holding company?
 - Yes Yes

No No

If your answer is "No", please give reasons for your views.

A(2) Connected persons at the subsidiary level

- 5. Do you support:
 - (a) the proposal described in paragraph 90(a) of the Consultation Paper to require transactions with persons connected only at the subsidiary level be subject to the approval of the issuer's board members (including independent non-executive directors) who do not have a material interest in the transaction, instead of the approval of shareholders, and disclosed to the shareholders?

No

Without derogation of the support for the proposal, we have member views that the requirements for independent board approval and shareholders' disclosures may not be necessary in line with the views and conclusions under paragraphs 82, 85 and 87-89 of the Consultation Paper, and based on connected persons at subsidiary level not being in a position of undue influence to the issuer and limitations of potential abuse by reason of parent control over the subsidiary. Thus, there is lack of clear benefit for the requirements.

(b) the proposal described in paragraph 90(b) of the Consultation Paper to exempt all transactions between the issuer group and connected persons at the subsidiary level, other than transactions between a subsidiary (or any subsidiary below it) and the person connected with that subsidiary?

No

If your answer is "No", please give reasons for your views.

6. Do you agree with the proposal to introduce principle-based tests described in paragraph 95 of the Consultation Paper for deeming a person as connected?

Yes Yes

No No

If your answer is "No", please give reasons for your views.

The proposal is generally acceptable subject to a clear definition as to who are to be deemed connected persons set forth under a list to provide practical guidance to listed issuers and our members involved in day-to-day dealings with such issues.

C. Exceptions to the definition of connected person

C(1) Insignificant subsidiary exemption (if persons connected at the subsidiary level are not excluded from the definition of connected person)

7. Do you agree with the proposal described in paragraph 100 of the Consultation Paper to exempt all persons connected only because of its relationship with the issuer's insignificant subsidiaries?

Yes Yes

No No

If your answer is "No", please give reasons for your reviews.

Without derogation of the support for the proposal, we have member views that it may be appropriate to consider extending the exemption to all persons connected because of its relationship with any subsidiary. Please also refer to the comments to 5(a) above.

C(2) Exemption for trustee interests

8. Do you agree with the proposal described in paragraph 105 of the Consultation Paper to exclude from the definition of associate any trustee of an employee share scheme or occupational pension scheme if the connected persons' interests in the scheme are less than 10%?

No No

If your answer is "No", please give reasons for your views.

C(3) Exemption for connected person holding an interest in an associate through the issuer

9. Do you agree with the proposal described in paragraph 110 of the Consultation Paper to clarify that the exemption in Note 1 to Rule 14A.11(4) (paragraph 9 of the Guide) would apply if the connected person and his associate's interests in the entity (other than those held through the issuer) are less than 10%?

Part 2 – Scope of connected transactions

No No

If your answer is "No", please give reasons for your views.

12. Do you agree with the proposal described in paragraph 131(b) of the Consultation Paper to exclude disposals of interests in target companies from Paragraph (i) of Rule 14A.13(1)(b) (paragraphs 27 to 29 of the Guide)?

No No

13. Do you agree with the proposal described in paragraph 131(c) of the Consultation Paper to remove Paragraphs (ii) to (iv) of Rule 14A.13(1)(b) (paragraphs 31 and 32 of the Guide)?

Yes Yes

If your answer is "No", please give reasons for your views.

Chapter V: Connected Transaction Requirements

F. Compliance framework for continuing connected transactions ("CCTs")

14. Do you consider that information provided to shareholders regarding CCTs conducted under framework agreements contains sufficient specificity, in particular as to the methods or procedures to determine pricing for investors to make informed decisions?

No No

If your answer is "No", please also state the information that you consider should be disclosed in announcements and circulars.

Please give reasons for your views.

We consider that sufficient protection is given to investors by the combination of existing levels of disclosure, the fact that the transactions have to be on normal commercial terms (defined in the relevant rule as "terms which a party could obtain if the transaction were on an arms-length basis or terms no less favourable to the group than terms available to or from independent third parties") and the fact that this has to be confirmed annually by the INEDs. In these circumstances, general references to the factors plus the annual normal commercial terms confirmations are sufficient and strike the right balance.

15. Do you consider that the current Rules governing CCTs and market practice in relation to CCTs that are conducted under framework agreements are appropriate? Do they provide sufficient safeguards to ensure that the transactions will be on normal commercial terms and will not be prejudicial to the interests of the issuers and its minority shareholders?

Please give reasons for your views.

Sufficient safeguards to ensure that continuing connected transactions will be on normal commercial terms are already provided by the annual review by the issuer's independent non-executive directors as required under current Rule 14A.37 (proposed Rule 14A.56) and by the fact that it is undertaken in the context of the required auditor's confirmation.

F(1) Written agreements

16. Do you agree with the proposal to codify the waiver practice to allow an issuer to obtain a shareholders' mandate (or a mandate from the board if the transactions is exempt from the shareholder approval requirement) in lieu of a framework agreement with the connected person?

No No

If your answer is "No", please give reasons for your views.

We take it, for the avoidance of doubt, that the use of shareholders' mandates will not exclude the use of framework agreements.

- 17. If your answer to Question 16 is 'Yes':
 - (a) Do you agree to limit the mandate period to not more than 3 years?

] No

If your answer is "No", please give reasons for your views.

We have different views from our members, ranging from the proposal being agreeable as the limitation relates to a special type situation to other views that even under such circumstance, there should be tying in with the underlying economics of the transaction, where longer, for example, asset and facilities depreciation periods may extend to beyond three years. We will ascribe to market consensus from the consultation process.

(b) Do you agree with the waiver conditions described in paragraph 151 of the Consultation Paper?

Yes Yes

| No

If your answer is "No", please give reasons for your views.

F(2) Annual cap

No No

If your answer is "No", please give reasons for your views.

F(3) Auditors' confirmation letter

If your answer is "No", please give reasons for your views.

G. Requirements for connected transactions involving option arrangements

 - Yes Yes
 - No No

If your answer is "No", please give reasons for your views.

G(2) Termination of option

- 21. For any termination of an option involving a connected person:
 - (a) Do you agree with the proposal described in paragraph 170 of the Consultation Paper to classify the termination as if the option is exercised unless the issuer has no discretion over the termination?

] No

If your answer is "No", please give reasons for your views.

- (b) Do you agree that the proposed alternative classification Rules described in paragraph 166 of the Consultation Paper should also apply to the termination?
 - Yes

H. Minor changes to clarify the requirements relating to independent advice on connected transactions

- 22. Do you agree with the proposed Rule change to clarify that the independent board committee also needs to advise whether the connected transaction is on normal commercial terms and in the issuer's ordinary and usual course of business?
 - Yes Yes
 - No No

If your answer is "No", please give reasons for your views.

Chapter VI: Exemptions for Connected Transactions

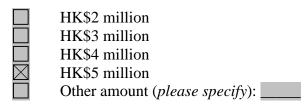

I. De minimis exemptions

23. Do you agree that we should retain the monetary limit of HK\$1 million for fully exempt connected transactions?

If your answer is "No", do you think that the limit should be increased to HK\$2 million, HK\$3 million, HK\$4 million, HK\$5 million, or some other amount (*please specify with reasons*)?

Please give reasons for your views.

The monetary limit was set some time ago and HK\$1million should be raised on account of inflation and general business needs.

24. Do you agree that we should retain the monetary limit of HK\$10 million for connected transactions exempt from the shareholder approval requirements?

	Yes
--	-----

No. The appropriate limit should be (*please specify*): <u>HK\$50 million</u>

Please see our response to Question 23.

If your answer is "No", please give reasons for your views.

27. Do you agree with the proposal described in paragraph 186 of the Consultation Paper to exempt an issuer purchasing and maintaining insurance for a director against liabilities to third parties that may be incurred in the course of performing his duties, if it does not contravene any law of the issuer's place of incorporation?

\ge	Yes

If your answer is "No", please give reasons for your views.

28. Do you have any other comments or suggestions relating to the connected transaction Rules?

	Yes
--	-----

\square	No

If your answer is "Yes", please elaborate your views.
