Re：Consultation Paper on Review of the ESG Reporting Guide
In response to the Hong Kong Stock Exchange＇s（HKEx）request to respond to the above consultation paper，please find attached the MTR Corporation Ltd＇s response．

We fully support the direction that HKEx is taking on ESG reporting，by upgrading the requirement of some parameters and indicators to＂comply or explain＂．We also welcome the flexibility that the HKEx has incorporated，which will allow companies to decide which aspects to report on，with particular emphasis on the need to report on aspects that are material to the company．We continue to support this thinking as it allows companies to focus on issues that are significant to their operations and are aligned with their businesses．

If you or your team have any questions regarding our response，please do not hesitate to contact me or our Sustainability Manager，Janice Lao at

With kind regards

Gill Meller
Legal Director and Secretary
