8. In relation to proposed CP C.2.4, do you agree with our proposal to upgrade the existing recommendation that issuers disclose their procedures and internal controls for handling and disseminating inside information (Section S., paragraph (a)(ii)), and amend it to include the handling of “other regulatory compliance risks”?

Yes

No

Please give reasons for your views.

We agree with the proposal to upgrade the existing recommendation that issuers should disclose their procedures and internal controls for handling and disseminating inside information (existing Section S, paragraph (a)(ii)), but we have concerns in relation to including the disclosure of procedures and internal controls for handling of “other regulatory compliance risks”.

The consultation document does not define “other regulatory compliance risks” leaving companies with some degree of uncertainty and exposure around what does or does not require disclosure. Whilst we see the benefit for shareholders and other stakeholders of disclosing internal controls and procedures on specific matters, we question the benefit of such a broad definition, which may lead to boiler plate disclosures. We would suggest that “other regulatory compliance risks” is made less generic or further details guidance accompanies the proposed CP C.2.4(e) provision in order that companies can make meaningful disclosures.

9. Do you agree with our proposal to upgrade to Mandatory Disclosures the following existing Recommended Disclosures in relation to internal controls (Section S.):

- (a) whether the issuer has an internal audit function;
- (b) how often the risk management and internal control systems are reviewed, the period covered, and where an issuer has not conducted a review during the year, an explanation why not;
- (c) a statement that a review of the effectiveness of the risk management and internal control systems has been conducted and whether the issuer considers them effective and adequate; and
- (d) significant views or proposals put forward by the audit committee?

Yes

No

Please give reasons for your views.

We agree with the reasons set out in paragraph 71 of the Consultation Paper.

10. Do you agree with our proposal to move the existing recommendation that issuers disclose details of any significant areas of concern (Section S., paragraph (a)(ix)) to a new RBP C.2.7, and to amend the provision to widen its application by removing the reference to areas of concern “which may affect shareholders”?

Yes

No

Please give reasons for your views.

The proposed amendment clarifies the disclosure requirements.

11. Do you agree with our proposal to remove RBP C.2.5, which states that issuers should ensure their disclosures provide meaningful information and do not give a misleading impression?

Yes

No

Please give reasons for your views.

We agree with the reasons set out in paragraph 76 of the Consultation Paper.

12. Do you agree with our proposals to remove the recommendations that issuers include in their Corporate Governance Reports:

(a) an explanation of how the internal control system has been defined for them (Section S., paragraph (a)(i)); and

(b) the directors' criteria for assessing the effectiveness of the internal control system (Section S., paragraph (a)(vii))?

Yes

No

Please give reasons for your views.

The proposals clarify the disclosure requirements.

13. Do you agree with our proposal to upgrade RBP C.2.6 to a CP (re-numbered C.2.5) and amend it to state that an issuer should have an internal audit function, and issuers without an internal audit function should review the need for one on an annual basis and disclose the reasons for the absence of such function in the Corporate Governance Report? Is the intention of the proposed wording sufficiently clear?

Yes

No

Please give reasons for your views.

We agree with the reasons set out in paragraphs 79 to 86 of the Consultation Paper.

14. Do you agree with our proposal to introduce new Notes to the proposed CP C.2.5 to clarify that:

(a) the role of the internal audit function is to carry out the analysis and independent appraisal of the adequacy and effectiveness of an issuer's risk management and internal control systems; and

(b) a group with multiple listed issuers may share group resources of the holding company to carry out the internal audit function for members of the group?

Yes

No

Is the intention of the proposed wording sufficiently clear? Please give reasons for your views.

15. Do you agree with our proposal to amend the existing CP C.2.2 to state that the board's annual review should ensure the adequacy of resources, staff qualifications and experience, training programmes and budget of the issuer's internal audit function (in addition to its accounting and financial reporting functions)?

Yes

No

Please give reasons for your views.

We agree with the reasons set out in paragraph 90 of the Consultation Paper.

16. Do you agree with our proposal to amend Principle C.3 in respect of audit committees and CP C.3.3 in respect of their terms of reference to incorporate “risk management” where appropriate?

Yes

No

Please give reasons for your views.

We agree with the reasons set out in paragraphs 94 to 101 of the Consultation Paper.

17. Do you agree that the matter of establishing a separate board risk committee should be left to issuers to decide in accordance with their own circumstances?

Yes

No

Please give reasons for your views.

We agree. Committee proliferation would create silos and interfacing issues and not necessarily effective if the board’s size is relatively small and sufficient time is provided to the full board to review the risk issues.

18. What would be an appropriate period of time between the publication of the consultation conclusions and the implementation of the amendments set out in the Consultation Paper?

- Six months
- Nine months
- 12 months
- Others (please specify:)

Please give reasons for your views.

We are ready to comply within six months, though we have no objection if a longer period for implementation is granted.
