Subject: Oppose the proposed new Note 3 to Listing Rules 3.28 for a general waiver

WARNING: External email, please exercise caution.

Dear Sirs

I am writing to strongly oppose the proposed new Note 3 to Listing Rules 3.28 for a general waiver.

An unqualified person to become a company secretary with hand-holding by a qualified company secretary for up to 3 years is ridiculous.

Such proposal will not only ruin the reputation of Hong Kong but also the entire Chartered Secretaries who are serving the listed and private companies.

Please treasure the reputation of Hong Kong as a renowned international finance centre. It has been established by the efforts of different professionals, who gained professional knowledge and behaved in accordance with the code of conduct under their associated professional bodies.

Please kindly consider to discard the proposed new Note 3 to Listing Rules 3.28.

Regards

Lee Yuk Wah, ACIS, ACS
