We encourage you to read all of the following questions before responding.

1. We propose to amend the existing threshold for imposing a PII Statement and to make it clear that a PII Statement can be made whether or not an individual continues in office at the time of the PII Statement. Do you agree?

Yes

No

If your answer to the above question is “no”, please provide reasons for your views.

We have no objection to the changes which are proposed in relation to PII Statements or to the introduction and consequences of director unsuitability statements. We would request the Exchange to maintain a public database of persons subject to such statements. This would enable listed issuers and applicants for listing to check these persons, particularly as their status can depend on conditions being met.

2. We propose to extend the scope of a PII Statement to include directors and senior management of the relevant listed issuer and any of its subsidiaries. Do you agree?

Yes

No

If your answer to the above question is “no”, please provide reasons for your views.

3. We propose to enhance follow-on actions where an individual continues to be a director or senior management member of the named listed issuer after a PII Statement has been made against him. Do you agree?

Yes

No

If your answer to the above question is “no”, please provide reasons for your views.

4. We propose that, after a PII Statement with follow-on actions has been made against an individual, the named listed issuer must include a reference to the PII Statement in all its announcements and corporate communications unless and until that individual is no longer its director or senior management member. Do you agree?

Yes

No

If your answer to the above question is “no”, please provide reasons for your views.

5. We propose to extend the current express scope of disclosure in listing applicants’ listing documents and listed issuers’ annual reports in respect of their directors and members of senior management (current and/or proposed, as the case may be) by requiring provision of full particulars of any public sanctions made against those individuals. Do you agree?

Yes

No

If your answer to the above question is “no”, please provide reasons for your views.

6. We propose to remove the existing threshold for ordering the denial of facilities of the market. Do you agree?

Yes

No

If your answer to the above question is “no”, please provide reasons for your views.

7. We propose to include fulfilment of specified conditions in respect of the denial of facilities of the market. Do you agree?

Yes

No

If your answer to the above question is “no”, please provide reasons for your views.

8. We propose to introduce the Director Unsuitability Statement as a new sanction. Do you agree?

Yes

No

If your answer to the above question is “no”, please provide reasons for your views.

9. We propose that the follow-on actions and publication requirement in respect of PII Statements also apply to Director Unsuitability Statements. Do you agree?

Yes

No

If your answer to the above question is “no”, please provide reasons for your views.

10. We propose to impose secondary liability on Relevant Parties if they have ‘caused by action or omission or knowingly participated in a contravention of the Listing Rules’. Do you agree?

Yes

No

If your answer to the above question is “no”, please provide reasons for your views.

We do not agree with liability being imposed for omissions. This would be contrary to the general legal principle that a person can only be liable for omitting to do something if the person has a positive duty to do that thing. We object in particular to liability being imposed on substantial shareholders. As a matter of general law, shareholders do not owe duties to the companies of which they are shareholders. We do not think it right that the listing rules should impose such a duty when the general law does not. A substantial but not controlling shareholder of a listed company is unlikely in any event to be able do anything about a breach of the listing rules by the listed company. It would also be particularly unfair for one substantial shareholder to be liable for omitting to do something which would cure a breach of the listing rules caused by another substantial shareholder. This might arise where a shareholder caused a breach of the public float rules by becoming a substantial shareholder and another substantial shareholder (for perfectly understandable commercial reasons) declined to cure the breach by selling shares.

11. We propose to include an explicit provision permitting the imposition of a sanction in circumstances where there has been a failure to comply with a requirement imposed by the Listing Division, the Listing Committee or the Listing Review Committee of the Exchange. Do you agree?

Yes

No

If your answer to the above question is “no”, please provide reasons for your views.

12. We propose that sanctions may be imposed on all Relevant Parties through secondary liability where a party has failed to comply with a requirement imposed by the Listing Division, the Listing Committee or the Listing Review Committee. Do you agree?

Yes

No

If your answer to the above question is “no”, please provide reasons for your views.

13. We propose to explicitly provide in the Rules the obligation to provide complete, accurate and up-to-date information when interacting with the Exchange in respect of its enquiries or investigations. Do you agree?

Yes

No

If your answer to the above question is “no”, please provide reasons for your views.

We have answered no because we are not sure whether the intention is to confer by the back door on the Exchange the power to require responses to enquiries or investigations. We do not believe that a non-statutory body should have such power, particularly without the kind of safeguards which would be in place where a statutory body is granted such a power. If the intention is simply that, where a person chooses to respond to enquiries or investigations by the Exchange, the person should provide complete, accurate and up to date information, we would not object. We suggest that the wording of the proposed new rule is revised so as to make this clear and also so as to refer appropriately to the proviso relating to professional advisers in 107 of the consultation paper.

14. Do you agree with the proposed definition of ‘senior management’?

Yes

No

If your answer to the above question is “no”, please provide reasons for your views.

We think that the category of persons in 115(b) of the consultation paper is too broad and imprecise. We would not object to extending the category of persons in (a) to include executive directors.

15. We propose to include employees of professional advisers of listed issuers and their subsidiaries as a Relevant Party under the Rules. Do you agree?

Yes

No

If your answer to the above question is “no”, please provide reasons for your views.

16. We propose to include guarantors of structured products as a Relevant Party under the Rules. Do you agree?

Yes

No

If your answer to the above question is “no”, please provide reasons for your views.

17. We propose to include guarantors for an issue of debt securities as a Relevant Party under the MB Rules. Do you agree?

Yes

No

If your answer to the above question is “no”, please provide reasons for your views.

18. We propose to include parties who give an undertaking to, or enter into an agreement with, the Exchange as Relevant Parties under the Rules. Do you agree?

Yes

No

If your answer to the above question is “no”, please provide reasons for your views.

19. We propose to extend the ban on professional advisers to cover banning of representation of any or a specified party. Do you agree?

Yes

No
