If your answer is "No", please give reasons for your views.

No

If your answer is "No", please give reasons for your views.

(b) Do you agree with the proposal to extend the aggregation period from 24 months to 36 months under the bright line test currently set out in Rule 14.06(6)(b)?

5. (a) Do you agree with the proposed changes to Rule 14.92 (proposed Rule 14.06E) as described in paragraph 56 of the Consultation Paper?

Yes

No

If your answer is "No", please give reasons for your views.

We consider that, to prevent any circumvention of this restriction, the proposed restriction should include any material disposal (or distribution in specie) of existing assets of the listed issuer and should cover a series of disposals rather than only "a" material disposal.

(b) Do you agree with the proposal to add a Note to proposed Rule 14.06E as described in paragraph 59 of the Consultation Paper?

Yes

No

If your answer is "No", please give reasons for your views.

Please refer to our views in 5(a).

6. (a) Do you agree with the proposal to add a new Rule 14.06C for "extreme transactions" as described in paragraph 62 of the Consultation Paper?

Yes

No

If your answer is "No", please give reasons for your views.

According to the proposed rule 14.06C, a transaction is only considered as an extreme transaction if the listed issuer can demonstrate to the satisfaction of the Exchange that the subject transaction is not an attempt to circumvent the requirements for new applicants set out in Chapter 8 of the Listing Rules. As such, it already provides high discretion to the Exchange to determine if a transaction is an 'extreme transaction' and to prevent any circumvention of the new listing requirements.

The new additional requirements listed in (a) or (b) under Rule 14.06C (1) are unduly burdensome and are considered unnecessary.

We are of the view that these additional requirements create unfairness and skew towards only large enterprises, and are therefore against the level playing field principle. We would also like to clarify how the general guidance of "revenue or total asset value of HK\$1 billion or more" for "a principal business with substantial size" is determined under paragraph 64 of the Consultation Paper as it seems to be more stringent than the current new listing requirements.

- (b) Do you agree with the disclosure requirements for circulars of extreme transactions set out in proposed Rules 14.53A(1) and 14.69?

Yes

No

If your answer is "No", please give reasons for your views.

- (c) Do you agree with the due diligence requirements for extreme transactions under proposed Rule 14.53A(2)?

Yes

No

If your answer is "No", please give reasons for your views.

7. (a) Do you agree with the proposal to amend Rule 14.54 and to add Rule 14.06C(2) as described in paragraph 69(i) of the Consultation Paper?

Yes

No

If your answer is "No", please give reasons for your views.

- (b) Do you agree with the proposal to amend Rule 14.54 to impose additional requirements on RTOs proposed by Rule 13.24 issuers as described in paragraph 69(ii) of the Consultation Paper?

Yes

No

If your answer is "No", please give reasons for your views.

The proposed additional requirement described in paragraph 69(ii) is too stringent and will have an unintended effect of hindering any rescue plan for loss making companies.

8. (a) Do you agree with the proposed Rule 14.57A to clarify the track record requirements for extreme transactions and RTOs that involve a series of transactions and/or arrangements?

Yes

No

If your answer is "No", please give reasons for your views.

(b) Do you agree with the proposed Rule 4.30 that sets out the requirements for preparing pro forma income statement of all the acquisition targets in the entire series of acquisitions (where applicable, would include any new business developed by the issuer that forms part of the series) for the track record period?

Yes

No

If your answer is "No", please give reasons for your views.

We consider that the preparation of pro forma income statements as well as the requirement for an accountants' reports under the proposed Rule 4.30 may not be practically feasible given the following complexities:

- it may be practically difficult to differentiate the results of any "new business" developed by the issuer, in particular, when it may not be possible to carve out the new business segment from existing business with generic organic growth

- it may be impractical to produce pro forma income statements for the past three years with meaningful information especially for situations involving step acquisitions, investees having different accounting policies, financial year ends and valuation methods

- some completed acquisitions that form part of the series of arrangement may have been concluded without an accountants' report at the time of the acquisition, and there may be practical difficulty to produce an accountants' report covering the pre-acquisition periods given the time lapse post-completion

We agree that information transparency is of paramount importance. However, we are of the view that disclosure of meaningful information is also critical. As such, the costs and benefits of the proposed requirement will need to be considered.

Yes

No

If your answer is "No", please give reasons for your views.

Yes

No

If your answer is "No", please give reasons for your views.

16. Do you agree with the proposal to require issuers to disclose in their annual reports details of each securities investment that represents 5% or more of their total assets (as described in paragraph 134 of the Consultation Paper)?

17. Do you agree with the proposal to codify the requirements set out in Listing Decision LD75-4 (as described in paragraph 137 of the Consultation Paper) for significant distribution in specie of unlisted assets into the Rules?

Yes

No

If your answer is "No", please give reasons for your views.
