I agree with the submission of Webb-site.com.

As a very small investor by local standards having suffered many of the financial indignities covered above I emphatically support the responses submitted. Who gains from the monopoly position of HKEX beyond their shareholders and the parasites who exploit the varied loopholes created by the monopolist I know not.

I am driven to wonder if it were better we revert to a version of the previous ignominious multi-exchange system provided it allowed each exchange full reign to serve any or all of the varied sections of the market.

Keep on plugging away

Peter
