

05.09.2016

ICI Global welcomes the collaborative effort of the Securities and Futures Commission (SFC) and Hong Kong Exchanges and Clearing Limited (HKEx) on the proposed enhancements to the listing regulation in Hong Kong. The proposal aims to further clarify and simplify the process for reviewing and approving listing applications, so they can be vetted and approved more efficiently. We applaud these goals. We hope that the new listing structure will improve the overall quality and transparency of the listing process, strengthening investor protection.
