Subject: 有關建議改善聯交所的上市監管決策及管治架構 的諮詢文件

To whom may concern:

I am an investor under your jurisdiction. I certainly hope that the listed companies will have a restrict regulation. And the obligation will place extra emphasis on protecting small investors. Hong Kong equity market needs more liquidity. And we certainly do not want to disappoint millions of investor from mainland of China. It is the time to change for the good of business.

best regards!
