ANNEX 3

SUMMARY OF QUESTIONS

ACCEPTABLE SPONSOR FIRMS

(Paragraphs 50 to 52 of Part B of the Consultation Paper)

We propose that to be eligible to act as a sponsor to a new applicant or a listed issuer, the firm is required to be accepted by the Exchange for such purposes and admitted to a list of acceptable sponsors maintained by the Exchange. The Exchange may refuse an application as a sponsor or cancel a sponsor's admission to the list if the Exchange considers that the sponsor or applicant does not satisfy the criteria established in order for the firm to be included on the list of acceptable sponsors maintained by the Exchange. We propose that all first instance decisions in relation to eligibility on application; on-going eligibility and independence of a sponsor should be made by the Listing Division and subject to review, if-necessary, by the Listing Committee.

Competence and experience of the sponsor and IFA firms (Paragraphs 60 to 66, 73 and 79 of Part B of the Consultation Paper)

We propose to merge the requirements relating to qualification and experience criteria for Principal Supervisors and Assistant Supervisors into a single new category called "eligible supervisors". We also propose to recognize overseas experience derived from recognized overseas exchanges (such as NYSE, NASDAQ, SGX, ASX, London Stock Exchange and Toronto Stock Exchange) for the purposes of assessment of individuals. Accordingly, the experience requirement of the four eligible supervisors required in each sponsor firm is proposed to be as follows:

must have a minimum of 4 years of relevant corporate finance advisory experience derived in respect of companies listed on recognized stock exchanges or from other channels, such as corporate finance experience gained from employment with an issuer listed on the Exchange;

substantive involvement in at least 3 significant transactions, which have been a completed. At least one of those transactions must be in respect of a company listed on the Exchange. At least one transaction must have been an IPO and at least one of the transactions must have been completed within the previous two years. These requirements will be on-going requirements.

A substantive role means a role as a member of the sponsor firm's core transaction team in delivering or managing the delivery of one or more of the major components of due diligence work undertaken in respect of an engagement.

The definition of "significant transactions" is proposed to include: (i) IPOs; (ii) very substantial acquisitions or disposals (or their equivalent under the rules applicable to listing on other recognised stock exchanges); (iii) major transactions (or their equivalent under the rules applicable to listing on other recognised stock exchanges); (iv) connected and major transactions (or their equivalent under the rules applicable to listing on other recognised stock exchanges); (v) a rights issue or open offer by a listed company (or their equivalent under the rules applicable to listing on other recognised stock exchanges); and (vi) takeovers subject to the Takeover Code (or its equivalent in other recognised jurisdictions). Guidance will be provided to clarify that transactions involving the production of an exempt listing documents and the listing of investment companies will not be regarded as significant transactions.

We propose that the qualification and experience criteria for the two IFA eligible supervisors in an IFA firm be the same as for sponsor eligible supervisors save for the one IPO transaction experience requirement.

Other factors relevant to the eligibility criteria (Paragraphs 80 to 81 and 86 to 94 of Part B of the Consultation Paper)

We propose to retain discretion for the Exchange to refuse or cancel a sponsor's acceptance. The Exchange may ask a sponsor or prospective sponsor to provide further information during the assessment of their application. To provide clarity about the circumstances in which the Exchange may consider exercising this discretion we will publish details of the factors we will take into account in making an evaluation. The proposed factors include the following:

- The eligibility criteria requirements, including minimum capital, number of eligible supervisors, experience of individual eligible supervisors, are not met;
- The applicant is unable to satisfy the Exchange that it will be able to discharge the obligations in paragraph 7 of the proposed Code of Conduct for Sponsors and Independent Financial Advisers (these obligations include having effective supervisory, monitoring and reporting controls, an effective compliance function, adequate competence, professional expertise and human and technical resources and maintaining proper books and records);
- Current suspension or revocation of regulatory status (including where this is self-imposed as a result of settlement); and
- Suspension or revocation of regulatory status (including where this is self-imposed as a result of settlement) that has expired but in relation to which, the applicant is unable to satisfy the Exchange that appropriate and sufficient remedial steps have been taken.

We propose that the same factors be taken into account in determining the acceptability of IFAs as are taken into account for sponsors, save for the minimum capital adequacy requirement.

Undertakings to the Exchange

(Paragraphs 95 to 97 of Part B of the Consultation Paper)

We propose that each of the sponsors and IFAs seeking to be admitted to the list of Sponsors or list of IFAs be required to declare that the contents of its application to be admitted to the list is true and does not omit any material fact. We also propose that each of the sponsors and IFAs seeking to be admitted to the list must sign an undertaking to the Exchange to comply with the relevant Listing Rules applicable to sponsors or IFAs, including the proposed Code of Conduct for Sponsors and Independent Financial Advisers; and to assist the Exchange with investigations, including by producing documents and answering questions fully and truthfully. Furthermore, we propose that eligible supervisors be required to provide the Exchange with a written undertaking in similar terms to that provided by sponsors firms and IFA firms. This will include an obligation to comply with the Listing Rules and the proposed-Code of Conduct for Sponsors and Independent Financial Advisers. The proposed Code of Conduct for Sponsors and Independent Financial Advisers includes an obligation that the eligible supervisors and directors of sponsor firms and IFA firms use their best endeavours to ensure the sponsor firm or IFA firm complies with its obligations under the Listing Rules and the proposed Code of Conduct for Sponsors and Independent Financial Advisers. A breach of the undertaking will be deemed to be a breach of the Listing Rules and will be subject to disciplinary action.

APPOINTMENT

(Paragraphs 98 to 113 of Part B of the Consultation Paper)

We propose to retain the requirement that new applicants (including deemed new applicants) will be required to appoint a sponsor to assist them through the application process.

After the new applicant is listed, we propose that:

- (a) For Main Board: the new applicant must appoint a sponsor firm as a financial adviser for a period ending on publication of the financial results for the first full financial year after the listing.
- (b) For GEM: the new applicant must appoint as sponsor firm as a financial adviser for at least the remainder of the financial year during which the listing occurs and the 2 financial years thereafter (i.e. we propose to retain the period stipulated in the existing GEM Listing Rules).

The issuer will not be obliged to appoint the same sponsor firm who handled their IPO. During this period, the issuer will be obliged to seek, on a timely basis, advice from the sponsor in relation to a number of prescribed events. The prescribed circumstances and services are proposed to include the publication of any regulatory announcement; publication of any circular or financial report; where a notifiable transaction (connected or otherwise) is contemplated including share issues and share repurchases; and monitoring the use of the proceeds and adherence to the business plans as detailed in the prospectus.

familieial advister

We also propose to retain the discretion to direct an issuer to appoint a sponsor firm to provide it with advice for any period it specifies. This discretion may be used in the event of a breach of the Listing Rules or investigation of a possible breach of the Listing Rules.

We also propose to retain the requirement that listed issuers are required to appoint an IFA in relation to connected party transactions that require any shareholders to abstain from voting and transactions or arrangements that require controlling shareholders to abstain form voting. We will clarify that an IFA must be a firm either on the list of acceptable Sponsors or list of acceptable IFAs.

INDEPENDENCE

(Paragraphs 114 to 123 of Part B of the Consultation Paper)

We propose that a sponsor must not act for any new applicant or listed issuer, whether as a sponsor or joint sponsor, from which it is not independent. The Exchange will expect a sponsor to consider a broad range of factors that might impact on its ability to act independently of an issuer. Some of these factors are considered below, but sponsors should note that this list of factors of when a sponsor will not be regarded as independent is not exhaustive and the existence of other relationships or interests which might give rise to a material interest in the success of a transaction will be considered. The specified circumstances are:

a sponsor or any member of the sponsor's group is holding more that 5% of the issued share capital of a new applicant;

RESPONSIBILITIES

Reasonable investigations

(Paragraphs 124 to 152 of Part B of the Consultation Paper)

We propose that the Main Board and GEM Listing Rules be amended to require sponsors to conduct reasonable investigations to satisfy themselves that:

3	the new applicant is suitable for listing, the new applicant's directors appreciate the nature of their responsibilities and the new applicant and its directors can be expected to honour their obligations under the Exchange Listing Rules and the Listing Agreement;
	"non-expert sections" contained in the new applicant's listing application and listing documents are true and that they do not omit to state a material fact required to be stated or necessary to avoid the statements being misleading; and
	there are no reasonable grounds to believe that the "expert sections" contained in the new applicant's listing application and listing documents are not true or omit to state a material fact required to be stated or necessary to avoid the statements being misleading.

We propose that sponsors be required to comply with a Code of Conduct that will set out, among other things, the minimum due diligence a sponsor would be expected to undertake to satisfy the obligations to conduct reasonable investigations we propose including in the Listing Rules.

We propose that the Main Board and GEM Listing Rules be amended to require IFAs:

- to take all reasonable steps to satisfy themselves that the terms and conditions of the transaction or arrangement are fair and reasonable and in the interest of the issuer and its shareholders as a whole and that there are no grounds to believe that any expert advice or opinion relied on in relation to the transaction are not true or omit a material fact: and entained iff the 🚁

Declaration by sponsors and lead underwriters in listing documents to be registered (Paragraphs 153 to 165 of Part B of the Consultation Paper)

We propose that both sponsors and lead underwriters (where the latter are different from the former) should make a statement in listing documents regarding the extent of their due diligence which would track the form of statement currently given to the Exchange on a private basis by sponsors subject to the modification noted below. A sponsor is also expected to ensure that the document presents a fair impression of the issuer and that it has been written in plain language. The sponsor's due diligence obligation is modified in respect of reports and information published in a listing document with the consent of an expert. The form of declaration proposed recognises this distinction. In respect of "non-expert sections" of a listing document we propose that the following statement should be made "[Sponsor firm and underwriter] confirm(s), at the date of this document, that after reasonable investigation it believes/they believe and have reasonable grounds to believe that the information set out in this listing document at [make specific references] is not materially false or misleading" and, in respect of "expert sections", an alternative test of due diligence that "it/they have no grounds to believe and do not believe that the information set out in those sections of the listing document at [make specific references], which have been prepared and authorised by [name], is materially false or misleading".

We propose to replace the requirement for an annual review with a certification process and a targeted programme of monitoring.

We propose to require sponsor firms and IFA firms and their eligible supervisors to submit annual confirmations that they remain eligible to act in such capacity. In addition, they are required to report to the Exchange as soon as they became aware if they no longer satisfy the eligibility criteria set out in the Listing Rules or any information provided by them in connection with their application or continued inclusion on the list of Sponsors or the list of IFAs has changed. COMPLIANCE AND SANCTIONS

Private reprimand;

(Paragraphs 171 to 181 of Part B of the Consultation Paper)

We propose that sponsors and IFAs and their eligible supervisors and staff all be subject to disciplinary sanction. As noted in paragraph 54 we do not propose having a list of acceptable directors and individual staff members who are not eligible supervisors. Thus, all persons licensed as representatives to advise on corporate finance will be entitled to do sponsorship or IFA work under the supervision of an eligible supervisor, unless they have been declared to be an unacceptable person.

We propose disciplinary sanctions for sponsors and IFAs similar to those under the current GEM Listing Rules, but with some variations for individuals. As with our sanctions for issuers and directors, we propose a graduated hierarchy of shaming and disabling sanctions that provide the flexibility to ensure the sanction is appropriate to the circumstances. Our proposed sanctions are:

	Public statement with criticism;
0	Public censure;
0	Declaration that an individual is an unacceptable person or cannot be an eligible supervisor for a specified period of time;
	Suspension of a firm from the list of acceptable sponsors or list of acceptable IFAs for a specified period of time;
	Declaration that an individual is an unacceptable person or cannot be an eligible supervisor; and
	Removal of a firm from the list of acceptable sponsors or list of acceptable IFAs.
