1. In light of the need to enhance Hong Kong's position as an international financial centre and satisfy market demand, do you support the extension of trading hours in the T+1 Session?

Yes

No

If I wish to close position (take profit / stop loss) when US market move in midnight, I can. But that I cannot do now.

2. Do you agree that the inclusion of equity index options in the T+1 Session could facilitate better risk management by brokers and investors?

Yes

No

Please give reasons for your view.

Free option to all players, why not?

3. Do you agree that the proposed trading halt could mitigate / reduce risk to the market while maintaining a simple mechanism?

Yes

No

Please give reasons for your view.

Better than seeing a mess in options market.

4. Do you have any other comments on the proposed implementation roadmap?

It sounds reasonable

5. Do you agree with the alignment of the T+1 Session Cutoff Time with the close of trading hours at 03:00?

Yes

No

Please provide reasons if you disagree with that.

No impact on individual investor. If that can save money to my broker and eventually they can reduce my cost, I support.
