1. In light of the need to enhance Hong Kong's position as an international financial centre and satisfy market demand, do you support the extension of trading hours in the T+1 Session?

Yes

No

Please give reasons for your view.

The extension of trading hours provides more overlapping time with US market.

2. Do you agree that the inclusion of equity index options in the T+1 Session could facilitate better risk management by brokers and investors?

Yes

No

Please give reasons for your view.

The extension of trading hours of index futures would increase the demand of options with same underlying products.

3. Do you agree that the proposed trading halt could mitigate / reduce risk to the market while maintaining a simple mechanism?

Yes

As there is no resumption of index options trading once the trading halt has been triggered, so it will create less burden for traders on night session.

4. Do you have any other comments on the proposed implementation roadmap?

5. Do you agree with the alignment of the T+1 Session Cutoff Time with the close of trading hours at 03:00?
