Quarterly performance

2021 performance in line with the long term trend

Quarterly performance

(HK\$ mn)

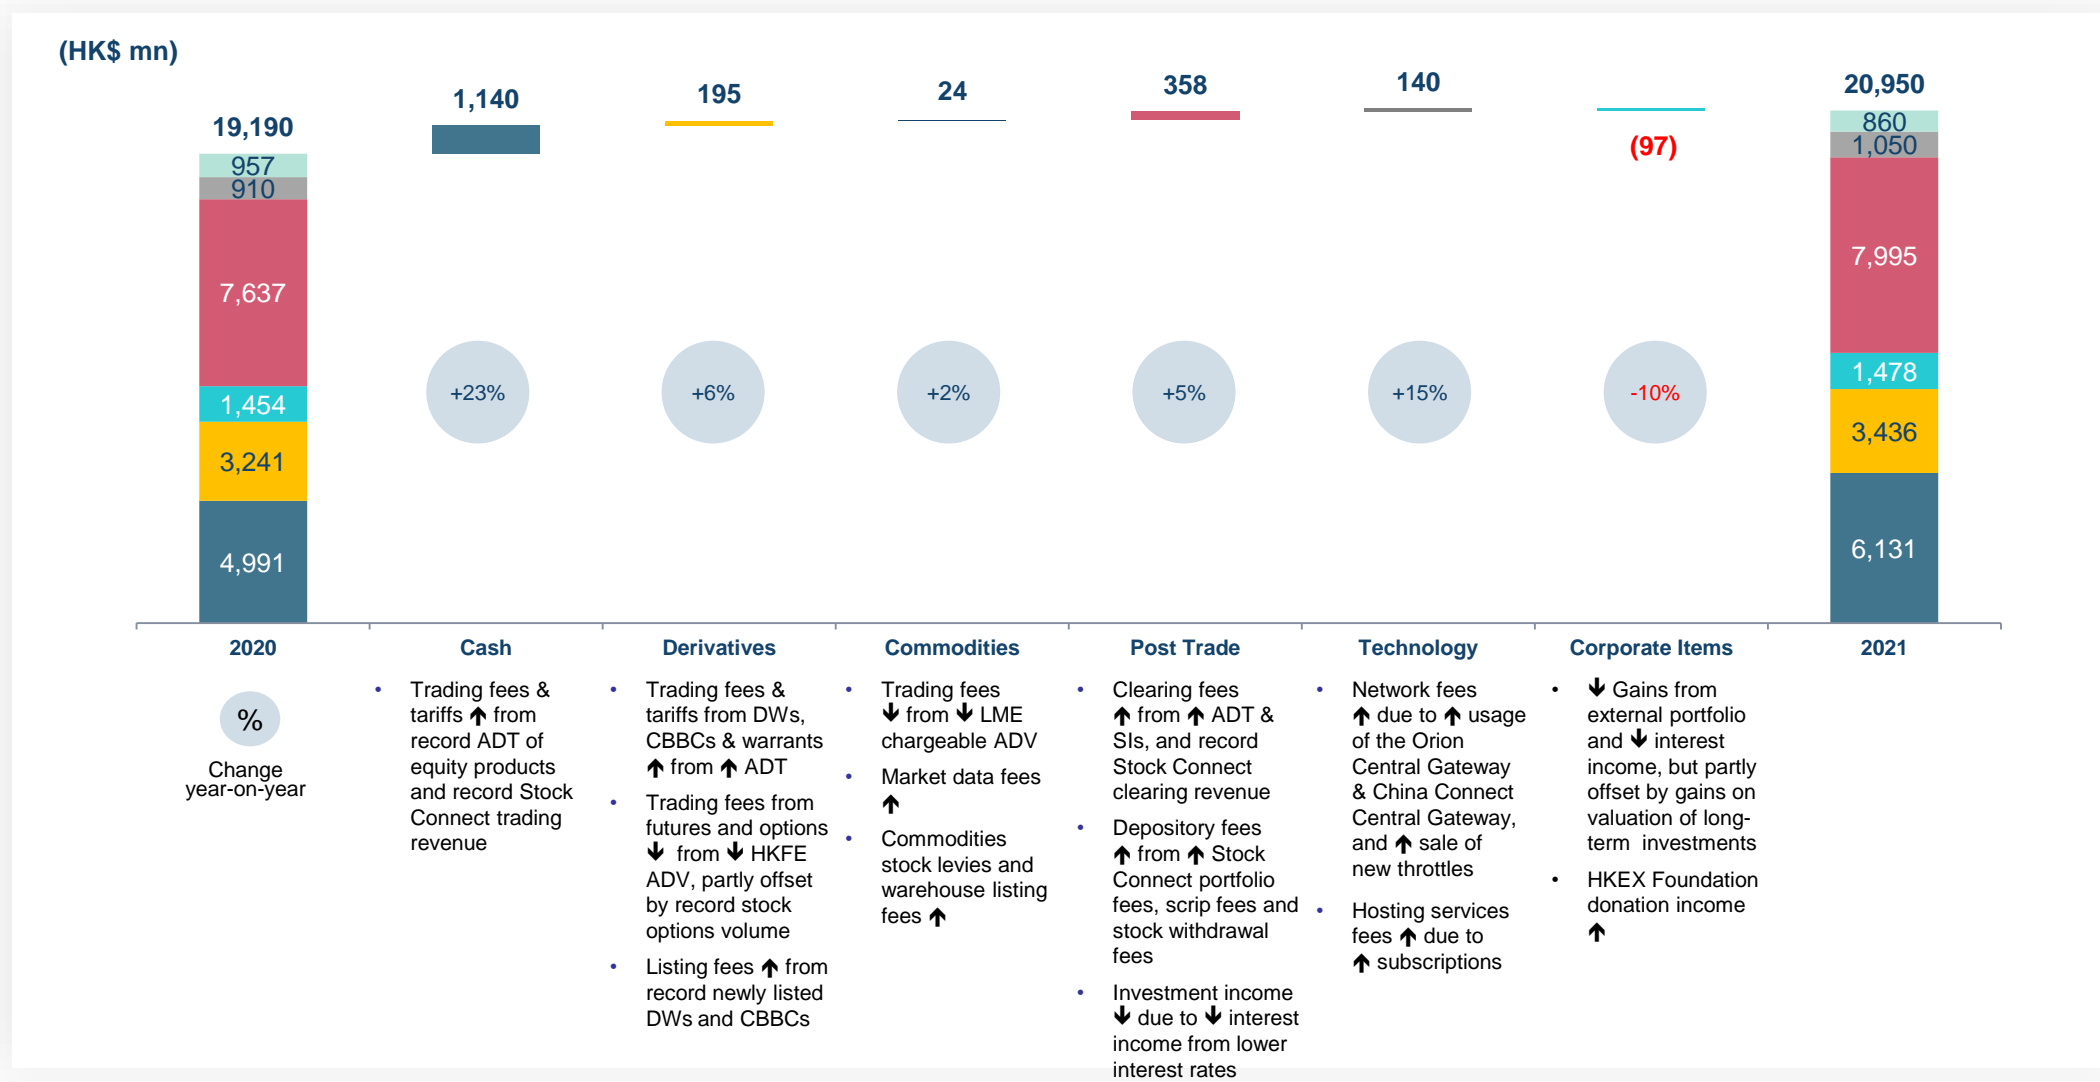

Record results in 2021, driven by exceptionally buoyant volumes in Q1

1. Represents gross revenue and other income before deducting transaction-related expenses
2. Operating expenses exclude transaction-related expenses, depreciation and amortisation, finance costs, share of results of joint ventures, and certain exceptional costs.
3. Dotted trend lines are illustrative and do not constitute a forward forecast.

Segmental revenue – 2021 vs 2020

Higher revenues across all segments for FY, offsetting lower net investment income

1. Headline ADT up 29% (2020: \$129.5bn; 2021: \$166.7bn); ADT of equity products included under Cash segment up 32% (2020: \$110.9bn; 2021: \$146.6bn); ADT of DWs, CBBCs and warrants included under Equity and Financial Derivatives segment up 8% (2020: \$18.6bn; 2021: \$20.1bn)

Net investment income – 2021 vs 2020

Net investment income impacted by low interest rates

2021: \$1,304mn (2020: \$2,228mn)

Net investment income by funds

(HK\$ mn)

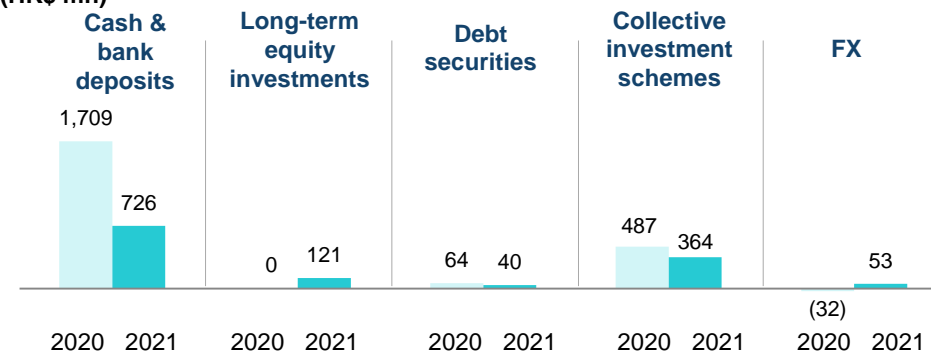

Average fund size

(HK\$ bn)

Net investment income by category of investments

(HK\$ mn)

Lower investment income due to reduced interest rates and lower fair value gains from external portfolio, partly offset by gains on valuation of long-term equity investments

Operating expenses – 2021 vs 2020

Strong cost management with Investments in infrastructure and strategic initiatives

1. Includes product marketing and promotion expenses
 2. Excludes transaction-related expenses, depreciation and amortisation, finance costs, and share of results of joint ventures

- 98 new company listings included 20 Biotech company listings, 6 listings with WVR structure, 5 secondary listings and 3 dual-primary listings
- IPO pipeline remained strong despite drop in IPOs in 2H

2021 selected strategic highlights (1/2)

Enhancing our listing framework

- Introduced **HK SPAC** listing regime
- Enhanced and streamlined **listing for overseas issuers**

Expanding our connectivity

- Included **eligible A-shares listed on SSE's STAR Market** and corresponding H shares to Stock Connect
- **Announced eligible ETFs into Stock Connect** to be included soon
- **Implemented multiple enhancements to Bond Connect**; including third trading platform for Northbound (MarketAxess); and **launch of Southbound Bond Connect**

Reinforcing HKEX as Asia's trading and risk management hub

- **Launched MSCI China A 50 Connect Index Futures**, providing global investors a convenient and cost-effective solution to trade and manage their China exposure
- Launched **Mini USD/CNH Futures**; **Hang Seng TECH Index Options**; physically settled **Options on Futures for HSIF and HSCEIF**; 6 new LME cash settled futures
- Published a consultation paper on **Derivatives Holiday Trading** for non-Hong Kong Dollar denominated futures and options, with consultation conclusions published in Jan 2022
- **Further enhancements to ETF Market**, including a new tiered structure for trading fee exemption for market makers, cross-listing scheme with Shanghai and launch of 33 new products

2021 selected strategic highlights (2/2)

Modernising our operations and infrastructure

- **Confirmed FINI launch** for Q4 2022; reducing the IPO settlement cycle from T+5 to T+2
- Rolled out a new version of the **Pre-Trade Risk Management (PTRM 2.0) System** to provide investors with additional tools to manage their intraday exposures in the Derivatives Market
- Introduced new **LME electronic warranting solution**
- **Completed upgrades to multiple core trading systems** and relocation of secondary data centre

Embedding sustainability within our business and markets

- **87 sustainable-focused products were displayed on STAGE** as at end of 2021. 95 green / ESG-related bond listings raising a total of HK\$282.6bn in 2021 (vs 18 listings raising HK\$66.7bn in 2020); displayed **ESG metrics on over 600 Hong Kong-listed companies**
- **LME launched LMEpassport**, an online service and centralised digital register helping participants meet the LME's responsible sourcing requirements
- HKEX Foundation launched new **HKEX Impact Funding Scheme**
- **Joined the Glasgow Financial Alliance for Net Zero**, made Group commitment to Net Zero by, latest, 2050 and published Practical Net-Zero Guide for Business

Looking ahead

- **Cash Market trading volumes return to more normalized levels** after an exceptionally buoyant Q1
- **Stock Connect** continues to perform very well
- **Strong IPO pipeline** underpinned by demand from Chinese companies seeking homecoming listings, and the introduction of the new listing regime for SPACs and overseas issuers
- **Persistent inflationary pressures, tightening of monetary policy, upcoming interest rate hikes** could cause volatility and impact returns on the external investment portfolio; but interest rates hikes should help-internally managed investment income
- **Geopolitical tensions, the ongoing pandemic and travel restrictions** will be some of the challenges shaping the year ahead, but we will continue to see opportunities for leveraging our China connectivity, diversifying our product offering and capitalising on development areas such as sustainability and the new economy
- **Continued investments in technology, talent and risk management will underpin focused strategy. Full update on Strategy on our Corporate Day** in late March
- Business well-placed to meet opportunities and challenges in year-ahead
