通告 CIRCULAR

Subject: System Infrastructure Upgrade and Relocation of CCASS Secondary Data Centre
Enquiry: DCASS Hotline at 2979 7222 / Email: clearingpsd@hkex.com.hk

Reference is made to the circular dated 25 June 2021 (Reference: [CD/CDCO/HKCC/156/2021](#)). Following the successful completion of the Market Rehearsal, the Infrastructure Upgrade and new Secondary Data Centre (“SDC”) will commence in production from Monday, 16 August 2021.

The Infrastructure Upgrade and relocation of SDC (“Upgrade”) will be performed by the HKEX and transparent to the market. In order to allow Clearing Participants (“CPs”) to verify their connectivity to Common Collateral Management System (“CCMS”) and Report Retrieval Solution (“RAP”) after the Upgrade, a Connectivity Test (“CT”) will be arranged on Saturday, 14 August 2021. CPs are strongly recommended to participate in the CT to verify their connection to CCMS and RAP.

Details of the CT are as below:

| Date | Time | Objectives |
|------------------------------|---------------|--|
| 14 August 2021 (Saturday) | 20:30 – 22:30 | <u>Verify connectivity to CCMS</u> <ul style="list-style-type: none">Logon to CCMS via https://www.ccass.comThe error message “Function not available” will be displayedLogout from CCMS <u>Verify connectivity to RAP</u> <ul style="list-style-type: none">Logon RAP via below IPs and check the availability of production reports: 10.151.14.121 → port 10022 10.151.14.122 → port 10022 |

For better communication on the related activities, CPs who plan to join the CT are required to provide their designated contact details through “Event” under [Client Connect](#) **on or before 12 August 2021**.

CPs are strongly recommended to coordinate with their IT teams and/or vendors for necessary preparation for the CT. Moreover, CPs should secure sufficient operation staff and support from their IT teams and/or vendors at all times during the CT.

After the Upgrade on 16 August 2021, there will be a two-week stabilization period from 16 August 2021 to 27 August 2021 (both days inclusive). In the unlikely event where execution of fallback is required, HKEX will announce the detailed arrangements and suspend the CCMS and RAP services temporarily.

HKEX would like to take this opportunity to thank for CPs’ cooperation and participation in this Upgrade.

Hector Lau
Managing Director
Clearing Operations
