Enquiry: DCASS Hotline : 2979 7222/ E-mail : [clearingpsd@hkex.com.hk](mailto:clearingpsd@hkex.com.hk)

Reference is made to the circular dated 3 April 2023 (Reference: [CD/OEC/HKCC/092/2023](#)). With the successful completion of the briefings for the launch of Two-Factor Authentication (2FA) preparation in April 2023, the official launch of 2FA is tentatively scheduled on 12 June 2023 (Monday) subject to regulatory approval, where 2FA will replace the existing smartcard for the terminal access to CCMS.

To facilitate Clearing Participants (CPs) in preparing themselves for 2FA official launch, a series of activities are planned as follows:

- (i) An “Information Package for Launch of 2FA” with the corresponding changes of operations under 2FA, pre-launch preparation and the account migration arrangement, is available on [HKEX website](#). CPs are advised to read through the information package and take actions where necessary.
- (ii) The updated CCMS Terminal user guide which covers authentication arrangement and functions under 2FA, will be available in Client Connect on [HKEX Access Management Portal](#) on 2 June 2023 (Friday).
- (iii) CPs should continue to access CCMS by using their existing connectivity configuration. In case CPs would like to conduct a connectivity verification, a post-release connectivity test will be available from 18:00 – 20:00 and 22:00 – 23:00 on 10 June 2023 (Saturday) for

such purpose. Interested CPs should register for the connectivity test via Event section in Client Connect on [HKEX Access Management Portal](#) on or before 2 June 2023 (Friday). Details can be reference to Attachment 1.

CPs who have yet to register email address for their users and DAs, should take action immediately to secure account readiness for migrating to 2FA.
