通告 CIRCULAR

Subject: **Orion Cash Platform (OCP): Launch of Developer Corner and Updates on OCP API Testing and Onboarding Arrangements**

Enquiry: **CCASS Hotline: 2979 7111¹ / E-mail: OCP_Support@hkex.com.hk**

Reference is made to the circular dated **29 May 2026** (Ref: [PT/CLR/CCASS/017/2026](#)). Hong Kong Exchanges and Clearing Limited ("HKEX") is pleased to announce that the **Developer Corner**, a centralized hub providing access to all essential OCP Application Programming Interface ("API") documentation, offline simulators and testing services for HKSCC Participants, will be officially launched on **31 August 2026 (Monday)²**.

HKEX would also like to provide updates on the OCP API testing arrangements and the related onboarding process to facilitate HKSCC Participants' preparation for upcoming API testing activities and progressive adoption of OCP API services. HKSCC Participants are reminded that the completion of the OCP API Certification Test via Developer Corner is a mandatory prerequisite for onboarding to the OCP API Services.

➤ Launch of Developer Corner

1. Developer Corner User Registration

No separate registration is required for existing HKSCC Participants with access to HKEX Client Connect. Access rights to the Developer Corner will be automatically granted to their delegated administrators ("DAs"). Participants may refer to the updated **Access Management User Guide** mentioned in Section 3 below for details of the Developer Corner user maintenance procedures.

¹ Calls to and from the CCASS Hotline may be recorded. HKEX Privacy Notice is available [here](#).

² The Developer Corner Terms & Conditions have been published on the [OCP webpage](#) in conjunction with its launch.

Existing HKSCC Participants who wish to specifically change the designation of their DAs for the Developer Corner or who do not wish to obtain access to the Developer Corner may opt out from the abovementioned automatic access grant arrangement by notifying the OCP Support team in writing at OCP_Support@hkex.com.hk on or before **28 August 2026**. No automatic access grant arrangement to the Developer Corner will be implemented for those opted-out Participants.

Any subsequent request for access to the Developer Corner by any opted-out Participants or any new application for Developer Corner user registration by any Participants will require new registration in accordance with the prevailing registration procedures of HKEX Client Connect (please see Section 3 below for further details).

2. Relocation of Published OCP API Related Resources

To facilitate HKSCC Participant's planning and development for the adoption of OCP API Services, the **OCP API Technical Specifications** and **API Offline Simulator Package** which are currently available for download via Client Connect will be relocated to the Developer Corner upon its launch. The Developer Corner will serve as a centralized hub for accessing OCP API-related resources.

3. Updates to Developer Corner Related Documentation

To support Participants in adopting and using the Developer Corner, HKEX has updated the OCP User Guides and other relevant documentation as set out below:

- The **Access Management User Guide**, including the user roles and the list of function ID mapping applicable to the Developer Corner
- The **OCP API Service – API Certification Testing Guide**, including the access link to the Developer Corner and the relevant new online forms.
- The **Client Connect eService User Manual**, covering the following new online form:

eService ID	eService Name	When to use
DCDA1	OCP Developer Corner Delegated Administrator Application/ Maintenance Form	To apply or maintain the Developer Corner Delegated Administrator access rights via Client Connect

➤ Updates to OCP API Testing and Onboarding Arrangements

1. OCP API Certification Test

Participants intending to implement the Real Time Trade Information and/or Reference Data API Services on the first day of service launch are encouraged to complete the OCP API Certification Test by **end of October 2026**.

To facilitate preparation for the OCP API Certification Test, the **OCP API Conformance Test Information Package** will be made available for download from the **Developer Corner**. This information package will provide details on testing environment connectivity setup, test scope and recommended test cases.

Participants requiring access to the OCP API testing environment for the **OCP API Certification Test** or other testing purposes may submit the relevant applications through the following new online forms via Client Connect. Detailed instructions are available in the **Client Connect eService User Manual** on the [Client Connect webpage](#).

eService ID	eService Name	When to use
TechS9	OCP API Certification Test Application	To apply for the OCP API Certification Test conducted via the Developer Corner.
TechS10	OCP API Interface Readiness Declaration Form	To declare OCP API Interface readiness for production rollout by HKSCC Participants.
TechS11	OCP API Testing Environment Booking Form	To request access to the OCP API testing environment for purposes other than API Certification Test.

2. Real Time Trade Information and Reference Data API Services Onboarding

Participants who have successfully completed the **OCP API Certification Test** and are ready to implement OCP API Services in production, may submit applications for OCP delegated administrator access and OCP API account(s) through the following new online forms via Client Connect. To facilitate smooth and efficient processing, Participants are reminded to select the appropriate participant type when completing the application forms. Detailed instructions can be found in the **Client Connect eService User Manual** on the [Client Connect webpage](#).

Applications are tentatively scheduled to be open from **21 September 2026 (Monday)** onward. Any applications submitted prior to this date will not be processed and will be rejected. Participants are encouraged to complete the necessary API account setup and user administration arrangements in advance to prepare for the launch of OCP API Services.

eService ID	eService Name	When to use
OCPDA1	OCP Delegated Administrator Application/ Maintenance Form	To apply for or maintain the OCP Delegated Administrator access rights via the OCP Login Management.
OCPDA2	OCP User Account Application Form	To apply for additional API accounts for accessing OCP Connection Gateway.

Participants are reminded to also refer to the **OCP API Service – API Certification Testing Guide and the OCP Onboarding Guide**, published on the [OCP webpage](#), when planning and preparing for the implementation of the API Services.

HKEX would like to thank market participants for their continued support and cooperation in the development of Orion Cash Platform. Further updates on the fee schedule and implementation timeline, subject to regulatory approval, will be communicated in due course.

For any enquiries, please contact CCASS hotline at 2979 7111 or email OCP_Support@hkex.com.hk.
