通告 CIRCULAR

Subject: Trading and Clearing Operational Arrangements Relating to Potential Capital Adjustment of Country Garden Holdings Company Limited Stock Option Contracts - Conditional Distribution

Enquiry: HKATS Hotline¹ Tel: 2211-6360
DCASS Hotline Tel: 2979-7222

Reference is made to the circular dated 20 March 2018 (Ref. No.: MO/DT/048/18). Country Garden Holdings Company Limited ("Country Garden") announced on 29 May 2018 that the Proposed Spin-off of Country Garden Services Holdings Company Limited ("CG Services") has been approved by the Board and that the Board declared a conditional special dividend by way of a distribution in specie of all the ordinary shares in CG Services indirectly held by the Company to the Registered Shareholders. Participants are requested to note that capital adjustment to the stock option contracts below will be made if the Conditional Distribution becomes unconditional:

Underlying Stock Name of the Stock Options Contracts (Stock Code)	Country Garden Holdings Company Limited (02007)
HKATS Code	COG
Corporate Action	Spin-off and separate listing of CG Services on the SEHK by way of a distribution in specie ("Entitlement")
Entitlement Ratio	0.1149 (1 CG Services Share for every 8.7 Country Garden Shares)
Ex-date	11 June 2018
Listing Day of CG Services	19 June 2018

Trading Arrangements

1. Transfer of Outstanding Positions

Outstanding positions of Country Garden stock option class which exist after the market close on the business day immediately before the ex-date will be **transferred** on a **one-to-one** basis to a temporary trading symbol COC.

2. Suspension of Trading

Since the value of the Entitlement is not available until the value of CG Services is determined, trading of outstanding positions under temporary trading symbol COC will be suspended from the ex-date (i.e. 11 June 2018) to the listing day of CG Services (i.e. 19 June 2018) (both dates inclusive).

3. Introduction of New Series for Trading

On the ex-date, new series of Country Garden stock options based on the standard contract size will be introduced for trading under the standard trading symbol COG.

4. Adjustment to Outstanding Positions upon the Determination of CG Services's Value

The value of CG Services will be determined by the volume weighted average price (VWAP) of those auto-matched trades of CG Services on its listing day on the SEHK. When the value of the Entitlement has been determined, adjustment will be made to outstanding positions under trading symbol COC after market close on the first trading day of CG Services (i.e. 19 June 2018). The adjusted positions will be transferred to trading symbol COD. Positions under trading symbol COD will commence trading from the business day immediately after the listing day of CG Services (i.e. 20 June 2018).

Details of the adjustment procedures are as follows:

Adjustment Term	Formula	Remarks
Adjustment Ratio (AR)	(Underlying stock closing price before the ex-date minus Entitlement) / Underlying stock closing price before the ex-date	Rounded to the nearest 4 decimal places
Adjusted Exercise Price (AEP)	Exercise price of outstanding stock option series x AR	Rounded to the nearest 2 decimal places
Adjusted Contract Size (ACS)	Exercise price of outstanding stock option series x (5,000 shares / AEP)	Rounded to the nearest 4 decimal places

Remark: Entitlement is CG Services's value times the Entitlement Ratio for each Country Garden share

Below is a summary of the trading arrangement for all Country Garden stock option contracts:

Contract	Trading Symbol	Underlying Stock	Contract Size (Shares)	Introduction Date	Availability For Trading	Addition of New Option Series on and after Ex-date
Standard	COG	Country Garden (Ex-entitlement)	5,000	Ex-date	From the ex-date onwards	Yes
Adjusted	COC	Country Garden & Entitlement	5,000	Ex-date	Nil	No
	COD	Country Garden (Ex-entitlement)	ACS	The 1 st business day after the Listing day of CG Services	From introduction date to 27 June 2019	

For stock options of Country Garden under trading symbols COG and COD, the trading fee level shall be Tier 1 and the position limit shall be 50,000 contracts combined.

The adjusted and standard stock option series are distinct contracts and are represented by different trading symbols in HKATS/DCASS. Particulars of all existing and adjusted stock option series will be shown in DCASS report "Capital Adjustment Series" (TP011) after the DCASS batch processing on the business day immediately before the ex-date.

Capital adjustments, once being made, are conclusive and binding on all relevant stock option contracts. The capital adjustments made will not be reversed even if the proposed corporate action is subsequently disapproved by relevant authorities, including but not limited to regulatory authorities and the court.

Participants should pay particular attention that the settlement amount of adjusted and standard stock option series on the expiry day will be calculated using their respective contract sizes. There will not be any changes to the number of open positions and other contract terms after the transfer of positions.

Clearing, Settlement and Risk Management Arrangements

Position offset among the standard COG, the adjusted COC and the adjusted COD stock option series is **not allowed**.

For clearing, settlement and risk management arrangements relating to shares collateral and exercise / assignment of adjusted stock option class, please refer to the Attachment for details.

Inform Your Staff and Clients

Participants should notify all clients holding positions in the captioned stock options class of the details of the arrangements for trading and clearing and the associated risk. **In particular, Participants should fully communicate with your clients on the transfer of outstanding position to the temporary trading symbol COC and its suspension from the ex-date until the listing day of CG Services (both dates inclusive).** Please ensure that your back office systems are ready for a smooth operation in handling this capital adjustment. In addition, all your staff should be fully aware of the trading and clearing arrangements and should exercise caution when dealing with the adjusted and standard option series and when advising your clients.

Clearing, Settlement and Risk Management Arrangements

Before ex-date

Pending stock positions resulting from exercise and assignment of COG stock option series effected on or before the business day immediately before ex-date will be cum entitlement and settled via CCASS as usual.

All covered call positions of COG stock option series will be decoupled automatically after the day-end margin calculation on the business day immediately before the ex-date. Participants can use the ex-entitlement Country Garden shares to cover the standard COG stock option series introduced on the ex-date.

During the period from ex-date to the listing day of CG Services

Participants would **NOT** be allowed to cover the COC stock option contracts using the ex-entitlement Country Garden shares.

Participants can submit the exercise requests via the DCASS in respect of the COG and COC stock option series from the ex-date (i.e. 11 June 2018) to the listing day of CG Services (i.e. 19 June 2018). However, on any expiry days before the listing day of CG Services, **the automatic exercise arrangement will NOT be applied for spot month COC spot option series.** While all exercise and assignment arrangements of the standard COG stock option contracts are as normal, participants should note the following arrangements relating to the exercise and assignment of the COC stock option series:

- (a) Settlement Amount: payment/receipt of the full settlement amount (according to the exercise price of the COC stock option series) via CCASS;
- (b) Country Garden shares portion: delivery/receipt of ex-entitlement Country Garden shares via CCASS. Results of exercise and assignment of the COC stock option series and the resulted settlement obligation of the full settlement amount and Country Garden shares portion would be shown in the DCASS report "Exercise and Assign Summary" (TP009); and
- (c) Entitlement portion (CG Services shares): settlement in cash according to the Entitlement Ratio and CG Services value. The cash settlement would be pending until CG Services's value is determined and would be settled on the first business day after the listing day of CG Services. Written notification of the pending cash settlement relating to CG Services shares would be provided separately to Participants upon exercise and assignment.

The difference¹ of the opening price of Country Garden shares on the ex-date (i.e. 11 June 2018) and the closing price on the trading day prior to the ex-date (i.e. 8 June 2018) would be used as an estimate² of the value of Entitlement for the purpose of daily settlement price determination and margin calculation of the COC stock option series. Participants should also note that the positions of COC stock option contracts would be **margin ed separately from the standard COG stock option series** since they would no longer be sharing the same underlying³.

For Participants with pending delivery obligations of CG Services shares to be settled in cash (i.e. exercised put or assigned call) after exercise/assignment of the COC stock option positions, SEOCH would collect special margin on such pending delivery obligations based on the above-mentioned price difference of Country Garden shares from the date of exercise/assignment + 1 business day to the date of Entitlement settlement (i.e. the first business day after the listing day of CG Services). Such special margin would be recorded under a CCMS special collateral account and concerned Participants would be notified by SEOCH individually for the collection/release of such special margin.

From the first business day after the listing day of CG Services onwards

Exercise and assignment of the stock option series under the trading symbol COD in adjusted Country Garden stock option contracts will result in odd lots and fractional shares. The integral number of shares (including the odd lots) will be settled via CCASS under normal procedures. The fractional shares of each contract exercised will be settled in cash via CCMS on the day of exercise. The actual cash settlement amount of the fractional shares is the difference between the exercise price of the stock option contracts and the market closing price of the underlying stock on the day of exercise times the fractional shares quantity for each contract exercised/assigned.

The settlement of fractional shares in cash is not liable to stamp duty provided that the contract notes so executed by the party for the sale and purchase of shares arising from the exercise of an stock option contract only include the whole number of shares.

Exercise and assignment of standard COG stock option series will result in stock settlement obligation of a standard board lot of 5,000 shares per contract and settled in CCASS under normal procedures.

Participants can use the Country Garden shares to cover the adjusted COD stock option series (which carry odd lots and fractional shares) using the exact odd quantity of stock.

The positions of standard COG and adjusted COD stock option series would be margin ed on a portfolio basis according to normal procedures as they would be sharing the same underlying (i.e. Country Garden).

¹ Would be set to zero should the opening price on ex-date is higher than the closing price on the trading day prior to ex-date.

² SEOCH may, in its discretion, adjust the value of such estimation.

³ The underlying of the COC stock option series would be Country Garden and the Entitlement (i.e. CG Services), while that of the COG stock option series would be Country Garden only.
