1 Introduction

The central system of HKATS is built on a fully redundant system architecture with automatic failover facility. It is able to recover automatically in the event of system failure. However, trading activities may be temporarily suspended if such automatic procedures cannot be started up and HKATS will be recovered by HKATS data centre failover procedure.

Hong Kong Exchanges and Clearing Limited (“HKEX”) is conducting a HKATS Data Centre Failover Rehearsal (“the Rehearsal”) to provide an opportunity for Exchange Participants to familiarize with the contingency procedures under such emergency situation. The Rehearsal simulates the conditions on data centre failover of derivatives trading and clearing systems. The rehearsal will also cover the data centre failover of other systems of HKEX group.

Exchange Participants (“EPs”) are required to input test trades into HKATS according to the Detailed Rundown (Appendix B) and verify all trade details after the failover.

The results of the Rehearsal will be reviewed in detail. Participants who join the Rehearsal are required to return their confirmation within one hour after the Rehearsal.

2 Scope and Objectives

2.1 Rehearsal Objectives

The main objective of the Rehearsal is to provide an opportunity for Exchange Participants to familiarize with the contingency procedures in case of HKATS data centre failover.

2.2 Scope

The scope of this Rehearsal includes:

- Network Connectivity
- Day Session
- Data Centre Failover
- Resumption of Day Session
- After-Hours Trading Session

2.2.1 Network Connectivity

This activity ensures that the network connectivity of Participants to HKEX is in good order. HKEX will provide on-line sessions for participants to login and perform HKATS and DCASS functions via all participant circuits.

2.2.2 Day Session

This session allows HKATS users to input orders and perform order execution transactions. Participants are required to follow the Detailed Rundown (Appendix B) and input a prescribed number of transactions. It also allows HKATS Risk Functions GUI (“PTRM GUI”) users to perform PTRM GUI functions.

2.2.3 Data Centre Failover

This activity verifies the failover process in the unlikely event of emergency situation occurred and also to ensure the smooth operation of various derivatives systems after the data centre failover of HKATS. To ensure Exchange and Clearing Participants’ systems can still be connected and running as normal after the transition from primary data centre to secondary data centre, a failover session is arranged between the two sessions. Participants’ order book will be emptied after the failover, and therefore they are required to re-input the orders if needed.

2.2.4 Resumption of Day Session

After the failover, Participants are required to re-login the HKATS Online, OAPI and PTRM GUI. Participants should log in to these applications through pre-assigned central gateways and ports of the secondary HKEX data center.

A 20-min Pre-Market Opening session will be available in applicable markets before the markets resume after failover.

The market re-opening times of stock futures and options markets will be 15 minutes later than other derivatives markets after the failover. This is to synchronize the re-opening times with the underlying cash markets.

Participants are required to input prescribed number of orders and transactions into HKATS and DCASS to simulate the situation and verify the entries after the failover. PTRM GUI users are recommended to perform PTRM functions.

2.2.5 After-Hours Trading Session

Applicable markets will move to After-Hours Trading Session after the close of the day trading session. This is to ensure EPs' systems are able to run a full trading day cycle after the failover.

3 Compliance

In order to achieve the Rehearsal objectives, it is imperative that participants follow the Rehearsal Checklist and Detailed Rundown as stipulated in Appendix A and Appendix B. This will facilitate the Exchange staff to monitor the activities during the Rehearsal and provide a seamless flow of operations with the help of the Rehearsal Checklist and Detailed Rundown. In particular, staff of the participants who will be involved in the Rehearsal should familiarize themselves with the requirements and procedures prior to participating in the Rehearsal.

In addition, it is advisable to maintain a proper audit trail in respect of each transaction input during the Rehearsal in accordance with the policy currently adopted by the participants. A Responsible Officer or his/her designate of each participating EP should be present during the Rehearsal to supervise the process and to be responsible for relaying any issues arising during the Rehearsal to the Exchange. If this arrangement is not practicable (e.g. the Responsible Officer will be out of town during the Rehearsal), the participating EP should arrange for an appropriate senior staff to assume the role of the Responsible Officer. In any event, it is recommended that internal communications such as internal briefing should be held by each participant prior to the Rehearsal to ensure that (1) staff involved fully understands all the requirements and procedures and (2) proper arrangements have been put in place by the participants to comply with the requirements.

4 Participants Requirements

In order to be ready for the Rehearsal, all EPs have to meet the following requirements:

1. The HKATS Online workstation meets the minimum Genium configuration with Google Chrome browser as communicated to EPs;
2. A dedicated PC in place for PTRM GUI connection that meets the minimum configuration as communicated to Participants;
3. Certified OAPI applications for EPs who wish to participate through their OAPI applications; and
4. EPs' staff who will take part in the Rehearsal must have been trained and accredited in the operation of HKATS, the HKATS Online workstation and the PTRM GUI.

5 Do's and Don'ts

Do's

1. Login to HKATS as early as possible after 11:15 a.m. on day of the Rehearsal;
2. Ensure that the proper version of OAPI is used for the Rehearsal;
3. Ensure that the Checklist (Appendix A) of the Rehearsal is properly followed;
4. Ensure proper communication channel between the Exchange and trading operation before the Rehearsal.
5. Fill in and return the confirmation form to the Exchange through fax or email within one hour after the end of the Rehearsal.

Don'ts

1. Do not reboot or shut down your dedicated PC for HKATS Online workstation or PTRM GUI even if it appears to be "hanging". Please call the HKATS Hotline (2211-6360) immediately in this regard; and
2. Do not attempt to rectify the problem by closing any window, terminating any application programs, etc. Any such attempt would complicate rather than assist the problem diagnosis.

6 Help Desk

The Exchange Help Desk will respond to all EPs' inquiries during the Rehearsal. Detail is as follows:

HKATS Hotline: 2211-6360

7 HKATS Data Centre Failover Rehearsal

7.1 Date and Time Table

Privacy Policy Statement

Hong Kong Exchanges and Clearing Limited, and from time to time, its subsidiaries (together the "Group") (and each being "HKEX", "we", "us" or "member of the Group" for the purposes of this Privacy Policy Statement as appropriate) recognise their responsibilities in relation to the collection, holding, processing, use and/or transfer of personal data under the Personal Data (Privacy) Ordinance (Cap. 486) ("PDPO"). Personal data will be collected only for lawful and relevant purposes and all practicable steps will be taken to ensure that personal data held by us is accurate. We will use your personal data which we may from time to time collect in accordance with this Privacy Policy Statement.

We regularly review this Privacy Policy Statement and may from time to time revise it or add specific instructions, policies and terms. Where any changes to this Privacy Policy Statement are material, we will notify you using the contact details you have provided us with and, where required by the PDPO, give you the opportunity to opt out of these changes by means notified to you at that time. Otherwise, in relation to personal data supplied to us through the HKEX website or otherwise, continued use by you of the HKEX website or your continued relationship with us shall be deemed to be your acceptance of and consent to this Privacy Policy Statement, as amended from time to time.

If you have any questions about this Privacy Policy Statement or how we use your personal data, please contact us through one of the communication channels set out in the "Contact Us" section below.

We will take all practicable steps to ensure the security of the personal data and to avoid unauthorised or accidental access, erasure or other use. This includes physical, technical and procedural security methods, where appropriate, to ensure that the personal data may only be accessed by authorised personnel.

Please note that if you do not provide us with your personal data (or relevant personal data relating to persons appointed by you to act on your behalf) we may not be able to provide the information, products or services you have asked for or process your requests, applications, subscriptions or registrations, and may not be able to perform or discharge the Regulatory Functions (defined below).

Purpose

From time to time we may collect your personal data including but not limited to your name, mailing address, telephone number, email address, date of birth and login name for the following purposes:

1. to process your applications, subscriptions and registration for our products and services;
2. to perform or discharge the functions of HKEX and any company of which HKEX is the recognised exchange controller (as defined in the Securities and Futures Ordinance (Cap. 571)) ("Regulatory Functions");
3. to provide you with our products and services and administer your account in relation to such products and services;
4. to conduct research and statistical analysis;
5. to process your application for employment or engagement within HKEX to assess your suitability as a candidate for such position and to conduct reference checks with your previous employers; and
6. other purposes directly relating to any of the above.

Direct marketing

Where you have given your consent and have not subsequently opted out, we may also use your name, mailing address, telephone number and email address to send promotional materials to you and conduct direct marketing activities in relation to HKEX financial services and information services, and financial services and information services offered by other members of the Group.

If you do not wish to receive any promotional and direct marketing materials from us or do not wish to receive particular types of promotional and direct marketing materials or do not wish to receive such materials through any particular means of communication, please contact us through one of the communication channels set out in the "Contact Us" section below. To ensure that your request can be processed quickly please provide your full name, email address, log in name and details of the product and/or service you have subscribed.

Identity Card Number

We may also collect your identity card number and process this as required under applicable law or regulation, as required by any regulator having authority over us and, subject to the PDPO, for the purpose of identifying you where it is reasonable for your identity card number to be used for this purpose.

Transfers of personal data for direct marketing purposes

Except to the extent you have already opted out we may transfer your name, mailing address, telephone number and email address to other members of the Group for the purpose of enabling those members of the Group to send promotional materials to you and conduct direct marketing activities in relation to their financial services and information services.

Other transfers of your personal data

For one or more of the purposes specified above, your personal data may be:

1. transferred to other members of the Group and made available to appropriate persons in the Group, in Hong Kong or elsewhere and in this regard you consent to the transfer of your data outside of Hong Kong;
2. supplied to any agent, contractor or third party who provides administrative, telecommunications,

computer, payment, debt collection, data processing or other services to HKEX and/or any of other member of the Group in Hong Kong or elsewhere; and

3. other parties as notified to you at the time of collection.

How we use cookies

If you access our information or services through the HKEX website, you should be aware that cookies are used. Cookies are data files stored on your browser. The HKEX website automatically installs and uses cookies on your browser when you access it. Two kinds of cookies are used on the HKEX website:

Session Cookies: temporary cookies that only remain in your browser until the time you leave the HKEX website, which are used to obtain and store configuration information and administer the HKEX website, including carrying information from one page to another as you browse the site so as to, for example, avoid you having to re-enter information on each page that you visit. Session cookies are also used to compile anonymous statistics about the use of the HKEX website.

Persistent Cookies: cookies that remain in your browser for a longer period of time for the purpose of compiling anonymous statistics about the use of the HKEX website or to track and record user preferences.

The cookies used in connection with the HKEX website do not contain personal data. You may refuse to accept cookies on your browser by modifying the settings in your browser or internet security software. However, if you do so you may not be able to utilise or activate certain functions available on the HKEX website.

Compliance with laws and regulations

HKEX and other members of the Group may be required to retain, process and/or disclose your personal data in order to comply with applicable laws and regulations or in order to comply with a court order, subpoena or other legal process (whether in Hong Kong or elsewhere), or to comply with a request by a government authority, law enforcement agency or similar body (whether situated in Hong Kong or elsewhere) or to perform or discharge the Regulatory Functions. HKEX and other members of the Group may need to disclose your personal data in order to enforce any agreement with you, protect our rights, property or safety, or the rights, property or safety of our employees, or to perform or discharge the Regulatory Functions.

Corporate reorganisation

As we continue to develop our business, we may reorganise our group structure, undergo a change of control or business combination. In these circumstances it may be the case that your personal data is transferred to a third party who will continue to operate our business or a similar service under either this Privacy Policy Statement or a different privacy policy statement which will be notified to you. Such a third party may be located, and use of your personal data may be made, outside of Hong Kong in connection with such acquisition or reorganisation.

Access and correction of personal data

Under the PDPO, you have the right to ascertain whether we hold your personal data, to obtain a copy of the data, and to correct any data that is inaccurate. You may also request us to inform you of the type of personal data held by us. All data access requests shall be made using the form prescribed by the Privacy Commissioner for Personal Data ("Privacy Commissioner") which may be found on the official website of the Office of the Privacy Commissioner or via this link <https://www.pcpd.org.hk/english/publications/files/Dforme.pdf>

Requests for access and correction of personal data or for information regarding policies and practices and kinds of data held by us should be addressed in writing and sent by post to us (see the "Contact Us" section below).

A reasonable fee may be charged to offset our administrative and actual costs incurred in complying with your data access requests.

Termination or cancellation

Should your account or relationship with us be cancelled or terminated at any time, we shall cease processing your personal data as soon as reasonably practicable following such cancellation or termination, provided that we may keep copies of your data as is reasonably required for archival purposes, for use in relation to any actual or potential dispute, for the purpose of compliance with applicable laws and regulations and for the purpose of enforcing any agreement we have with you, for protecting our rights, property or safety, or the rights, property or safety of our employees, and for performing or discharging our functions, obligations and responsibilities.

General

If there is any inconsistency or conflict between the English and Chinese versions of this Privacy Policy Statement, the English version shall prevail.
