Further to the Exchange Circular (Ref. No: [CT/137/21](#)), the Exchange is pleased to announce that following the successful completion of the Practice Session on 20 November 2021, new servers of Orion Trading Platform – Securities Market (OTP-C) will be rolled out on **6 December 2021 (Monday)**.

The Exchange will replace the OTP-C servers after market close on 3 December 2021 (Friday) and **an optional Post Release Test (PRT)** will be held on **4 December 2021 (Saturday)** to ensure a smooth rollout on Monday. **All EPs are strongly encouraged to participate in the PRT** to further verify their system stability before the rollout of new servers and no prior enrollment will be required. EPs should follow the activity rundown ([Attachment 1](#)) during the PRT. HKEX Orion Market Data Platform for Securities Market (OMD-C) will operate during the PRT, so EPs relying on information vendors to provide market data updates for trading purpose should liaise with their respective information vendors for support during the PRT.

The Exchange would like to take this opportunity to thank all EPs for their participation in supporting the server replacement of OTP-C.
