Enquiry: **Participant General Enquiry Hotline¹ (Tel: 2840 3626 E-mail: trd@hkex.com.hk)**

China Connect Exchange Participants (CCEPs) are requested to note that Shanghai Stock Exchange (SSE) has published the [technical guide](#) (in Chinese only) for introducing a new trading gateway which will also be applicable for northbound trading of stock connect. Subject to market readiness, the Exchange will migrate Orion Trading Platform – China Stock Connect (OTP-CSC) to the new trading gateway. The effective date will be further announced.

There will be no functional change to OTP-CSC for the gateway migration. Nevertheless, CCEPs are reminded that the rejection codes of the new trading gateway may be different from those of the existing gateway. CCEPs are advised to refer to the [list of rejection code differences](#) published by SSE for details.

To facilitate CCEPs to verify their own systems for the new trading gateway, **an optional End-to-End testing session** will be held on China Stock Connect (CSC) trading days from **27 June 2022 (Monday) to 8 July 2022 (Friday)**. Further practice sessions and the rollout schedule will be announced in due course.
