With reference to the [joint announcement](#) issued by the Securities and Futures Commission (SFC) and the China Securities Regulatory Commission (CSRC) today regarding the adjustments to the Stock Connect trading calendar, we are pleased to inform the market that we are working together to allow trading under Stock Connect on all trading days where both the Hong Kong and Mainland China markets are open.

An illustrative example of the trading calendar for Northbound trading is shown below.

| Date | Hong Kong | Mainland China | Trading Day (current) | Trading Day (after enhancement) |
|-------------------------|---------------------|----------------|-----------------------|---------------------------------|
| 5 May 2022 (Thu) | Business Day | | ✓ | ✓ |
| 6 May 2022 (Fri) | Business Day | | X | ✓ |
| 9 May 2022 (Mon) | Public Holiday | Business Day | X | X |
| 10 May 2022 (Tue) | Business Day | | ✓ | ✓ |

* Similar adjustments will be made to the trading calendar for Southbound trading.

It is estimated that the preparation time for implementing the adjustments will take approximately six months. While there will be no system change to the Orion Trading Platform – China Stock Connect (OTP-CSC) for the enhancement, China Connect Exchange Participants (CCEPs) and Trade-Through Exchange Participants (TTEPs) are reminded to assess the impact to their operations and systems.

Subject to regulatory approval, the commencement date will be announced in due course.
