Pursuant to the rights issue timetable issued by XJ International Holdings Co., Ltd. ("XJ International"), XJ International's shares (stock code 1765) will be marked "ex-rights" on 12 August 2025, the Ex-Rights Date. Shareholders, investors and market participants should read the XJ International's announcements and prospectus documents in full including the terms and conditions of the rights issue of XJ International in dealing with XJ International's shares. The unadjusted previous closing price will instead be displayed in the free text field. Calculation of the Adjusted Previous Closing Price will be based on XJ International's closing price on 11 August 2025 (i.e. last cum-rights trading day) and by using the following standard adjustment formula for rights issue generally.

#### Adjustment Formula:

Adjusted Previous Closing Price

$$= [(Closing Price on the last cum-rights trading day \times Y) + (S \times X)] \div (X + Y)$$

where:

S = Subscription price per rights share, i.e. HK\$0.2

X = Number of rights shares a shareholder is entitled to subscribe when he/she holds Y existing shares on the record date, i.e. 1 rights share

Y = Number of existing shares a shareholder has to hold on the record date for entitling him/herself to subscribe for X rights shares, i.e. 12 shares

Note: Price adjustment for rights issue will not be made and the previous closing price will remain unchanged on ex-rights date when the subscription price is higher than the closing price of the shares on the last cum-rights trading day.
