Market Making for New Stock Option Classes

The Exchange now invites applications for market maker permits. Interested parties should fill in Form [OP004](#) and submit the application to HKEX Client Services Department.

During the first two weeks of trading (i.e. between **Monday, 10 August 2026** and **Friday, 21 August 2026** for **Batch A**, between **Monday, 17 August 2026** and **Thursday, 27 August 2026** for **Batch B**, and between **Monday, 31 August 2026** and **Friday, 11 September 2026** for **Batch C**, both days

inclusive), the market maker obligations of both monthly and weekly expiries, in terms of the maximum bid / ask spread, will be two times of the original obligations³.

Interested parties are reminded to submit Form OP004 to the Exchange by 31 July 2026 in order to be market maker at the commencement of trading of the new stock options classes.

The market making arrangements applicable to the existing Weekly Stock Options shall likewise be extended to the newly introduced Weekly Stock Options. There will be separate market maker permits and appointments for weekly and monthly stock options in the same stock options classes.

Pre-launch Arrangements for New Stock Option Classes

The following pre-launch arrangements will be implemented on **Friday, 7 August 2026** for **Batch A**, **Friday, 14 August 2026** for **Batch B** and **Friday, 28 August 2026** for **Batch C** (i.e. one business day before the Commencement Date):

- a. option series of the new stock option classes will be created under the **new market code “143” and “145” for monthly and weekly expiries respectively in HKATS Matching Engine 6**, They will be displayed, but not tradable; and
- b. the risk parameter files (“RPF”), clearing and open interest reports on new stock option classes with both monthly and weekly expiries will be generated.

The purpose of the generation of RPF one business day before the Commencement Date is to assist Participants in estimating the margin requirements for the new stock option class trading on the Commencement Date.

Please note that the margin requirements estimated using the RPF available after the settlement process on the business day before the Commencement Date may not be the same as the actual amounts required on the Commencement Date. HKEX and its subsidiaries accept no liability whatsoever for any loss or damage arising from or in connection with the use of the information contained in such RPF. Participants who wish to use the above-mentioned RPF are reminded to update the PC-SPAN Organisation Master File. For details, please refer to the relevant Clearing House circular to be issued in due course.

Trading Information for New Stock Option Classes

The access codes of information vendors will be posted on the HKEX website in due course.

Inform Staff and Clients

Exchange Participants should notify all interested clients about the introduction of new stock options. In addition, all your staff should be fully aware of the above and should exercise caution when dealing with new stock option contracts, and when advising your clients. Please also ensure that your back office systems are operationally ready.

Investors should also be aware that some stock options have market makers signed up while others do not. Availability of market makers, depending on their sign-up, may also change from time to time.

³ Error Trade, Large-Scale Error Trade Price Parameters and Block Trade Permissible Price Range calculation will reference obligations of the liquidity level stated in Table 1 until the next review of liquidity levels.

The availability of market makers will be updated on the [HKEX website](#) from time to time. Investors should exercise due caution in trading stock options without market makers and understand the liquidity risk involved. They would have to trade against other investors with opposite views when they open or close their stock option positions.
