通告 CIRCULAR

Subject: Clearing Arrangements in the event of “Extreme Conditions” announced by the Government after Super Typhoons

Enquiry: DCASS Hotline +852 2979 7222 / Email clearingpsd@hkex.com.hk

On 3 June 2019, the Labour Department of The Government of the Hong Kong Special Administrative Region released the newly revised “[Code of Practice in Times of Typhoons and Rainstorms](#)” (the “Code of Practice”). The Code of Practice provides reference guidelines on work arrangements when the Government issues an announcement on “extreme conditions” in the event of, for example, serious disruption of public transport services, extensive flooding, major landslides or largescale power outage after super typhoons. According to the Code of Practice, when “extreme conditions” are in force (i.e. the two-hour period after cancellation of Typhoon Signal No. 8), the Government will review the situation and further advise the public by the end of the two-hour period whether “extreme conditions” will be extended or cancelled.

Unless otherwise announced by the SEHK Options Clearing House Limited (SEOCH), the clearing and settlement arrangements under Typhoon Signal No. 8 or above currently set out in the Options Clearing Rules and Operational Clearing Procedures for Options Trading Exchange Participants of SEOCH shall be read as including “extreme conditions”.

Hector Lau
Managing Director
Clearing Operations

This circular has been issued in the English language with a separate Chinese language translation. If there is any conflict in the circulars between the meaning of Chinese words or terms in the Chinese language version and English words in the English language version, the meaning of the English words shall prevail.
