

---

## Special Enquire Functions

---

**FUNCTION NAME: ENQUIRE COLLATERAL ACCOUNT BALANCE**

**WHEN TO USE:**

- To enquire the balances of all collateral in a participant's collateral account.

**AVAILABLE FUNCTION TIME:**

- Available from 9:00 a.m. till CCMS services close, Monday to Saturday (except holiday).

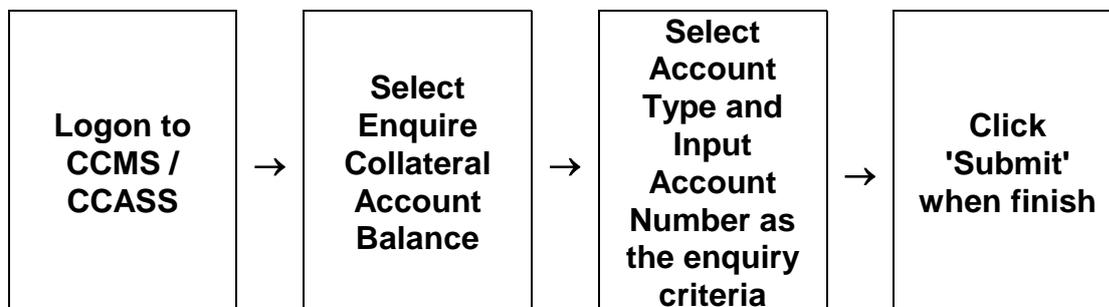

**FUNCTIONAL DESCRIPTION:**

- This is an enquiry function. Data cannot be entered or changed with this function.
- The collateral balance information is retrieved by collateral account.
- It allows enquiry on information such as balances of each collateral instrument group (e.g. CCASS stock), total discounted market value, earmarked value and specific stock collateral (i.e. on-hold or free).
- Basically, the discounted market value of a collateral in the collateral account is shown in Hong Kong dollar equivalent and calculated as:

$$\text{Quantity of the collateral} * \text{valuation price} * (1 - \text{collateral haircut rate}) * \\ \text{Exchange Rate} * (1 - \text{exchange rate haircut rate})$$

- Participant may enquire the collateral haircut rate and valuation price via ENQUIRE COLLATERAL EFFECTIVE HAIRCUT AND VALUATION PRICE function (refer to Section 8.2.5), and exchange rate and exchange haircut rate via ENQUIRE EXCHANGE RATE AND HAIRCUT function (refer to Section 8.2.6).

The access path for Enquire Collateral Account Balance is:
