1. Introduction

“FINI” (Fast Interface for New Issuance) is an online platform operated by HKSCC that is mandatory for admission to trading and, where applicable, the collection and processing of specified information on subscription in and settlement for all New Listings¹.

FINI allows market participants and regulators to interact digitally and seamlessly on the many important steps that comprise the end-to-end settlement process for the New Listings. Leveraging modern and user-friendly interfaces with common workflow logic and data standards, the use of FINI allows IPOs to start trading on the Exchange as soon as, two business days after pricing (“T+2”).

HKEX invites Designated Banks (“DB”) and Receiving Banks of IPO Issuers (“RB”) to participate in the FINI mandatory External User Testing (“EUT”) from **1 March 2023** to **19 May 2023**, which will provide opportunities for market participants to familiarise themselves with FINI applications and workflows. Registration for the EUT has already commenced and the [FINI Testing Registration Form](#) and other FINI-related publications are available on the [HKEX FINI webpage](#)

This Information Pack contains detailed information to assist testers in planning and executing the EUT. Please share this information pack with all relevant personnel within your firm, who will participate in the EUT for example, your Operations and IT support teams.

¹ FINI will initially support the new listings of equity securities, depositary receipts, stapled securities, and REITs, and trading resumption offerings on SEHK, including: (i) primary listings; (ii) dual-primary listings; (iii) secondary listings; (iv) RTOs; (v) listings by way of introduction; and (vi) transfers from GEM to the Main Board. FINI will also support post-listing public offers.

2. Objective and Scope

2.1 Testing Objective

The objective of the EUT is to allow market participants obtain an understanding of how they will be using FINI, experience to use it in a testing environment and assess how their internal practices may need to be changed in order to bring themselves ready for FINI ahead of its launch.

To be eligible for the EUT, market participants **must** have already completed user and test registrations for FINI. The [FINI Testing Registration Form](#) can be found on the [HKEX FINI webpage](#).

Once the EUT is completed, each registered participant must provide a confirmation via an [e-Form](#) to state they have executed all assigned test scenarios and confirm their understanding of the operational workflow and application behaviors of FINI.

2.2 EUT Scope (mandatory)

The testing will cover the following workflows for each participating user:

- IPO Reference Data
- EIPO Management (Nominee Bank Account Information)
- EIPO Funding
- EIPO Money Settlement
- EIPO Refund

⚠ Report download are available in the testing environment. Testers are strongly advised to download the report and get familiar with the report format for Production preparation. Please refer to Section 3.2 – Step vii on the Certificate Installation guide for FINI report download functions.

Please refer to the [User Guide for FINI Banks](#) for a step-by-step guide on how to use each of the above FINI workflows.

For the avoidance of doubt, the below functions/scenarios are out-of-scope for this EUT:

- Audit Log Reports
- SWIFT Connectivity Test²
- Contingency plan on EIPO Money Settlement / Refund
- Email notification

² SWIFT Connectivity Test is also mandatory for FINI Banks and will be in-scope in the mandatory interface testing scheduled on Q1-2023

2.3 FINI API Testing (optional)

FINI API is provided as an alternative means to access FINI. It provides access to the following FINI functions:

1. IPO Reference Data enquiries (available for all FINI user types)
2. EIPO subscriptions and enquiries (available for FINI HKSCC Participants)
3. EIPO pre-funding confirmation and enquiries (available for FINI Banks)

For the implementation details, please refer to the [FINI API User Guide](#) on the FINI webpage. In order to access the testing environment via FINI API, please use the following end points:

API	Method	URI
FINI API JWT Access Token Retrieval API	POST	https://connect-am.u4cp.hkex.com.hk:443/openam/oauth2/eu/access_token
Crypto Metadata Request API	GET	https://fini.u4cp.hkex.com.hk/api/crypto/meta
Enquire IPO List	GET	https://fini.u4cp.hkex.com.hk/api/ipos/list/v1?size={{size}}&nextCursor={{cursor}}
Enquire IPO reference data	GET	https://fini.u4cp.hkex.com.hk/api/ipos/refdata/v1?ipoID={{ipoID}}
Add EIPO subscription entries	POST	https://fini.u4cp.hkex.com.hk/api/eipo/subscriptions/add/v1
Amend EIPO subscription entries	POST	https://fini.u4cp.hkex.com.hk/api/eipo/subscriptions/change/v1
Invalidate EIPO subscription entries	POST	https://fini.u4cp.hkex.com.hk/api/eipo/subscriptions/invalidate/v1
Enquire EIPO subscription entries	POST	https://fini.u4cp.hkex.com.hk/api/eipo/subscriptions/query/v1
Enquire EIPO funding validation list	POST	https://fini.u4cp.hkex.com.hk/api/eipo/funding/query/v1
Confirm EIPO funding validation	POST	https://fini.u4cp.hkex.com.hk/api/eipo/funding/confirm/v1

3. Schedule and Arrangements

3.1 Overview

Testing will commence from **1 March 2023** and end on **19 May 2023**. Given the significant volume of testers, the FINI Project Team will assign each market participant a specific testing period. FINI Banks shall notify HKSCC via email one week before the testing such that specific IPO in FINI (also known as “IPO Cards”) could be setup and assigned for the testing of EIPO Funding.

There are two types of user accounts: 1) **Admin** users are only for managing the business user accounts, teams and API profiles for FINI access; and 2) **Business** users will be the one to accessing and using the FINI interface. All business user accounts are managed by Delegated Administrators (“**DAs**”) in the HKEX Access Management Portal.

By default, there are two admin user accounts and two business user accounts setup for each participant firm in the EUT environment.

3.2 Preparation and Execution of the Testing

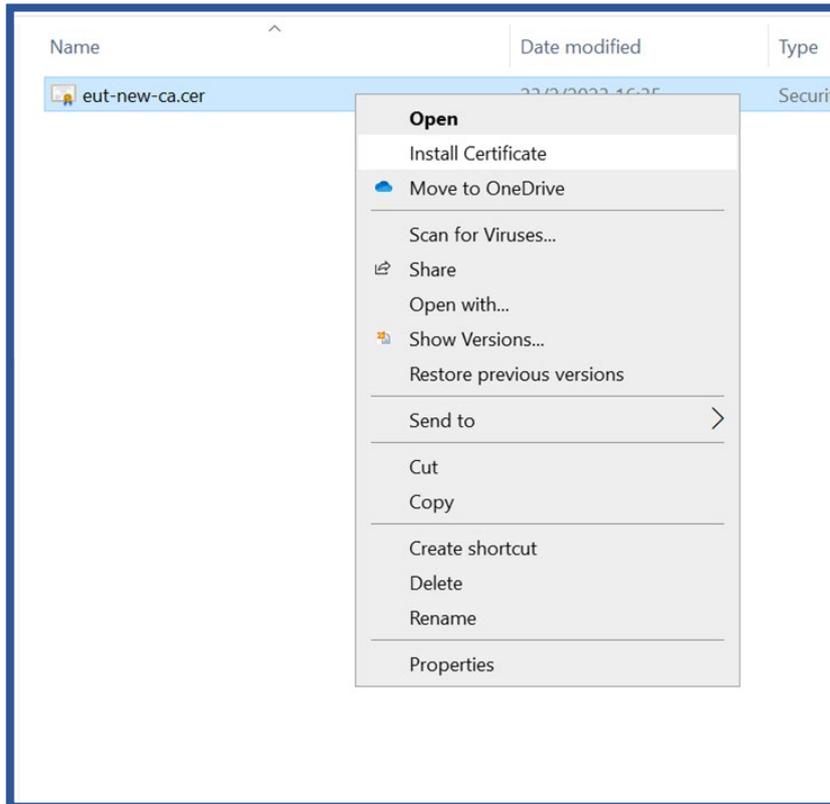

All testers should note the following arrangements for preparation and execution of the testing:

- i. VPN (Virtual Private Network) setup must be completed in order to access the FINI test site. For VPN setup instructions, please refer to [FINI Testing Environment Setup and Access Guide](#).
- ii. Once the VPN setup has been completed, you may start accessing the FINI and HKEX Access Management Portal via the following links:
FINI: <https://fini.u4cp.hkex.com.hk>
HKEX Access Management Portal: <https://connect.u4cp.hkex.com.hk>

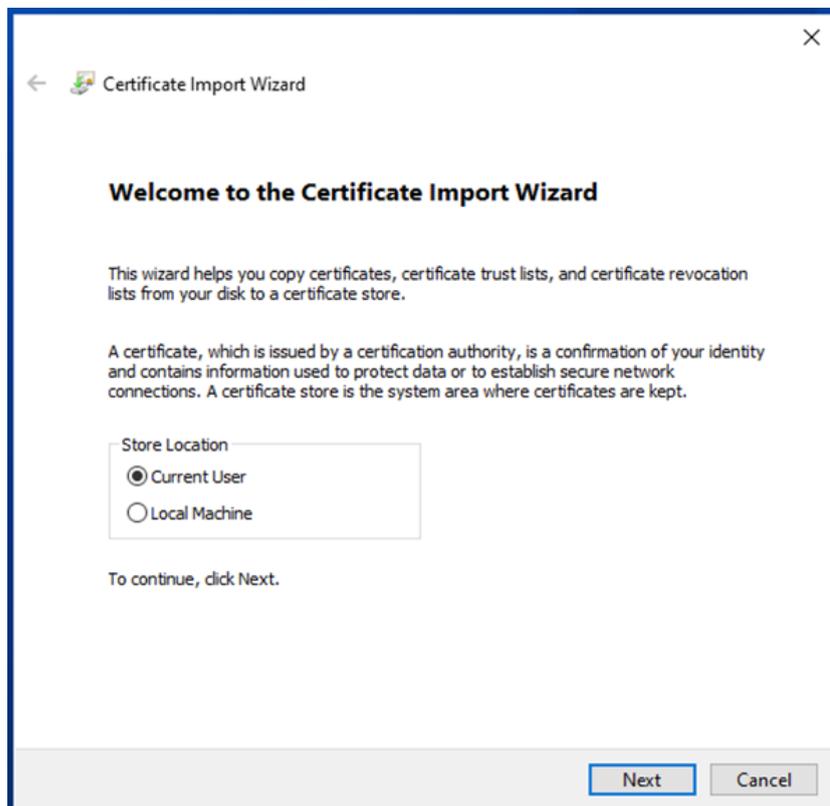

The testing environments (both FINI and HKEX Access Management Portal) will be open from Monday 08:00 to Friday 16:00 (HKT) on weekly basis during the EUT period.

- iii. The IPO card number(s), designated testing period and timeslots for Q&A sessions will be emailed to testers prior to the commencement of their testing sessions. Please follow the steps written in this information pack and make reference to the [User Guide for FINI Banks](#) to execute the test cases.
- iv. Testing may be executed anytime within the designated testing period and **must** be completed **before** the end of the designated testing period.
- v. Testers **must** submit a confirmation upon testing completion via an [e-Form](#) **before** the end of the designated testing period, a single confirmation from a company for multiple user types is acceptable.
- vi. All reports and data used within the testing environment are strictly for testing purposes only.
- vii. For testers to test Report Download function on FINI, please follow the steps below for certificate import for FINI report download.
 1. Download the certificate (“**eut_new_ca.txt**”) from [FINI webpage](#) to VPN desktop computer, and rename the file to “**eut_new_ca.cer**”.

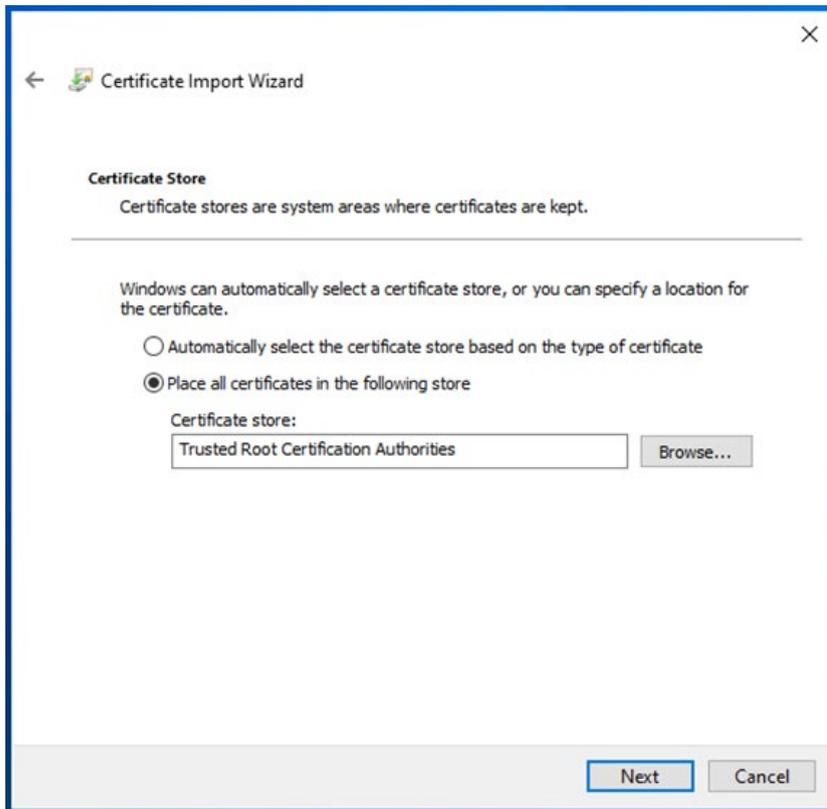

2. Right click on the file and select “Install Certificate”

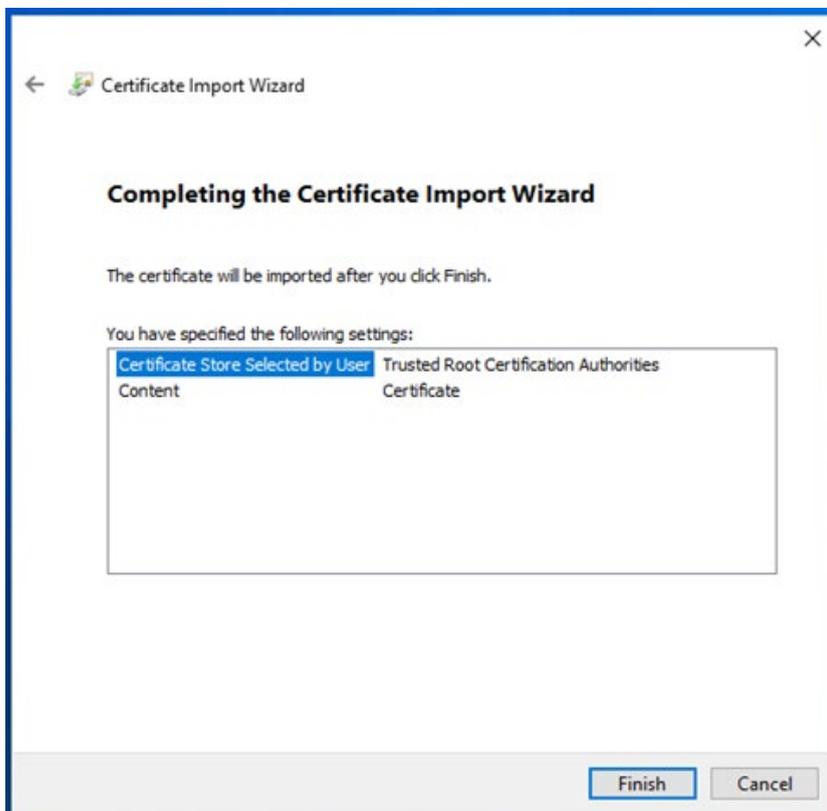

3. Select “Current User” and click “Next”

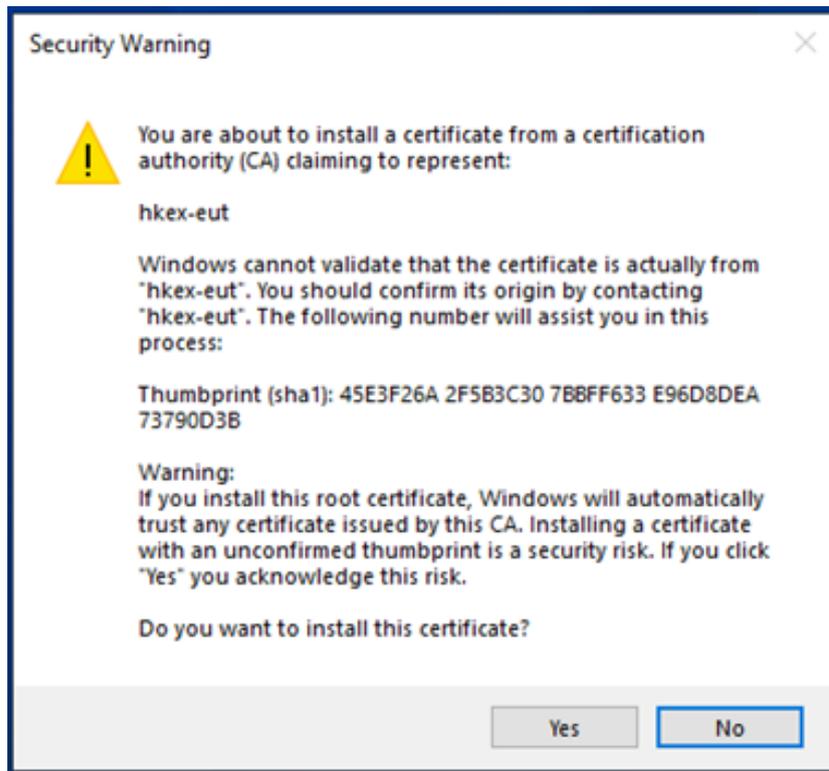

4. Select “Place all certificates in the following store”, click “Browse” and select “Trusted Root Certification Authorities”, click “Next” then click “OK”.

5. Select “Certificate Store Selected by User” and click “Finish”

6. After 30 seconds, the following message will prompt up and click "Yes"

7. Click "OK"

8. Close and open new browser to login to FINI website

3.3 Test Cases

Workflow	Pre-Conditions	Test Steps	Expected Result
EIPO Management	In any IPO status	<p>A. <u>Access Designated Banks Nominee Bank Account Information</u></p> <p>1. The FINI Banks user can access Designated Banks Nominee Bank Account Information at any point in time by:</p> <ul style="list-style-type: none"> (i) Log in to FINI web portal (ii) Access the user setting on the top right corner of IPO Home Page (iii) Under the dropdown menu, click 'EIPO Management' (iv) User able to access EIPO Management panel with 3 sections: Nominee Bank Account Information (HKD/CNY/USD) 	<p>A. <u>Tester is able to view Designated Banks Nominee Bank Account Information</u></p> <p>1. 4. Communication Channels

During the EUT, the FINI Project Team will designate specific timeslots for testers to ask questions or seek clarifications on the test cases.

Market Participants are reminded to ensure their designated contact persons (provided in the testing registration form) are reachable during the prescribed testing period, and the relevant emails and phone numbers provided to the FINI Project Team are accurate.

In the event of cancellation or postponement of the EUT, the FINI Project Team will notify the designated contact persons via emails and/or phone calls.

For any queries in relation to the testing, please contact Project FINI Team:

- Email: projectfini@hkex.com.hk
To allow us to better organize your enquiries, please add the tags **#FINIBANKS#EUT#** in the email subject
- Phone: +852 2211 5888

⚠ Hotline support is available from 09:00 to 18:00 Monday to Friday, except public holidays.
