THE STOCK EXCHANGE OF HONG KONG LIMITED

(A wholly-owned subsidiary of Hong Kong Exchanges and Clearing Limited)

Guidelines for Internal Report

Introduction

In application for the registration of Designated Specialist, an Exchange Participant (“applicant”) is required to: -

- (i) submit an internal report (“Report”) giving information on the risk management policy and control of the applicant on its proposed Designated Specialist and describing the systems, controls and internal procedures that it intends to adopt or has adopted in regard to market making on the Exchange; and
- (ii) include in the Report the information on the applicant’s readiness for conducting market making activities for securities traded and settled in RMB, where applicable

Unless otherwise stated, terms used in these Guidelines shall have the same meanings as defined in the Rules of the Exchange of The Stock Exchange of Hong Kong Limited (“Rules of the Exchange”).

Areas to be covered in the Report

1. Overview of the market making business

Brief descriptions of set up of the business, its core operation systems and key personnel, including: -

- business structure and set up for the market making activities (providing details of the proposed Designated Specialist);
- core operations of front and back offices for the market making activities;
- a description of the background, experience, role and responsibility of key personnel and the name, contact telephone number and email address of each key personnel of the Designated Specialist under its registration who is responsible for overseeing market making activities; and
- trading strategies and policies.

2. Financial standing

The applicant should have and employ effectively the resources and procedures, which are needed for the proper performance of the market making activities. The applicant should provide the following information: -

- financial information of the applicant;
- controls and procedures to ensure compliance with the financial requirements of the Exchange; and
- controls and procedures to meet the settlement obligation towards the clearing houses.

3. Risk management

The framework of risk management policy and procedures of the applicant for the registration of Designated Specialist on the market making activities, specifically including the following: -

- policy and procedures for setting trading and position limits for the Designated Specialist;
- list of risk management reports reviewed by the management and risk management personnel and frequency of such review;
- settlement arrangement between the applicant and the Designated Specialist and the consequence of the Designated Specialist's failure to meet its settlement obligation due to the applicant, including the actions which the applicant may be entitled to take;
- controls and procedures in ensuring the implementation of the risk management policy and procedures to monitor the Designated Specialist; and
- controls and procedures to monitor the compliance with Regulations (5B)(a) and (14F) of the Securities Market Maker Regulations ("Regulations") in the Fourteenth Schedule to the Exchange Rules.

In addition, the procedures to ensure that the Exchange is properly informed if the Designated Specialist fails to comply with the conditions set out in Regulation (5B)(a) or the Securities Market Maker's obligations set out in the Regulations; or the applicant becomes aware of any of the matters noted in Regulation (5B)(d).

4. Records

The applicant should keep and maintain sufficient trading records of the market making activities. The Report should include description of the following: -

- list of accounts and reports to be kept and the frequency of the reports (keep separate accounts for its own market maker trades and own trades which are not for the purpose of market making; and separate accounts for each Designated Specialist); and
- controls in place to reconcile the executed trades and outstanding position to third party statements (such as reports from the clearing houses and the Exchange) from the reports generated by the pricing, risk monitoring and back office systems.

5. Computer and security

A description of the computer system to be used and internal security procedures, including:-

- software to be used for the pricing, risk monitoring and back office processing;
- source of the software and experience in the software. If newly self-developed software is used, details of training provided to the staff and testing of the software;
- history of major failure of the software, if appropriate; and
- the internal security procedures in place, including controls to restrict access to the computer system by password and User ID to prevent unauthorized amendment to the data and software.

6. Readiness for conducting market making activities for securities traded and settled in RMB

The applicant should review its readiness for conducting the market making activities for securities traded and settled in RMB. The applicant should provide the following information: -

- confirmation of the applicant's readiness for trading and/or clearing in SEHK-listed RMB denominated securities by reference to the [Checklist to facilitate Participants' review of readiness for Listed Renminbi \("RMB"\) Securities Business](#) issued by the Securities and Futures Commission on 17 March 2011; and
- arrangements and/or controls to source sufficient RMB to meet the settlement obligation towards the clearing houses¹.

The above areas are by no means exhaustive. The applicant should include any additional procedures, which they consider necessary to address the risks to the assets of the applicant or the Designated Specialist under its registration may be exposed or to which major liabilities may be suffered by them.

¹. Where the applicant is a Non Clearing Participant, the applicant should also provide confirmation by its General Clearing Participant ("GCP") of the readiness of the GCP for clearing securities in RMB listed on the Exchange by reference to the Checklist.
