Section 10
Exchange Trades - CNS System

For the purposes of this Section 10, (i) references to “Eligible Securities” mean Eligible Securities other than China Connect Securities; (ii) references to “Participants” mean Clearing Participants and Clearing Agency Participants; and (iii) references to “Exchange Participants” include Special Participants, unless specified otherwise.

10.1 ACCEPTANCE FOR SETTLEMENT UNDER THE CNS SYSTEM

10.1.1 Details of Exchange Trades
Arrangements have been made by HKSCC for details of Exchange Trades to be reported to HKSCC on a daily basis. Participants will not, therefore, generally have to input into CCASS details of Exchange Trades. However, HKSCC reserves the right to require Participants to provide details of Exchange Trades executed by them or, in the case of GCPs, including those of their NCPs to it.

Subject to any Trade Amendments, any “late” Exchange Trades and trades not recognized by the Exchange as referred to in Section 10.2, Exchange Trades will be settled under the CNS System unless they are isolated from the CNS System by the counterparty Exchange Participants at the time of trade or unless they are isolated from the CNS System by HKSCC.

10.1.2 Confirmation of acceptance under the CNS System
Acceptance by HKSCC of Exchange Trades for settlement under the CNS System will only be confirmed by details contained in the second batch of PCSs issued by HKSCC to Participants at or about 8:00 p.m. on each Business Day.

Subject to any Trade Amendments, any “late” Exchange Trades and trades not recognized by the Exchange as referred to in Section 10.2, an Exchange Trade accepted for settlement under the CNS System will not normally be excluded from the CNS System by HKSCC subsequent to the issue of the relevant PCS.

10.1.3 "Guarantee" by HKSCC
Since acceptance for settlement under the CNS System involves the substitution of HKSCC as settlement counterparty, a form of "guarantee" is in effect provided by HKSCC to Participants in respect of Exchange Trades accepted for settlement under the CNS System.

10.1.4 Availability of PCSs
Hard copies of PCSs issued by HKSCC to Participants on each Business Day can be obtained by such Participants via their CCASS Terminals or Participant Gateways. PCSs are generated twice daily on each Business Day.

10.1.5 Information contained in PCSs
A PCS will provide a Participant with information in relation to all Exchange Trades and/or Clearing Agency Transactions to be cleared and settled by the Participant on that day. For a particular day, a PCS will set out the details of Exchange Trades and/or Clearing Agency Transactions to be settled under the CNS System and the details of its net stock settlement positions in each Eligible Security traded that day (and the relevant money positions).
For Exchange Trades relating to interest-bearing eligible Debt Securities, accrued interest amount and trade amount of the trades will be displayed separately in the PCSs. In addition, other information such as interest calculation method, interest rate used and number of days used in the calculation of accrued interest will also be provided in the PCSs.

Details of the Exchange Trades to be settled under the Isolated Trades System and details of trades in non-Eligible Securities will also be provided in the PCSs.

Details of Clearing Agency Transactions to be settled under the CNS System or the Isolated Trades System will be included in the second batch of PCSs only.

The information contained in a PCS will only be indicative of the settlement obligations of a Participant on the due settlement date (i.e. T+2). Trade Amendments may be made, “late” Exchange Trades may be accepted, trades not recognized by the Exchange may be excluded and the settlement obligations may be affected by unsettled positions under the CNS System in the intervening day (i.e. T+1) before the due settlement date.

The main purpose of a PCS, in addition to allowing a Participant to make initial preparation for settlement, is to allow a Participant to carry out daily reconciliation with its internal records of the Exchange Trades and/or Clearing Agency Transactions.

Where a Participant is in the process of opening a bank account in an Eligible Currency for money settlement of Exchange Trades and/or Clearing Agency Transactions accepted under the CNS System, a message will be posted on the PCSs of the Participant concerned to alert the Participant about the alternative payment methods available.

10.2 TRADE AMENDMENTS, “LATE” EXCHANGE TRADES AND TRADES NOT RECOGNIZED BY THE EXCHANGE

10.2.1 Rectification of errors by Trade Amendments
Arrangements have been made by HKSCC for details of Trade Amendments to be reported to it by the Exchange. Provided that such details are received by HKSCC on the Business Day following the relevant day of trade, before the usual time for the issue of the FCSs by HKSCC (see Section 10.2.3), HKSCC will normally accept such Trade Amendments and cause the relevant adjustments to be made to the settlement positions of the Participants concerned under the CNS System. However, HKSCC reserves the right not to accept Trade Amendments even if the Exchange has given approval and if so, will notify the Participants concerned as soon as possible. For those Trade Amendments relating to Exchange Trades in which a GCP or a Clearing Agency Participant has been substituted as a party, the GCP or Clearing Agency Participant shall notify the NCP or Special Participant concerned that the Trade Amendment has not been accepted by HKSCC.

10.2.2 "Late" Exchange Trades
Exchange Trades conducted on a particular day may not be reported to the Exchange by the Exchange Participants in time for the details of such Exchange Trades to be reported by the Exchange to HKSCC on the same day. The reporting of such late Exchange Trades by the Exchange Participants concerned to the Exchange will be dealt with by the Exchange as a form of Trade Amendment. Treatment of such "late" Exchange Trades by HKSCC will be the same as Trade Amendments as described in Section 10.2.1 except that this Section 10.2.2 on “Late” Exchange Trades shall not apply to Special Participants.

Arrangements have been made by HKSCC for details of such "late" Exchange Trades to
be reported to it by the Exchange. HKSCC reserves the right not to accept such late Exchange Trades for settlement under the CNS System.

10.2.2A Trades not recognized by the Exchange
Trades in a Structured Product which are effected on or reported to the Exchange on a particular day after the time of the relevant call event as notified by the Issuer of the Structured Product to or otherwise determined by the Exchange and which are not recognized by the Exchange in accordance with the Exchange Rules may not be reported by the Exchange to HKSCC on the same day, or even if on the same day, may not be reported in time for such trades to be excluded from the relevant PCSs. Any such trades not recognized by the Exchange, if not already excluded from the PCSs issued to the Clearing Participants, will be excluded from the FCSs (see Section 10.2.3).

10.2.3 Confirmation of acceptance under CNS System of Exchange Trades subject to Trade Amendments and “late” Exchange Trades and exclusion of trades not recognized by the Exchange
Acceptance by HKSCC of the Exchange Trades subject to Trade Amendments for settlement under the CNS System and “late” Exchange Trades as referred to in Section 10.2.2, as well as exclusion of trades not recognized by the Exchange as referred to in Section 10.2.2A, will be confirmed by details contained in the FCSs issued by HKSCC daily to Clearing Participants at or about 2:00 p.m., on the Business Day following the relevant day of trade.

10.2.4 Availability of FCSs
Hard copies of FCSs, issued by HKSCC to Participants on each Business Day, can be obtained by the Participants via their CCASS Terminals or Participant Gateways.

10.2.5 Information contained in FCSs
A FCS will contain the following information in relation to (a) trades of a Participant and, in the case of a GCP or a Clearing Agency Participant, including those of its NCPs or Special Participants concluded on the Exchange and/or (b) Clearing Agency Transactions of a Participant and, in the case of a GCP, including those of NCPs, effected on the previous Business Day (i.e. T-day) and which are to be settled on the following Settlement Day (i.e. T+2):

(i) the net stock positions with HKSCC in each Eligible Security (which will each be assigned a unique settlement position number) and their related money positions under the CNS System (taking into account any Trade Amendments accepted by HKSCC, any “late” Exchange Trades accepted by HKSCC and the exclusion of any trades not recognized by the Exchange) as well as details of individual Exchange Trades and Clearing Agency Transactions of a Participant effected on the previous Business Day;

(ii) the net money position with HKSCC for all net stock positions under the CNS System;

(iii) details of Exchange Trades accepted for settlement under the Isolated Trades System and their related money positions (including any Trade Amendments thereto approved by the Exchange) and accrued interest amounts of Exchange Trades in eligible interest-bearing Debt Securities;

(iv) details of Clearing Agency Transactions accepted for settlement under the CNS System or accepted for settlement under the Isolated Trades System and their related money positions (including any amendments thereto accepted by HKSCC);
(v) details of Trade Amendments, any "late" Exchange Trades accepted by HKSCC and the exclusion of any trades not recognized by the Exchange, if any;

(vi) details of trades effected in securities listed on the Exchange which are not Eligible Securities (and any Trade Amendments thereto); and

(vii) details of fees payable in relation to the settlement of Exchange Trades and Clearing Agency Transactions in CCASS (see Section 21.1).

Where a Participant is in the process of opening a bank account in an Eligible Currency for money settlement of Exchange Trades and/or Clearing Agency Transactions accepted under CNS System, a message will be posted on the FCS of the Participant concerned to alert the Participant about the alternative payment methods available.

10.2.6 Accrued Interest Adjustment
For trades in floating rate Debt Securities effected in one interest period and which are due for settlement on or after the first day of the next following interest period, it is possible that interest rate of the next following interest period may not be fixed by the trade day. Upon notification of the interest rate for the next following interest period by the issuer/issuer's agent, HKSCC may adjust the accrued interest amount of the affected positions.

Where other circumstances warrant, HKSCC may also adjust the accrued interest of both floating and fixed rate Debt Securities in line with market practice.

Details of the accrued interest adjustments are provided in the FCSs, Next Settlement Day Due/Overdue Position Reports, Settled Position Reports and Settlement Report (see CCASS Terminal User Guide for Participants for details), where applicable.

10.3 NETTING

10.3.1 Determination of daily stock settlement positions
The daily stock settlement positions of a Clearing Participant or Clearing Agency Participant with HKSCC, arising out of Exchange Trades or Clearing Agency Transactions, as the case may be, accepted for settlement under the CNS System, will be determined based on the following steps:

(i) Novation: the Novation of Exchange Trades and Clearing Agency Transactions upon their acceptance for settlement under the CNS System, pursuant to which HKSCC becomes substituted as the settlement counterparty to the relevant Clearing Participants and Clearing Agency Participants (the novated contracts being referred to as "Market Contracts");

(ii) daily netting: the stock positions of a Clearing Participant or Clearing Agency Participant under the Market Contracts (which may include novated Clearing Agency Transactions), on the same day, in the same Eligible Security (and arising from Exchange Trades executed by the same Special Participant in the case of a Clearing Agency Participant which is a China Connect Clearing House), being offset against each other to result in one net long or net short stock position with HKSCC, in each Eligible Security, on each Business Day (and in respect of each Special Participant in the case of a Clearing Agency Participant which is a China Connect Clearing House). Each such net long or net short stock position of a Clearing Participant or Clearing Agency Participant will be assigned a unique Settlement Position Number for reference purposes; and
(iii) cross-day netting: the netting process operates on a continuous basis in the sense that any outstanding unsettled stock position of a Clearing Participant or Clearing Agency Participant in an Eligible Security (and in respect of the same Special Participant in the case of a Clearing Agency Participant which is a China Connect Clearing House) on a Settlement Day is carried forward to the following Settlement Day and is offset against any opposite stock position in the same Eligible Security (and in respect of the same Special Participant in the case of a Clearing Agency Participant which is a China Connect Clearing House) due on the following Settlement Day. If the outstanding stock position so carried forward to the following Settlement Day and the stock position in the same Eligible Security (and in respect of the same Special Participant in the case of a Clearing Agency Participant which is a China Connect Clearing House) due for settlement on the following Settlement Day are both long or both short, the two stock positions will remain separate and distinct for settlement purposes in CCASS (although they will be added together for the purpose of determining the aggregate stock position of the Clearing Participant or Clearing Agency Participant in that Eligible Security, and in the case of a Clearing Agency Participant which is a China Connect Clearing House, in respect of the same Special Participant, at the time).

10.3.2 Example (Novation)
The concept of Novation of an Exchange Trade and its replacement by two Market Contracts, with HKSCC being substituted as settlement counterparty, can be illustrated as follows.

An Exchange Trade involving Exchange Participant A buying 10,000 stock X from Exchange Participant B for HK$100,000.

Upon Novation under the CNS System, the Exchange Trade will be replaced by the following two Market Contracts, each with HKSCC as settlement counterparty:

(i) Market Contract between Participant A or GCP (if Participant A is a NCP) and HKSCC:

<table>
<thead>
<tr>
<th>Participant</th>
<th>HKSCC</th>
</tr>
</thead>
<tbody>
<tr>
<td>Stock position</td>
<td>10,000 (long)</td>
</tr>
<tr>
<td>Money position</td>
<td>$100,000DR</td>
</tr>
</tbody>
</table>

(ii) Market Contract between Participant B or GCP (if Participant B is a NCP) and HKSCC:

<table>
<thead>
<tr>
<th>Participant</th>
<th>HKSCC</th>
</tr>
</thead>
<tbody>
<tr>
<td>Stock position</td>
<td>10,000 (short)</td>
</tr>
<tr>
<td>Money position</td>
<td>$100,000CR</td>
</tr>
</tbody>
</table>

The combined stock and money positions of HKSCC under the two Market Contracts replacing an Exchange Trade will be zero in each case.

10.3.3 Example (daily netting)
The concept of daily netting of Market Contracts in the same Eligible Security can be illustrated as follows:

On T-day, Participant A had the following five Exchange Trades for settlement in stock X.
<table>
<thead>
<tr>
<th>Trade Counterparty (assuming they are all DCPs)</th>
<th>Settlement Counterparty</th>
<th>Action by Participant A</th>
<th>Quantity (stock)</th>
<th>Unit Price</th>
<th>Money Positions</th>
</tr>
</thead>
<tbody>
<tr>
<td>Participant B HKSCC</td>
<td>Sell (Deliver)</td>
<td>10,000</td>
<td>$10.0</td>
<td>$100,000CR</td>
<td></td>
</tr>
<tr>
<td>Participant B HKSCC</td>
<td>Sell (Deliver)</td>
<td>25,000</td>
<td>$ 9.0</td>
<td>$225,000CR</td>
<td></td>
</tr>
<tr>
<td>Participant C HKSCC</td>
<td>Buy (Receive)</td>
<td>20,000</td>
<td>$11.0</td>
<td>$220,000DR</td>
<td></td>
</tr>
<tr>
<td>Participant D HKSCC</td>
<td>Buy (Receive)</td>
<td>10,000</td>
<td>$10.0</td>
<td>$100,000DR</td>
<td></td>
</tr>
<tr>
<td>Participant E HKSCC</td>
<td>Sell (Deliver)</td>
<td>15,000</td>
<td>$11.0</td>
<td>$165,000CR</td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
<td><strong>Net sell (Deliver)</strong> 20,000</td>
</tr>
</tbody>
</table>

After netting, Participant A has a net short stock position of 20,000 in stock X, with a corresponding money position of $170,000.00 CR. The average position price for the CNS stock position of Participant A in stock X is therefore $8.5.

### 10.3.4 Example (cross-day netting - two opposite stock positions)

The concept of cross-day netting (CNS) involving two opposite stock positions of a Participant in the same Eligible Security can be illustrated by using the following example:

At the beginning of a Settlement Day ("S-Day"), Participant A has the following unsettled positions in stock X before the settlement on the day begins.

<table>
<thead>
<tr>
<th>Due settlement date of stock positions</th>
<th>Unsettled stock positions</th>
<th>Money positions</th>
</tr>
</thead>
<tbody>
<tr>
<td>S-1</td>
<td>2,000 (short)</td>
<td>$2,200CR</td>
</tr>
<tr>
<td>S</td>
<td>3,000 (long)</td>
<td>$3,600DR</td>
</tr>
</tbody>
</table>

At the beginning of S-day, the long stock position of 3,000 due on S-day will be offset against the outstanding short stock position of 2,000 due on S-1, as follows:

<table>
<thead>
<tr>
<th>Due settlement date of stock position before CNS on S-day</th>
<th>Stock positions settled by CNS on S-day</th>
<th>Unsettled stock positions after CNS</th>
</tr>
</thead>
<tbody>
<tr>
<td>S-1 2,000 (short)</td>
<td>2,000 (short)</td>
<td>0</td>
</tr>
<tr>
<td>S 3,000 (long)</td>
<td>2,000 (long)</td>
<td>1,000 (long)</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Due settlement date of stock positions</th>
<th>Money positions before CNS on S-day</th>
<th>Money positions settled by CNS on S-day</th>
</tr>
</thead>
<tbody>
<tr>
<td>S-1</td>
<td>$2,200CR</td>
<td>$2,200CR</td>
</tr>
<tr>
<td>S</td>
<td>$3,600DR</td>
<td>$2,400DR*</td>
</tr>
</tbody>
</table>

Money position to be settled: $200 DR

* The amount $2,400 is derived from $3,600 x 2,000/3,000

As a result of CNS, Participant A has a net long stock position of 1,000 in stock X (with a corresponding money position of $1,200 DR), to be settled on S-day. The amount of
$200 arising out of the process of CNS will be debited by HKSCC to the Settlement Account (a sub-account of its Money Ledger) of Participant A for settlement the same day.

Further settlement in respect of the net long stock position of 1,000 in stock X may be effected on S-day.

10.3.5 Example (cross-day netting - stock positions both long or both short)
The concept of cross-day netting (CNS) involving two stock positions of a Participant in the same Eligible Security which are both long or both short can be illustrated by using the following example.

Participant A has the following positions in stock X on S-day.

Due settlement date of stock positions | Unsettled stock positions | Money positions
---|---|---
S-1 | 2,000(short) | $2,200CR
S  | 3,000(short) | $3,600CR

On S-day, Participant A will have an aggregate short stock position of 5,000 in stock X. However, for the purpose of settlement under the CNS System, the two stock positions will remain separate and distinct. Similarly, the corresponding money positions of the two stock positions will also remain as separate and distinct.

Settlement may be effected in respect of the two stock positions in Stock X on S-day.

10.3.6 Example (cross-day netting - three stock positions)
The concept of cross-day netting (CNS) involving three stock positions of a Participant in the same Eligible Security, two of which being either both long or both short, and the remaining one being opposite to the other two, can be illustrated by using the following example. The example demonstrates that any offsetting by cross-day netting will be effected first against the oldest opposite stock position.

Participant A has the following three positions in stock X on S-day.

Due settlement date of stock positions | Unsettled stock positions | Money positions
---|---|---
S-2 | 2,000(short) | $2,400CR
S-1 | 1,000(short) | $1,300CR
S  | 2,600(long)  | $3,900DR

At the beginning of S day, the long stock position of 2,600 due on S day will be first offset against the "oldest" outstanding short position, i.e. the short stock position of 2,000 due on S-2. The remainder part of the long position will then be offset with the short position of 1,000 due on S-1. The result will be as follows:

<table>
<thead>
<tr>
<th>Stock positions settled by CNS</th>
<th>Money positions settled by CNS</th>
<th>Unsettled stock positions after CNS</th>
<th>Unsettled money positions after CNS</th>
</tr>
</thead>
<tbody>
<tr>
<td>S-2</td>
<td>2,000(short)</td>
<td>$2,400CR</td>
<td>Nil</td>
</tr>
</tbody>
</table>
Following cross-day netting at the beginning of S-day, Participant A will have one outstanding CNS short position in stock X of 400, with a corresponding money position of $520 CR.

It should be noted that a partial settlement has been made in respect of the outstanding CNS short position of 1,000 due on S-1. The money settlement to be effected as a result of the partial delivery is worked out by multiplying $1,300 by 600/1,000.

10.4 SECURITIES SETTLEMENT UNDER THE CNS SYSTEM

10.4.1 Settlement between HKSCC and Participants
Under the CNS System, Exchange Trades are replaced by Market Contracts whereby HKSCC becomes the settlement counterparty to Participants. Settlement will be effected between the Participants and HKSCC in CCASS.

10.4.2 Settlement of short stock positions of Participants
Short stock positions of Participants under the CNS System may be settled in CCASS in any one of the following ways:

(i) by the input of Delivery Instructions by the delivering Participants;
(ii) by Batch-settlement-runs automatically carried out in CCASS on each Settlement Day; or
(iii) by cross-day netting, as referred to in Section 10.3.

In the case of settlement by Batch-settlement-runs and cross-day netting, the oldest short stock positions of a Participant will always be settled first.

Except in cases where Participants have provided Collateral Security through CCMS for a waiver of computation of Marks, the CNS short stock position in the batch settlement occurring at the beginning of each Settlement Day will be settled with the relevant Collateral Security so provided with the same settlement date and to the extent which Marks computation has been waived, if the CNS short stock position still exists. Where two or more short positions exist in the same stock and with the same settlement date, relevant Collateral Security will be used to settle the position with a higher average price first.

In the case of settlement by DIs, a delivering Participant can select any stock position for settlement without reference to age.
10.4.3 Settlement of long stock positions of Participants
As and when Eligible Securities are made available to HKSCC by Participants with short stock positions under the CNS System, these will be used by HKSCC to settle its obligations to Participants with long stock positions under the CNS System.

HKSCC will deliver the Eligible Securities made available to it to Participants with long stock positions under the CNS System in accordance with the allocation algorithm set out in Section 13.4.

Although Participants with long stock positions under the CNS System may not receive Eligible Securities in CCASS on due dates (T+2), they will be able to make use of their outstanding long stock positions to offset against short stock positions in the same Eligible Securities under the CNS System on subsequent Settlement Days.

10.4.4 Partial delivery
Partial delivery will be allowed in respect of the CNS stock positions of Participants.

10.5 MONEY SETTLEMENT UNDER THE CNS SYSTEM

10.5.1 DVP basis
Settlement between Participants and HKSCC under the CNS System will normally be on a DVP basis and in the Eligible Currency in which the relevant securities are denominated. To the extent that HKSCC determines that it is not possible or reasonably practicable to make payment in such Eligible Currency, HKSCC’s obligations shall be to make payment, in full or in part, in such other currency or currencies and at such conversion rate(s) as HKSCC may in its absolute discretion determine to be fair and reasonable, taking into account all relevant circumstances as it may consider appropriate. With only one exception (see Section 10.5.5), money settlement will only be effected after settlement of stock positions in CCASS.

CCASS money settlement involves HKSCC issuing instructions to the Designated Banks of Participants to cause credits and debits to be made to the Designated Bank Accounts of Participants. Where the Participant is in the process of opening a Designated Bank Account in an Eligible Currency which is the subject of the CNS Transactions, HKSCC will make payment to the Participant by telegraphic transfer or paper cheque or such other means as are considered fair and reasonable by HKSCC. Payment will be made to the delivering Participant on the Business Day following the actual date of securities settlement. The receiving Participant must make payment directly into HKSCC’s stated foreign currency bank account before 5:45 p.m. on the actual date of securities settlement.

10.5.2 Money position of daily net CNS stock positions
For Exchange Trades in the same Eligible Security effected on the same day and accepted for settlement under the CNS System (and effected by the same Special Participant in the case of a Clearing Agency Participant which is a China Connect Clearing House), there will be one daily net stock position, as described in Section 10.3.1(ii).

This daily net CNS stock position of a Participant will have a corresponding net money position, derived from offsetting the money positions of the underlying Exchange Trades. This is illustrated in the example set out in Section 10.3.3.

The net money positions derived from offsetting the money positions of the underlying Exchange Trades of a Participant in each Eligible Security in the same Eligible Currency (and in respect of each of its designated Special Participants in the case of a Clearing Agency
Participant which is a China Connect Clearing House) on the same day will be offset against each other to result in a total net money position with HKSCC on each Settlement Day.

10.5.3 **Money position of CNS stock positions after cross-day netting**
If two opposite CNS stock positions of a Participant in the same Eligible Security are offset against each other as a result of cross-day netting as described in Section 10.3.1(iii), the money positions of the two CNS stock positions (or, in the case of a Clearing Agency Participant which is a China Connect Clearing House, the money positions of the two CNS stock positions in respect of each of its designated Special Participants) will also be offset against each other to result in a sum to be settled between HKSCC and the Participant concerned. Any unsettled CNS stock position will also have a corresponding money position. The position is illustrated in the example set out in Section 10.3.4.

The money positions of two CNS stock positions of a Participant (or, in the case of a Clearing Agency Participant which is a China Connect Clearing House, the money positions of two CNS stock positions in respect of each of its designated Special Participants) in the same Eligible Security (such CNS stock positions being both long or both short), will continue to be treated as separate and distinct.

10.5.4 **Partial delivery**
In respect of any partial delivery of a CNS stock position of a Participant (in an Eligible Security due for settlement on a particular Settlement Day), the amount to be settled between HKSCC and the Participant will be determined by multiplying the number of Eligible Securities settled, by the average position price of the CNS stock position (see Section 10.3.3). The position is illustrated in the example set out in Section 10.3.6.

10.5.5 **CNS positions involving both delivery and payment by HKSCC or by Participants**
In some cases, it is possible that a Participant may have a CNS stock position under which it is obliged to deliver Eligible Securities to HKSCC as well as to pay HKSCC (or the other way round, where HKSCC is obliged to deliver Eligible Securities to it as well as to make payment to it). This may, for example, arise if on a particular day, the purchases and sales in a particular Eligible Security are made by a Participant or in the case of a GCP or a Clearing Agency Participant, including that made by an NCP or a Special Participant in such a way that whilst having a net long stock position (i.e. net buy position), the proceeds of its sales more than offset the purchase prices payable by it.

In such cases, money settlement in respect of such CNS positions will be effected on the due dates irrespective of whether or not such CNS stock positions have been settled in CCASS.

10.5.6 **One daily net money position under the CNS System for each Participant**
There will be one net money position under the CNS System for each Participant on each Settlement Day. The position is illustrated in Section 10.5.7.

10.5.7 **Example (daily net money position under the CNS System)**
The following CNS stock positions of Participant A were settled on S-day.

<table>
<thead>
<tr>
<th>Stock</th>
<th>Quantity</th>
<th>Money position</th>
</tr>
</thead>
<tbody>
<tr>
<td>X</td>
<td>1,000(long)</td>
<td>$10,000DR</td>
</tr>
<tr>
<td>Y</td>
<td>5,000(short)</td>
<td>$75,000CR</td>
</tr>
<tr>
<td>X</td>
<td>3,000(long)</td>
<td>$60,000DR</td>
</tr>
</tbody>
</table>

$5,000CR

The net money position of Participant A under the CNS System on S-day is $5,000CR. The
sum of $5,000 will be payable by HKSCC to Participant A following settlement of the CNS stock positions in CCASS on S-day.

10.5.8 Intra-day settlement of money obligations due to Participants under the CNS System

Participants that wish to receive intra-day settlement of money obligations due to Participants from HKSCC under the CNS System on a Settlement Day may input Intra-day Payment Standing Instructions via the “Intra-day Payment Standing Instruction” maintenance functions. Such intra-day settlement of money obligations due from HKSCC to Participants shall be at the full discretion of HKSCC and may be subject to such conditions and limits as HKSCC may consider appropriate, including limiting the intra-day settlement amount to the amount of cash prepayments received from Participants under Section 10.12.4 and overpaid cash prepayments not refunded to Participants under Section 10.12.7 or such other amount as HKSCC may from time to time determine.

If for whatever reason, the money obligations due to Participants that have requested to receive intra-day settlement of money obligations from HKSCC under the CNS System exceed any limit determined by HKSCC, HKSCC shall have the right to allocate the intra-day settlement amounts among Participants in such manner as it shall consider fair and appropriate in the circumstances. Priority will be given to Participants that have maintained authorised Cash Prepayment Standing Instructions at the beginning of the Settlement Day. Upon determination of the actual intra-day settlement amounts of money obligations that will be paid to Participants, HKSCC will generate Intra-day Payment Instructions to the Participants in accordance with Section 14.8.

The following is a brief description of the procedures relating to intra-day settlement of money obligations due to Participants from HKSCC under the CNS System:

(i) Participants that wish to request HKSCC to effect intra-day settlement of money obligations due to Participants from HKSCC under the CNS System shall input Intra-day Payment Standing Instructions via the “Intra-day Payment Standing Instruction” maintenance functions to instruct HKSCC to issue Intra-day Payment Instructions covering such intra-day settlement of money obligations. Acceptance of such Intra-day Payment Standing Instructions by HKSCC will be at the discretion of HKSCC and subject to such conditions and limits as HKSCC may from time to time specify. Where the Intra-day Payment Standing Instruction of a Participant also covers intra-day payment to the Participant of cash payments arising out of nominee services on each Business Day and/or surplus cash arising from overpaid cash prepayment on each Settlement Day, the amount of Intra-day Payment as determined by HKSCC to be paid to the Participant on that day via IPI is smaller than its pre-set threshold;

(ii) Participants shall define a pre-set threshold in their Intra-day Payment Standing Instructions. No Intra-day Payment Instruction will be issued by HKSCC to a Participant on a Settlement Day and/or a Business Day if the total amount of Intra-day Payment as determined by HKSCC to be paid to the Participant on that day via IPI is smaller than its pre-set threshold;

(iii) in case an Intra-day Payment Standing Instruction covering intra-day settlement of money obligations due to a Participant from HKSCC under the CNS System is accepted by HKSCC on a Settlement Day at or before 1:15 p.m., an Intra-day Payment Instruction will be issued starting from that day if applicable. Otherwise, the Intra-day Payment Instruction will only be issued from the next Settlement Day/Business Day;
(iv) following the acceptance by HKSCC of an Intra-day Payment Standing Instruction to effect intra-day settlement of money obligations due to a Participant from HKSCC under the CNS System, HKSCC will normally determine the amount of such money obligations that is due to the Participant upon completion of the third Batch-settlement-run shortly after 2:00 p.m. on each Settlement Day, or such other time as specified by HKSCC from time to time;

(v) in determining the intra-day settlement amount of money obligations that is due to a Participant from HKSCC under the CNS System, HKSCC will consider:

(a) whether the Participant has maintained an authorised Cash Prepayment Standing Instruction at the beginning of the Settlement Day;

(b) the money obligations due to the Participant from HKSCC under the CNS System for all settled CNS short positions upon completion of the third Batch-settlement-run shortly after 2:00 p.m. and any immediate settlement by DIs;

(c) the money obligations due from the Participant to HKSCC under the CNS System for all settled and unsettled CNS long positions; and

(d) other types of money obligations in the Participant’s Settlement Account and Miscellaneous Account of Money Ledger as HKSCC may from time to time specify;

(vi) if the aggregate amount of intra-day settlement of money obligations exceeds any limit set by HKSCC, HKSCC shall have the right to allocate the intra-day settlement amounts among Participants in such manner as it shall consider fair and appropriate in the circumstances. Upon determination of the actual intra-day settlement amount of money obligations that will be paid to a Participant, an Intra-day Payment Instruction will be issued by HKSCC if the total amount of Intra-day Payment of the Participant is equal to or greater than the pre-set threshold defined by the Participant;

(vii) HKSCC will issue Intra-day Payment Instructions to the Designated Banks of Participants on a Settlement Day or Business Day at around 2:30 p.m., or such other time as specified by HKSCC from time to time, to cause credits to be made to the Designated Bank Accounts of Participants;

(viii) details of Intra-day Payment Instructions issued by HKSCC including the amount of the Intra-day Payment will be available for enquiry after 2:30 p.m. on a Settlement Day via the “Enquire Intra-day Payment Summary” function in CCASS Terminal; and

(ix) irrespective of whether an Intra-day Payment Standing Instruction is accepted by HKSCC under Section 10.5.8(iii), whether to allow an Intra-day Payment to Participants in respect of any intra-day settlement of money obligations due to Participants from HKSCC under the CNS System will be at the full discretion of HKSCC. If (a) a Participant fails to follow the specified procedures; (b) its Intra-day Payment Standing Instruction is subsequently turned down by HKSCC for any other reason; or (c) the settlement of any money obligations due to the Participant from HKSCC under the CNS System is not effected under an Intra-day Payment Instruction for any reason, then any money obligations due to the Participant from HKSCC under the CNS System will only be paid to the Participant not later than day end via DCI.

10.6 LATE DELIVERY : DEFAULT FEE

HKSCC may require Participants that fail to settle their CNS stock positions in Eligible Securities on due dates to pay to it default fees. Default fees levied by HKSCC may be
10.7 LATE DELIVERY: COMPULSORY STOCK BORROWING BY HKSCC

10.7.1 Purpose
HKSCC reserves the right at any time to effect a Compulsory Stock Borrowing Transaction in order to:

(i) meet the aggregate of HKSCC’s CNS delivery obligations to Participants, which have not been satisfied as a result of a failure by any Participant to deliver Eligible Securities to HKSCC by the final Batch-settlement-run on the due date (i.e., T+2); or

(ii) replace, in whole or in part, HKSCC’s stock borrowing under any other Compulsory Stock Borrowing Transaction.

The rights and obligations of the Lender and HKSCC in respect of a Compulsory Stock Borrowing Transaction shall be governed by the Compulsory Stock Borrowing and Lending Regulations. HKSCC shall not be obliged to exercise its rights under this Section 10.7.1.

For the avoidance of doubt, any borrowing of Eligible Securities effected by HKSCC pursuant to this Section 10.7 shall not affect the obligation of the Participant to deliver Eligible Securities under the CNS System.

Notwithstanding the use of expressions such as "borrow" "lend" "redeliver" etc. which are used to reflect terminology used in the market for transactions entered into in accordance with the Compulsory Stock Borrowing and Lending Regulations, title to Eligible Securities "borrowed" or "lent" provided in accordance with those Regulations shall pass from the Lender to HKSCC as provided for in those Regulations. HKSCC as the party obtaining title being obliged to redeliver title to Equivalent Securities (as defined in the Compulsory Stock Borrowing Regulations) subject to those Regulations to the Lender.

The provisions in these Operational Procedures relating to Compulsory Stock Borrowing Transactions are subject to the detail set out in the Compulsory Stock Borrowing and Lending Regulations from time to time.

10.7.2 Creation of Borrowing request of HKSCC
If, in the final Batch-settlement-run, Eligible Securities made available by delivering Participants are insufficient to cover:

(i) all long CNS stock positions pursuant to the pre-determined algorithm (see Section 13.4); and/or

(ii) any Lender which has called for redelivery of Eligible Securities under a Compulsory Stock Borrowing Transaction;

HKSCC will, in respect of each relevant Eligible Security, initiate a compulsory stock borrowing to enable HKSCC to meet its settlement obligations to receiving Participants and/or Lenders (as applicable).

10.7.3 Lender Priority List
For each Eligible Security, HKSCC will, during the day end processing, compile a
"Lender Priority List". The Lender Priority List will be used by HKSCC in order to select a Lender with whom HKSCC shall enter into a Compulsory Stock Borrowing Transaction on the following Settlement Day. The Lender Priority List shall be determined by reference to the ratio of total fees paid to a Lender by HKSCC in relation to Compulsory Stock Borrowing Transactions and the total amount of Eligible Securities held in a Lender's Stock Lending Account over the three month period. For the purposes of this section 10.7.3 "the three month period" means the current month and the two months which immediately precede the current month.

The calculation of the priority ratio of a Lender for an Eligible Security is as follows:-

\[
\text{Priority Ratio of Stock X} = \frac{\text{Total fees paid to that Lender by HKSCC in relation to Compulsory Stock Borrowing Transactions over the 3 month period in proportion to that of all Lenders}}{\text{Total holdings of Eligible Securities held in that Lender's Stock Lending Account over the 3 month period in proportion to that of all Lenders}}
\]

Lenders are ranked in ascending order of their calculated priority ratio in the Lender Priority List.

Example (Lender Priority List)

Lenders (Participants A, B, C and D) have: (i) earned the following stock lending fees; and (ii) holdings of stock X in their respective Stock Lending Accounts as at end of day Y:

<table>
<thead>
<tr>
<th>Lender</th>
<th>Current Month (M) Lending Income ($)</th>
<th>Stock X Holdings (Shs)</th>
<th>Month M-1 Lending Income ($)</th>
<th>Stock X Holdings (Shs)</th>
<th>Month M-2 Lending Income ($)</th>
<th>Stock X Holdings (Shs)</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>1,500</td>
<td>1,000,000</td>
<td>2,000</td>
<td>2,000,000</td>
<td>2,500</td>
<td>1,500,000</td>
</tr>
<tr>
<td>B</td>
<td>3,000</td>
<td>2,500,000</td>
<td>1,000</td>
<td>1,500,000</td>
<td>1,500</td>
<td>2,000,000</td>
</tr>
<tr>
<td>C</td>
<td>1,000</td>
<td>1,000,000</td>
<td>500</td>
<td>1,000,000</td>
<td>1,000</td>
<td>500,000</td>
</tr>
<tr>
<td>D</td>
<td>6,000</td>
<td>10,000,000</td>
<td>2,000</td>
<td>2,000,000</td>
<td>1,000</td>
<td>1,000,000</td>
</tr>
<tr>
<td>Total</td>
<td>11,500</td>
<td>14,500,000</td>
<td>5,500</td>
<td>6,500,000</td>
<td>6,000</td>
<td>5,000,000</td>
</tr>
</tbody>
</table>

Based on the priority ratio calculation method described above, the priority ratio of the Lenders of Stock X will be:

<table>
<thead>
<tr>
<th>Lender</th>
<th>Priority Ratio of Stock X</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>(1500+2000+2500) / (11500+5500+6000) = 1.507246</td>
</tr>
<tr>
<td>B</td>
<td>(3000+1000+1500) / (11500+5500+6000) = 1.036232</td>
</tr>
<tr>
<td>C</td>
<td>(1000+500+1000) / (11500+5500+6000) = 1.130435</td>
</tr>
</tbody>
</table>

OPERATIONAL PROCEDURES
\[
\frac{(6000+2000+1000)}{(11500+5500+6000)} = 0.782609
\]

\[
\frac{(10m+2m+1m)}{(14.5m + 6.5m + 5m)}
\]

Based on the calculated priority ratio of the lenders the ranking of Lenders A, B, C and D under the Lender Priority List will be D, B, C and then A, i.e., Lender D will be the first Lender to be selected to enter into a Compulsory Stock Borrowing Transaction in respect of stock X on the next day.

**10.7.4 Batch Matching**

In the final Batch-settlement-run, HKSCC will match the borrowing requests of HKSCC to Lenders based on the following algorithm:

(i) priority ratio (lowest) - a Lender which has lowest priority ratio for a particular stock, then

(ii) random if Lenders have same priority ratio.

Upon matching, a new unique "Lending Position Number" will be assigned.

Each Compulsory Stock Borrowing Transaction shall remain outstanding until there is a redelivery or a payment of cash compensation in accordance with the Compulsory Stock Borrowing and Lending Regulations. For each day on which a Compulsory Stock Borrowing Transaction is outstanding, HKSCC will pay a Lender as the counterparty of the Compulsory Stock Borrowing Transaction a stock lending fee calculated at the annual percentage most recently announced by HKSCC via CCASS Terminals, Participant Gateways or circular divided by 365 and multiplied by the day-end nominal value (based on the stock price transmitted by the Exchange to HKSCC) of the borrowed securities under that Compulsory Stock Borrowing Transaction. For any day which is not a trading day, the last day-end nominal value (based on the stock price transmitted by the Exchange to HKSCC) of the borrowed securities under the Compulsory Stock Borrowing Transaction will be used. A one day stock lending fee will be paid if Eligible Securities are redelivered to the Lender on the same day on which the borrowed Eligible Securities are delivered to HKSCC. The fee is calculated and payable on a daily basis by DCI.

**10.7.5 Recall Request**

In relation to a Compulsory Stock Borrowing Transaction, the Lender may call for redelivery of all but not part only of the equivalent Eligible Securities at any time by serving a notice of recall on HKSCC. Any notice of recall which is input by the Lender before 12:00 noon on any Business Day shall be treated as having been served on that day. Any notice of recall which is input at any other time shall be treated as having been served on the next succeeding Business Day following the date of input. Except as expressly provided in the Compulsory Stock Borrowing and Lending Regulations (see Appendix 6), HKSCC shall redeliver Eligible Securities within five Business Days after the date notice of recall is treated as having been served. Lenders shall not, in relation to any Compulsory Stock Borrowing Transaction, submit a notice of recall on the same day as Eligible Securities are delivered to HKSCC under that transaction; however, nothing herein shall restrict HKSCC from terminating a particular Compulsory Stock Borrowing Transaction in whole or in part and redelivering the relevant Eligible Securities under that transaction at any time (including under that transaction) on the same day as the Eligible Securities are delivered to HKSCC.

The Lender shall, in relation to any borrowing of Eligible Securities, specify, in the
relevant notice of recall, the Stock Account to be credited with the redelivered Eligible Securities.

In relation to any Compulsory Stock Borrowing Transaction, the Lender may elect for cash compensation to be paid by HKSCC in accordance with the Compulsory Stock Borrowing and Lending Regulations. Any such payment made by HKSCC shall constitute complete satisfaction of HKSCC’s redelivery obligations under that transaction.

10.7.6 Redelivery
Eligible Securities may, at the election of HKSCC, be redelivered by batch processing during the final Batch-settlement-run (see Section 6.2(iv)) or through on-line delivery between 9:30 a.m. and 3:45 p.m. on a Business Day.

In relation to Compulsory Stock Borrowing Transactions which are settled by redelivery through batch processing, HKSCC will redeliver in accordance with the following allocation algorithm:

(i) status - outstanding Compulsory Stock Borrowing Transactions in respect of which a notice of recall has been validly served (referred to in this section 10.7.6 as transactions with ‘Recalled’ status) will be settled with priority over all other Compulsory Stock Borrowing Transactions (referred to in this section 10.7.6 as transactions with ‘Active’ status); and if more than one Compulsory Stock Borrowing Transaction shares the same status, then

(ii) age (oldest) - for transactions with ‘Active’ status, the transaction which has remained outstanding for the longest time will be settled with priority and for transactions with ‘Recalled’ status, the transaction which has remained unsettled for the longest time since the date the notice of recall is treated as having been served will be settled with priority; and if Eligible Securities were delivered to HKSCC on the same date in respect of more than one Compulsory Stock Borrowing Transaction, then, in relation to those transactions,

(iii) random.

At any time, Lenders may receive partial redeliveries of Eligible Securities in respect of outstanding Compulsory Stock Borrowing Transactions in accordance with the Compulsory Stock Borrowing and Lending Regulations.

10.7.7 Entitlements arising from borrowed securities
The procedures relating to entitlements arising in respect of borrowed Eligible Securities shall be specified in the Compulsory Stock Borrowing and Lending Regulations.

10.7.8 Cash Compensation to discharge HKSCC’s obligations
If, in relation to a Compulsory Stock Borrowing Transaction:

(a) Eligible Securities are not redelivered by the fifth Business Day of the date on which a notice of recall is treated as having been served and the Lender elects to receive cash compensation;

(b) the date on which Eligible Securities are to be redelivered falls on a day when the relevant Eligible Security is suspended from trading on the Exchange and HKSCC elects to pay cash compensation; or

(c) the Eligible Securities borrowed are suspended from trading on the Exchange for
31 consecutive days and HKSCC elects to pay cash compensation;

Then such cash compensation shall be paid in an amount which HKSCC fairly and reasonably believes to be the value of the Eligible Securities which are to be redelivered calculated, where appropriate, by reference to the closing price transmitted to HKSCC by the Exchange of such securities on the date that cash compensation is paid.

Cash compensation paid by HKSCC in respect of a Compulsory Stock Borrowing Transaction shall constitute complete satisfaction of HKSCC's obligations in respect of that transaction.

For further details reference should be made to the Compulsory Stock Borrowing and Lending Regulations (see Appendix 6).

10.7.9 Functions available for use
The functions available for use by a Participant via a CCASS Terminal in relation to a Compulsory Stock Borrowing Transaction are as follows:

(i) "Add Recall Request" function: which allows a Participant to input a notice of recall;

(ii) "Change Cash Compensation Indicator" function: which allows a Participant to elect to receive cash compensation;

(iii) "Enquire Lending Position" function: which provides the details of outstanding Compulsory Stock Borrowing Transactions of a Participant; and

(iv) "Enquire Stock Borrowing Information" function: which provides the summary of new and outstanding stock loans made in CCASS and total holdings of Eligible Securities available for borrowing in CCASS.

10.7.10 Reports available
The reports available to a Participant via a CCASS Terminal or a Participant Gateway in relation to Compulsory Stock Borrowing Transactions are as follows:

(i) Stock Borrowing/Lending Activity Report: this report lists notices of recall, elections to receive cash compensation and redeliveries by HKSCC each in relation to a Participant;

(ii) Stock Borrowing/Lending Position Status Report: this report lists a Participant's Compulsory Stock Borrowing Transactions by 'Active' status, 'Recalled' status, 'Returned' status, 'Frozen' status (due to the Participant being declared a defaulter in accordance with the CCASS Rules), 'Cancelled' status (due to delisting, compulsory takeover or exchange of shares in relation to the Participant's borrowed securities, etc.), 'Compensated' status (due to cash compensation paid by HKSCC in relation to the Participant's borrowed securities) and 'Converted' status (due to consolidation, splitting etc. in relation to the Participant's borrowed securities).

10.8 LATE DELIVERY: BUY-IN

10.8.1 Purpose
The purpose of a Buy-in is to ensure that outstanding stock positions of Participants under the CNS System are settled without delay.

10.8.2 Timing of Buy-in
Unless (i) HKSCC grants an exemption under Section 10.8.3, (ii) there is a risk management
reason affecting HKSCC, which is considered valid by the Risk Management Committee,
(iii) a Buy-in has been executed by HKSCC pursuant to Rule 3501(iv) in respect of the short
CNS stock positions of a Participant or (iv) the exemption from Buy-in specified in Section
17.2.13 applies, HKSCC shall have the right, but shall not be obliged, to effect a Buy-in on
behalf of the short Participant on T+3 (or if it is not practicable to do so on T+3, at any time
thereafter) as HKSCC in its absolute discretion considers appropriate in respect of short
stock positions of a Participant under the CNS System which are outstanding for settlement
on the due date (i.e., unsettled after settlement processing on T+2).

A Buy-in trade executed by HKSCC on behalf of the short Participant on or off the
Exchange will normally be settled under the CNS System, subject to the usual T+2
settlement period and will go through the substitution process (where applicable) and normal
novation, daily netting and cross day netting processing.

Notwithstanding the preceding paragraph, HKSCC may require a Buy-in trade (which will
be an Exchange Trade, if effected on the Exchange) to be settled under the Isolated Trades
System. Although a Buy-in will normally be subject to the usual T+2 settlement period,
HKSCC may also require a Buy-in to be settled on the same day of execution or such other
period as HKSCC in its absolute discretion considers appropriate.

In the event that a short Participant wishes to make an irrevocable request to HKSCC to
execute a Buy-in pursuant to Rule 3501(iv), such Participant shall complete and submit to
HKSCC the prescribed form of request (See CCASS Terminal User Guide for Participants
for the form). HKSCC reserves the right to accept or reject the short Participant’s Buy-in
request in its absolute discretion as it may think fit. If the request form is received and
accepted by HKSCC between 8:01 p.m. and 12:00 noon, orders will be placed on or off the
Exchange during the afternoon trading session at the Exchange. If the request form is
received and accepted by HKSCC between 12:01 p.m. and 8:00 p.m., orders
will be placed
on or off the Exchange on the following trading day. HKSCC shall effect the Buy-in at what
it determines to be the best prevailing market price and terms available (but taking into
account HKSCC may need to act promptly and provided that HKS
CC shall have no liability
if it acts in good faith). The short Participant shall be liable to and shall indemnify HKSCC,
the Exchange, and a recognized exchange controller which is the controller of HKSCC
against all costs and expenses incurred by HKSCC in connection with the Buy-in.

10.8.3 Exemption from Buy-in

HKSCC may grant an exemption from a Buy-in on behalf of a short Participant on T+3 if
such Participant is able to provide HKSCC with satisfactory evidence in accordance with
Section 10.8.4 that a ground for exemption as set out below applies:

(i) the Participant applying for exemption or the delivering Participant has made a deposit
of sufficient Eligible Securities into the CCASS Depository prior to 4:15 p.m. on a
Settlement Day but the CCASS Depository is unable to process the stock deposit
before the final Batch-settlement-run;

(ii) defects in the relevant instruments of transfer (such as use of outdated instruments of
transfer, the transferor's signature not being in the correct place or defacement of the
instrument of transfer) provided that there is prima facie evidence that the transferor
has signed the instrument of transfer;

(iii) [Repealed]

(iv) the relevant Eligible Securities are not credited to the Stock Clearing Account of the
Participant applying for exemption due to the hoisting of Typhoon Signal No. 8 or
above, the issuance of a Black Rainstorm Warning, acts of God or due to the
occurrence of other events beyond the relevant Participant's reasonable control such as labour disputes, strike, mechanical breakdowns, computer or electronic system failures, unavailability of or restrictions on any communication media;

(v) in respect of oversold trades due to clerical or calculation error of the short Participant applying for exemption (or in the case of a GCP, including such oversold trades of its NCP), the delivery obligations of the Participant applying for exemption will be settled fully on T+3 pursuant to purchase transactions executed on T+1;

(vi) in respect of assigned Clearing Agency Transactions, the delivery obligations of the Participant applying for exemption will be settled fully on T+3 pursuant to purchase transactions executed on T+1. This exemption is an interim measure to accommodate the option exercise arrangement of The SEHK Options Clearing House Limited. HKSCC will review this exemption from time to time;

(vii) (a) for trades where a client buys and sells the same Eligible Securities on the same day through different Exchange Participants. This exemption is an interim measure to accommodate the current market practice relating to day trades. HKSCC will review this exemption from time to time;

(b) sufficient Eligible Securities which are due to be credited to the Stock Clearing Account of the delivering Participant by HKSCC for onward delivery to the Participant applying for exemption have not been so credited as a result of relevant Eligible Securities not having been made available to HKSCC by Participants with short stock positions under the CNS System for allocation on the relevant due Settlement Day;

(viii) the Participant applying for exemption is due to receive sufficient Eligible Securities from a delivering Participant via SI on T+2 and such delivering Participant has received valid instruction from the selling client to make the delivery but is unable to do so as the relevant Eligible Securities are received by the delivering Participant in CCASS in the last Batch-settlement-run on T+2. This exemption is an interim measure and subject to HKSCC's review from time to time;

(ix) in respect of Units or Eligible Securities to be received from a creation or redemption of Units, the Participant applying for exemption has an unconditional entitlement to receive sufficient Units or Eligible Securities to cover the relevant short position on T+2;

(x) the Participant applying for exemption can provide evidence satisfactory to HKSCC that it or the delivering Participant has sufficient Eligible Securities in its Stock Account on T+2 to cover the relevant short position and the Participant applying for exemption or the delivering Participant has received valid instruction from the selling client to make delivery of the relevant Eligible Securities for settlement on T+2 but is unable to do so due to clerical error or as a result of a systems limitation;

(xi) in respect of transactions in Eligible Securities which are subject to parallel trading on the Exchange or transfers of Multi-counter Eligible Securities as referred to in Rule 816A, the Participant applying for exemption or the delivering Participant has: (a) long positions in Eligible Securities or Multi-counter Eligible Securities of the relevant issuer (as the case may be); or (b) sufficient Eligible Securities or Multi-counter Eligible Securities of the relevant issuer (as the case may be) in its Stock Account, which following conversions of such long positions or holdings of Eligible Securities (as applicable) or transfers of Multi-counter Eligible Securities in CCASS, are sufficient to settle the relevant short positions on T+2;
(xii) in respect of market making transactions in any Market Making Security as specified by HKSCC from time to time, the Participant applying for exemption has duly executed Cross-Border Transfer Instructions transferring sufficient Eligible Securities to HKSCC’s account with the Appointed Depositary to cover the relevant short position resulting from the market making activities as aforesaid on T+2 but is unable to cover such short position on T+2 due to clerical error of the Participant or the Appointed Depositary;

(xiii) in respect of market making transactions in any Market Making Security as specified by HKSCC from time to time, the Participant applying for exemption has duly executed Cross-Border Transfer Instructions transferring sufficient Eligible Securities to HKSCC’s account with the Appointed Depositary to cover the relevant short position resulting from the market making activities as aforesaid on T+2 but due to clerical error of the Participant or the Appointed Depositary is unable to cover such short position on T+2 due to clerical error of the Participant or the Appointed Depositary;

(xiv) in respect of market making transactions in any Market Making Security as specified by HKSCC from time to time, the Participant applying for exemption has sufficient Eligible Securities to cover the relevant short position resulting from the market making activities as aforesaid on T+2 but the transfer of the Eligible Securities by Cross-Border Transfer Instructions to HKSCC’s account with the Appointed Depositary cannot be effected to cover the relevant short position as a result of a holiday in the market of the Appointed Depositary;

(xv) the person who is under an obligation to deliver, whether directly or indirectly, to the Participant applying for exemption the relevant quantity of Eligible Securities for settlement had lent such Eligible Securities and has duly executed a notice of recall pursuant to which such Eligible Securities will be delivered to the Participant on T+3 for settlement of its delivery obligation in full, and that person is an approved lending agent as defined in the Securities and Futures (Disclosure of Interests – Securities Borrowing and Lending) Rules; or

For the avoidance of doubt, the market making transactions in a Market Making Security in respect of which an exemption is claimed under Section 10.8.3(xii), (xiii) or (xv) may be conducted by a Securities Market Maker for its own account, or for the account of any of its affiliates or for the account of any of its Designated Specialists as part of its or their market making activities in accordance with the Exchange Rules.

The short Participant to whom an exemption from a Buy-in is granted shall be obliged to settle all overdue short positions of which exemption is granted by day-end of T+3. In the event that such Participant fails to do so for whatever reason, HKSCC may consider executing on behalf of such Participant a Buy-in on T+4 (or, if it is not practicable to do so on T+4, at any time thereafter) in its absolute discretion as it may think fit.

10.8.4 Application for exemption from Buy-in on T+3

A short Participant wishing to claim exemption under Section 10.8.3 must apply to HKSCC not later than 8.00 p.m. on the due date for settlement (i.e., T+2) by completing and submitting an Application Form for Exemption of Buy-in (see CCASS Terminal User Guide for Participants for the form). The Application Form shall be sent by facsimile or such other means as HKSCC may consider appropriate and shall be deemed received when received by HKSCC. In addition, the short Participant applying for exemption must provide HKSCC with satisfactory supporting documents as set out below on or before T+6, unless otherwise notified by HKSCC. Unless (i) HKSCC grants an exemption under Section 10.8.3, (ii) there
is a risk management reason affecting HKSCC, which is considered valid by the Risk Management Committee, (iii) a Buy-in has been executed by HKSCC pursuant to Rule 3501 (iv) in respect of the short CNS stock positions of a short Participant or (iv) the exemption from Buy-in specified in Section 17.2.13 applies, HKSCC shall have the right, but shall not be obliged, to effect a Buy-in on behalf of the short Participant on T+3 (or if it is not practicable to do so on T+3, at any time thereafter) through HKSCC’s authorized brokers as HKSCC in its absolute discretion considers appropriate. For the avoidance of doubt, a short Participant is not required to apply to the HKSCC to claim an exemption if the exemption from Buy-in specified in Section 17.2.13 applies.

In respect of an exemption claimed under Section 10.8.3(i), the Participant applying for exemption is required to provide HKSCC with a certified copy of the temporary receipt issued by the CCASS Depository for the shares deposited.

In respect of an exemption claimed under Section 10.8.3(ii), the Participant applying for exemption is required to provide HKSCC with a certified copy of the relevant Stock Deposit Form endorsed by the CCASS Depository.

In respect of an exemption claimed under Section 10.8.3(iv), the Participant applying for exemption will, if so requested by HKSCC, provide HKSCC with evidence supporting its application at such time as specified by HKSCC.

In respect of an exemption claimed under Section 10.8.3(v), the Participant applying for exemption will have to provide HKSCC with a copy of (i) the relevant report to the Exchange and (ii) the relevant CCASS report evidencing a purchase has been executed on T+1 to cover the shortfall of Eligible Securities.

In respect of an exemption claimed under Section 10.8.3(vi), the Participant applying for exemption will have to provide HKSCC with a copy of (i) the assignment report generated by The SEHK Options Clearing House Limited and (ii) the relevant CCASS report evidencing a purchase has been executed on T+1 to cover the shortfall of Eligible Securities.

In respect of an exemption claimed under Section 10.8.3(vii), the Participant applying for exemption is required to provide HKSCC with (i) a copy of the relevant bought and sold contract notes and (ii) the relevant CCASS report evidencing a matched SI.

In respect of an exemption claimed under Section 10.8.3(viii), the Participant applying for exemption is required to provide HKSCC with (i) a copy of the relevant CCASS reports evidencing the relevant SI and (ii) a confirmation of the delivering Participant that sufficient Eligible Securities are held in its Stock Account in CCASS at day end of T+2 on behalf of the selling client who has instructed that such Eligible Securities be transferred to the Participant applying for exemption on the due date (i.e. T+2).

In respect of an exemption claimed under Section 10.8.3(ix), (x), (xi), (xii) and (xiii), the Participant applying for exemption is required to provide HKSCC with a copy of the relevant CCASS reports or other supporting documents satisfactory to HKSCC evidencing that the relevant Units, Eligible Securities or long positions (as applicable) are available to cover the relevant short positions on T+2.

In respect of an exemption claimed under Section 10.8.3(xiv), the Participant applying for exemption is required, at the time when it submits the application for exemption, to provide HKSCC with the required reference numbers assigned to the supporting documents to be submitted to HKSCC on T+6. The supporting documents include: (i) a document which records the sales transaction executed by such Participant; (ii) a notice of recall which has been duly executed by an approved lending agent in respect of the Eligible Securities lent;
and (iii) such other supporting documents as HKSCC may require.

In respect of an exemption claimed under Section 10.8.3(xv), the Participant applying for exemption is required to provide HKSCC with a copy of the relevant CCASS reports or other supporting documents satisfactory to HKSCC evidencing that the relevant Eligible Securities are available to cover the relevant short positions on T+3.

10.8.5 Buy-in process by HKSCC on behalf of a short Participant

The following explains the process of Buy-in by HKSCC on behalf of a short Participant in greater detail:

(i) in respect of the short stock positions of a short Participant under the CNS System still outstanding at the end of the due date (i.e., T+2), a Buy-in Notification Report containing such outstanding short stock positions will be generated by HKSCC. Unless (a) HKSCC grants an exemption under Section 10.8.3, (b) there is a risk management reason affecting HKSCC which is considered valid by the Risk Management Committee, (c) a Buy-in has been executed by HKSCC pursuant to Rule 3501(iv) in respect of the short CNS stock positions of a short Participant, or (d) the exemption from Buy-in specified in Section 17.2.13 applies, HKSCC shall have the right, but shall not be obliged, to effect Buy-in on T+3 (or if it is not practicable to do so on T+3, at any time thereafter) as HKSCC in its absolute discretion considers appropriate of all outstanding short stock positions stated in the Buy-in Notification Report;

(ii) the Buy-in Notification Report will be available to the short Participant through its CCASS Terminals and Participant Gateways after the final Batch-settlement-run;

(iii) the short Participant may apply for exemption from Buy-in to HKSCC in accordance with the provisions of section 10.8.4;

(iv) HKSCC may instruct its authorized brokers to assist in effecting a Buy-in on or off the Exchange;

(v) HKSCC shall effect a Buy-in at what it determines to be the best prevailing market price and terms available (but taking into account HKSCC may need to act promptly and provided that HKSCC, the Exchange, and a recognized exchange controller which is the controller of HKSCC shall have no liability if HKSCC acts in good faith). The short Participant shall be liable to and shall indemnify HKSCC, the Exchange, and a recognized exchange controller which is the controller of HKSCC against all costs and expenses incurred by HKSCC in connection with the Buy-in;

(vi) after effecting such a Buy-in, the relevant Buy-in details will be available to the short Participant via the CCASS enquiry function of "Enquire Buy-in Confirmation". The relevant Buy-in details will also be posted under the section "Buy-in Confirmation" in the Buy-in Notification Report; and

(vii) upon receipt of confirmation of good funds in relation to the cost of the Buy-in, Eligible Securities received under the Buy-in will be delivered to the short Participant.

10.8.6 Buy-in to be effected under the Isolated Trades System

Where a Buy-in is required by HKSCC to be effected under the Isolated Trades System, the selling counterparty Exchange Participant to a Buy-in executed on behalf of the short Participant will have to be so informed by HKSCC or its authorized broker.
The selling counterparty Exchange Participant to a Buy-in will then identify the Buy-in trade as one to be settled under the Isolated Trades System by keying in "B" in the "reference field" on the trading terminal of the Exchange.

Where relevant, the selling counterparty Exchange Participant to a Buy-in will also be informed that the Buy-in is to have a different settlement period than the normal settlement period of T+2.

If the selling counterparty Exchange Participant (or where applicable, its GCP) to a Buy-in fails to settle on time, it will be subject to a further Buy-in to be effected under the Isolated Trades System.

10.8.7 Example (Buy-in Exemption)

In respect of oversold trades due to calculation or clerical errors, exemption from Buy-in on T+3 will be granted on the condition that the exempted quantity is purchased on T+1.

Example: Broker A has executed the following Exchange Trade in stock Y.

<table>
<thead>
<tr>
<th>T day</th>
<th>T+1</th>
<th>T+2</th>
<th>T+3</th>
</tr>
</thead>
<tbody>
<tr>
<td>(Sept 1)</td>
<td>(Sept 2)</td>
<td>(Sept 3)</td>
<td>(Sept 4)</td>
</tr>
<tr>
<td>Trade quantity</td>
<td>-15,000</td>
<td>+5,000</td>
<td>0</td>
</tr>
<tr>
<td>Day end CNS position</td>
<td>-15,000</td>
<td>-9,000</td>
<td></td>
</tr>
<tr>
<td>Due position</td>
<td>-15,000</td>
<td>-15,000</td>
<td>-9,000</td>
</tr>
<tr>
<td>Outstanding position at day end</td>
<td>-15,000</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Outstanding quantity subject to Buy-in on the following trading day</td>
<td>10,000*</td>
<td>9,000***</td>
<td>2,000***</td>
</tr>
</tbody>
</table>

* Broker A applies for Buy-in exemption on Sept 3 for 5,000 shares which he claims to be oversold and bought back on Sept 2. As a result of the exemption, only 10,000 shares (15,000 shares - 5,000 shares) are subject to Buy-in.

** The broker has deposited 3,000 shares to his account on Sept 4 and thus reducing the outstanding balance to 21,000 shares (12,000 shares + 9,000 shares) at day end.

*** The 9,000 shares due on Sept 4 which remain unsettled at day end of Sept 4 will be subject to Buy-in. In respect of the 2,000 shares due on Sept 3 which remain unsettled at day end of Sept 4, HKSCC may consider executing a Buy-in in its absolute discretion as it may think fit.

10.8.8 Participants may effect cash prepayment

Participants that have outstanding payment obligations to HKSCC under any Buy-in but wish to utilize any or all of the Eligible Securities to be received under the Buy-in for any purpose, including to settle ISI/SI Transactions and Isolated Trades during a Settlement Day,
may pay same day available funds in the relevant Eligible Currency to HKSCC to reduce their monetary obligations.

A Participant may pay same day available funds to HKSCC by inputting Cash Prepayment Instructions on each Settlement Day or by inputting a Cash Prepayment Standing Instruction via the “Cash Prepayment Standing Instruction” maintenance functions to authorize HKSCC to generate recurring Cash Prepayment Instructions on behalf of the Participant concerned on each Settlement Day. The cash prepayment amount that will be generated under a Cash Prepayment Standing Instruction will equal to the total outstanding Buy-in cost on the Settlement Day. Any Cash Prepayment Standing Instruction remaining in the “pending status” ten calendar days after its last updated date will be automatically purged from CCASS.

10.8.9 Procedures
The following is a brief description of the procedures relating to cash prepayment on each Settlement Day:

(a) Cash Prepayment Instructions with “CHATS” set as the payment method

(i) Participants that wish to make prepayments by means of CPIs shall select “CHATS” as the payment method when creating a Cash Prepayment Instruction via a CCASS Terminal from 8:00 a.m. to 2:00 p.m. or such other time specified by HKSCC from time to time or when creating a Cash Prepayment Standing Instruction via a CCASS Terminal from 8:00 a.m. to 7:00 p.m. or such other time specified by HKSCC from time to time;

(ii) To avoid undue concentration of HKSCC’s exposure to a bank appointed by HKSCC as receiving bank for cash payment, cash prepayment is subject to the concentration limit predetermined by HKSCC in respect of an appointed receiving bank. HKSCC will only accept or generate Cash Prepayment Instructions within the predetermined concentration limit of the receiving bank. In case a Cash Prepayment Standing Instruction is created and authorized by a Clearing Participant, Cash Prepayment Instructions will be generated by HKSCC, if applicable, at approximately 8:00 a.m. starting from the following Settlement Day;

(iii) Upon the creation and authorization of Cash Prepayment Instructions by Participants or the generation of Cash Prepayment Instructions by HKSCC pursuant to Cash Prepayment Standing Instructions, CPIs will be generated to collect the cash prepayments from their Designated Bank Accounts. The CPIs information will be included in the Electronic CHATS Payment Instruction Report (CSEPI03). Based on the report, Designated Banks will issue CPIs to the Clearing House of HKAB to make payment on their behalf. Clearing Participants must ensure that there are sufficient funds in their Designated Bank Accounts and that the CHATS payments are completed by their Designated Banks no later than 3:30 p.m. or such other time as may be prescribed by HKSCC from time to time;

(iv) Upon being notified by the Clearing House of HKAB of the finality of such payment, HKSCC will update the Miscellaneous Accounts of Participants’ Money Ledgers to reduce their corresponding monetary obligations due to HKSCC and as a result, release the Eligible Securities received under the Buy-ins to the Participants. Participants’ Statements of Money Ledger will show the relevant entries. Participants can check the status of a Cash Prepayment Instruction via the CCASS enquiry function of “Enquire Cash Prepayment Instruction”; and
(v) In case the relevant cash payment under a Cash Prepayment Instruction input or generated on a Business Day is not received by HKSCC, the Cash Prepayment Instruction will be purged from CCASS at the end of the Business Day.

(b) Cash Prepayment Instructions with “OTHERS” set as the payment method

(i) Participants that wish to make prepayments by other means must indicate “OTHERS” as the payment method when creating a Cash Prepayment Instruction via a CCASS Terminal from 8:00 a.m. to 2:30 p.m. or such other time specified by HKSCC from time to time or when creating a Cash Prepayment Standing Instruction via a CCASS Terminal from 8:00 a.m. to 7:00 p.m. or such other time specified by HKSCC from time to time;

(ii) To avoid undue concentration of HKSCC’s exposure to a bank appointed by HKSCC as receiving bank for cash payment, cash prepayment is subject to the concentration limit predetermined by HKSCC in respect of each appointed receiving bank. HKSCC will only accept or generate Cash Prepayment Instructions within the predetermined concentration limit of the receiving bank. In case a Cash Prepayment Standing Instruction is created and authorized by a Participant, Cash Prepayment Instructions will be generated by HKSCC, if applicable, at approximately 8:00 a.m. starting from the following Settlement Day;

(iii) Participants must ensure that same day available funds are transferred to HKSCC’s specified bank account no later than 2:45 p.m. or such other time prescribed by HKSCC from time to time. For Participants using the same bank as the appointed receiving bank of HKSCC, they can make use of the internal account transfer function of the bank (see CCASS Terminal User Guide for Participants for details) or its electronic banking system to transmit available funds. For others, they can instruct their banks to make payment to HKSCC via inter-bank transfer with CHATS payment (see CCASS Terminal User Guide for Participants for details);

(iv) Based on the details of Cash Prepayment Instructions, HKSCC will follow up the funds with its appointed receiving bank and the relevant Participants. Only when available funds in the relevant Eligible Currency are confirmed will HKSCC update Participants’ Miscellaneous Accounts of Money Ledger to reduce their corresponding monetary obligations due to HKSCC and as a result, release the Eligible Securities received under the Buy-ins to the Participants. Participants’ Statements of Money Ledger will show the relevant entries. Participants can check the status of a Cash Prepayment Instruction via the CCASS enquiry function of “Enquire Cash Prepayment Instruction”;

(v) Acceptance of the prepayment requests will be at HKSCC’s full discretion. If Participants fail to follow the procedures, and/or for any other reason the requests are subsequently turned down by HKSCC, then the funds received will only be refunded the following Business Day without interest;

(vi) In the event of default of payment (e.g., for any transfers subsequently reversed by the Clearing House of HKAB), HKSCC shall have recourse against the relevant Participant;

(vii) In case cash remittance is made by a Participant to HKSCC as cash prepayment not pursuant to any Cash Prepayment Instruction, HKSCC reserves the right not
to effect the updating of the Participant's Money Ledger on the same day. Such
cash payment will be refunded without interest to the Participant by crediting
the cash payment amount to its Money Ledger on the next Business Day; and

(viii) In case the relevant cash payment under a Cash Prepayment Instruction input or
generated on a Business Day is not received by HKSCC, the Cash Prepayment
Instruction will be purged from CCASS at the end of the Business Day.

10.9 LATE DELIVERY : ADJUSTMENTS FOR ENTITLEMENTS

10.9.1 General

A Participant's entitlement to participate through CCASS in corporate actions etc.
affecting Eligible Securities will be determined by HKSCC by reference to the holding
of that Participant in the relevant Eligible Securities as at the date on which the
entitlement of HKSCC or the Nominee is determined (usually the last registration day
before the relevant book close or record date).

If, as at that date, a Participant has any outstanding unsettled stock positions under the
CNS System, certain adjustments to its entitlements may have to be made between
HKSCC and such Participant.

This Section explains the facilities and procedures in CCASS to deal with adjustments
or claims in respect of entitlements accruing to Eligible Securities which may be
necessary as a result of late deliveries by Participants under the CNS System.

For convenience, Participants with long CNS stock positions giving rise to adjustments
are referred to in this Section as "Long Participants". Participants with short CNS stock
positions giving rise to adjustments are referred to in this Section as "Short
Participants".

Where a benefit entitlement election or election to participate in corporate actions in
respect of any Eligible Securities has to be made by a Long Participant by a specific
time on any day which is the last election day by delivering the Eligible Securities to the
registrar by the specified time (usually 4:00 p.m.) to take up the entitlement and/or
participate in the corporate action, and the Long Participant is unable to do so by reason
of not having received the relevant Eligible Securities in settlement under CNS
following the second Batch-settlement-run (currently 12:00 noon), in such case,
HKSCC shall hold the Short Participant who still maintains an unsettled CNS short
position in such Eligible Securities after the second batch-settlement-run on such
Settlement Day, being the last day of election and delivery of the Eligible Securities to
the registrar, responsible and accountable for the benefit entitlement that a Long
Participant has indicated for election in the application form submitted to HKSCC in
accordance with Sections 10.9.8 et seq.

10.9.2 General principles

The facilities and procedures in CCASS in relation to adjustments or claims to
entitlements as a result of late deliveries under the CNS System reflect HKSCC's role as
the settlement counterparty to the Long Clearing Participants and to the Short Clearing
Participants.

Under these facilities and procedures in CCASS, HKSCC will pass on entitlements it
receives from the Short Clearing Participants to the Long Clearing Participants. HKSCC
may also require the Short Clearing Participants to pay such additional amount to ensure
that, Long Clearing Participants will, in so far as practicable, be put in the same position
as if there had been no late delivery under the CNS System. Accordingly, even if Short
Clearing Participants fail to deliver securities or other cash entitlements accruing to Eligible Securities, HKSCC will still be responsible to Long Clearing Participants in the manner as indicated below. Except as expressly provided, HKSCC, the Exchange, and a recognized exchange controller which is the controller of HKSCC shall have no liability to Long Clearing Participants.

To ensure that Short Clearing Participants comply with the relevant CCASS procedures and to minimize its risk exposure to such Short Clearing Participants, HKSCC may, under the Rules, require Short Clearing Participants to provide cash Collateral or to purchase relevant securities, or HKSCC may itself purchase the relevant securities. HKSCC will normally redeliver the cash Collateral upon receipt from the Short Clearing Participant of the relevant securities required, or if that is not possible or reasonably practicable, at such other time as HKSCC considers appropriate.

Section 10.9.3 explains how the principles set out in this Section will apply to the different categories of corporate actions affecting Eligible Securities.

Section 10.9.4 to Section 10.9.16 deal with specific types of corporate actions affecting Eligible Securities and explain how adjustments for entitlements will be processed in CCASS in such cases.

Section 10.9.17 deals with fractional securities entitlements as a result of the relevant adjustment procedures in CCASS.

HKSCC will from time to time notify Participants of the procedures or additional procedures to be followed in relation to adjustments for entitlements under the CNS System, either generally or on a case by case basis.

The procedures for adjustments for entitlements under the CNS System, as set out in this Section, or as may be notified by HKSCC from time to time, will be binding on Participants. Save as provided in this Section, Long Participants shall have no claim against HKSCC in respect of benefit entitlements accruing to their outstanding long CNS stock positions.

10.9.3 Different categories of corporate actions
Corporate actions affecting Eligible Securities can be broadly divided into four categories. The extent of procedures and facilities available in CCASS in relation to adjustments for entitlements in respect of the four categories of corporate actions can be summarized as follows:

(i) Announcements/communications: in relation to announcements or issues of circulars by issuers of Eligible Securities, no facilities will be offered in CCASS for "adjustments" to entitlements. All Participants in CCASS should have access to these announcements or circulars (see Section 8.4 and Section 8.5);

(ii) Voting: in relation to corporate actions to be voted on, only limited facilities will be offered in CCASS to allow Long Clearing Participants to give instructions relating to voting through CCASS (see Section 10.9.4);

(iii) Entitlements/actions (not requiring the exercise of discretion): in relation to corporate actions such as dividend payments or bonus issues of securities, where no decision is required to be made by Participants, HKSCC will normally establish procedures in CCASS whereby relevant entitlements (money or securities) will be collected by it from the Short Clearing Participants and then distributed to Long Clearing Participants.
Participants (see Section 10.9.5, Section 10.9.6, Section 10.9.11A and Section 10.9.12); and

(iv) Entitlements/actions (requiring the exercise of discretion) : in relation to corporate actions affecting Eligible Securities, such as rights issues, take-over offers etc., where a decision as to whether or not to participate in such corporate actions is required to be made by Participants. In most cases, the relevant CCASS procedures will involve HKSCC obtaining relevant instructions from Long Clearing Participants and requiring Short Clearing Participants to comply accordingly (see Section 10.9.7, Section 10.9.8, Section 10.9.9, Section 10.9.10 and Section 10.9.11).

10.9.4 Voting
Long Clearing Participants that wish to give instructions relating to voting for a meeting held in Hong Kong may apply to HKSCC by completing and submitting to HKSCC a "Voting Request Form - CNS Positions" (see CCASS Terminal User Guide for Participants for the form) by 2:00 p.m. one Business Day before the relevant meeting date or by such other means specified by HKSCC which may be subject to other time limits. Otherwise, the deadline prescribed by HKSCC on Long Clearing Participants for the giving of instructions will be on a day which in the opinion of HKSCC would enable it to have sufficient time to submit the proxy form or the relevant document for appointment of corporate representative, as the case may be, to the designated place by the stipulated time. This will be dealt with by HKSCC in the normal way (see Section 8.6.2).

To the extent that there are available relevant Eligible Securities in CCASS for which voting instructions with or without demand poll request have not been received from relevant Participants, HKSCC may in its absolute discretion entertain requests to vote by Long Clearing Participants. Long Clearing Participants that are unable to vote in respect of the relevant Eligible Securities or whose requests are not entertained by HKSCC shall have no claim against HKSCC.

10.9.5 Cash dividend entitlements
In the case of cash dividends in an Eligible Currency, the following procedures will usually apply:

(i) on the Business Day following the last Settlement Day preceding the relevant book-close or record date, HKSCC will debit the Entitlements Account (a sub-account of the Money Ledger) of the Short Clearing Participants to collect from them amounts in respect of dividends accruing to their outstanding short CNS stock positions; and

(ii) on the dividend payment date, HKSCC will credit the Entitlements Accounts of the Long Clearing Participants with amounts in respect of dividends accruing to their outstanding long CNS stock positions.

In the case of cash dividends in a foreign currency which is not an Eligible Currency, the following procedures will usually apply:

(i) Short Clearing Participants will be required to arrange for funds of the exact amount and currency in respect of dividends accruing to their outstanding short CNS stock positions to be directly paid into the stated bank account of HKSCC by telegraphic transfers (see below);

(ii) such transfers by the Short Clearing Participants, as referred to in paragraph (i) above, are to be provided to HKSCC at the latest by the close of business on the
Business Day following the book-close or record date or other time specified by HKSCC. At the time of arranging such transfers, Short Clearing Participants are also required to submit evidence of such transfers, such as application forms to their banks, to HKSCC; and

(iii) on the dividend payment date, HKSCC will make available for collection by the Long Clearing Participants relevant foreign currency bank drafts for the amounts in respect of dividends accruing to their outstanding long CNS stock positions. The costs and expenses of arranging these bank drafts will be charged to the Long Clearing Participants.

Any funds derived from payment of cash dividends in a currency which is not an Eligible Currency from Short Clearing Participants must be transferred to one or more bank accounts of HKSCC as from time to time specified by it.

Without prejudice to the above, if HKSCC is reasonably satisfied that the Long Clearing Participants in respect of any or all of their long outstanding CNS stock positions are exempt from or are eligible for a lower rate of withholding tax but the dividends accruing to the Short Clearing Participants’ outstanding short CNS stock positions are net of a higher rate of withholding tax (whether withheld by HKSCC or any other parties), HKSCC may require Short Clearing Participants to pay such additional amount, in any Eligible Currency as may be determined by HKSCC from time to time, so that the Long Clearing Participants will receive such amount of cash dividend entitlements as if there had been no late delivery under the CNS System.

HKSCC will be responsible, following the distribution date, to pay Long Clearing Participants the cash dividend entitlements accruing to their outstanding CNS long stock positions irrespective of whether or not HKSCC receives such entitlements from Short Clearing Participants.

10.9.6 Bonus issues of securities
In relation to bonus issues of securities, the following procedures will usually apply:

(i) Short Clearing Participants will normally be required by HKSCC to provide Collateral in the form of cash on the Business Day following the last Settlement Day preceding the relevant book-close or record date;

(ii) where the bonus securities concerned are already available in the market, Short Clearing Participants are required to have in their Entitlement Account (their Stock Segregated Account 02) the number of bonus securities accruing to their outstanding short CNS stock positions on or before the distribution date of such bonus securities;

(iii) in the event that a Short Clearing Participant fails to have the relevant number of bonus securities in its Entitlement Account at the close of business on the distribution date referred to in paragraph (ii) above, HKSCC will normally require such Short Clearing Participant to purchase such bonus securities for delivery to HKSCC and the purchase will have to be effected on the Business Day following the distribution date;

(iv) where the bonus securities concerned are not yet available in the market, Short Clearing Participants will have until the day before the first dealing date of such bonus securities to have the relevant number of bonus securities in their Entitlement Accounts and failure to do so will normally result in HKSCC requiring such Short Clearing Participant to purchase the relevant number of bonus securities on the first dealing date of such bonus securities;
(v) in the event a Short Clearing Participant fails to purchase the relevant bonus securities as required by HKSCC, HKSCC may itself purchase such bonus securities for the account of that Short Clearing Participant; and

(vi) upon receipt of all the relevant bonus securities from the Short Clearing Participants, HKSCC will credit such bonus securities into the Entitlement Accounts of the Long Clearing Participants on or after the relevant distribution dates. If such bonus securities are not Eligible Securities, HKSCC will require the Long Clearing Participants to withdraw such bonus securities from the CCASS Depository.

HKSCC will be responsible, following the distribution date, to deliver to Long Clearing Participants the bonus securities accruing to their outstanding CNS long stock positions (or if that is not possible or reasonably practicable, as determined by HKSCC, HKSCC shall provide money compensation to the Long Clearing Participants by reference to the value of such bonus securities as determined by HKSCC), irrespective of whether or not HKSCC receives such entitlements from Short Clearing Participants.

10.9.7 Dividend entitlements with options
In relation to dividend entitlements with options, the following procedures will usually apply:

(i) Short Clearing Participants will normally be required by HKSCC to provide Collateral in the form of cash on the Business Day following the last Settlement Day preceding the relevant book-close or record date;

(ii) Long Clearing Participants will be required to elect the option they prefer via CCASS Terminals or by such other means specified by HKSCC;

(iii) Based on the options chosen by the Long Clearing Participants (or their default options), HKSCC will require the Short Clearing Participants to provide it with the relevant entitlements (in the form as required by HKSCC). The way in which such dividend entitlements are to be provided by the Short Clearing Participants will be as specified in Section 10.9.5 (for cash dividends in an Eligible Currency or in a currency which is not an Eligible Currency) and Section 10.9.6 (for stock dividends), as the case may be; and

(iv) upon receipt of all the dividend entitlements from Short Clearing Participants, HKSCC will credit such dividend entitlements into the Long Clearing Participants' Entitlement Accounts (for stock dividends), their Entitlements Accounts (for cash dividends), or notify them to collect foreign currency bank drafts, in the manner as specified in Section 10.9.5 and Section 10.9.6, as the case may be.

HKSCC will be responsible, following the distribution date, to pay Long Clearing Participants the relevant cash dividends or to deliver the stock dividends accruing to their outstanding CNS long stock positions (or if that is not possible or reasonably practicable in the case of stock dividend entitlements, as determined by HKSCC, HKSCC shall provide money compensation to the Long Clearing Participants by reference to the value of such stock dividends as determined by HKSCC), irrespective of whether or not HKSCC receives such entitlements from Short Clearing Participants.

10.9.8 Rights issues
In relation to rights issues (other than rights issues relating to China Connect Securities), the following procedures will usually apply:
(i) Short Clearing Participants will normally be required by HKSCC to provide Collateral in the form of cash on the Business Day following the last Settlement Day preceding the relevant book-close or record date;

(ii) Short Participants will be required to have the relevant number of nil paid rights in their Entitlement Account on or before the day before the first dealing date of such nil paid rights;

(iii) if a Short Clearing Participant fails to have the relevant number of nil paid rights in its Entitlement Account in time, HKSCC will normally require such Short Clearing Participant to purchase such nil paid rights for delivery to HKSCC and the purchase will have to be effected on the first dealing date of such nil paid rights;

(iv) in the event a Short Clearing Participant fails to purchase relevant nil paid rights as required by HKSCC, HKSCC may itself purchase such nil paid rights for the account of such Short Clearing Participant; and

(v) upon receipt of all nil paid rights from Short Clearing Participants, HKSCC will credit such nil paid rights into the Entitlement Accounts of the Long Clearing Participants.

If Short Clearing Participants fail to deliver nil paid rights required to enable Long Clearing Participants to apply for rights shares, they will be required to deliver to HKSCC the rights shares which would have been subscribed for by the Long Clearing Participants (based on the instructions of Long Clearing Participants to HKSCC) by depositing the rights shares into their Entitlement Accounts on or before the day of distribution of the rights shares. If a Short Clearing Participant fails to have the relevant number of rights shares in its Entitlement Account in time, HKSCC will normally require such Short Clearing Participant to purchase such rights shares for delivery to HKSCC and the purchase will have to be effected on the Business Day following the date of distribution of rights shares. In the event that such Short Clearing Participant fails to purchase the relevant rights shares as required by HKSCC, HKSCC may itself purchase such rights shares for the account of that Short Clearing Participant. Following delivery, the relevant subscription monies from the Long Clearing Participants will be paid to the Short Clearing Participants.

Application for rights shares and excess shares by Long Participants will be effected by completing and submitting to HKSCC a "Rights Issues Subscription Election Form - CNS Positions" (see CCASS Terminal User Guide for Participants for the form) together with a cashier order for the subscription money or by any other means as specified by HKSCC by 2:00 p.m. on the Business Day before the last day for subscription for rights shares or any other time as specified by HKSCC, and may not result in HKSCC requiring Short Participants to take action.

If Long Clearing Participants fail to receive rights shares applied for in respect of their outstanding CNS long stock position as a result of late delivery under the CNS System, HKSCC will be responsible, following distribution date, to deliver such rights shares to Long Clearing Participants (against receipt of the relevant subscription monies) or if that is not possible or reasonably practicable as determined by HKSCC, HKSCC shall provide money compensation to the Long Clearing Participants by reference to the value of such rights shares as determined by HKSCC (but taking into account the subscription monies paid or payable by Long Clearing Participants), irrespective of whether or not HKSCC receives such rights shares from Short Clearing Participants.

10.9.9 Open Offers

In relation to open offers (other than open offers relating to China Connect Securities), the following procedures will usually apply:
(i) Long Participants wishing to apply for new shares or excess shares under an open offer will be required to complete and submit to HKSCC a "Subscription of Open Offer Form - CNS Positions" (see CCASS Terminal User Guide for Participants for the form) and provide HKSCC with a cashier’s order for the relevant amount or by such other means as specified by HKSCC by 2:00 p.m. on the Business Day before the last day for acceptances under an open offer or any other time as specified by HKSCC;

(ii) in the event that the Long Clearing Participants fail to obtain what would have been their pro-rata entitlements under the terms of an open offer (as a result of full subscription or over subscription under the open offer), HKSCC will require Short Clearing Participants to have in their Entitlement Account on or before the date of distribution of new shares under an open offer, the relevant number of new shares representing the pro-rata entitlement in respect of their outstanding short CNS stock positions under the terms of such open offer;

(iii) HKSCC will normally require Collateral in the form of cash from Short Clearing Participants;

(iv) based on the number of new shares required to satisfy the pro-rata entitlement of Long Clearing Participants, HKSCC will debit the relevant number of new shares from the Entitlement Accounts of the Short Clearing Participants and a Short Clearing Participant having an insufficient number of new shares in its Entitlement Account will normally be required by HKSCC to purchase such new shares for delivery to HKSCC and such purchase will have to be effected on the Business Day following the date of distribution of new shares under the open offer. In the event that such Short Clearing Participant fails to purchase the relevant new shares as required by HKSCC, HKSCC may itself purchase such new shares for the account of that Short Clearing Participant;

(v) HKSCC will cause the relevant amounts, based on the subscription price of new shares under the terms of the open offer, to be credited to the Entitlement Accounts of the Short Clearing Participants upon receipt of new shares from them (HKSCC will have received the relevant subscription money from the Long Clearing Participants in advance); and

(vi) Upon receipt from the Short Clearing Participants of all the new shares required to satisfy the pro-rata entitlements of the Long Clearing Participants, HKSCC will credit such new shares into the Entitlement Accounts of the Long Clearing Participants.

Applications for excess shares by Long Participants will be dealt with in the normal manner (see Section 8.11.4) and will not usually result in HKSCC requiring Short Participants to take action.

If Long Clearing Participants fail to receive new shares pursuant to their pro-rata entitlements under open offers in respect of their outstanding CNS long stock positions (as a result of late delivery under the CNS System), HKSCC shall be responsible, following the distribution date, to deliver such new shares to Long Clearing Participants (against receipt of the relevant subscription monies) or if that is not possible or reasonably practicable as determined by HKSCC, HKSCC shall provide money compensation to the Long Clearing Participants by reference to the value of such new shares as determined by HKSCC (but taking into account the subscription monies paid or payable by Long Clearing Participants), irrespective of whether or not HKSCC receives such new shares from Short Clearing Participants.
10.9.10 Take-over offers
In relation to takeover offers, the following procedures will usually apply:

(i) Short Clearing Participants will normally be required by HKSCC to provide Collateral in the form of cash on the last acceptance day of the take-over offer;

(ii) Long Clearing Participants who wish to accept a take-over offer will have to complete and submit election forms called "Take-over Offer Acceptance/Election Form - CNS Positions" (see CCASS Terminal User Guide for Participants for the form) to HKSCC or to apply to HKSCC by any other means as specified by HKSCC by 2:00 p.m. on the last Business Day before the last day of acceptance of a take-over offer or any other time as specified by HKSCC; and

(iii) since take-over offers may involve a number of variations on a case by case basis, HKSCC will require Short Clearing Participants to provide relevant monies or securities (or appropriate compensation) in such manner as HKSCC may in its absolute discretion consider fair and appropriate to provide compensation to Long Clearing Participants.

10.9.11 Conversion of warrants
In relation to conversion of warrants close to expiry or otherwise subject to corporate actions, the following procedures will normally apply:

(i) on the due date of settlement of the last trading day of warrants about to expire, or the Business Day before the last day to participate in corporate actions affecting the warrants, as the case may be, Long Participants will be asked by HKSCC to elect whether or not to subscribe for securities under the warrants. A Long Participant wishing to subscribe for securities under warrants will be required to complete a "Warrant Conversion Election Form - CNS Positions" (see CCASS Terminal User Guide for Participants for the form) and provide HKSCC with a cashier’s order for the relevant amount or to apply to HKSCC by any other means as specified by HKSCC by 2:00 p.m. on the Business Day before the last day of subscription of the warrants (or the Business Day before the last day to participate in corporate actions affecting the warrants, as the case may be) or any other time as specified by HKSCC;

(ii) based on the instructions of the Long Clearing Participants, HKSCC will require Short Clearing Participants to have in their Entitlement Accounts on or before the date of distribution of securities under the warrants, the relevant number of such securities capable of being subscribed for in respect of their outstanding short CNS stock positions;

(iii) HKSCC will normally require Collateral in the form of cash from Short Clearing Participants;

(iv) based on the number of securities required by Long Clearing Participants, HKSCC will debit the relevant number of such securities from the Entitlement Accounts of the Short Clearing Participants and a Short Clearing Participant not having sufficient securities will normally be required by HKSCC to purchase such securities for delivery to HKSCC and such purchase will have to be effected on the Business Day following the date of distribution of such securities under the warrants. In the event that such Short Clearing Participant fails to purchase such securities as required by HKSCC, HKSCC may itself purchase such securities for the account of that Short Clearing Participant;
(v) HKSCC will cause the relevant amounts, based on the subscription price of the securities under the warrants, to be credited to the Entitlements Accounts of the Short Clearing Participants upon receipt of securities from them (HKSCC will have received the relevant subscription money from the Long Clearing Participants in advance); and

(vi) upon receipt from the Short Clearing Participants of all such securities required to satisfy the requirements of the Long Clearing Participants, HKSCC will credit such new securities into the Entitlement Accounts of the Long Clearing Participants.

If Long Clearing Participants fail to receive new shares they would have subscribed for under warrants in respect of their outstanding CNS long stock positions (as a result of late delivery under the CNS System), HKSCC shall be responsible, following the distribution date, to deliver such new shares to Long Clearing Participants (against receipt of the relevant subscription monies) or if that is not possible or reasonably practicable as determined by HKSCC, HKSCC shall provide money compensation to the Long Clearing Participants by reference to the value of such new shares as determined by HKSCC (but taking into account the subscription monies paid or payable by Long Clearing Participants), irrespective of whether or not HKSCC receives such new shares from Short Clearing Participants.

10.9.11A Automatic exercise / Redemption of listed Structured Products at expiry

Structured Products listed on the Exchange which are in-the-money will be exercised automatically at expiry upon the lapse of the date of expiry specified in the relevant listing document (“normal expiry”) or upon the Structured Products being early terminated as a result of the occurrence of the relevant call event (“early expiry”). In relation to the cash payments to which Participants are entitled upon the automatic exercise of such Structured Products at expiry, the following procedures will usually apply:

(i) on the Business Day following the second Settlement Day in the case of early expiry or the second Business Day following the expiry day in the case of normal expiry, HKSCC will debit the Entitlements Account (a sub-account of the Money Ledger) of each Short Clearing Participant to collect from it an amount representing the cash payment accruing to its outstanding short CNS stock positions in the Structured Products. For administrative convenience or if the expiry day does not fall on a Settlement Day or if considered appropriate by HKSCC, HKSCC may in its absolute discretion collect the cash payment from each Short Clearing Participant on some other date; and

(ii) on the payment day or such other date as HKSCC shall consider fair and appropriate, HKSCC will credit the Entitlements Account of each Long Clearing Participant with an amount representing the cash payment accruing to its outstanding long CNS stock positions in the Structured Products.

HKSCC will be responsible, following the payment day, to pay the Long Clearing Participants the cash payments accruing to their outstanding CNS long stock positions in the Structured Products irrespective of whether or not HKSCC is able to collect such amounts from the Short Clearing Participants.

In relation to the redemption of Structured Products listed on the Exchange at expiry, the following procedures will usually apply:

(i) in respect of redemption proceeds in the form of cash payment in an Eligible Currency:

(a) on the first Business Day immediately after the expiry day, HKSCC will debit the Entitlements Account (a sub-account of the Money Ledger) of each Short
Clearing Participant to collect from it the cash payment accruing to its outstanding short CNS stock positions in the Structured Products; and

(b) on the payment day or such other date as HKSCC shall consider fair and appropriate, HKSCC will credit the Entitlements Account of each Long Clearing Participant with the cash payment accruing to its outstanding long CNS stock positions in the Structured Products.

HKSCC will be responsible, following the payment day, to pay the Long Clearing Participants the cash payments accruing to their outstanding CNS long stock positions in the Structured Products irrespective of whether or not HKSCC is able to collect such cash payments from the Short Clearing Participants.

(ii) in respect of redemption proceeds in the form of underlying securities (being Eligible Securities):

(a) on the second Business Day immediately after the expiry day, Short Clearing Participants will normally be required by HKSCC to provide Collateral in the form of cash;

(b) on or before the distribution day, Short Clearing Participants are required to have in their Entitlement Accounts (their Stock Segregated Account 02) the relevant quantities of underlying securities accruing to their outstanding short CNS stock positions in the Structured Products;

(c) in the event that a Short Clearing Participant fails to have the relevant quantities of underlying securities in its Entitlement Account at the close of business on the distribution day, HKSCC will normally require such Short Clearing Participant to purchase such quantities of underlying securities for delivery to HKSCC and the purchase will have to be effected on the Business Day following the distribution day;

(d) in the event that a Short Clearing Participant fails to purchase the relevant quantities of underlying securities as required by HKSCC, HKSCC may itself purchase such quantities of underlying securities for the account of that Short Clearing Participant; and

(e) upon receipt or purchase of the relevant quantities of underlying securities from or for the account of the Short Clearing Participants, HKSCC will credit such quantities of underlying securities to the Entitlement Accounts of the Long Clearing Participants on the distribution day or such other date as HKSCC shall consider fair and appropriate.

HKSCC will be responsible, following the distribution day, to deliver to the Long Clearing Participants the relevant quantities of underlying securities accruing to their outstanding CNS long stock positions (or if that is not possible or reasonably practicable as determined by HKSCC, HKSCC shall provide money compensation to the Long Clearing Participants by reference to the value of such quantities of underlying securities as determined by HKSCC), irrespective of whether or not HKSCC receives such quantities of underlying securities from the Short Clearing Participants.

10.9.11B Repealed

10.9.11C Repealed
10.9.12 Interest Payments
In the case of interest payments, the following procedures will usually apply:

(i) on the Business Day following the last Settlement Day preceding the relevant book-close day or the relevant CCASS Record Date (the date by reference to which the entitlements to interest payments are determined), HKSCC will debit the Entitlements Account of the Short Clearing Participants to collect from them amounts in respect of interest payments accruing to their outstanding short CNS positions; and

(ii) on the interest payment date or on the dates the relevant outstanding long CNS stock positions are settled or on such other dates as HKSCC shall consider fair and appropriate, HKSCC will credit the Entitlements Accounts of the Long Clearing Participants with amounts in respect of interest payments accruing to their outstanding long CNS stock positions.

HKSCC will be responsible, following the distribution date, to pay Long Clearing Participants the interest payment entitlements accruing to their outstanding long CNS stock positions irrespective of whether or not HKSCC receives such entitlements from Short Clearing Participants.

10.9.13 Redemption of Debt Securities
In relation to redemption of eligible Debt Securities called by the issuer effected at or before its maturity, and either in part or full, the following procedures will usually apply:

(i) Short Clearing Participants will normally be required by HKSCC to provide Collateral in the form of cash on the Business Day following the last Settlement Day preceding the relevant book-close day or the relevant CCASS Record Date (the date by reference to which the entitlements to take part in such redemption are determined); and

(ii) on the distribution date or the dates their outstanding CNS long stock positions are settled or such other dates as HKSCC shall consider fair and appropriate, HKSCC will cause the relevant principal amounts and accrued interest where applicable to be credited to the Entitlements Accounts to the Long Clearing Participants.

In the case of redemption applying to specific certificate numbers, the Participants with outstanding CNS stock positions will be excluded from the random computerised balloting for determining from which Participants’ Stock Accounts, and in what quantities, the relevant Debt Securities are to be redeemed.

10.9.14 Conversion of Debt Securities
In relation to conversion of eligible Debt Securities close to expiry, the following procedures will usually apply:

(i) on the due date of settlement of the Business Day before the last day of the conversion period, Long Clearing Participants who wish to subscribe/convert for securities accruing to their due Debt Securities positions through CCASS will be required to complete a “Debt Securities Conversion Request Form – CNS Positions” (see CCASS Terminal User Guide for Participants for the form) and provide HKSCC with a cashier order for the relevant amount or to apply to HKSCC by any other means as specified by HKSCC by 2:00 p.m. on the Business Day before the last day of subscription/conversion of the Debt Securities or such other means or time as may be specified by HKSCC;
(ii) based on the instructions of the Long Clearing Participants, HKSCC will require Short Clearing Participants to have in their Entitlement Accounts on or before the date of distribution of securities under the Debt Securities conversion, the relevant number of such securities capable of being subscribed for in respect of their outstanding short CNS stock positions;

(iii) HKSCC will normally require Collateral in the form of cash from Short Clearing Participants;

(iv) based on the number of securities required by Long Clearing Participants, HKSCC will debit the relevant number of such securities from the Entitlement Accounts of the Short Clearing Participants and a Short Clearing Participant not having sufficient securities will normally be required by HKSCC to purchase such securities for delivery to HKSCC and such purchase will have to be effected on the Business Day following the date of distribution of such securities under the Debt Securities conversion. In the event that such Short Clearing Participant fails to purchase such securities as required by HKSCC, HKSCC may itself purchase such securities for the account of that Short Clearing Participant;

(v) HKSCC will cause the relevant amounts, based on the subscription price of the securities under the Debt Securities conversion, to be credited to the Entitlement Accounts of the Short Clearing Participants upon receipt of securities from them (HKSCC will have received the relevant subscription money from the Long Clearing Participants in advance); and

(vi) upon receipt from the Short Clearing Participants of all such securities required to satisfy the requirements of the Long Clearing Participants, HKSCC will credit such securities received into the Entitlement Accounts of the Long Clearing Participants.

If Long Clearing Participants fail to receive the securities they would have subscribed for under Debt Securities conversion in respect of their outstanding long CNS stock positions (as a result of late delivery under the CNS System), HKSCC shall be responsible, following the distribution date, to deliver such securities to the Long Clearing Participants (against receipt of the relevant subscription monies) or if that is not possible or reasonably practicable as determined by HKSCC, HKSCC shall provide money compensation to the Long Clearing Participants by reference to the value of such securities as determined by HKSCC (but taking into account the subscription monies paid or payable by Long Clearing Participants), irrespective of whether or not HKSCC receives such securities from Short Clearing Participants.

10.9.15 Daily accrued interest of interest bearing Debt Securities
In cases where the Short Participant cannot deliver the eligible Debt Securities on the due settlement day of the Exchange Trade in such eligible Debt Securities, daily accrued interest amount of that Exchange Trade concerned will remain unchanged even if the eligible Debt Securities involved are settled in a later day. The above procedures do not apply if the due settlement day is affected by typhoon, rainstorm and other contingency situations (see Section 17).

10.9.16 Sub-divisions, consolidations etc.
The procedures for handling outstanding stock positions in the event of sub-divisions, consolidations and stock conversions affecting Eligible Securities are set out in Section 8.14.
10.9.17 Fractional securities
Fractional securities entitlements as a result of adjustments for late deliveries under the CNS System will be dealt with in the same manner as set out in Section 8.21.

10.10 RISK MANAGEMENT: MARKS

10.10.1 General
As settlement counterparty to Participants under the CNS System, HKSCC is exposed to market risks as a result of unfavourable fluctuations of prices in respect of the unsettled stock positions of Participants under the CNS System. In this Section 10.10, any unsettled stock positions in Eligible Securities under the CNS System are referred to as “CNS stock positions”.

To monitor and control such risk exposure, HKSCC will Mark-to-market the CNS stock positions of Participants and collect Marks from Participants. In respect of the CNS stock positions in any Eligible Security, HKSCC will compute Marks in accordance with the provisions of this Section 10.10 in the Eligible Currency in which that Eligible Security is traded.

HKSCC will collect Marks from the Participant in the same Eligible Currency unless the Participant has maintained a Preferred Single Settlement Currency or unless the Marks are to be collected from a Clearing Agency Participant.

Where the Participant has maintained a Preferred Single Settlement Currency, HKSCC will convert Marks calculated and denominated in its original Eligible Currency to the Preferred Single Settlement Currency at such exchange rate and subject to such haircut rate as determined by HKSCC from time to time, and collect Marks from the Participant in the Preferred Single Settlement Currency. Unless HKSCC otherwise agrees, the Participant shall pay Marks to HKSCC in the Preferred Single Settlement Currency. Notwithstanding the foregoing, HKSCC reserves the right to collect the required amount of Marks in any Eligible Currency.

Where the Participant is a Clearing Agency Participant which is a China Connect Clearing House, Marks will be computed and collected from or redelivered to such Participant separately in respect of each of its designated Special Participants with reference to the CNS stock positions arising from Exchange Trades executed by such Special Participant, and references to the CNS stock positions of a Participant in this Section 10.10 shall be construed accordingly for such Clearing Agency Participant. HKSCC will convert the Marks to Renminbi at such exchange rate and subject to such haircut rate as determined by HKSCC from time to time and collect the Marks from the Clearing Agency Participant in Renminbi. Unless HKSCC otherwise agrees, the Clearing Agency Participant shall pay Marks to HKSCC in Renminbi. Notwithstanding the foregoing, HKSCC reserves the right to collect the required amount of Marks in any Eligible Currency.

Mark-to-market of a CNS stock position involves the evaluation of the risk exposure of a Participant to HKSCC relating to the CNS stock position by reference to the extent to which the Mark-to-market value of the CNS stock position has moved against the value originally agreed in respect of such CNS stock position.

Under the Rules, HKSCC has the right to collect Marks from Participants in respect of all CNS stock positions, whether or not due for settlement and whether or not such CNS stock positions may be subsequently amended or excluded or not accepted for settlement under the CNS System in accordance with the Rules.
Marks will normally be collected in the form of cash. HKSCC may in exceptional cases collect Marks in the form of Collateral Securities acceptable to it.

This Section 10.10 describes the extent to and the manner in which Marks from Participants will be collected and redelivered by HKSCC.

The provisions of this Section 10.10 shall also be applicable, in so far as they are relevant to risk management measures detailed in Section 12.2.9(i), in respect of Clearing Agency Transactions.

10.10.2 Various terms explained

For the purpose of this Section, the term "Favourable Marks" refers to Marks computed by the Mark-to-market of a CNS stock position which are favourable to a Participant and the term "Unfavourable Marks" has the opposite meaning.

A "pending CNS stock position" refers to an unsettled CNS stock position of a Participant which is not yet due for settlement and an "overdue CNS stock position" refers to a CNS stock position of a Participant which is due for settlement but not yet settled.

The “Settlement Cap” of a Clearing Participant that is a licensed corporation licensed to carry on Type 1 regulated activity under the Securities and Futures Ordinance, which is used by HKSCC to determine how Marks are to be collected on the pending CNS stock positions of a Clearing Participant, is a multiple of the liquid capital of a Clearing Participant determined in accordance with the Financial Resources Rules made under Section 145 of the Securities and Futures Ordinance (or where applicable, its apportioned liquid capital as notified to HKSCC under Section 19.2.5 of these Operational Procedures). The “Settlement Cap” of a GCP which is a registered institution registered to carry on Type 1 regulated activity is a multiple of the liquid capital assigned by HKSCC from time to time for the sole purpose of computing such “Settlement Cap”. The “Settlement Cap” of a Clearing Agency Participant which clears for a Special Participant is a multiple of the liquid capital assigned by HKSCC from time to time defined by reference to the financial information provided by the Clearing Agency Participant. The value of the multiple will be determined by HKSCC and may be subject to review from time to time.

10.10.3 Computation of Marks

The value of the Mark on a CNS stock position of a Participant is the difference between:

(i) the money position of that CNS stock position (see Section 10.5.2); and

(ii) the prevailing market value of such CNS stock position (as determined by HKSCC).

The Marks on CNS stock positions of any Eligible Security will be calculated and denominated in the Eligible Currency in which the Eligible Security is traded. Favourable Marks and Unfavourable Marks in the same Eligible Currency will offset against one another to arrive at the Favourable Marks or Unfavourable Marks in that Eligible Currency.

Favourable Marks or Unfavourable Marks in an Eligible Currency will then be offset against the Unfavourable Marks or Favourable Marks, as the case may be, in other Eligible Currencies in the sequence as HKSCC considers appropriate to arrive at the Net Favourable Marks or Net Unfavourable Marks on the CNS stock positions. For the purpose of performing such cross-currency offset, Favourable Marks and Unfavourable Marks in Eligible Currencies other than Hong Kong dollar will be converted to Hong Kong dollar equivalent at such exchange rate and subject to such haircut rate as determined by HKSCC from time to time for computation. After cross-currency offset, any remaining Net Favourable Marks or Net Unfavourable Marks will be re-converted back to the original
Eligible Currency immediately prior to the cross-currency offset at the same exchange rate and subject to the same haircut rate.

Where a Participant has provided the relevant quantity of Collateral Security to cover a part or the whole of a short CNS stock position not due for settlement to HKSCC pursuant to Rule 3601, the short CNS stock position covered by the Collateral Security will be waived from computation of Marks. HKSCC has absolute right to use such Collateral Security to settle the covered portion of the short CNS stock position on or before its Settlement Day.

Where a Participant has provided the relevant amount of Specific Cash Collateral to cover the corresponding money position of a part or the whole of a long CNS stock position not due for settlement to HKSCC pursuant to Rule 3601, the long CNS stock position covered by the Specific Cash Collateral will be waived from computation of Marks and Concentration Collateral. HKSCC has absolute right to use such Specific Cash Collateral to settle the money position of the covered portion of the long CNS stock position on or before its Settlement Day.

10.10.4 Example (Computation of Marks)

<table>
<thead>
<tr>
<th>CNS stock position</th>
<th>CNS money position (HK$)</th>
<th>Mark-to-market unit value (HK$)</th>
<th>Market value (HK$)</th>
<th>Marks (HK$)</th>
</tr>
</thead>
<tbody>
<tr>

<td>1.2</td>
<td>+240</td>
<td>+20(F)</td>
</tr>
</tbody>
</table>

Conversion of Unfavourable Marks in US dollar to Hong Kong dollar equivalent:

-US$30(U) = -HK$235.17(U) at the exchange rate USD1=HKD7.8 and haircut rate 0.5%

Cross-currency offset of the Unfavourable Marks in Hong Kong dollar equivalent:

-HK$235.17(U) + HK$10(F) = -HK$225.17(U)

Re-conversion of remaining Unfavourable Marks in Hong Kong dollar equivalent back to US dollar:

-HK$225.17(U) = -US$28.72(U) at the exchange rate USD1=HKD7.8 and haircut rate 0.5%

10.10.5 Marks on overdue CNS stock positions

In respect of the overdue CNS stock positions of a Participant, the Favourable Marks and the Unfavourable Marks on such overdue CNS stock positions in the same Eligible Currency will be offset against each other to arrive at the Net Favourable Marks or Net Unfavourable Marks on overdue CNS stock positions in that Eligible Currency.
The Net Favourable Marks or Net Unfavourable Marks on overdue CNS stock positions in an Eligible Currency will offset against the Net Unfavourable Marks or Net Favourable Marks, as the case may be, on overdue CNS stock positions in other Eligible Currencies to arrive at the Net Favourable Marks or Net Unfavourable Marks on overdue CNS stock positions. For details of the cross-currency offset and re-conversion back to the original Eligible Currency after the cross-currency offset, reference should be made to Section 10.10.3. HKSCC will collect the Net Unfavourable Marks on overdue CNS stock positions after cross-currency offset from the Participant at day end. Such Net Unfavourable Marks will be collected as day-end Marks on a daily basis. The Net Favourable Marks on overdue CNS stock positions will be used to offset day-end Margin, if any, of the Participant in accordance with the provisions in Section 10.10A.2.

In respect of the collection of intra-day Marks, the Net Favourable Marks and/or Net Unfavourable Marks, as the case may be, on overdue CNS stock positions in different Eligible Currencies will be subject to further offset as follows - (i) the Net Unfavourable Marks on overdue CNS stock positions in an Eligible Currency will further offset against the Net Favourable Marks on Uncovered Allocated Positions in the same Eligible Currency of the Participant or (ii) the Net Favourable Marks on overdue CNS stock positions in an Eligible Currency will offset against the Net Unfavourable Marks on Uncovered Allocated Positions in the same Eligible Currency of the Participant, as the case may be, to arrive at the Net Favourable Marks or the Net Unfavourable Marks on overdue CNS stock positions and Uncovered Allocated Positions in that Eligible Currency.

Such Net Favourable Marks or Net Unfavourable Marks on overdue CNS stock positions and Uncovered Allocated Positions in an Eligible Currency will offset against the Net Unfavourable Marks or Net Favourable Marks, as the case may be, on overdue CNS stock positions and Uncovered Allocated Positions in other Eligible Currencies to arrive at the Net Favourable Marks or Net Unfavourable Marks on overdue CNS stock positions and Uncovered Allocated Positions. For details of the cross-currency offset and re-conversion back to the original Eligible Currency after the cross-currency offset, reference should be made to Section 10.10.3. After such cross-currency offset and re-conversion, any Net Unfavourable Marks on overdue CNS stock positions and Uncovered Allocated Positions will be collected daily from the Participant by HKSCC as intra-day Marks as a matter of course.

Net Favourable Marks on overdue CNS stock positions resulted from the computation of day-end Marks and Net Favourable Marks on overdue CNS stock position and Uncovered Allocated Positions resulted from the computation of intra-day Marks, if any, will not be paid to the Participant by HKSCC.

Marks due to HKSCC: Nil
Marks due to HKSCC: HK$10

10.10.7 Marks on pending CNS stock positions

HKSCC will also collect Marks on pending CNS stock positions of Participants daily as a matter of course.

Under a T+2 settlement system, pending CNS stock positions of a Participant on a Business Day will derive from the Exchange Trades effected by the Participant and, in the case of a GCP or a Clearing Agency Participant, including the Exchange Trades effected by each NCP with which the GCP has entered into a Clearing Agreement or by each Special Participant with which the Clearing Agency Participant has entered into a Clearing Agreement, on that Business Day and the immediately preceding Business Day.

At the end of a Business Day, a Participant will have (i) pending CNS stock positions in respect of the Exchange Trades which are accepted to be cleared and settled on that Business Day (referred to here as "Current Day") for settlement under the CNS System (referred to in this Section 10.10.7 as “Current Day positions”) and (ii) pending CNS stock positions in respect of the Exchange Trades which are accepted to be cleared and settled by it on the immediately preceding Business Day (referred to here as "Previous Day") for settlement under the CNS System (referred to in this Section 10.10.7 as “Previous Day positions”). Unless otherwise stated, “pending CNS stock positions” in this Section 10.10.7 covers Current Day Positions and Previous Day Positions.

In respect of the pending CNS stock positions in Eligible Securities traded in the same Eligible Currency, (i) Favourable Marks and Unfavourable Marks on Current Day Positions will be calculated and offset against each other to arrive at a Net Favourable Marks or Net Unfavourable Marks; and (ii) Favourable Marks and Unfavourable Marks on Previous Day positions will be calculated and offset against each other to arrive at a Net Favourable Marks or Net Unfavourable Marks. The Net Favourable Marks or Unfavourable Marks on Current Day positions will offset against the Net Unfavourable Marks or Net Favourable Marks on Previous Day positions to arrive at the Net Favourable Marks or Net Unfavourable Marks on pending CNS stock positions in that Eligible Currency. For the avoidance of doubt, there will be a Net Favourable Marks or Net Unfavourable Marks in each Eligible Currency.

The Net Favourable Marks or Net Unfavourable Marks in an Eligible Currency will offset against the Net Unfavourable Marks or Net Favourable Marks, as the case may be, in other Eligible Currencies to arrive at the Net Favourable Marks or Net Unfavourable Marks on pending CNS stock positions. For details of the cross-currency offset and re-conversion after the cross-currency offset, reference should be made to Section 10.10.3.

The manner in which HKSCC will collect the Net Unfavourable Marks, if any, on pending CNS stock positions of a Participant will depend on whether or not the net value (in Hong Kong dollar or Hong Kong dollar equivalent) of the CNS stock positions of a Participant, including pending CNS stock positions and overdue CNS stock positions, of the Participant exceeds the Settlement Cap applicable to the Participant. For the purpose of calculating the net value of the CNS stock positions, if the value of any CNS stock positions is in a currency other than Hong Kong dollar, it will be converted to Hong Kong dollar equivalent subject to

<table>

</tr>
</tbody>
</table>
haircut. The conversion shall be at such exchange rate and subject to such haircut rate as determined by HKSCC from time to time.

The following principles will generally be applied by HKSCC:

(i) if the net value (in Hong Kong dollars or Hong Kong dollar equivalent) of the CNS stock positions of a Participant exceeds or equals to its Settlement Cap, HKSCC will collect from the Participant the Net Unfavourable Marks (if any) on all pending CNS stock positions of the Participant;

(ii) if the net value (in Hong Kong dollars or Hong Kong dollar equivalent) of the CNS stock positions of a Participant is below its Settlement Cap, HKSCC will collect from the Participant the Net Unfavourable Marks (if any) on all pending CNS stock positions of the Participant, to the extent that such Net Unfavourable Marks exceeds the internal "credit limit" determined by HKSCC for the Participant from time to time. In the case of a Participant having Net Unfavourable Marks on pending CNS stock positions, in more than one Eligible Currency, the "credit limit" will be applied against such Net Unfavourable Marks in different Eligible Currencies on a pro-rata basis with reference to the respective amounts (in Hong Kong dollars or Hong Kong dollar equivalent) of such Net Unfavourable Marks.

The Net Favourable Marks, if any, on pending CNS stock positions of a Participant will not be paid to the Participant by HKSCC. Such Net Favourable Marks will be used to offset Margin, if any, of the Participant in accordance with the provisions in Section 10.10A.2.

10.10.8A Marks on Uncovered Allocated Positions

Sections 10.10.8A and 10.10.8B apply to the calculation and collection of intra-day Marks. Currently, intra-day Marks are calculated by HKSCC at 11:00 a.m. on each Business Day in respect of overdue CNS stock positions and pending CNS stock positions of a Participant. HKSCC may be exposed to market risks in respect of Eligible Securities allocated to a Participant because payment of the relevant DDIs will not be confirmed until the end of the day on which the Eligible Securities are allocated to the Participant, unless the corresponding money obligations are covered by cash prepayment or the relevant Margin amount or the relevant amount of Specific Cash Collateral referred to Section 10.12.4A. To control such risk exposure, HKSCC will collect intra-day Marks on the Uncovered Allocated Positions of a Participant in the manner set out below.

The following principles, with reference to Marks calculated and denominated in each Eligible Currency, will generally be applied by HKSCC:

(i) Favourable Marks and Unfavourable Marks on allocated positions will be calculated and offset against one another to arrive at the Net Favourable Marks or Net Unfavourable Marks on the total allocated positions in that Eligible Currency;

(ii) the Net Favourable Marks or Net Unfavourable Marks on Uncovered Allocated Positions will be computed according to the formula below:

\[
\text{Net Favourable Marks or Net Unfavourable Marks on the total allocated positions} = \frac{\text{Net Settlement amount due to HKSCC not covered by cash prepayment or the relevant Margin amount or the relevant amount of Specific Cash Collateral referred to in Section 10.12.4A}}{\text{Total CNS money positions of all the allocated positions}}
\]
; and

(iii) the Net Unfavourable Marks on Uncovered Allocated Positions will offset against the Net Favourable Marks on overdue CNS stock positions, whereas the Net Favourable Marks on Uncovered Allocated Positions will offset against the Net Unfavourable Marks on overdue CNS stock positions. This will arrive at the Net Favourable Marks or Net Unfavourable Marks on overdue CNS stock positions and Uncovered Allocated Positions in an Eligible Currency, as referred to in Section 10.10.5.

The Net Favourable Marks or Net Unfavourable Marks on overdue CNS stock positions and Uncovered Allocated Positions in an Eligible Currency will offset against the Net Unfavourable Marks or Net Favourable Marks, as the case may be, in other Eligible Currencies. The Net Unfavourable Marks on overdue CNS stock positions and Uncovered Allocated Position, if any, arrived at after such cross-currency offset will be collected from the Participant. For details of the cross-currency offset and re-conversion after the cross-currency offset, reference should be made to Section 10.10.3.

### 10.10.8B Example (Marks on Uncovered Allocated Positions)

<table>
<thead>
<tr>
<th>CNS stock position</th>
<th>CNS money position (HK$)</th>
<th>Mark-to-market unit value</th>
<th>Market Value (HK$)</th>
<th>Marks (HK$)</th>

<tr>
<td>3. +300(long)</td>
<td>-350</td>
<td>1.3</td>
<td>+390</td>
<td>+40(F)</td>
</tr>
</tbody>
</table>

U = Unfavourable Marks  
F = Favourable Marks

Assumptions:
- HKSCC has allocated securities to settle all long CNS stock positions.
- Clearing Participant has delivered securities to settle all short CNS stock positions.

Cash prepayment made = HK$150

Total CNS money positions of all allocated positions = $-HK$300 - HK$350 = $-HK$650

Net settlement amount due to HKSCC not covered by cash prepayment  
= +HK$150 + HK$100 - HK$300 - HK$350 = $-HK$400

Net Marks on total allocated positions = $-HK$60 + HK$40 = $-HK$20(U)

Net Marks on Uncovered Allocated Positions:

= $-HK$20 x (-HK$400/-HK$650)  
= $-HK$12.31(U)

### 10.10.9 Relevant CCASS reports

The following will be made available via CCASS Terminals and Participant Gateways to assist Participants to estimate the Marks payable to HKSCC at any time:

(i) the PCS, which gives information on the pending CNS stock positions of the Participant for the Current Day (as defined in Section 10.10.7);
(ii) the FCS, which gives information on the pending CNS stock positions of the Participant for the Previous Day (as defined in Section 10.10.7);

(iii) the "Enquire Due and Overdue Positions" enquiry function, which gives information on the due and overdue CNS stock positions of the Participant;

(iv) the Intra-Day Marks and Collateral Collection Report, which will be made available each time after intra-day Marks are calculated for collection by HKSCC to provide information on intra-day Marks, Concentration Collateral and details of the computation of intra-day Marks and Concentration Collateral for that day;

(v) the Marks and Collateral Collection Report, which will be made available upon the completion of day-end Marks processing and at the end of each Business Day to provide information on day-end Marks and Concentration Collateral, and details of the computation for that day; and

(vi) the NCP Marks Projection Report, which will be made available to a GCP or a Clearing Agency Participant upon the completion of intra-day Marks processing and at the end of each Business Day to provide information on estimated intra-day Marks and day-end Marks on pending CNS stock positions of NCPs of the GCP or of Special Participants of the Clearing Agency Participant, and details of the computation for that day. For the avoidance of doubt, the Marks obligations of such GCP or Clearing Agency Participant may not necessarily equal to the sum of the estimated Marks on CNS stock positions of its NCPs or Special Participants.
10.10.10 Interest on Marks collected
HKSCC may allow or charge, at its absolute discretion, to Participants interest on the Marks collected in cash calculated at a rate determined by HKSCC from time to time for each CCMS House Collateral Account allocated to the Participants. HKSCC reserves the right to deduct any administrative costs from any interests to be allowed or to charge such administrative cost to the Marks collected in cash.

Unless otherwise specified by HKSCC, interest to be allowed or charged on Marks provided in cash, if any, will be accrued daily and paid (after deduction of the administrative costs, if applicable) or charged (together with the administrative costs, if applicable) monthly by HKSCC to Participants in the same currency as the cash on which the interest accrued, by crediting or debiting, as the case may be, the CCMS House Collateral Accounts allocated to the Participants, or in the case of a Clearing Agency Participant which is a China Connect Clearing House, to such Clearing Agency Participant in respect of the relevant Special Participant on the first Business Day of the following month.

10.10.11 Collection of Marks and Concentration Collateral
The details of the computation of Concentration Collateral are set out in Sections 10.11.3A and 10.11.3B.

(i) Clearing Participants

Marks and Concentration Collateral to be requested from a Clearing Participant on each Business Day will be collateralized against the value (or the Discounted Market Value, if applicable) of the General Collateral Inventory in the CCMS House Collateral Account of the Clearing Participant. For details of the collateralization process, reference should be made to Section 10.15.3.

(ii) Clearing Agency Participants

In respect of CNS stock positions arising from Exchange Trades executed by each designated Special Participant of a Clearing Agency Participant, HKSCC will convert the Marks and Concentration Collateral to Renminbi at such exchange rate and subject to such haircut rate as determined by HKSCC from time to time. Unless HKSCC otherwise agrees, the Clearing Agency Participant shall pay Marks and Concentration Collateral to HKSCC in Renminbi. Notwithstanding the foregoing, HKSCC reserves the right to collect the required amount of Marks and Concentration Collateral in any Eligible Currency.

Unless otherwise agreed by HKSCC, any shortfall in day-end Marks and Concentration Collateral required from a Clearing Agency Participant in respect of a designated Special Participant, as determined by HKSCC, will be debited to the Miscellaneous Account allocated to the Clearing Agency Participant in respect of the designated Special Participant and will be collected from such Clearing Agency Participant on the Business Day following T-day by issuing DDIs for same day settlement to the Designated Bank of the Clearing Agency Participant as part of the CCASS money settlement process, or in any other manner determined by HKSCC from time to time. In general, any surplus cash collateral over Marks and Concentration Collateral in the CCMS House Collateral Account allocated to a Clearing Agency Participant in respect of a designated Special Participant will be automatically redelivered to the Clearing Agency Participant in respect of such designated Special Participant on the Business Day following T-day by HKSCC issuing DCIs for same day settlement to the Designated Bank of the Clearing Agency Participant as part of the CCASS money settlement process, or in any other manner.
determined by HKSCC from time to time. Notwithstanding the foregoing, HKSCC reserves the right not to redeliver surplus cash collateral at any time it considers appropriate.

If there is any shortfall in Marks and Concentration Collateral after the collateralization, HKSCC will collect the shortfall in the currency in which the Marks and Concentration Collateral are calculated and denominated unless the Clearing Participant has maintained a Preferred Single Settlement Currency. Where the Clearing Participant has maintained a Preferred Single Settlement Currency, HKSCC will convert the shortfall to the Preferred Single Settlement Currency at such exchange rate and subject to such haircut rate as determined by HKSCC from time to time, and HKSCC will collect the shortfall in Marks and Concentration Collateral in the Preferred Single Settlement Currency. Unless HKSCC otherwise agrees, the Clearing Participant shall pay the shortfall to HKSCC in the Preferred Single Settlement Currency. Notwithstanding the foregoing, HKSCC reserves the right to collect the required amount of Marks and Concentration Collateral in any Eligible Currency.

Unless otherwise agreed by HKSCC, any shortfall in Marks and Concentration Collateral required, as determined by HKSCC, will be debited to the Overdue Position Marks Account or the Margin and Pending Marks Account (as the case may be) of a Clearing Participant and will be collected from the Clearing Participant on a daily basis by HKSCC via CPIs or by issuing DDIs to the Designated Bank of the Clearing Participant as part of the CCASS money settlement process, or in any other manner determined by HKSCC from time to time. Subject to the determination of HKSCC, any surplus cash collateral over Marks and Concentration Collateral in the CCMS House Collateral Account will not be automatically redelivered at the end of the day and HKSCC reserves the right to redeliver surplus cash collateral at any time it considers appropriate. HKSCC may redeliver such surplus to the Clearing Participant upon redelivery instruction from the Clearing Participant given to HKSCC using the prescribed form set out in the CCASS Terminal User Guide for Participants, and the redelivery will be made in such manner and at such time as prescribed by HKSCC from time to time.

10.10A RISK MANAGEMENT: MARGIN

10.10A.1 General
As settlement counterparty to Participants under the CNS System, HKSCC is exposed to market risks as a result of potential unfavourable fluctuations of prices in respect of the unsettled stock positions of Participants under the CNS System. In this Section 10.10A, any unsettled stock positions in Eligible Securities under the CNS System are referred to as “CNS stock positions”.

To monitor and control such risk exposure, HKSCC will compute Margin on the CNS stock positions of Participants and collect Margin from Participants. In respect of the CNS stock positions in any Eligible Security, HKSCC will compute Margin in accordance with the provisions of this Section 10.10A in the Eligible Currency in which that Eligible Security is traded.

(i) Clearing Participants

HKSCC will collect Margin from the Clearing Participant in the same Eligible Currency unless the Clearing Participant has maintained a Preferred Single Settlement Currency.

(ii) Clearing Agency Participants
Where the Participant is a Clearing Agency Participant which is a China Connect Clearing House, Margin will be computed and collected from or redelivered to such Participant separately in respect of each of its designated Special Participants with reference to the CNS stock positions arising from Exchange Trades executed by such Special Participant, and references to the CNS stock positions of a Participant in this Section 10.10A shall be construed accordingly for such Clearing Agency Participant. HKSCC will convert the Margin to Renminbi at such exchange rate and subject to such haircut rate as determined by HKSCC from time to time and collect the Margin from the Clearing Agency Participant in Renminbi. Unless HKSCC otherwise agrees, the Clearing Agency Participant shall pay Margin to HKSCC in Renminbi. Notwithstanding the foregoing, HKSCC reserves the right to collect the required amount of Margin in any Eligible Currency.

Where the Clearing Participant has maintained a Preferred Single Settlement Currency, HKSCC will convert Margin calculated and denominated in its original Eligible Currency to the Preferred Single Settlement Currency at such exchange rate and subject to such haircut rate as determined by HKSCC from time to time, and collect Margin from the Clearing Participant in the Preferred Single Settlement Currency. Unless HKSCC otherwise agrees, the Clearing Participant shall pay Margin to HKSCC in the Preferred Single Settlement Currency. Notwithstanding the foregoing, HKSCC reserves the right to collect the required amount of Margin in any Eligible Currency.

The computation of Margin on a CNS stock position involves the estimation of the risk exposure of a Participant to HKSCC relating to the CNS stock position by reference to the estimated future market movement against the Mark-to-market value of such CNS stock position.

Under the Rules, HKSCC has the right to collect Margin from Participants in respect of all CNS stock positions, whether or not due for settlement and whether or not such CNS stock positions may be subsequently amended or excluded or not accepted for settlement under the CNS System in accordance with the Rules.

Margin will normally be collected in the form of cash. HKSCC may in exceptional cases collect Margin in the form of Collateral Securities acceptable to it.

This Section 10.10A describes the extent to and the manner in which Margin from Participants will be collected and redelivered by HKSCC.

The provisions of this Section 10.10A shall also be applicable, in so far as they are relevant to risk management measures detailed in Section 12.2.9(i), in respect of Clearing Agency Transactions.

10.10A.2 Computation of Margin

(i) Margin requirement

The Margin requirement on CNS stock positions of a Participant will be computed using the formula below

\[
\text{Margining Position} \times \text{Margin Rate} \times \text{Margin Multiplier} - \text{Favourable Marks Offset} - \text{Margin Credit (on pro-rata basis)}
\]

Where
The amount of Margin requirement on CNS stock positions in an Eligible Security is computed and denominated in the Eligible Currency in which the Eligible Security is traded. There will be an amount of Margin requirement in each Eligible Currency.

For the avoidance of doubt, HKSCC has the right to compute Margin requirement using other methods and assumptions as HKSCC may from time to time consider appropriate.

(ii) **Margining Position**

Margining Position refers to the higher of the value of the total cross-day net long CNS stock positions and the total cross-day net short CNS stock positions of the Participant. The value of the total cross-day net long CNS stock positions and the value of the total cross-day net short CNS position are computed by HKSCC by reference to the Mark-to-market value of the relevant CNS stock positions, as determined by HKSCC.

For Multi-counter Eligible Securities of the same class of an Issuer, the CNS stock positions in such Multi-counter Eligible Securities, though in different stock codes, will be netted against each other prior to the determination of the Mark-to-market value of the CNS stock positions as mentioned above.

Where a Participant has provided the relevant quantity of Collateral Security to cover a part or the whole of a short CNS stock position not due for settlement to HKSCC pursuant to Rule 3601A, (a) the Mark-to-market value of the cross-day net long CNS stock positions, and hence the Margining Position for computation of Margin, will be reduced by the amount of the CNS money position corresponding to the short CNS stock position covered by the Collateral Security; and (b) the Mark-to-market value of the cross-day net short CNS stock positions, and hence the Margining Position for computation of Margin, will be reduced by the Mark-to-market value of the short CNS stock position covered by the Collateral Security, as HKSCC considers appropriate. HKSCC has absolute right to use such Collateral Security to settle the covered portion of the short CNS stock position on or before its Settlement Day.

Where a Participant has provided the relevant amount of Specific Cash Collateral to cover the corresponding money position of a part or the whole of a long CNS stock position not due for

| Margining Position X Margin Rate X Margin Multiplier - Favourable Marks Offset | Margin calculated |
|---|---|---|---|---|---|
|  |  |  |  |  |  |

and

the Margin calculated will be compared with the Margin Credit (on a pro-rata basis as described in paragraph (vi) below) to arrive at the Margin requirement as below:

(a) If the Margin calculated equals to the Margin Credit, there will be no Margin requirement. The Margin Credit will be treated as fully utilized by the Participant.

(b) If the Margin calculated is greater than the Margin Credit, the amount of the Margin calculated which exceeds the Margin Credit will be the Margin requirement. The Margin Credit will be treated as fully utilized by the Participant.

(c) If the Margin calculated is less than the Margin Credit, there will be no Margin requirement. The Margin calculated will be the amount of Margin Credit utilized by the Participant. For the avoidance of doubt, the unused amount of the Margin Credit will not be paid to the Participant or allowed for use by the Participant for any purpose.
settlement to HKSCC pursuant to Rule 3601A, the Mark-to-market value of the cross-day net long CNS stock position, and hence the Margining Position for computation of Margin, will be reduced by the Mark-to-market value of the long CNS stock position covered by the Specific Cash Collateral, as HKSCC considers appropriate. HKSCC has absolute right to use such Specific Cash Collateral to settle the money position of the covered portion of the long CNS stock position on or before its Settlement Day.

(iii) Margin Rate
The Margin Rate, which may be different between Clearing Participants and Clearing Agency Participants, will be determined by HKSCC in its absolute discretion from time to time by reference to the historical volatility of the securities market operated by the Exchange and such other matters as HKSCC may consider relevant.

(iv) Margin Multiplier
The Margin Multiplier will be defined at individual Participant level. It will be determined by HKSCC in its absolute discretion from time to time by reference to the level of risk exposure of the individual Participant to HKSCC and such other matters as HKSCC may consider relevant.

(v) Favourable Marks Offset
The amount calculated by way of (Margining Position x Margin Rate x Margin Multiplier) as above mentioned (the “multiplied amount”) in an Eligible Currency will be offset by the Net Favourable Marks on pending CNS stock positions and the Net Favourable Marks on overdue CNS stock positions in the same Eligible Currency. Any Net Favourable Marks remaining after such offset will offset against the multiplied amount in other Eligible Currencies, in the sequence as HKSCC considers appropriate. For the purpose of performing such cross-currency offset, the remaining Net Favourable Marks and the multiplied amount in Eligible Currencies other than Hong Kong dollar will be converted to Hong Kong dollar equivalent at such exchange rate and subject to such haircut rate as determined by HKSCC from time to time for computation. After cross-currency offset, any remaining multiplied amount will be re-converted back to the original Eligible Currency immediately prior to the cross-currency offset at the same exchange rate and subject to the same haircut rate.

(vi) Margin Credit
The Margin Credit is the credit limit allowed to each Clearing Participant and the credit limit will be determined by HKSCC in its absolute discretion from time to time. HKSCC has the right to determine the credit limit on an individual Clearing Participant basis. In general, Margin Credit will be valued in Hong Kong dollar.

In the case where a Clearing Participant has Margining Position in more than one Eligible Currency and hence there is Margin calculated in different Eligible Currencies, the Margin Credit will be applied to the Margin calculated in different Eligible Currencies on a pro-rata basis with reference to the respective value (in Hong Kong dollar or Hong Kong dollar equivalent calculated at the exchange rate determined by HKSCC from time to time) of such Margin calculated.

For the avoidance of doubt, the Margin Credit shall only be utilized for the purpose of reducing the Margin requirement of the Clearing Participant as described in paragraph (i) above. HKSCC will not be required to make any actual payment in respect of the Margin Credit or any part thereof, irrespective of whether it has been utilized or not, to the Clearing Participant at any time, as referred to in Rule 2507A.

Margin Credit is not applicable to Clearing Agency Participants for the purpose of computing their Margin requirement.
(vii) HKSCC’s rights
HKSCC reserves the right to use any other formula or adopt any other methodology in computing Margin, and the right to determine the Margining Position, Margin Rate, Margin Multiplier and Margin Credit of a Clearing Participant or a Clearing Agency Participant in any manner. HKSCC will inform Participants of any changes to the Margin formula or methodology, the Margin Multiplier, the Margin Rate and the Margin Credit.

Notwithstanding the above, HKSCC may prescribe Margin requirement on a Participant in any amount and manner, and at any time. For the avoidance of doubt, HKSCC may at any time at its absolute discretion require or demand higher Margin from Participants or any individual Participant. The Participants or individual Participant shall pay such higher Margin to HKSCC forthwith on demand.

10.10A.3 Example (Netting of Multi-counter Eligible Securities)
Assumptions: stock X and stock Y are Multi-counter Eligible Securities of the same class of an Issuer, trading in Hong Kong dollar and Renminbi respectively.

In the calculation of Margining Position, the following cross-day net long CNS stock position of stock X and cross-day net short CNS stock position of stock Y will be netted against one another and only the Mark-to-market value of the netted cross-day CNS stock position of stock Y will be included as part of the Margining Position.

<table>

|       | **Total**                       |                           | +US$950,000 | -US$15,400,000 |

* Short CNS stock position covered by Collateral Security provided to HKSCC

^ Long CNS stock position with its corresponding money position covered by Specific Cash Collateral provided to HKSCC
(i) **Margining Position in Hong Kong dollar**

The Mark-to-market value of the cross-day net long CNS stock position and the Mark-to-market value of the cross-day net short CNS stock position, as the case may be, and hence the Margining Position for computation of Margin, will be reduced, in the manner as described in Section 10.10A.2, with reference to the Collateral Security and Specific Cash Collateral that have been provided by a Participant to HKSCC pursuant to Rule 3601A.

In this example, the covered short CNS stock position on stock D on T-1 day has already been offset by the long CNS stock position of stock D on T day. Therefore, the Collateral Security provided to cover the short CNS stock position of stock D on T-1 day will have no effect on the Mark-to-market value of the cross-day net long CNS stock position and cross-day net short CNS stock position. As the long CNS stock position of stock C on T day is covered by Specific Cash Collateral, the cross-day net long CNS position will be reduced by the Mark-to-market value of the long CNS stock position (i.e. 15,000 x HK$21) covered by the Specific Cash Collateral. The Mark-to-market value of the cross-day net long CNS stock position after reduction is HK$240,733,950 – 15,000 x HK$21 = HK$240,418,950.

As the Mark-to-market value of the cross-day net long CNS stock position after reduction (HK$240,418,950) is higher than the absolute Mark-to-market value of the cross-day net short CNS stock position (HK$10,861,000), the Margining Position will be HK$240,418,950, being the Mark-to-market value of the cross-day net long CNS stock position.

(ii) **Margining Position in US dollar**

= Higher of the Mark-to-market value of cross-day net long CNS stock position or the absolute Mark-to-market value of cross-day net short CNS stock position

= US$15,400,000

(iii) **Favourable Marks Offset**

The long CNS stock position in stock C on T day which is covered by Specific Cash Collateral provided to HKSCC and the short CNS stock position of stock D on T-1 day which is covered by Collateral Security provided to HKSCC will be waived from the calculation of Marks.

Marks on pending CNS stock positions:

<table>
<thead>
<tr>
<th>Before cross-currency offset</th>
<th>After cross-currency offset</th>
</tr>
</thead>
<tbody>
<tr>
<td>HK$-601,000(U)</td>
<td>-</td>
</tr>
<tr>
<td>US$+450,000(F)</td>
<td>+372,561.53(F)</td>
</tr>
</tbody>
</table>

Marks on overdue CNS stock positions:

<table>
<thead>
<tr>
<th>Before cross-currency offset</th>
<th>After cross-currency offset</th>
</tr>
</thead>
<tbody>
<tr>
<td>HK$+118,950(F)</td>
<td>-</td>
</tr>
</tbody>
</table>
For details of the computation of the Net Favourable Marks on pending CNS stock positions and overdue CNS stock positions and cross-currency offset of Marks, please refer to Section 10.10.

(iv) Margin calculated (in Hong Kong dollar)

\[
\text{Margining Position} \times \text{Margin Rate} \times \text{Margin Multiplier} - \text{Favourable Marks offset} \\
= \$240,418,950 \times 7\% \times 1 - \$0 \\
= \$16,829,326.50
\]

(v) Margin calculated (in US dollar)

\[
\text{Margining Position} \times \text{Margin Rate} \times \text{Margin Multiplier} - \text{Favourable Marks offset} \\
= \$15,400,000 \times 7\% \times 1 - \$372,561.53 \\
= \$705,438.47
\]

(vi) Application of Margin Credit

The Margin Credit will be applied on a pro-rata basis to (a) the Margin calculated (in Hong Kong dollar) and (b) the Margin calculated (in US dollar), calculated in Hong Kong dollar equivalent.

Margin calculated (in US dollar), calculated in Hong Kong dollar equivalent
\[
= \$705,438.47 \times 7.8 \\
= HK\$5,502,420.07
\]

Margin Credit (on pro-rata basis) for CNS stock position in Hong Kong dollar
\[
= HK\$5,000,000 \times \frac{HK\$16,829,326.50}{HK\$16,829,326.50 + HK\$5,502,420.07} \\
= HK\$3,768,027.38
\]

Margin Credit (on pro-rata basis) for CNS stock position in US dollar
\[
= HK\$5,000,000 \times \frac{HK\$5,502,420.07}{HK\$16,829,326.50 + HK\$5,502,420.07} \\
= HK\$1,231,972.62 or USD\$157,945.21
\]

(vii) Margin requirement (in Hong Kong dollar)

Compare Margin calculated (in Hong Kong dollar) with Margin Credit (on pro-rata basis)
\[
HK\$16,829,326.50 > HK\$3,768,027.38 \\
\text{Margin requirement (in Hong Kong dollar)} \\
= HK\$16,829,326.50 - HK\$3,768,027.38 \\
= HK\$13,061,299.12
\]

(viii) Margin requirement (in US dollar)

Compare Margin calculated (in US dollar) with Margin Credit (on pro-rata basis)
\[
\$705,438.47 > \$157,945.21 \\
\text{Margin requirement (in US dollar)} \\
= \$705,438.47 - \$157,945.21 \\
= \$547,493.26
\]

10.10A.5 Intra-day Margin
In addition to day-end Margin which is collected from Participants on a daily basis,
HKSCC has full discretion to call for intra-day Margin on CNS stock positions from all or any Participants. HKSCC may call for and collect intra-day Margin on CNS stock positions under any of the following circumstances:

(i) if, in the opinion of HKSCC, sudden fluctuations of the securities market operated by the Exchange are apparent;
(ii) where some of the markets, which in the opinion of HKSCC are major markets, remain open when the securities market operated by the Exchange is closed for more than one calendar day, excluding Saturday and Sunday, due to public holidays; or
(iii) where HKSCC considers it appropriate under any other circumstances.

The computation of intra-day Margin is the same as day-end Margin except that overdue CNS stock positions will be excluded from the computation and there will be no offset of Favourable Marks on overdue CNS stock positions and Uncovered Allocated Positions. If a Participant is unable to meet its intra-day Margin payment by the prescribed deadline for any reason, the Participant will be subject to such action which HKSCC may take under the Rules.

10.10A.6 Relevant CCASS reports
The following will be made available via CCASS Terminals and Participant Gateways to assist Participants to estimate the Margin payable by it to HKSCC at any time:

(i) the PCS, which gives information on the pending CNS stock positions of the Participant for the Current Day (as defined in Section 10.10.7);
(ii) the FCS, which gives information on the pending CNS stock positions of the Participant for the Previous Day (as defined in Section 10.10.7);
(iii) the "Enquire Due and Overdue Positions" enquiry function, which gives information on the due and overdue CNS stock positions of the Participant;
(iv) the Intra-Day Margin Payable Report, which will be made available each time after intra-day Margin is calculated for collection by HKSCC. The Report provides information on intra-day Margin and details of the computation of intra-day Margin for that Business Day;
(v) the Margin Payable Report, which will be made available at the end of each Business Day to provide information on day-end Margin and details of the computation of day-end Margin for that Business Day; and
(vi) the NCP Margin Projection Report, which will be made available to a GCP or a Clearing Agency Participant at the end of each Business Day to provide information on estimated day-end Margin on pending CNS stock positions of NCPs of the GCP or Special Participants of the Clearing Agency Participant, and details of the computation, for that day. Where applicable, an NCP Margin Projection Report will similarly be made available upon completion of intra-day Margin processing to provide similar information on estimated intra-day Margin. For the avoidance of doubt, the Margin requirement of such GCP or Clearing Agency Participant does not necessarily equal to the sum of the estimated Margin on CNS stock positions of its NCPs or Special Participants.
10.10A.7 Interest on Margin collected
HKSCC may allow or charge, at its absolute discretion, to Participants interest on the Margin collected in cash, calculated at a rate determined by HKSCC from time to time for each CCMS House Collateral Account allocated to Participants. HKSCC reserves the right to deduct any administrative costs from any interests to be allowed or to charge such administrative costs to the Margin collected in cash.

Unless otherwise specified by HKSCC, interest to be allowed or charged on Margin provided in cash, if any, will be accrued daily and paid (after deduction of the administrative costs, if applicable) or charged (together with the administrative costs, if applicable) monthly by HKSCC to each Participant in the same currency as the cash on which the interest accrued, by crediting or debiting, as the case may be, the CCMS House Collateral Account allocated to the Participant, or in the case of a Clearing Agency Participant which is a China Connect Clearing House, to such Clearing Agency Participant in respect of the relevant Special Participant on the first Business Day of the following month.

10.10A.8 Collection of Margin
Margin to be requested from a Participant on each Business Day will be collateralized against the value (or Discounted Market Value, if applicable) of the General Collateral Inventory in the CCMS House Collateral Account of the Participant. For details of the collateralization process, reference should be made to Section 10.15.3.

(i) Clearing Participants

If there is any shortfall in Margin after the collateralization process, HKSCC will collect the shortfall in the currency in which the Margin is calculated and denominated unless the Clearing Participant has maintained a Preferred Single Settlement Currency. Where the Clearing Participant has maintained a Preferred Single Settlement Currency, HKSCC will convert the shortfall to the Preferred Single Settlement Currency at such exchange rate and subject to such haircut rate as determined by HKSCC from time to time, and HKSCC will collect the shortfall in Margin in the Preferred Single Settlement Currency. Unless HKSCC otherwise agrees, the Clearing Participant shall pay the shortfall in the Preferred Single Settlement Currency. Notwithstanding the foregoing, HKSCC reserves the right to collect the shortfall in Margin required in any Eligible Currency.

(ii) Clearing Agency Participants

In respect of CNS stock positions arising from Exchange Trades executed by each designated Special Participant of a Clearing Agency Participant, HKSCC will convert the Margin to Renminbi at such exchange rate and subject to such haircut rate as determined by HKSCC from time to time. Unless HKSCC otherwise agrees, the Clearing Agency Participant shall pay Margin to HKSCC in Renminbi. Notwithstanding the foregoing, HKSCC reserves the right to collect the required amount of Margin in any Eligible Currency. Unless otherwise agreed by HKSCC, any shortfall in day-end Margin required, as determined by HKSCC, from a Clearing Agency Participant in respect of a designated Special Participant will be debited to the Miscellaneous Account allocated to the Clearing Agency Participant in respect of the designated Special Participant and will be collected from the Clearing Agency Participant on the Business Day following T-day by issuing DDIs for same day settlement to the Designated Bank of the Clearing Agency Participant as part of the CCASS money settlement process, or in any other manner determined by HKSCC from time to time. In general, any surplus cash collateral over Margin in the CCMS House Collateral Account allocated to a Clearing Agency Participant in respect of a designated Special Participant will be automatically redelivered to the Clearing Agency Participant in respect of such designated Special Participant on the Business Day following T-day by HKSCC issuing DCIs for same
day settlement to the Designated Bank of the Clearing Agency Participant as part of the CCASS money settlement process, or in any other manner determined by HKSCC from time to time. Notwithstanding the foregoing, HKSCC reserves the right not to redeliver surplus cash collateral at any time it considers appropriate.

Unless otherwise agreed by HKSCC, any shortfall in Margin required, as determined by HKSCC, will be debited to the Margin and Pending Marks Account of a Clearing Participant and will be collected from the Clearing Participant. Day-end Margin will be collected from the Clearing Participant on a daily basis by HKSCC by issuing DDIs to the Designated Bank of the Clearing Participant as part of the CCASS money settlement process, or in any other manner determined by HKSCC from time to time. Intra-day Margin demanded by HKSCC pursuant to Section 10.10A.5 will be collected by HKSCC via CPIs or by issuing DDIs to the Designated Bank of the Clearing Participant as part of the CCASS money settlement process, or in any other manner determined by HKSCC from time to time. Subject to the determination of HKSCC, any surplus cash collateral over Margin in the CCMS House Collateral Account will not be automatically redelivered at the end of the day and HKSCC reserves the right to redeliver surplus cash collateral at any time it considers appropriate. HKSCC may redeliver such surplus to the Clearing Participant upon redelivery instruction from the Clearing Participant given to HKSCC using the prescribed form set out in the CCASS Terminal User Guide for Participants, and the redelivery will be made in such manner and at such time as prescribed by HKSCC from time to time.

10.11 RISK MANAGEMENT: COLLATERAL

10.11.1 Purpose of Collateral
HKSCC monitors its risk exposure to Participants on a continuous basis. From time to time, circumstances peculiar to a particular Participant may warrant HKSCC taking additional risk management measures against it.

For example, a Participant’s financial well-being may be in question. Similarly, the trading pattern of a Participant may in HKSCC’s view create excessive risks.

In appropriate cases, HKSCC will require a Participant to provide it with Collateral. HKSCC may collect Collateral based on HKSCC’s assessment of its exposure on the risks arising out of Market Contracts and defects affecting the Eligible Securities of a Participant.

The provisions of this Section 10.11 shall also be applicable, in so far as they are relevant to the risk management measures detailed in Section 12.2.9(ii) in respect of Clearing Agency Transactions.

10.11.2 Form of Collateral
Normally, HKSCC will require Participants to provide Collateral in the form of cash or Collateral Securities, subject to the Rules.

10.11.3 Amount of Collateral
Unless otherwise agreed by HKSCC, a Clearing Agency Participant which is a China Connect Clearing House is required to provide such amount of Eligible Securities as shall represent the short CNS stock positions in Exchange Trades executed by each of its designated Special Participants in such Eligible Securities to HKSCC as Collateral Security in such manner as may be considered appropriate by HKSCC pursuant to Rule 3602.

HKSCC shall be entitled from time to time to require a Clearing Agency Participant which is a China Connect Clearing House to provide on demand Collateral in such form, to such extent and in such manner as is determined by HKSCC to cover any shortfall in respect of
the CNS positions arising from Exchange Trades executed by each of its designated Special Participants in the event that its Marks, Concentration Collateral, Margin and Collateral Securities held in HKSCC are insufficient to cover its stressed default loss determined by HKSCC at a pre-defined stress market movement level fixed by HKSCC from time to time in light of market conditions and such other factors as HKSCC may consider appropriate. The required Collateral and details of the computation will be set out in the China Connect Additional Cash Collateral Payable Report, which will be made available to the Clearing Agency Participant which is a China Connect Clearing House at the end of each Business Day via CCASS Terminals. Unless otherwise agreed by HKSCC, the required Collateral will be collected from the Clearing Agency Participant which is a China Connect Clearing House on the Business Day following T-day by issuing DDIs for same day settlement to the Designated Bank of the Clearing Agency Participant which is China Connect Clearing House as part of the CCASS money settlement process, or in any other manner determined by HKSCC from time to time.

10.11.3A Concentration Collateral on net long CNS stock position in high risk security
For an Eligible Security which HKSCC considers as a high risk security, HKSCC may require a Participant to provide from time to time on demand Concentration Collateral if (i) the Participant's concentration percentage in that Eligible Security exceeds the concentration trigger percentage as determined by HKSCC from time to time and (ii) the value of the Participant's net long CNS stock position in that Eligible Security exceeds the concentration trigger value as determined by HKSCC from time to time.

The concentration trigger percentage and concentration trigger value applicable to a Participant shall be determined by HKSCC in its absolute discretion from time to time.

The Participant's Uncovered Allocated Position in a high risk security will be included in the determination of the Participant's net long CNS stock position in a high risk security.

Where a Participant has provided the relevant quantity of Collateral Security to cover a part or the whole of a short CNS stock position in a high risk security not due for settlement to HKSCC pursuant to the Rules, the short CNS stock position covered by the Collateral Security will be excluded from the determination of the Participant's net long CNS stock position in that high risk security. HKSCC has absolute right to use such Collateral Security to settle the covered portion of the short CNS stock position.

Where a Participant has provided the relevant amount of Specific Cash Collateral to cover the corresponding money position of a part or the whole of a long CNS stock position in a high risk security not due for settlement to HKSCC, the long CNS stock position covered by the Specific Cash Collateral will be excluded from the determination of the Participant’s net long CNS stock position in that high risk security. HKSCC has absolute right to use such Specific Cash Collateral to settle the money position of the covered portion of the long CNS stock position on or before its Settlement Day.

The Participant's concentration percentage of a net long CNS stock position in a high risk security is calculated as follows:

\[
\text{Participant's net long CNS stock position in a high risk security (in Hong Kong dollars or its Hong Kong dollar equivalent converted at such exchange rate and subject to such haircut rate as determined by HKSCC)} \times 100\%
\]

Participant's liquid capital as per the Participant's latest Financial Resources Rules (FRR) return (or where applicable,
its apportioned liquid capital as notified to HKSCC under Section 19.2.5 or an amount determined by HKSCC under Section 10.10.2 to be the liquid capital of a GCP which is a registered institution or a Clearing Agency Participant which clears for a Special Participant.

The amount of Concentration Collateral required from a Participant is:

\[
\text{Participant's net long CNS stock position in a high risk security (in the currency in which the high risk security is traded and settled)} \times \text{Percentage of daily market volatility of high risk securities}
\]

The percentage of daily market volatility of high risk securities will be determined by HKSCC in its absolute discretion from time to time. Reference will be drawn to the daily closing prices of the respective high risk securities as far as possible.

The total amount of Marks and Collateral (including Concentration Collateral) collected on a Participant's net long CNS stock position of a security will not be greater than the CNS money position corresponding to the net long CNS stock position of that security except that in the case of a Clearing Agency Participant which is a China Connect Clearing House, the total amount of Marks and Collateral (including Concentration Collateral) will be computed and collected from or redelivered to such Participant separately in respect of each of its designated Special Participants with reference to the CNS stock position and corresponding CNS money position arising from Exchange Trades in that security executed by such Special Participant.

### 10.11.3B Example (Computation of Concentration Collateral)

Suppose:
- concentration trigger percentage = 200%,
- concentration trigger value = HK$5M,
- Participant's liquid capital as per its latest FRR return (or where applicable, its apportioned liquid capital as notified to HKSCC under Section 19.2.5 or an amount determined by HKSCC under Section 10.10.2 to be the liquid capital of a GCP which is a registered institution or a Clearing Agency Participant which clears for a Special Participant) = HK$10 million
- Participant's net long CNS stock position in a high risk security = 25
- Daily market volatility of high risk securities = 12%
- Net Unfavourable Marks computed in net long CNS stock position = 1

Participant's concentration percentage:

\[
\frac{\text{HK$25 million}}{\text{HK$10 million}} \times 100\% = 250\%
\]

250% exceeds concentration trigger percentage of 200%,

Participant's net long CNS stock position in the high risk security also exceeds the concentration trigger value of HK$5 million.
Participant is therefore required to pay Concentration Collateral of HK$3 million.

The amount of Concentration Collateral required from the Participant
\[ = \text{HK$25 million} \times 12\% \]
\[ = \text{HK$3 million} = (\text{HK$25M} - \text{HK$1M}). \]

**10.11.3C Guarantee Fund Risk Collateral**

HKSCC may require a Clearing Participant to provide from time to time on demand Guarantee Fund Risk Collateral if, when assessed by reference to the historical data from each of the realized stressed market conditions and/or hypothetical data for each of the unrealized stressed market conditions as HKSCC may determine:

(i) the stressed default loss, determined by HKSCC at a pre-defined stress market movement level fixed by HKSCC from time to time in light of market conditions and such other factors as HKSCC may consider appropriate (less any Margin and Collateral except Guarantee Fund Risk Collateral collected), arising from all the CNS stock positions of the Clearing Participant (“Guarantee Fund Net Projected Loss”) exceeds the Guarantee Fund Risk Predefined Limit; and

(ii) the prevailing Guarantee Fund size is equal to the Guarantee Fund Threshold.

The amount of Guarantee Fund Risk Collateral required from the Clearing Participant is:

\[
\text{Guarantee Fund Net Projected Loss} - \text{Guarantee Fund Risk Predefined Limit}
\]

For the avoidance of doubt, if Guarantee Fund Risk Collateral is required under two or more stressed market conditions, the higher or highest (as the case may be) Guarantee Fund Risk Collateral amount shall be imposed.

Notwithstanding the above requirements of this Section, should HKSCC accept the Clearing Participant’s request to waive the whole or part of the Guarantee Fund Risk Collateral requirement, the Clearing Participant must close out such positions as may reduce the Guarantee Fund Net Projected Loss to an amount which is less than the sum of the Guarantee Fund Risk Predefined Limit and Guarantee Fund Risk Collateral maintained by HKSCC if any by the end of the same Business Day as the Guarantee Fund Risk Collateral requirement collection due date, failing which HKSCC may subsequently close out such positions on behalf of the Clearing Participant.

**10.11.3D Example (Computation of Guarantee Fund Risk Collateral)**

Suppose:

- Guarantee Fund Threshold = HK$320M
- Guarantee Fund Risk Predefined Limit = HK$160M

<table>
<thead>
<tr>
<th>Guarantee Fund size</th>
<th>HK$ million</th>
</tr>
</thead>
<tbody>
<tr>
<td>Guarantee Fund Net Projected Loss</td>
<td>= 320</td>
</tr>
<tr>
<td></td>
<td>= 180</td>
</tr>
</tbody>
</table>

The Guarantee Fund size is equal to the Guarantee Fund Threshold and the Guarantee Fund Net Projected Loss exceeds the Guarantee Fund Risk Predefined Limit.

The amount of Guarantee Fund Risk Collateral required from the Clearing Participant
\[ = \text{HK$180 million} - \text{HK$160 million} \]
\[ = \text{HK$20 million}. \]
10.11.4 Notification by HKSCC
Except for Concentration Collateral the collection of which is described in Section 10.10.11, and except for Collateral demanded from a Clearing Agency Participant which is a China Connect Clearing House the collection of which is described in Section 10.11.3, and except for Collateral calculated by reference to a Participant’s apportioned liquid capital the computation of which will be described in an Additional Cash Collateral Payable Report that will be made available to the Participant at the end of each Business Day and the collection of which will be by issuing DDIs to the Designated Bank of the Participant as part of the CCASS Hong Kong dollar money settlement process or in any other manner or Eligible Currency determined by HKSCC from time to time, HKSCC will notify a Participant in writing of the amount of any other Collateral required and the Participant will have to provide the Collateral within the time period specified.

10.11.5 Return or Redelivery of Collateral
Collateral, other than Concentration Collateral, provided by Participants will be returned or redelivered to them by HKSCC in such manner and at such time as is considered appropriate by HKSCC. In respect of the surplus of Concentration Collateral, please refer to Section 10.10.11.

10.11.6 Interest on Collateral
HKSCC may allow or charge, at its absolute discretion, to Participants interest on Collateral provided by Participants in cash calculated at a rate determined by HKSCC from time to time for each CCMS House Collateral Account allocated to Participants. HKSCC reserves the right to deduct any administrative costs from any interest to be allowed or to charge such administrative cost to the Collateral provided in cash.

Unless otherwise specified by HKSCC, interest to be allowed or charged on Collateral provided in cash, if any, will be accrued daily and paid (after deduction of the administrative costs, if applicable, and net of any Withholding Tax (whether withheld by HKSCC or any other parties) or charged (together with the administrative costs, if applicable) monthly, by HKSCC to each Participant in the same currency as the cash on which the interest accrued, by crediting or debiting, as the case may be, the CCMS House Collateral Account allocated to the Participant, or in the case of a Clearing Agency Participant which is a China Connect Clearing House, to such Clearing Agency Participant in respect of the relevant Special Participant on the first Business Day of the following month.

Without prejudice to the above, to the extent required by the Tax Information Exchange Framework, HKSCC shall be entitled to deduct or withhold Withholding Tax (whether withheld by HKSCC or any other parties) from any payment of interest allowed on Collateral to a Participant (or from any other payment made by HKSCC to a Participant) and shall have no obligation to gross-up any such payment or to pay any additional amount as a result of such Withholding Tax.

10.12 RISK MANAGEMENT: SECURITIES-ON-HOLD

10.12.1 Purpose of Securities-on-hold
On each Settlement Day, HKSCC will, in respect of Eligible Securities made available to it by Participants with short stock positions under the CNS System, allocate such Eligible Securities to the Stock Clearing Accounts of those Participants with long stock positions under the CNS System.

Since under the current design of the CCASS money settlement process, payment by Participants to HKSCC via their Designated Banks (as part of CCASS money settlement
process) will only be confirmed good and irrevocable at day end after the Eligible Securities have been delivered to Participants under the CNS System in CCASS, HKSCC faces significant risk exposure from the time of delivery of Eligible Securities in CCASS to the time when confirmation of good and irrevocable payment is issued by the Designated Banks of Participants and the receiving bank of HKSCC.

To guard against this risk exposure, the Rules provide that until such time as HKSCC is satisfied that (i) it has received payment in full in respect of Eligible Securities delivered by HKSCC to a Participant under the CNS System on a Settlement Day; and (ii) such payment is good and irrevocable, or unless otherwise agreed by HKSCC, title and property in such Eligible Securities shall not pass to the Participant. Until then, Participants will not be allowed to use or withdraw some or all of such Eligible Securities, except as permitted by HKSCC.

The provisions of this Section 10.12 shall, in the case of a Clearing Agency Participant which is a China Connect Clearing House, apply separately to the Stock Clearing Account and Money Ledger allocated to such Participant in respect of each designated Special Participant, and references to the Stock Clearing Account or Money Ledger of a Participant in this Section 10.12 shall be construed accordingly for such Clearing Agency Participant.

The provisions of this Section 10.12 shall also be applicable, in so far as they are relevant, to the risk management measures detailed in Section 12.2.9(iii) in respect of Clearing Agency Transactions.

10.12.2 Quantity of Eligible Securities allocated which can be used
The quantity of Eligible Securities allocated to the Stock Clearing Account of a Participant under the CNS System on a Settlement Day which will not be allowed to be used or withdrawn by the Participant, will depend on the amount to be paid by the Participant to HKSCC under the CNS System on that day.

If a Participant wishes to make use of any of such Eligible Securities in its Stock Clearing Account before payment of the amount owed to HKSCC is confirmed good and irrevocable, as long as the value of such Eligible Securities (in Hong Kong dollars or its Hong Kong dollar equivalent converted at the exchange rate determined by HKSCC) which are to remain in the Stock Clearing Account of the Participant (determined by using the Mark-to-market values of the relevant Eligible Securities at the time), discounted by a percentage to be decided by HKSCC (normally ten per cent), is not less than the total amount owed to HKSCC (in Hong Kong dollars or its Hong Kong dollar equivalent converted at the exchange rate determined by HKSCC), the Participant will be allowed by HKSCC to make use of the Eligible Securities. For the purpose of calculating the total amount owed by a Participant to HKSCC, sums so owed and denominated in one Eligible Currency shall not be reduced by sums owed to that Participant by HKSCC which are denominated in any other Eligible Currency.

When payment of the total amount owed to HKSCC is confirmed good and irrevocable, all Eligible Securities allocated under the CNS System to the Stock Clearing Account of a Participant will become available for use by it.

10.12.3 [Repealed]

10.12.4 Participants may effect cash prepayment
Participants that have outstanding payment obligations to HKSCC but wish to utilize any or all of the Securities-on-hold covering such outstanding payment obligations for any purpose, including to settle ISI/SI Transactions and Isolated Trades, if applicable, during a Settlement Day, may pay same day available funds in the relevant Eligible Currency to
HKSCC to reduce their monetary obligations and to have the equivalent discounted market value of Securities-on-hold released.

A Participant may pay same day available funds to HKSCC by inputting Cash Prepayment Instructions on each Settlement Day or by inputting a Cash Prepayment Standing Instruction via the “Cash Prepayment / TSF Payment Standing Instruction” maintenance functions to authorize HKSCC to generate recurring Cash Prepayment Instructions on behalf of the Participant on each Settlement Day. The cash prepayment amount that will be generated under a Cash Prepayment Standing Instruction will depend on the payment basis of the standing instruction given by the Participant, and will be either (a) the gross amount of the unsettled money obligations on its long CNS stock positions; or (b) the net amount of the unsettled money obligations on its long and short CNS stock positions, plus a certain percentage of the net amount input by the Participant. Where the Participant has selected “CHATS” as the payment method when creating the Cash Prepayment Standing Instruction, the cash prepayment amount generated as aforesaid on a Settlement Day will be reduced by the relevant Margin amount and the relevant amount of Specific Cash Collateral, as described in Section 10.12.4A.

Any Cash Prepayment Standing Instruction remaining in the “pending status” ten calendar days after its last updated date will be automatically purged from CCASS.

10.12.4A Use of Margin and Specific Cash Collateral to reduce cash prepayment amount

This Section 10.12.4A is applicable where a Cash Prepayment Standing Instruction to release Securities-on-hold has been created and authorized by a Participant, with “CHATS” set as the payment method.

In respect of the generation of Cash Prepayment Instruction by HKSCC under the Cash Prepayment Standing Instruction on a Settlement Day, HKSCC will reduce the cash prepayment amount by the amount of Margin on CNS stock positions due for settlement on that Settlement Day and/or the relevant amount of Specific Cash Collateral, as the case may be, under the following circumstances:

(i) the Participant is required to make payment on that Settlement Day in respect of a DDI issued by HKSCC on the previous day to collect Marks, Margin and/or Collateral with respect to all unsettled CNS stock positions on the previous day; and/or

(ii) the Participant has provided Specific Cash Collateral to HKSCC to cover long CNS stock positions due for settlement on that Settlement Day.

Subject to HKSCC satisfying that full payment under the DDI is good and irrevocable, HKSCC will update the Settlement Account of the Participant’s Money Ledger with the relevant Margin amount around 10:00 a.m. on that Settlement Day to reduce its corresponding monetary obligations due to HKSCC. As a result, HKSCC will release equivalent discounted market value of the Securities-on-hold.

When Eligible Security is allocated to the Stock Clearing Account of the Participant in respect of the long CNS stock position covered by the Specific Cash Collateral, and in any event upon completion of the third Batch-settlement-run on that Settlement Day, HKSCC will update the Settlement Account of the Participant’s Money Ledger with the amount of the Specific Cash Collateral to reduce the corresponding monetary obligations due to HKSCC. As a result, HKSCC will release equivalent discounted market value of the Securities-on-hold.

At the end of each Business Day, HKSCC will calculate the Margin amount that may be used to reduce the cash prepayment amount to be generated under the Cash Prepayment
Standing Instruction in the following Settlement Day. Participant can enquire such information in the Margin Payable Report.

10.12.5 Procedures

The following is a brief description of the procedures relating to cash prepayment on each Settlement Day:

(a) Cash Prepayment Instructions with “CHATS” set as the payment method

(i) Participants that wish to make prepayments by means of CPIs shall select “CHATS” as the payment method when creating a Cash Prepayment Instruction via a CCASS Terminal from 8:00 a.m. to 2:00 p.m. or such other time specified by HKSCC from time to time or when creating a Cash Prepayment Standing Instruction via a CCASS Terminal from 8:00 a.m. to 7:00 p.m. or such other time specified by HKSCC from time to time;

(ii) To avoid undue concentration of HKSCC's exposure to a bank appointed by HKSCC as receiving bank for cash payment, cash prepayment is subject to the concentration limit predetermined by HKSCC in respect of an appointed receiving bank. HKSCC will only accept or generate Cash Prepayment Instructions within the predetermined concentration limit of the receiving bank. In case a Cash Prepayment Standing Instruction is created and authorized by a Participant, Cash Prepayment Instructions will be generated by HKSCC, if applicable, at approximately 8:00 a.m. starting from the following Settlement Day. The cash prepayment amount under the Cash Prepayment Instruction generated by HKSCC may be reduced in the manner as described in Section 10.12.4A;

(iii) Upon the creation and authorization of Cash Prepayment Instructions by Participants or the generation of Cash Prepayment Instructions by HKSCC pursuant to Cash Prepayment Standing Instructions, CPIs will be generated to collect the cash prepayments from their Designated Bank Accounts. The CPIs information will be included in the Electronic CHATS Payment Instruction Report (CSEPI03). Based on the report, Designated Banks will issue CPIs to the Clearing House of HKAB to make payment on their behalf. Participants must ensure that there are sufficient funds in their Designated Bank Accounts and that the CHATS payments are completed by their Designated Banks no later than 3:30 p.m. or such other time as may be prescribed by HKSCC from time to time;

(iv) Upon being notified by the Clearing House of HKAB of the finality of such payment, HKSCC will update the Settlement Accounts of Participants’ Money Ledgers to reduce their corresponding monetary obligations due to HKSCC and as a result, release equivalent discounted market value of Securities-on-hold (see Section 10.12.6). Participants' Statements of Money Ledger will show the relevant entries. Participants can check the status of a CPI via the “Enquire Payment Instruction” function of CCASS. For the status of a Cash Prepayment Instruction, Participants can make use of the “Enquire Cash Prepayment Instruction” function;

(v) Participants can operate ATIs to check whether the Securities-on-hold have been released and rely on DIs or batch-settlement-runs to settle SI Transactions, ISI Transactions and Isolated Trades;
(vi) Since HKSCC allocates shares according to a pre-set algorithm, Participants making prepayments may still not get all the allocated shares. Any surplus funds thus arising will be returned to the Participants not later than day end. Please refer further to Section 14.4.2;

(vii) In case the relevant cash payment under a Cash Prepayment Instruction input or generated on a Business Day is not received by HKSCC, the Cash Prepayment Instruction will be purged from CCASS at the end of the Business Day.

(b) Cash Prepayment Instructions with “OTHERS” set as the payment method

(i) Participants that wish to make prepayments by other means must indicate “OTHERS” as the payment method when creating a Cash Prepayment Instruction via a CCASS Terminal from 8:00 a.m. to 2:30 p.m. or such other time specified by HKSCC from time to time or when creating a Cash Prepayment Standing Instruction via a CCASS Terminal from 8:00 a.m. to 7:00 p.m. or such other time specified by HKSCC from time to time;

(ii) To avoid undue concentration of HKSCC’s exposure to a bank appointed by HKSCC as receiving bank for cash payment, cash prepayment is subject to the concentration limit predetermined by HKSCC in respect of each appointed receiving bank. HKSCC will only accept or generate Cash Prepayment Instructions within the predetermined concentration limit of the receiving bank. In case a Cash Prepayment Standing Instruction is created and authorized by a Participant, Cash Prepayment Instructions will be generated by HKSCC, if applicable, at approximately 8:00 a.m. starting from the following Settlement Day;

(iii) Participants must ensure that same day available funds are transferred to HKSCC’s specified bank account no later than 2:45 p.m. or such other time prescribed by HKSCC from time to time. For Participants using the same bank as the appointed receiving bank of HKSCC, they can make use of the internal account transfer function of the bank (see CCASS Terminal User Guide for Participants for details) or its electronic banking system to transmit available funds. For others, they can instruct their banks to make payment to HKSCC via inter-bank transfer with CHATS payment (see CCASS Terminal User Guide for Participants for details);

(iv) Based on the details of Cash Prepayment Instructions, HKSCC will follow up the funds with its appointed receiving bank and the relevant Participants. Only when available funds in the relevant Eligible Currency are confirmed HKSCC will update Participants’ Settlement Accounts of Money Ledger to reduce their corresponding monetary obligations due to HKSCC and as a result, release equivalent discounted market value of Securities-on-hold (see Section 10.12.6). Participants’ Statements of Money Ledger will show the relevant entries. Participants can check the status of a Cash Prepayment Instruction via the CCASS enquiry function of “Enquire Cash Prepayment Instruction”;

(v) Participants can operate ATIs to check whether the Securities-on-hold have been released and rely on DIs or batch-settlement-runs to settle SI Transactions, ISI Transactions and Isolated Trades;

(vi) Since HKSCC allocates shares according to a pre-set algorithm, Participants making prepayments may still not get all allocated shares. Any surplus funds
thus arising will be returned to the Participants not later than day end. Please refer further to Section 14.4.2;

(vii) Acceptance of the prepayment requests will be at HKSCC's full discretion. If Participants fail to follow the procedures, and/or for any other reason the requests are subsequently turned down by HKSCC, then the funds received will only be refunded the following Business Day without interest;

(viii) In the event of default of payment (e.g., for any transfers subsequently reversed by the Clearing House of HKAB), HKSCC shall have recourse against the relevant Participant;

(ix) In case cash remittance is made by a Participant to HKSCC as cash prepayment not pursuant to any Cash Prepayment Instruction, HKSCC reserves the right not to effect the updating of the Participant's Money Ledger on the same day. Such cash payment will be refunded without interest to the Participant by crediting the cash payment amount to its Money Ledger on the next Business Day; and

(x) In case the relevant cash payment under a Cash Prepayment Instruction input or generated on a Business Day is not received by HKSCC, the Cash Prepayment Instruction will be purged from CCASS at the end of the Business Day.

10.12.6 Example (Quantity of Eligible Securities which can be used)

On a Settlement Day, Participant A was allocated 4,000 of Stock X (denominated in HKD) and 3,000 of Stock Y (denominated in HKD) and has HK$80,000 due to HKSCC. Participant A has provided to HKSCC cash prepayment of HK$30,000. The prevailing Mark-to-market price for Stock X is HK$10 and for Stock Y is HK$20.

Then:

(i) Mark-to-market value of Eligible Securities allocated to Participant A
   = HK$10 X 4,000 (stock X) + HK$20 X 3,000 (stock Y)
   = HK$100,000

(ii) Discounted market value of such allocated Eligible Securities
    = HK$100,000 X (1 - 0.1)
    = HK$90,000

(iii) Discounted market value of allocated Eligible Securities which could be withdrawn

    = Discounted market value of allocated Eligible Securities - Amount due to HKSCC not covered by cash prepayment
    = HK$90,000 - (HK$80,000 - HK$30,000)
    = HK$40,000

Participant A will be allowed by HKSCC to use allocated Eligible Securities with a total discounted market value of not more than HK$40,000.

Participant A can therefore use no more than either:

(i) 4,444 of Stock X (derived from HK$40,000 ÷ HK$10 ÷ (1-0.1)); or
(ii) 2,222 of Stock Y (derived from HK$40,000 ÷ HK$20 ÷ (1-0.1)); or

(iii) a combination of Stock X and Stock Y so long as their total discounted market value does not exceed HK$40,000.

The amount of Stock X and Stock Y which must be retained in the Stock Clearing Account of Participant A will be treated by HKSCC as Securities-on-hold.

10.12.7 Participants may request intra-day refund of overpaid cash prepayment

Participants that have overpaid cash prepayment to HKSCC to cover outstanding payment obligations may request HKSCC to effect intra-day refund to the Participants of any surplus cash arising from such overpaid cash prepayment on each Settlement Day by inputting Intra-day Payment Standing Instruction via the “Intra-day Payment Standing Instruction” maintenance functions. HKSCC will determine the amount of surplus cash arising from the overpaid cash prepayment and generate Intra-day Payment Instructions to refund any surplus cash (if any) to the Participants intra-day in accordance with Section 10.12.8.

10.12.8 Procedures

The following is a brief description of the procedures relating to intra-day refund of surplus cash arising from overpaid cash prepayment on a Settlement Day:

(a) Participants that wish to request HKSCC to effect intra-day refund to the Participants of surplus cash arising from overpaid cash prepayment on each Settlement Day shall input Intra-day Payment Standing Instructions via the “Intra-day Payment Standing Instruction” maintenance functions to instruct HKSCC to issue Intra-day Payment Instructions covering such surplus cash on each Settlement Day. Acceptance of such Intra-day Payment Standing Instructions by HKSCC will be at the discretion of HKSCC and subject to the requirements as HKSCC may from time to time specify. Where the Intra-day Payment Standing Instruction of a Participant also covers intra-day payment to the Participant of cash payments arising out of nominee services on each Business Day and/or intra-day settlement of money obligations due to the Participant from HKSCC under the CNS System on each Settlement Day, the amount of Intra-day Payment in this Section 10.12.8 on a Settlement Day shall include the amount of cash payments arising out of nominee services, as referred to in and determined by HKSCC under Section 8.25.2 and/or the intra-day settlement amount of money obligations due to the Participant from HKSCC under the CNS System, as referred to in and determined by HKSCC under Section 10.5.8;

(b) Participants shall define a pre-set threshold in their Intra-day Payment Standing Instructions. No Intra-day Payment Instruction will be issued by HKSCC to a Participant on a Settlement Day and/or a Business Day if the total amount of Intra-day Payment as determined by HKSCC to be paid to the Participant on that day via IPI is smaller than its pre-set threshold;

(c) in case an Intra-day Payment Standing Instruction covering surplus cash arising from overpaid cash prepayment is accepted by HKSCC on a Business Day at or before 1:15 p.m., an Intra-day Payment Instruction will be issued starting from that day if applicable. Otherwise, the Intra-day Payment Instruction will only be issued from the next Settlement Day/Business Day;

(d) following the acceptance by HKSCC of an Intra-day Payment Standing Instruction to effect intra-day refund of surplus cash arising from overpaid cash prepayment to the Participant, HKSCC will normally determine the amount of surplus cash arising from overpaid cash prepayment to be included in the Intra-day Payment upon completion
of the third Batch-settlement-run shortly after 2:00 p.m. on each Settlement Day, or such other time as specified by HKSCC from time to time;

(e) in determining the amount of surplus cash arising from cash prepayment to be refunded intra-day, HKSCC will consider:

(i) the total cash prepayments received, confirmed and updated to the Participant’s Settlement Account of Money Ledger at or before 1:15 p.m. on the Settlement Day or such other time as specified by HKSCC from time to time;

(ii) the Margin amount updated to the Settlement Account of Participant’s Money Ledger around 10:00 a.m. on the Settlement Day;

(iii) the amount of Specific Cash Collateral updated to the Settlement Account of Participant’s Money Ledger on the Settlement Day upon the completion of the third Batch-settlement-run;

(iv) the CNS money obligations upon the completion of the third Batch-settlement-run and any immediate settlement before 2:00 p.m. by DIs; and

(v) other types of money obligations in the Participant’s Settlement Account and Miscellaneous Account of Money Ledger as HKSCC may from time to time specify;

(f) if the total amount of Intra-day Payment of the Participant including the amount of surplus cash arising from overpaid cash prepayment determined by HKSCC under Section 10.12.8(e) is equal to or greater than the pre-set threshold defined by the Participant, an Intra-day Payment Instruction will be issued by HKSCC;

(g) HKSCC will issue Intra-day Payment Instructions to the Designated Banks of Participants on a Settlement Day or Business Day at around 2:30 p.m., or such other time as specified by HKSCC from time to time, to cause credits to be made to the Designated Bank Accounts of Participants;

(h) Participants that have input Intra-day Payment Standing Instructions may enquire the estimated amount of surplus cash arising from overpaid cash prepayment to be refunded before 2:30 p.m. on a Settlement Day via the “Enquire Intra-day Payment Summary” function in CCASS Terminal. Details of Intra-day Payment Instructions issued by HKSCC including the amount of the Intra-day Payment will be available for enquiry after 2:30 p.m. on a Settlement Day via the “Enquire Intra-day Payment Summary” function in CCASS Terminal;

(i) irrespective of whether an Intra-day Payment Standing Instruction is accepted by HKSCC under Section 10.12.8(c), whether to allow an intra-day refund to Participants of any surplus cash arising from overpaid cash prepayment will be at the full discretion of HKSCC. If (a) a Participant fails to follow the specified procedures; (b) its Intra-day Payment Standing Instruction is subsequently turned down by HKSCC for any other reason; or (c) any surplus cash arising from overpaid cash prepayment is not refunded intra-day to the Participant for any reason, HKSCC shall have full discretion to make use of such surplus cash for any purpose it deems appropriate, including but not limited to applying it for the intra-day settlement of money obligations due to other Participants from HKSCC under the CNS System. Where HKSCC does not allow intra-day refund, any surplus cash arising from overpaid cash prepayment on a Settlement Day will only be returned to the Participant not later than day end via DCI.
10.13 **RISK MANAGEMENT: EVIDENCE OF SECURITIES AVAILABLE FOR SETTLEMENT**

In relation to Exchange Trades in Eligible Securities which are subject to expiry (e.g., warrants) or which HKSCC considers as high risk securities and which are to be settled under the CNS System, the delivering Participants must ensure that when they or in the case of GCPs, including their NCPs, place a selling order they have readily available evidence showing that, on or before the due date for settlement of the Market Contracts, they or in the case of GCPs, including their NCPs, have or will have the required quantity of Eligible Securities in their stock accounts in CCASS for settlement of the Market Contracts. The delivering Participants shall provide the evidence to HKSCC upon request.

If at any time HKSCC is not satisfied that a delivering Participant has or will have the Eligible Securities on the due date for settlement of the Market Contract, HKSCC may direct that Participant to arrange or may on behalf of that Participant execute immediately a Buy-in on or off the Exchange to purchase the Eligible Securities required by that Participant to settle its obligations in respect of that Market Contract. If a Buy-in is unable to be effected, HKSCC may require additional cash Collateral to be provided by a Participant in such amount as HKSCC considers appropriate.

The provisions of this Section 10.13 shall also be applicable, in so far as they are relevant to the risk management measures detailed in Section 12.2.9(iv) in respect of Clearing Agency Transactions.

10.14 **RISK MANAGEMENT: CLOSING-OUT**

10.14.1 **Purpose of Closing-out**

Under Rule 3607, in the occurrence of an Event of Default of a Participant, HKSCC may Close-out any or all unsettled obligations of that Participant under the CNS System (whether or not due for settlement).

The two main purposes of Closing-out are (i) to enable HKSCC to crystalize its exposure to a Participant in default and (ii) to enable HKSCC to meet its obligations under the CNS System to other Participants. The end result of Closing-out of all unsettled positions of a Participant under the CNS System is that all obligations to deliver or receive Eligible Securities will be replaced by sums payable and a net sum will become payable by or to the defaulting Participant. This Section is only concerned with the mechanics of Closing-out.

The provisions of this Section 10.14 shall also be applicable, in so far as they are relevant to the risk management measures detailed in Section 12.2.9(v) in respect of Clearing Agency Transactions.

10.14.2 **Procedures**

In brief, Closing-out of an unsettled stock position of a Participant under the CNS System involves HKSCC entering into, on behalf of the defaulting Participant, an opposite transaction to offset the unsettled stock position, resulting in a sum payable by or to the Participant (the money position of the unsettled stock position will be offset against the money position of the opposite transaction as a result of Closing-out).

In relation to unsettled stock positions of a defaulting Participant under the CNS System, HKSCC will instruct one or more of its authorized brokers to Close-out such positions by entering into relevant transactions on or off the Exchange. The costs and expenses of the Closing-out transactions will be borne by the defaulting Participant.
10.14.3 Example (Closing-out)
Participant A has defaulted in making payment to HKSCC and is declared a defaulter by HKSCC. At the time, Participant A has the following unsettled stock positions under the CNS System.

<table>
<thead>
<tr>
<th>Stock</th>
<th>Quantity</th>
<th>Money position</th>
</tr>
</thead>
<tbody>
<tr>
<td>Stock X</td>
<td>1,000 (long)</td>
<td>HK$5,000DR</td>
</tr>
<tr>
<td>Stock Y</td>
<td>2,000 (short)</td>
<td>HK$8,000CR</td>
</tr>
<tr>
<td>Stock Z</td>
<td>3,000 (long)</td>
<td>HK$9,000DR</td>
</tr>
</tbody>
</table>

On behalf of Participant A, HKSCC instructs its authorized broker to enter into the following Closing-out transactions at the best prevailing market price.

<table>
<thead>
<tr>
<th>Stock</th>
<th>Quantity</th>
<th>Money position</th>
<th>Money position after offsetting</th>
</tr>
</thead>
<tbody>
<tr>
<td>Stock X</td>
<td>Sell 1,000</td>
<td>HK$5,500 CR</td>
<td>HK$500 CR</td>
</tr>
<tr>
<td>Stock Y</td>
<td>Buy 2,000</td>
<td>HK$9,000 DR</td>
<td>HK$1,000 DR</td>
</tr>
<tr>
<td>Stock Z</td>
<td>Sell 3,000</td>
<td>HK$9,200 CR</td>
<td>HK$200 CR</td>
</tr>
</tbody>
</table>

Assuming HK$500 was spent as the costs and expenses of effecting the Closing-out transactions, Participant A would be obliged to pay HK$500+HK$300 = HK$800 to HKSCC.

10.14.4 Default by Participants
On the occurrence of an Event of Default against a Participant, HKSCC may declare the Participant a defaulter and if so, will effect Closing-out in respect of all of the unsettled obligations of the Participant under the CNS System.

If, as a result of Closing-out, the Participant owes money to HKSCC, HKSCC will apply the Marks, Margin, Collateral, Mainland Settlement Deposit, Mainland Security Deposit and Charged Property provided by the Participant (as well as all other assets and property which may be applied by HKSCC for such purpose) towards such indebtedness.

If a Participant which is an Exchange Participant is declared a defaulter, HKSCC will notify the Exchange forthwith and request the Exchange to suspend the Participant from trading. HKSCC will also request the Exchange to suspend from trading any NCP of the GCP or any Special Participant of the Clearing Agency Participant which does not have in place immediately upon suspension of the GCP or Clearing Agency Participant a valid, binding and effective Clearing Agreement with another GCP or Clearing Agency Participant, as the case may be. If a Participant which is not an Exchange Participant or Special Participant is declared a defaulter, HKSCC will request the Exchange to suspend from trading any NCP of the GCP or any Special Participant of the Clearing Agency Participant which does not have in place immediately upon suspension of the GCP or Clearing Agency Participant a valid, binding and effective Clearing Agreement with another GCP or Clearing Agency Participant, as the case may be.

A Participant declared a defaulter will also be suspended from further activities in CCASS.
10.15 RISK MANAGEMENT: CASH AND COLLATERAL SECURITIES

10.15.1 Cash
Cash in Hong Kong dollar and other currencies recorded as credit entries in any CCMS Collateral Account of the Participant are amounts paid by the Participant to HKSCC. The only obligation of HKSCC to the Participant in respect of such amounts shall be to pay the Participant an amount equal to the balance remaining after satisfaction of all obligations and liabilities (actual or contingent) of such Participant to HKSCC.

Security
HKSCC shall have a first fixed charge over:-

(a) the Collateral Securities from time to time credited to any CCMS Collateral Account of the Participant; and

(b) the Derived Assets

by way of a continuing security (i) for the discharge and satisfaction of any Marks, Margin and Collateral obligations of such Participant, (ii) for the discharge and satisfaction of all other obligations and liabilities (actual or contingent) of such Participant to HKSCC arising directly in connection with HKSCC ensuring the settlement of Market Contracts to which such Participant is a party, (iii) for the discharge and satisfaction of all liabilities (actual or contingent) of such Participant to HKSCC arising from a loss or defects affecting Eligible Securities pursuant to Rule 812, Rule 813, Rule 814 and Rule 815, and (iv) for the discharge and satisfaction of all other obligations (actual or contingent) of such Participant to HKSCC. Each of the charges created over the assets specified in (a) and (b) and in respect of the Participant's obligations in (i), (ii), (iii) and (iv) above shall form a separate security.

Such Collateral Securities and the Derived Assets shall also be a continuing security for HKSCC’s waiver of computation of Marks and reduction of Margining Position for computation of Margin required from such Participant.

The provisions of this Section 10.15 shall also be applicable, in so far as they are relevant, to the risk management measures in respect of Clearing Agency Transactions.

10.15.2 Valuation of Collateral Securities, etc.
For the purpose of the collateralization process under Section 10.15.3, the “Discounted Market Value” of a collateral, if applicable, in the CCMS House Collateral Account of a Participant, is determined as below:

Collateral Securities-

Quantity of a security x valuation price x (1 - haircut rate of the security) x exchange rate x (1- haircut rate of the relevant currency)

Cash in an Eligible Currency other than Hong Kong dollar-

Cash amount in original currency x exchange rate x (1- haircut rate of the relevant currency)

The valuation price, exchange rates and haircut rates shall be determined by HKSCC in its absolute discretion from time to time. All Eligible Securities shall have haircut ratio and valuation price which shall be determined by HKSCC in its absolute discretion from time to time. If applicable, the “Discounted Market Value” of a collateral in Eligible Currency other than Hong Kong dollar will be converted into its Hong Kong dollar equivalent at the
exchange rate and haircut rate determined by HKSCC. Participants may enquire the applicable valuation price, exchange rates and haircut rates via the CCMS.

10.15.3 **Collateralization process**
The purpose of the collateralization process is to determine the aggregate amount or value of cash recorded in, and of Collateral Securities credited to, the CCMS House Collateral Account of a Clearing Participant acceptable to HKSCC from time to time for the purpose of discharging the Clearing Participant's Marks, Margin and/or Collateral obligations, and other obligations (actual or contingent).

Unless HKSCC otherwise determines, HKSCC may accept Non-cash Collaterals to secure Marks, Margin, Collateral and other obligations of a Clearing Participant up to the amount calculated by the Non-cash Collateral Cap.

The Marks, Margin, Collateral and other obligations of a Clearing Participant on a Business Day will be collateralized against the General Collateral Inventory in the CCMS House Collateral Account of the Clearing Participant in the following order, or in such order as HKSCC considers appropriate:

(i) Non-cash Collateral up to the amount calculated by the Non-cash Collateral Cap;
(ii) cash in the currency in which the Marks, Margin, Collateral and other obligations (actual or contingent) is calculated and denominated; and
(iii) cash in other currencies.

The following is a brief description of the collateralization process:

(a) The Marks, Margin, Collateral and other obligations of the Clearing Participant will first be collateralized against the value (or Discounted Market Value, if applicable) of the Non-cash Collateral, namely the Discounted Market Value of Collateral Securities, up to the amount calculated by the Non-cash Collateral Cap. Such collateralized value of the Non-cash Collateral, up to but not exceeding the amount calculated by the Non-cash Collateral Cap, will be shown as the non-cash Ear-marked Value in the CCMS House Collateral Account of the Clearing Participant;

(b) Any amount of the Marks, Margin, Collateral and other obligations of the Clearing Participant in excess of such non-cash Ear-marked Value will be collateralized against cash in the same currency in which the Marks, Margin, Collateral and other obligations is calculated and denominated. Unless otherwise specified by HKSCC and subject to Sections 10.10, 10.10A and 10.11, such collateralized amount of cash shall be paid out of the General Collateral Inventory in the CCMS House Collateral Account, and will be re-categorised and treated as Contract Currency Collateral;

(c) Any remaining amount of Marks, Margin, Collateral and other obligations will then be collateralized against the Discounted Market Value of cash in other currencies. For this purpose, if the remaining amount of Marks, Margin, Collateral and other obligation is denominated in currencies other than Hong Kong dollar, it will be converted to Hong Kong dollar equivalent at such exchange rate and subject to such haircut rate as determined by HKSCC from time to time. The collateralized amount will be shown as cash Ear-marked Value in the CCMS House Collateral Account; and

Subject to the above and Sections 10.10, 10.10A and 10.11, any amount of Marks, Margin, Collateral and other obligations of the Clearing Participant remaining after the above collateralization process shall be paid by the Clearing Participant in cash in the currency in

OPERATIONAL PROCEDURES
which the Marks, Margin, Collateral and other obligations are calculated save where otherwise specified by HKSCC.

10.15.4 Example (Marks, Margin and Collateral covered by Non-cash Collateral)
On a given trade day, the Marks, Concentration Collateral and Margin obligations of Participant A are HK$10,000,000, HK$2,000,000 and HK$6,000,000 respectively. Prevailing Non-cash Collateral Cap is 40%.

Suppose at the time of collateralization, the total Discounted Market Value of the Collateral Securities in the General Collateral Inventory of the CCMS House Collateral Account of Participant A is HK$8,000,000.

Maximum Marks, Concentration Collateral and Margin amount that can be covered by Collateral Securities

\[
= \text{Marks, Concentration Collateral and Margin obligation} \times \text{Non-cash Collateral Cap}
\]

\[
= (\text{HK$10,000,000} + \text{HK$2,000,000} + \text{HK$6,000,000}) \times 40% \\
= \text{HK$7,200,000}
\]

Note: The actual Marks, Concentration Collateral and Margin amount that will be covered by Collateral Securities is also HK$7,200,000 because the total Discounted Market Value of the Collateral Securities available at the time of collateralization is more than this figure. The Ear-marked Value of Participant A is HK$7,200,000.

Marks, Concentration Collateral and Margin requirement amount that must be paid in cash

\[
= (\text{HK$10,000,000} + \text{HK$2,000,000} + \text{HK$6,000,000}) - \text{HK$7,200,000} \\
= \text{HK$10,800,000}
\]

10.15.5 Quantity of Collateral Securities which cannot be used
Collateral Securities credited to the CCMS House Collateral Account of a Participant may not be transferred from such account without the express consent of HKSCC, given in a manner as determined by HKSCC in its absolute discretion. Participants will not be allowed to use or withdraw Collateral Securities from the CCMS House Collateral Account except with the express consent of HKSCC, given in a manner as determined by HKSCC in its absolute discretion.

If the Participant wishes to make use of and/or withdraw from the CCMS House Collateral Account any Collateral Securities, as long as the total value (or Discounted Market Value, if applicable) of the General Collateral Inventory is greater than the Ear-marked Value of the Participant, the Participant may be allowed by HKSCC in its sole discretion to make use of and/or withdraw the Collateral Securities with value greater than the Ear-marked Value.

In the event that Eligible Securities are transferred from a Participant’s Stock Accounts in CCASS to a collateral account in CCMS maintained by another Recognized Clearing House for the Participant in its capacity as a participant of such Recognized Clearing House, such Eligible Securities will have to be re-transferred to the Participant's Stock Accounts in CCASS, other than the Stock Collateral Control Account, prior to any withdrawal being made. The Recognized Clearing House may withdraw such Eligible Securities from CCASS or otherwise deal with such Eligible Securities in relation to the enforcement of its rights under any charge or security interest granted in its favour by the Participant in respect of such Eligible Securities.

10.15.6 Application of moneys
Without prejudice to HKSCC's rights in Rule 3702, upon any failure by a Participant to perform its obligations to HKSCC under the CNS System or when HKSCC otherwise deems...
it necessary for its own protection;

(i) HKSCC may sell or apply the Charged Property of the Participant without further reference to the Participant and the provisions of Rule 3702 shall apply equally to such sale. Following such sale or application, the only obligation of HKSCC to such Participant in respect of its Charged Property shall be to pay such Participant an amount equal to the balance and/or to return to such Participant the balance of the Charged Property remaining after satisfaction of all obligations and liabilities (actual or contingent) of such Participant to HKSCC;

(ii) Derived Assets credited to the Entitlement Account may not be transferred from such Account without the express consent of HKSCC and may be transferred to the Participant’s CCMS Collateral Account by HKSCC; and

(iii) all dividends, interests and other distributions in respect of the Charged Property not forming part of the Derived Assets may be retained and used by HKSCC.

All moneys arising from the exercise of the powers of sale in Rule 3608 and Rule 3702 shall be held and applied in or towards the payment or discharge of the Participant’s obligations and liabilities (actual or contingent) under the Rules (but without prejudice to the right of HKSCC to recover any shortfall from the Participant).

10.16 RISK MANAGEMENT: CONTRACT TERMINATION

10.16.1 General

Following the occurrence of an Event of Default, if HKSCC reasonably believes that: (i) it will not be able to effect Closing-out Contracts with respect to all or any Market Contracts of the defaulting Clearing Participant or Clearing Agency Participant within a reasonable time as determined by HKSCC; or (ii) there will not be sufficient resources to satisfy its obligations and liabilities arising out of prevailing Market Contracts with non-defaulting Clearing Participants and Clearing Agency Participants as a result of such Event of Default, HKSCC may, without prejudice to any other rights under the Rules, invoke the contract termination process as provided for in Rule 3709 in consultation with the Commission.

For the purposes of this Section, (i) references to “Eligible Securities” mean Eligible Securities other than China Connect Securities; and (ii) references to “Market Contract” mean a Market Contract other than a contract between HKSCC and a China Connect Clearing Participant arising as a result of the Novation of a China Connect Securities Trade to be settled under the CNS System.

If HKSCC invokes contract termination in accordance with Rule 3709, it shall determine the Identified Market Contracts under Rule 3709 and notify the relevant Clearing Participants and Clearing Agency Participants of its determination, including details of the Identified Market Contracts and the effective date of termination of such Identified Market Contracts. Notwithstanding the above, at any time during the contract termination process but prior to the effective date of termination of the relevant Identified Market Contracts, HKSCC may instead of proceeding with the termination of such Market Contracts, declare the occurrence of a Clearing Service Termination Event, and in such case the Identified Market Contracts shall not be terminated in accordance with the contract termination process but shall be terminated in accordance with Rule 4301.

10.16.2 Calculation of termination value

The termination value for each Identified Market Contract shall be determined based on the prevailing market price at the time of contract termination, or if such market price is not available, the price shall be such price as HKSCC may reasonably determine.
On the basis of the termination value established for each Identified Market Contract, HKSCC shall, with respect to the CNS positions of each relevant Clearing Participant or Clearing Agency Participant arising from its Identified Market Contracts, determine the resulting net sum payable by such Clearing Participant or Clearing Agency Participant to HKSCC (the “Termination Value Payable”) or the resulting net sum receivable by such Clearing Participant or Clearing Agency Participant from HKSCC (the “Unadjusted Termination Value Receivable”). The Unadjusted Termination Value Receivable of a Clearing Participant is subject to adjustment in accordance with Section 10.16.3 below.

10.16.3 Payment of Termination Value Payable and Termination Value Receivable

(i) Termination Value Payable
HKSCC will notify each relevant Clearing Participant or Clearing Agency Participant of its Termination Value Payable and each such Clearing Participant or Clearing Agency Participant shall pay the specified Termination Value Payable to HKSCC in full within one Business Day or within such other time specified by HKSCC in the notice. If the relevant Clearing Participant or Clearing Agency Participant fails to pay the Termination Value Payable within the time specified in the notice, HKSCC may declare such Clearing Participant or Clearing Agency Participant as a defaulter.

In the event that HKSCC does not receive any part of the Termination Value Payable from a Clearing Participant or Clearing Agency Participant, HKSCC shall take reasonable steps to recover such amount. Such Clearing Participant or Clearing Agency Participant shall be responsible for any costs HKSCC reasonably incurs in attempting to recover such amounts and accordingly the Termination Value Payable actually received from such Clearing Participant or Clearing Agency Participant shall be deemed to be decreased by an amount equal to such costs, unless such costs are paid by such Clearing Participant or Clearing Agency Participant.

(ii) Termination Value Receivable
The amount payable by HKSCC to each relevant Clearing Participant or Clearing Agency Participant with respect to its CNS positions arising from Identified Market Contracts shall be known as the “Termination Value Receivable”. The Termination Value Receivable of a Clearing Agency Participant shall be equal to its Unadjusted Termination Value Receivable determined in accordance with Section 10.16.2 above. In the case of a Clearing Participant, its Termination Value Receivable shall be calculated by multiplying its Unadjusted Termination Value Receivable by a percentage (“Termination Value Applicable Percentage”) which is equal to the lesser of (a) and (b) below provided that if such percentage is a negative number, it should be set to zero:

(a) 100%; and

\[ \sum \left( \text{Termination Value Payable received by HKSCC} \right) + \sum \left( \text{available default resources} \right) \]

(b) \[ \frac{- \sum \left( \text{Termination Value Receivable of Clearing Agency Participants} \right)}{\sum \left( \text{Unadjusted Termination Value Receivable of Clearing Participants} \right)} \]

where:
“Termination Value Payable received by HKSCC” means the amount of Termination Value Payable actually received from relevant Clearing Participants and Clearing Agency Participants by the time prescribed by HKSCC; and

“available default resources” means the aggregate of the resources (if any) that may be available to HKSCC including those available to be applied under Rules 2507, 2507A and 3702(ii).
HKSCC will notify each relevant Clearing Participant or Clearing Agency Participant of its Termination Value Receivable upon determination.

(iii) Payment
Payment of any Termination Value Payable and Termination Value Receivable shall be settled by HKSCC issuing DDIs or DCIs, where applicable, to the Designated Bank of the relevant Clearing Participant or Clearing Agency Participant as part of the CCASS money settlement process, or in any other manner determined by HKSCC from time to time. The Termination Value Payable and Termination Value Receivable shall be settled in the Eligible Currency in which the relevant Eligible Securities are denominated. To the extent that HKSCC determines that it is not possible or reasonably practicable to make payment in such Eligible Currency, HKSCC’s obligations shall be to make payment, in full or in part, in such other currency or currencies and at such conversion rate(s) as HKSCC may in its absolute discretion determine to be fair and reasonable, taking into account all relevant circumstances as it may consider appropriate.

(iv) HKSCC’s liability
Upon termination of one or more Identified Market Contracts under Rule 3709, all prevailing obligations of HKSCC and the relevant Clearing Participant or Clearing Agency Participant in respect of each such Identified Market Contracts between them (including the obligation to deliver any Eligible Securities under the Identified Market Contracts) shall cease and be replaced with the obligation of HKSCC or the relevant Clearing Participant or Clearing Agency Participant, as the case may be, to pay the other party a net sum equal to the aggregate termination value of each Identified Market Contract between them, as determined by HKSCC and where applicable adjusted in accordance with Rule 3709 and this Section of the Operational Procedures.
